(iii) Notwithstanding any other provisions of this Appendix (other than the provisions set forth in Section 2.4), a Global Security may not be transferred as a whole

except by the Depository to a nominee of the Depository or by a nominee of the Depository to the Depository or another nominee of the Depository or by the Depository or any such nominee to a successor Depository or a nominee of such successor Depository.

1. Interest

Oi S.A. - in judicial reorganization, a corporation (*sociedade anônima*) organized and existing under the laws of the Federative Republic of Brazil (such company, and its successors and assigns under the Indenture hereinafter referred to as the “*Company*”), promises to pay interest in U.S. dollars on the principal amount of this Security as follows:

Interest shall be payable on the Notes until the Maturity Date, (i) at a fixed rate of 10.000% per annum payable in cash or, (ii) in the sole discretion of the Company, at a fixed rate of 13.500% per annum, of which 7.500% shall be payable in cash (the “Cash Pay Element”) and 6.000% shall be payable by increasing the principal amount of the outstanding Securities or by issuing paid-in-kind Securities in the Company’s sole discretion (“*PIK Interest*” and such payment of PIK Interest hereinafter referred as a “*PIK Payment*”); *provided* that for the Interest Payment Dates of September 30, 2024 and December 31, 2024, the Cash Pay Element shall be payable as a PIK Payment unless the Company provides written notice (at least 15 Business Days prior to such Interest Payment Date) to pay such interest in cash.

Following an increase in the principal amount of the outstanding Global Securities as a result of a PIK Payment as described below, the Global Securities shall bear interest on such increased principal amount from and after the Interest Payment Date in respect of which such PIK Payment was made. Any PIK Securities issued in certificated form will be dated as of the applicable Interest Payment Date and will bear interest from and after such date.

The Company will pay interest quarterly in arrears on March 31, June 30, September 30 and December 31 of each year, commencing on September 30, 2024 (*provided* that the last Interest Payment Date shall be June 30, 2027), to the Paying Agent, which shall in turn distribute the interest in accordance with the Indenture. The Securities shall bear interest as described above from [____], or from the most recent Interest Payment Date to which interest has been paid or provided for. Interest on the Securities shall be computed on the basis of a 360-day year of twelve 30-day months.

2. Method of Payment

The Company will pay interest (except defaulted interest or PIK Interest, which shall be paid as described in the Indenture) on the Securities to the Persons who are registered Holders at the close of business on the March 15, June 15, September 15 and December 15 preceding the Interest Payment Date even if Securities are canceled after the Record Date and on or before the Interest Payment Date. Holders must surrender Securities to a Paying Agent to collect principal payments. The Company will pay principal, premium, if any, interest and Additional Amounts, if any, in money of the United States that at the time of payment is legal tender for payment of public and private debts. Payments in respect of the Securities represented by a Global Security (including principal, premium, if any, interest and Additional Amounts, if any) will be made by a paying agent by wire transfer of immediately available funds to the accounts specified by DTC. The Company will make all payments in respect of a certificated non-global Security (including principal, premium, if any, interest and Additional Amounts, if any) by mailing a check to the

registered address of each Holder thereof. If the Securities are in certificated form, upon written request from a Holder of Securities to the specified office of any paying agent, payment may be made by wire transfer to the account specified by such Holder. The Company will make payments of principal and premium, if any, upon surrender of the relevant Securities at the specified office of the Trustee or any of the paying agents.

The Company will pay PIK Interest (x) with respect to Securities represented by one or more Global Securities registered in the name of, or held by, DTC or its nominee on the relevant Record Date, by increasing the principal amount of the outstanding Global Security by an amount equal to the amount of PIK Interest for the applicable interest period (rounded to the nearest U.S. whole dollar) and (y) with respect to Securities represented by Certificated Securities, by issuing PIK Securities in certificated form to the Holders of the underlying Securities in an aggregate principal amount equal to the amount of PIK Interest for the applicable interest period (rounded up to the nearest U.S. whole dollar) (“**PIK Securities**”), and the Trustee shall authenticate and deliver such PIK Securities in certificated form for original issuance to the Holders thereof on the relevant Record Date, as shown by the records of the Register of such Holders. All Securities issued pursuant to a PIK Payment shall mature on the Maturity Date as the Securities issued on the Restructuring Closing Date and shall be governed by, and subject to the terms, provisions and conditions of, the Indenture and shall have the same rights and benefits as the Securities issued on the Restructuring Closing Date. Any PIK Securities will be issued with the designation “PIK Security” on the face of such PIK Security.

If the Company elects to make payments directly to the Holders, payment shall be made by wire transfer or in the form of a check mailed to the address of each such Holder as it appears on the Security Register maintained by the Registrar. However, the final payment on any Certificated Security in fully registered form shall be made only upon presentation and surrender of such Security at the offices of the Paying Agents on the payment date.

If the due date for any payment in respect of any Security is not a business day at the place in which such payment is due to be paid, the Holder thereof will not be entitled to payment of the amount due until the next succeeding business day at such place, and will not be entitled to any further interest or other payment as a result of any such delay.

The Principal Paying Agent shall arrange with all other Paying Agents for the payment, from funds furnished by the Company to the Principal Paying Agent pursuant to this Indenture, of the principal, premium, if any, interest and Additional Amounts, if any, on the Securities. The Paying Agents will hold in trust, for the benefit of the Holders or the Trustee, all money held by such Paying Agent for the payment of principal or interest on the Securities and shall notify the Trustee of any default by the Company in making such payments. The Company at any time may require any Paying Agent to pay all money held by it to the Trustee and to account for any funds disbursed by it. Upon complying with this Section 2.04, the Paying Agents shall have no further liability for the money delivered to the Trustee.

The receipt by the Principal Paying Agent or the Trustee from the Company of each payment in full of principal, premium, if any, interest and Additional Amounts, if any, due in respect of Notes Units and Underlying Securities in the manner specified herein and on the date

on which such amount of principal, premium, if any, interest and Additional Amounts, if any, on such Notes Units and Underlying Securities are then due, shall satisfy the obligations of the Company herein and under such Notes Units and Underlying Securities to make such payment to the Holders thereof on the due date thereof; *provided, however*, that the liability of the Principal Paying Agent hereunder shall not exceed any amounts paid to it by the Company, or held by it, on behalf of the Holders under this Indenture; and *provided further* that, in the event that there is a default by the Principal Paying Agent in any payment of principal, premium, if any, interest and Additional Amounts, if any, due in respect of a Notes Unit and Underlying Security in accordance with the terms of such Notes Unit and Underlying Security and this Indenture, the Company shall pay on demand such amounts as will result in receipt by the Holders of such amounts as would have been received by them had no such default occurred.

If the due date for any payment in respect of any Security is not a Business Day, the payment will be made on the next Business Day, and the Holder thereof will not be entitled to payment of the amount due until the next succeeding Business Day at such place and will not be entitled to any further interest or other payment as a result of any such delay.

SECTION 2.05 Holder Lists. The Trustee shall preserve in as current a form as is reasonably practicable the most recent list available to it of the names and addresses of Holders. If the Trustee is not the Registrar, the Company shall furnish to the Trustee, in writing at least two Business Days before each Interest Payment Date and at such other times as the Trustee may reasonably request in writing, a list in such form and as of such date as the Trustee may reasonably require of the names and addresses of Holders.

SECTION 2.06 Transfer and Exchange. The Notes Units shall be issued in registered form and shall be transferable only upon the surrender of any Notes Unit for registration of transfer. When a Notes Unit is presented to the Registrar or a Transfer Agent with a request to register a transfer, the Registrar shall register the transfer as requested if the requirements of this Indenture are met. When Notes Units are presented to the Registrar or a Transfer Agent with a request to exchange them for an equal principal amount of Notes Units of other denominations, the Registrar shall make the exchange as requested if the same requirements are met. To permit registration of transfers and exchanges, the Company shall execute and the Trustee shall authenticate and deliver Notes Units at the Registrar's or Transfer Agent's request. The Company may require payment of a sum sufficient to pay all taxes, assessments or other governmental charges in connection with any transfer or exchange pursuant to this Section 2.06 (other than any such transfer taxes, assessments or similar governmental charge payable upon exchange or transfer pursuant to Section 4.06 and Section 9.04). The Company shall not be required to make and the Registrar need not register transfers or exchanges of Notes Units selected for repurchase for a period of 15 days before a selection of Notes Units to be repurchased 15 days before an Interest Payment Date.

Prior to the due presentation for registration of transfer of any Notes Unit, the Company, any Subsidiary Guarantor, the Trustee and each Agent may deem and treat the Person in whose name a Notes Unit is registered as the absolute owner of such Notes Unit for the purpose of receiving payment of principal, premium, if any, interest and Additional Amounts, if any, on such Notes Unit and for all other purposes whatsoever, whether or not presentation of such Notes Unit is overdue, and none of the Company, any Subsidiary Guarantor, the Trustee or any Agent shall be affected by notice to the contrary.

All Notes Units issued upon any registration of transfer or exchange pursuant to the terms of this Indenture shall evidence the same debt and shall be entitled to the same benefits under this Indenture as the Notes Units surrendered upon such registration of transfer or exchange.

Neither the Trustee nor any Agent shall have any obligation or duty to monitor, determine or inquire as to compliance with any restrictions on transfer imposed under this Indenture or under applicable law with respect to any transfer of any interest in any Notes Unit (including any transfers between or among participants in the Depositary or beneficial owners of interests in any Global Security) other than to require delivery of such certificates and other documentation or evidence as are expressly required by, and to do so if and when expressly required by the terms of, this Indenture, and to examine the same to determine substantial compliance as to form with the express requirements hereof.

SECTION 2.07 Replacement Securities. If (a) any mutilated Security is surrendered to the Company, any Agent or the Trustee, or (b) the Company, any Agent and the Trustee receive evidence to their satisfaction of the destruction, loss or theft of any Security, and, unless otherwise agreed by the Company and the Trustee, there is delivered to the Company and the Trustee such security or indemnity as may be required by them to save each of them and any authenticating agent harmless, then, in the absence of notice to the Company or the Trustee that such Notes Unit has been acquired by a Protected Purchaser, the Company shall execute and the Trustee shall authenticate and deliver, in exchange for any such mutilated Notes Unit or in lieu of any such destroyed, lost or stolen Notes Unit, a new Notes Unit and of like tenor and principal amount, bearing a number not contemporaneously outstanding.

In case any such mutilated, destroyed, lost or stolen Notes Unit has become due and payable, the Company in its discretion (but subject to any conversion rights) may, instead of issuing a new Notes Unit, pay such Notes Unit.

Upon the issuance of any new Notes Unit under this Section 2.07, the Company may require the payment of a sum sufficient to cover any tax or other governmental charge that may be imposed in relation thereto and any other expense (including the fees and expenses of the Trustee or the Registrar) in connection therewith.

Every replacement Notes Unit is an additional obligation of the Company and each Subsidiary Guarantor.

The provisions of this Section 2.07 are exclusive and, to the extent lawful, shall preclude all other rights and remedies with respect to the replacement or payment of mutilated, destroyed, lost or stolen Securities.

SECTION 2.08 Outstanding Securities. Notes Units or Underlying Securities outstanding at any time are all Notes Units or Underlying Securities authenticated by the Trustee except for those canceled by it pursuant to Section 2.10 hereof, those delivered to the Trustee for cancellation or surrendered for transfer or exchange and those described in this Section 2.08 as not outstanding. Except as set forth in Article 9 and Section 13.05, a Notes Unit or Underlying Security does not cease to be outstanding because the Obligor or an Affiliate of an Obligor holds the Notes Unit.

If a Notes Unit is replaced pursuant to Section 2.07, it ceases to be outstanding unless the Trustee and the Company receive proof satisfactory to them that the replaced Notes Unit is held by a Protected Purchaser.

If any Paying Agent segregates and holds in trust, in accordance with this Indenture, on the applicable Maturity Date money sufficient to pay all principal, premium, if any, interest and Additional Amounts, if any, payable on that date with respect to the Notes Units or Underlying Securities (or portions thereof) maturing then on and after that date, such Notes Units or Underlying Securities (or portions thereof) will cease to be outstanding and interest on them will cease to accrue.

SECTION 2.09 Temporary Securities. Until definitive Notes Units are ready for delivery, the Company may prepare and execute and the Trustee shall authenticate temporary Notes Units. Temporary Securities shall be substantially in the form of definitive Notes Units but may have variations that the Company considers appropriate for temporary Notes Units. Without unreasonable delay, the Company shall prepare and execute and the Trustee shall authenticate definitive Notes Units and deliver them in exchange for temporary Notes Units.

SECTION 2.10 Cancellation. The Company at any time may deliver Notes Units (including the corresponding Underlying Securities) to the Trustee for cancellation. The Trustee and no one else shall cancel and dispose of (subject to the record retention requirements of the Exchange Act) all Notes Units and Underlying Securities surrendered for registration of transfer, exchange, payment or cancellation in accordance with its procedures for the disposition of canceled securities and, upon the written request of the Company, shall deliver a certificate of such disposition to the Company unless the Company directs the Trustee in writing to deliver canceled Notes Units to the Company. Notes Units repurchased by the Company or any of its Subsidiaries or Affiliates controlled by the Company may only continue to be outstanding if the Company has a bona fide tax or legal reason for such Notes Units to remain outstanding, or otherwise, must be cancelled, but, in each case, such Securities may not be reissued or resold to a Person other than the Company or an Affiliate controlled by the Company.

SECTION 2.11 CUSIP Numbers and ISINs. The Company in issuing the Notes Units and Underlying Securities may use “CUSIP” numbers and “ISINs” (if then generally in use) or similar numbers and, if so, the Trustee shall use “CUSIP” numbers, “ISINs” or similar numbers as a convenience to Holders; *provided, however*, that any such notice may state that no representation is made as to the correctness of such numbers either as printed on the Notes Units and Underlying Securities or as contained in any notice and that reliance may be placed only on the other identification numbers printed on the Notes Units and Underlying Securities. The Company will promptly notify the Trustee in writing of any change in the “CUSIP”, “ISIN” and/or other similar numbers.

SECTION 2.12 Defaulted Interest. If the Company defaults in a payment of principal, premium, if any, interest or Additional Amounts, if any, on the Notes Units and Underlying Securities, the Company shall pay defaulted interest (including post-petition interest in any proceeding under any Bankruptcy Law) on any such defaulted amounts at the rate equal to the then-applicable interest rate on the Notes Units and Underlying Securities and in Section 4.01 hereof. The Company shall pay such defaulted interest in any lawful manner not inconsistent with the requirements of the Depositary and on any securities exchange or automated quotation system

on which the Notes Units and Underlying Securities may be listed, and upon such notice as may be required by the Depositary and such exchange or automated quotation system.

The Company may pay the defaulted interest (together with interest thereon as provided above) to the Persons who are Holders on a subsequent special record date, which date shall be at least five Business Days prior to the payment date of such defaulted interest. The Company shall fix or cause to be fixed any such special record date and payment date, and, at least 15 days before any such special record date, the Company shall deliver to each Holder, with a copy to the Trustee, a notice that states the special record date, the payment date and the amount of defaulted interest to be paid.

SECTION 2.13 Payment of PIK Interest. Any PIK Interest on the Notes Units and Underlying Securities will be payable to Holders and (a) with respect to the Notes Units represented by one or more Global Securities registered in the name of, or held by, the Depositary on the relevant Record Date, by increasing the principal amount of the outstanding Global Securities by an amount equal to the amount of PIK Interest for the applicable Interest Period (rounded up to the nearest whole U.S. dollar) and (b) with respect to Notes Units represented by Certificated Securities, by issuing PIK Securities in certificated form to the Holders of such Certificated Securities in an aggregate principal amount equal to the amount of PIK Interest for the applicable Interest Period (rounded up to the nearest U.S. whole dollar), and the Trustee shall authenticate and deliver such PIK Securities in certificated form for original issuance to the Holders thereof on the relevant Record Date, as shown by the records of the Security Register of such Holders.

All Notes Units and Underlying Securities issued pursuant to a PIK Payment shall mature on the same Maturity Date as the Initial Underlying Securities and shall be governed by, and subject to the terms, provisions and conditions of, this Indenture and shall have the same rights and benefits as the Notes Units and Initial Underlying Securities. Any certificated PIK Securities will be issued with the description “PIK” on the face of such PIK Security.

In the event the Company is entitled to and elects to pay PIK Interest for any Interest Period, each Holder will be entitled to receive an amount of cash interest in respect of the applicable percentage set forth in the Underlying Securities on the relevant Record Date and PIK Interest in respect of the applicable percentage set forth in the Underlying Securities on the relevant Record Date. Following an increase in the principal amount of the outstanding Global Securities as a result of a PIK Payment, the Global Securities will bear interest on such increased principal amount from and after the date of such PIK Payment. Any PIK Securities issued in certificated form will be distributed to Holders, dated as of the applicable Interest Payment Date and will bear interest on the principal amount of such PIK Security from and after the Interest Payment Date in respect of which such PIK Payment was made. Any PIK Securities issued in certificated form will be dated as of the applicable Interest Payment Date and will bear interest from and after such date.

SECTION 2.14 Calculations. The Company shall be responsible for making all calculations called for under the Notes Units and Underlying Securities or this Indenture, including but not limited to determination of interest, determination of premium, if any, how much interest shall be payable as PIK Interest or cash interest and any Additional Amounts or other amounts payable on the Notes Units and Underlying Securities.

SECTION 2.15 Extension Election for Series B Notes. On or after June 30, 2027, the Company's Board of Directors may, with five (5) Business Days' prior written notice to the Trustee and the Holders, elect (the date of such election, the "**Election Date**") to automatically cause the Series B Notes to (i) mature on December 31, 2030 and (ii) become "limited recourse" obligations of the Company on and after the Election Date. Accordingly, after the Election Date, if any, (1) the Series B Notes and the Notes Units will mature on December 31, 2030, (2) the Series B Notes shall be limited recourse obligations of the Company, with recourse being limited solely to the Collateral, and shall not be obligations or responsibilities of, or guaranteed by, any other Person; *provided* that the Obligors shall remain bound by this Indenture (taking into account the limited recourse nature of the Series B Notes), the Intercreditor Agreement, the Collateral Documents and the escrow agreements and shall ensure all proceeds from the Collateral are duly made available for the discharge of the Notes Units and the Series B Notes in accordance with the terms of the Intercreditor Agreement, and (3) none of the officers, directors, shareholders or agents of the Obligors, the Trustee, the Intercreditor Agent, the Collateral Agent, any of their respective affiliates or any other Person shall be personally liable to make any payments of principal, interest or any other sum now or hereafter owing under the Series B Notes, and (4) the Company will have no material assets available for payments on the Series B Notes other than the Collateral. Accordingly, after the Election Date, if any, after the Collateral has been fully realized and exhausted, all sums due but still unpaid in respect of the Series B Notes shall be extinguished, and the Holders shall not have the right to proceed against the Obligors, the Trustee, the Intercreditor Agent, the Collateral Agent, any of their respective Affiliates or any of their respective officers, directors, shareholders or agents for the satisfaction of any monetary claim or for any deficiency judgment remaining after foreclosure of any property included in the Collateral but shall have the right to (i) sue any Obligor for breach of contract and/or any Obligor or any other party for the gross-negligence or willful misconduct of any such party and (ii) take any steps required to enforce the Intercreditor Agreement, the Collateral Documents and the escrow agreements. There shall be no conditions for the Company's Board of Directors to make such election other than the Company providing the holders and the trustee five business days' notice of such election.

SECTION 2.16 Intended Tax Treatment. It is intended that, for U.S. federal income tax purposes, any amount received in the Exchange in respect of an exchanged Class III Credit shall first be allocated to the principal amount of the exchanged claim and then, to the extent the consideration exceeds the principal amount of such exchanged claim, to any portion of such exchanged claim attributable to accrued but unpaid interest, unless otherwise required by applicable law.

Article 3

Redemption

SECTION 3.01 Optional Redemption. (1) Subject to the terms of the Intercreditor Agreement and solely to the extent that all Priority Secured Debt (other than the Company Retained Debt) has been (or, following any Mandatory Redemption described below, will be) redeemed or repurchased in full and is no longer outstanding:

- (a) At any time, and from time to time, the Company may redeem the Notes Units and their respective Underlying Securities, at its option, in whole or in part, at a

redemption price equal to 100% of the principal amount of such Notes Units and Underlying Securities to be redeemed, plus accrued and unpaid interest (including an amount of cash equal to all accrued and unpaid PIK Interest due thereon up to, but excluding, the date of redemption). Any redemption of the Notes Units and Underlying Securities by the Company pursuant to this Section 3.01 shall be subject to (x) either (1) there being at least U.S.\$100.0 million in aggregate principal amount of Notes Units after such redemption or (2) the Company redeeming all of the then outstanding principal amount of, and interest (and premium, if any) on, the Notes Units and Underlying Securities, and (y) no redemption of Series B Notes may occur unless and until the Series A Notes have been (or are concurrently) repaid in full and no longer outstanding. For the avoidance of doubt, any redemption shall be applied first to the Series A Notes until redeemed in full and then to the Series B Notes.

(b) The Company will deliver (including in accordance with the applicable procedures of DTC, if applicable), a notice of redemption pursuant to Section 3.03 to each Holder, with a copy to the Trustee, not less than 10 days and not more than 60 days prior to any redemption pursuant to this Section 3.01.

(c) In connection with any redemption of the Notes Units and Underlying Securities pursuant to this Section 3.01, any such redemption may, at the Company's discretion, be subject to one or more conditions precedent, including any related equity offering or other financing. In addition, if such redemption or notice is subject to satisfaction of one or more conditions precedent, such notice shall state that, in the Company's discretion, the redemption date may be delayed until such time as any or all such conditions shall be satisfied or waived, or such redemption may not occur and such notice may be rescinded in the event that any or all such conditions shall not have been satisfied or waived by the redemption date, or by the redemption date so delayed.

SECTION 3.02 Mandatory Redemption.

(a) Subject to the terms of the Intercreditor Agreement and to the extent a redemption is required by the Intercreditor Agreement, upon any Asset Sale of Capital Stock of V.Tal held by the Company or any of its Subsidiaries, the Company shall, within 10 Business Days of receipt by the Company and its Subsidiaries of Net Cash Proceeds from such Asset Sale greater than U.S.\$0.00 (the date of receipt of such Net Cash Proceeds, a "***V.Tal Shares Sale Date***"), deliver (including in accordance with the applicable procedures of DTC, if applicable), a notice of redemption pursuant to Section 3.03 to each Holder, with a copy to the Trustee, and shall, no less than 20 Business Days after such V.Tal Shares Sale Date, apply 100% of such Net Cash Proceeds to redeem (a "***V.Tal Shares Mandatory Redemption***") the Notes Units and Underlying Securities in the amount required by, and in accordance with, the terms of the Intercreditor Agreement at a redemption price equal to 100% of the principal amount thereof; *provided* that all payments on the Notes Units and Underlying Securities shall be applied, *first*, to the Series A Notes, until the Series A Notes are no longer outstanding, and *second*, to the Series B Notes.

(b) Subject to the terms of the Intercreditor Agreement and to the extent a redemption is required by the Intercreditor Agreement, upon any Asset Sale of any Capital Stock of ClientCo held by the Company or any of its Subsidiaries, the Company shall,

within 10 Business Days of receipt by the Company and its Subsidiaries of Net Cash Proceeds from such Asset Sale greater than U.S.\$0.00 (the date of receipt of such Net Cash Proceeds, a “**ClientCo Shares Sale Date**”), deliver (including in accordance with the applicable procedures of DTC, if applicable), a notice of redemption pursuant to Section 3.03 to each Holder, with a copy to the Trustee, and shall, no less than 20 Business Days after such ClientCo Shares Sale Date, apply an amount of such Net Cash Proceeds equal to (x) 100% of the Net Cash Proceeds received by the Company or its Subsidiaries from such Asset Sale *minus* (y) the ClientCo Company Amount, to redeem (a “**ClientCo Shares Mandatory Redemption**”) the Notes Units and Underlying Securities in the amount required by, and in accordance with, the terms of the Intercreditor Agreement at a redemption price equal to 100% of the principal amount thereof; *provided* that all payments on the Notes Units and Underlying Securities shall be applied, *first*, to the Series A Notes, until the Series A Notes are no longer outstanding, and *second*, to the Series B Notes.

(c) Subject to the terms of the Intercreditor Agreement and to the extent a redemption is required by the Intercreditor Agreement, upon any Asset Sale of assets then constituting Collateral or the shares issued by Oi Soluções S.A. held by Oi or its Affiliates (other than Capital Stock of V.Tal, Capital Stock of ClientCo, Real Estate Collateral or PIS/COFINS Collateral), the Company shall, within 10 Business Days of receipt of Net Cash Proceeds from such Asset Sale greater than U.S.\$0.00 (the date of receipt of such Net Cash Proceeds, a “**Collateral Sale Date**”), deliver (including in accordance with the applicable procedures of DTC, if applicable), a notice of redemption pursuant to Section 3.03 to each Holder, with a copy to the Trustee, and shall, no less than 20 Business Days after such Collateral Sale Date, apply such Net Cash Proceeds received from such Asset Sale to redeem (a “**Collateral Mandatory Redemption**”) the Notes Units and Underlying Securities in the amount and to the extent required by, and in accordance with, the terms of the Intercreditor Agreement, at a redemption price equal to 100% of the principal amount thereof; *provided* that all payments on the Notes Units and Underlying Securities shall be applied, *first*, to the Series A Notes, until the Series A Notes are no longer outstanding, and *second*, to the Series B Notes.

(d) Subject to the terms of the Intercreditor Agreement and to the extent a redemption is required by the Intercreditor Agreement, upon any Asset Sale of assets constituting Real Estate Collateral, the Company shall, within 10 Business Days of receipt of Net Cash Proceeds from such Asset Sale greater than U.S.\$0.00 (the date of receipt of such Net Cash Proceeds, a “**Real Estate Sale Date**”), deliver (including in accordance with the applicable procedures of DTC, if applicable), a notice of redemption pursuant to Section 3.03 to each Holder, with a copy to the Trustee, and shall, no less than 20 Business Days after such Real Estate Sale Date, apply such Net Cash Proceeds received from such Asset Sale to redeem (a “**Real Estate Mandatory Redemption**” and, collectively with a V.Tal Shares Mandatory Redemption, a ClientCo Shares Mandatory Redemption and a Collateral Mandatory Redemption, a “**Mandatory Redemption**”) the Notes Units and Underlying Securities in the amount and to the extent required by, and in accordance with, the terms of the Intercreditor Agreement, at a redemption price equal to 100% of the principal amount thereof; *provided* that all payments on the Notes Units and Underlying

Securities shall be applied, *first*, to the Series A Notes, until the Series A Notes are no longer outstanding, and *second*, to the Series B Notes.

(e) The obligation of the Company to make a Mandatory Redemption pursuant to this Section 3.02, (i) shall be subject to the terms of the Intercreditor Agreement and (ii) may be waived or modified at any time prior to the occurrence of the related V.Tal Shares Sale Date, ClientCo Shares Sale Date, Collateral Sale Date or Real Estate Sale Date, as applicable, with the consent of Holders holding 75% of the aggregate outstanding principal amount of the Notes Units.

(f) Notwithstanding anything to the contrary herein, in connection with any V.Tal Shares Sale Date, ClientCo Shares Sale Date, Collateral Sale Date or Real Estate Sale Date, the Company shall not be required to provide a notice of redemption nor make any redemption of Notes Units and Underlying Securities to the extent the Intercreditor Agreement does not require Net Cash Proceeds of any such Asset Sale to be applied by the Company to redeem the Securities.

(g) If the Excess Cash Flow Amount as of any Annual Calculation Date, commencing with the Annual Calculation Date of December 31, 2028, is greater than U.S.\$0.00, the Company shall, within 20 Business Days, deliver (including in accordance with the applicable procedures of DTC, if applicable), a notice of redemption pursuant to Section 3.03 to each Holder, with a copy to the Trustee, and shall, no less than 20 Business Days after such notice, apply 100% of such Excess Cash Flow Amount to redeem the Series B Notes, at a redemption price equal to 100% of the principal amount thereof.

(h) If, as of any date of determination, the Company Retained Proceeds is greater than U.S.\$0.00, the Company shall, within 20 Business Days of such date, deliver (including in accordance with the applicable procedures of DTC, if applicable), a notice of redemption pursuant to Section 3.03 to each Holder, with a copy to the Trustee, and shall, no less than 20 Business Days after such notice, apply 100% of such Company Retained Proceeds to redeem the Series B Notes, at a redemption price equal to 100% of the principal amount thereof.

(i) For the avoidance of doubt, (i) the calculation of the amount of Net Cash Proceeds received by the Company under this Section 3.02 shall be calculated after giving effect to any required payment of Priority Secured Debt, and (ii) no Series B Notes may be redeemed unless and until the Series A Notes have been (or are concurrently) repaid in full and no longer outstanding.

SECTION 3.03 Notice of Redemption; Redemption in Part.

(a) With respect to any redemption pursuant to this Article 3, the notice of redemption will identify the Notes Units and Underlying Securities to be redeemed and will state:

- (i) the redemption date;
- (ii) the redemption price;
- (iii) the name and address of the Paying Agent;

(iv) that Notes Units and Underlying Securities called for redemption must be surrendered to the Paying Agent to collect the redemption price;

(vi) the section of this Indenture pursuant to which the Notes Units and Underlying Securities called for redemption are being redeemed;

(vii) the CUSIP number, together with a statement that no representation is made as to the correctness or accuracy of the CUSIP number, if any, listed in such notice or printed on the Notes Units or Underlying Securities; and

(viii) any condition precedent pursuant to the redemption; *provided* that in connection with a Mandatory Redemption, (1) any such condition precedent may only be administrative in nature and (2) such notice of redemption shall be irrevocable.

(b) At the Company's written request, the Trustee shall give the notice of redemption in the Company's name and at its expense.

(c) If less than all of the Notes Units and Underlying Securities are to be redeemed, the Notes Units and Underlying Securities for redemption will be selected as follows:

(i) if the Notes Units are listed on any securities exchange, in compliance with the requirements of the principal securities exchange on which the Notes Units are then traded or if the Notes Units are held through the clearing systems, on a pro rata basis in compliance with the requirements of DTC; or

(ii) if the Notes Units are not listed on any securities exchange or held through clearing systems, on a pro rata basis, by lot or by such other method as the Trustee in its sole and absolute discretion deems fair and appropriate unless otherwise required by applicable law. Neither the Paying Agent, the Registrar, Agents nor the Trustee shall be liable for any selections made by the Trustee in its sole and absolute discretion in accordance with this Section 3.03(c)(ii) if such selections are made in good faith by the Trustee.

(iii) No Notes Units and Underlying Securities of U.S.\$1.00 in principal amount or less will be redeemed in part. If any Notes Units and Underlying Securities are to be redeemed in part only, the notice of redemption relating to such Notes Units and Underlying Securities will state the portion of the principal amount to be redeemed. New Notes Units and Underlying Securities in principal amount equal to the unredeemed portion will be issued upon cancelation of the original Notes Units and Underlying Securities. On and after the redemption date, interest will cease to accrue on Notes Units and Underlying Securities or portions thereof that are redeemed.

SECTION 3.04 Purchase of Notes Units and Underlying Securities by the Company or its Subsidiaries or Affiliates. Subject to Section 2.10 and Section 13.05, the Company and each of its Subsidiaries and Affiliates may at any time purchase any Notes Units (including the corresponding Underlying Securities) in the open market or otherwise at any price.

Article 4

Covenants and Certain Company Representations

SECTION 4.01 Payment Obligations under the Underlying Securities and the Indenture. The Company shall duly and punctually pay the principal, premium, if any, interest and Additional Amounts, if any, on the Underlying Securities in accordance with the terms of the Underlying Securities and this Indenture. The principal and interest shall be considered paid on the date due if on such date the Trustee or the Paying Agents hold in accordance with this Indenture money sufficient to pay all principal and interest then due. PIK Interest shall be considered paid on such date the Trustee has received (i) a Company Order, pursuant to Section 2.02, to increase the balance of any Global Security to reflect such PIK Interest or (ii) a PIK Security duly executed by the Company together with an Authentication Order, pursuant to Section 2.02, requesting the authentication of such PIK Security by the Trustee.

The Company will pay interest (including post-petition interest in any proceeding under any Bankruptcy Law) on overdue principal at a rate that is 5.00% higher than the then applicable interest rate on the Underlying Securities to the extent lawful; it will pay interest (including post-petition interest in any proceeding under any Bankruptcy Law) on overdue installments of interest (without regard to any applicable grace period), at the same rate to the extent lawful.

SECTION 4.02 Limitation on Indebtedness and Disqualified Stock.

(1) The Obligors shall not, and shall not permit any of its Subsidiaries to, Incur, directly or indirectly, any Indebtedness or issue any Disqualified Stock (other than Disqualified Stock held by the Company or a Wholly Owned Subsidiary, so long as it is so held).

(2) Notwithstanding clause (1) above, the Obligors or any Subsidiary may, at any time, Incur any or all of the following Indebtedness (“***Permitted Indebtedness***”):

(a) Indebtedness of the Obligors or any Subsidiary in respect of the Notes Units and Underlying Securities and the Subsidiary Guarantee or Collateral related thereto (including any future Subsidiary Guarantee) or any PIK Securities issued from time to time in respect of any PIK Payment in accordance with the terms hereof (including any Subsidiary Guarantee thereof);

(d) Guarantees by the Obligors or any Subsidiary of Indebtedness permitted under this Section 4.02; *provided* that if the Indebtedness being Guaranteed is subordinated to the Notes Units and Underlying Securities, then such Guarantee shall be subordinated in the same manner and to the same extent as the Indebtedness being Guaranteed;

(f) unsecured and subordinated intercompany Indebtedness (i) between or among Obligors, (ii) owing by a Subsidiary that is not a Subsidiary Guarantor to any Obligor to the extent such intercompany Indebtedness is either a Permitted Investment or is not capable of being repaid, prepaid, redeemed or otherwise retired for value prior to the applicable Maturity Date, (iii) owing by a Subsidiary that is not a Subsidiary Guarantor to a Subsidiary that is not a Subsidiary Guarantor or (iv) owing by any Obligor to a Subsidiary that is not a Subsidiary Guarantor to the extent such intercompany Indebtedness is either a Permitted Investment or is not capable of being repaid, prepaid, redeemed or otherwise retired for value prior to the applicable Maturity Date;

To the extent any Governmental Approvals of any Governmental Authority under the laws of Brazil or any other jurisdiction having jurisdiction over the Company or any of its Subsidiaries, as the case may be, are no longer deemed to be essential for the Company or such Subsidiary to continue rendering telecommunications services, the Company will be allowed, pursuant to the applicable legislation, to waive, replace and/or change any of such Governmental Approvals.

SECTION 4.10 [Reserved].

SECTION 4.14 Payment of Additional Amounts. (1) All payments (including, for the avoidance of doubt, any PIK Interest or PIK Securities) by or on behalf of the Company (including, for the avoidance of doubt, a Successor Company or a Substituted Debtor) or a Subsidiary Guarantor made under or in respect of the Notes Units and Underlying Securities (including any PIK Securities) shall be made without withholding or deduction for or on account of any Local Taxes, unless such withholding or deduction is required by law. In the event of any such withholding or deduction, the Company (including, for the avoidance of doubt, a Successor Company or a Substituted Debtor) or a Subsidiary Guarantor shall pay to the Holders in U.S. dollars such additional amounts ("***Additional Amounts***") as may be necessary to ensure that the U.S. dollar amounts received by each Holder of the Notes Units and Underlying Securities (including any PIK Securities) after such withholding or deduction (including withholding and deduction attributable to Additional Amounts payable under this Section 4.14) will equal the respective U.S. dollar amounts that would otherwise have been received by such Holder in the absence of such withholding or deduction, except that no such Additional Amounts shall be payable in respect of any Notes Unit and Underlying Security (including any PIK Securities):

(a) to the extent that such taxes in respect of such Notes Unit and Underlying Security would not have been imposed but for the existence of any current or former connection of the Holder or beneficial owner of such Notes Unit and Underlying Security with the Relevant Jurisdiction other than the mere acquisition, ownership, holding or disposition of such Notes Unit and Underlying Security or the receipt of payments thereon or under any Subsidiary Guarantee, or the exercise or enforcement of rights thereunder;

(b) in respect of any estate, inheritance, gift, sales, transfer or personal property taxes imposed with respect to such Notes Units and Underlying Securities, except as otherwise provided in this Indenture;

(c) to the extent that such Holder or beneficial owner of such Notes Units and Underlying Securities would not be liable or subject to such withholding or deduction of taxes but for the failure to make a valid declaration of non-residence or other similar claim for exemption if:

(i) the making of such declaration or claim is required or imposed by statute, treaty, regulation, ruling or administrative practice of the Relevant Jurisdiction as a precondition to an exemption from, or reduction in, the relevant taxes; and

(ii) at least 60 days prior to the first payment date with respect to which the Company shall apply this clause (c), the Company has notified the Holders in writing that they shall be required to provide such declaration or claim;

(d) where the relevant Notes Unit and Underlying Security is surrendered for payment (where surrender is required) more than 30 days after the Relevant Date except to the extent that the relevant Holder would have been entitled to such Additional Amounts if it had surrendered the relevant Notes Unit and Underlying Security on the last day of such period of 30 days;

(e) with respect to any tax, assessment or other governmental charge which is payable other than by deduction or withholding from payments with respect to a Notes Unit and Underlying Security;

(f) with respect to any withholding or deduction imposed on or in respect of any Notes Unit and Underlying Security pursuant to Sections 1471-1474 of the Code (and any current and future regulations or official interpretations thereof or any fiscal or regulatory legislation, rules or practices adopted pursuant to any intergovernmental agreement entered into in connection with the implementation of such Sections of the Code) ("FATCA"), the laws implementing FATCA in either Brazil or any other jurisdiction, or any agreement between the Obligors and the United States or any authority thereof entered into pursuant to FATCA; or

(g) any combination of the above.

(2) The Company (including, for the avoidance of doubt, a Successor Company or a Substituted Debtor) will reimburse any Holder or beneficial owner of the Notes Units and Underlying Securities, upon written request of such Holder or beneficial owner along with supporting documentation (which may consist of a certificate signed by a representative of such Holder or beneficial owner describing in adequate detail the circumstances giving rise to the reimbursement request), for the amount of (i) any Local Taxes levied or imposed by a Relevant Jurisdiction and payable by such Holder or beneficial owner in connection with any payments made under or with respect to any Notes Unit and Underlying Security; and (ii) any Local Taxes levied or imposed with respect to, or withheld or deducted from, any reimbursement under the foregoing clause (i) or this clause (ii), so that the net amount received by such Holder or beneficial owner after such reimbursement will not be less than the net amount such Holder or beneficial owner would have received if the Local Taxes giving rise to the reimbursement described in clauses (i) and/or (ii) had not been imposed, *provided, however*, that the indemnification obligation

provided herein shall be subject to similar exceptions set forth under clauses (a), (b), (c), (d), (e), (f) and (g) of Section 4.14(1).

SECTION 4.15 Ranking. Subject to Section 2.15 (with respect to the Series B Notes), the Notes Units and Underlying Securities shall (i) be subordinated secured obligations of the Obligors; (ii) be secured by the Collateral pursuant to, and with the priority required by, the terms of the Intercreditor Agreement, subject only to Permitted Collateral Liens; (iii) rank senior in right of payment to all other existing and future unsecured senior Indebtedness of the Obligors to the extent of the value of the Collateral, and any outstanding amounts due after the foreclosure of the Collateral owed by any Obligor will rank effectively senior to all unsecured senior Indebtedness of the Obligors outstanding subject to the Reorganization Plan and have the payment priority as set forth in the Intercreditor Agreement; (iv) be effectively junior to all existing and future Indebtedness of the Obligors that is secured by Liens on assets that do not constitute Collateral, to the extent of the value of the assets securing such secured Indebtedness; (v) be subordinated to liabilities preferred by statute; and (vi) be subordinated to all existing and future Priority Secured Debt of the Obligors, in each case as set forth in the Intercreditor Agreement.

SECTION 4.16 Limitation on Asset Sales.

(1) The Company shall not, and shall not permit any of its Subsidiaries to, consummate an Asset Sale unless:

(i) other than in respect of an Asset Sale of the Capital Stock of ClientCo or V.Tal, the Company or such Subsidiary, as the case may be, receives consideration at the time of the Asset Sale at least equal to the Fair Market Value of the assets sold or otherwise disposed of, and at least 75% of the consideration received for the assets sold by the Company or the Subsidiary, as the case may be, in the Asset Sale is in the form of cash or Cash Equivalents; or

(ii) such Asset Sale is a Permitted ClientCo Sale or a Permitted V.Tal Sale, as applicable;

provided that, in connection with any Asset Sale of Collateral, to the extent the Company or any Subsidiary receives (and is permitted to receive pursuant to this Indenture and the Reorganization Plan) consideration in assets other than cash or Cash Equivalents (a “**Non-Cash Asset**”), the Company shall ensure such Non-Cash Asset becomes part of the Collateral substantially concurrently with the consummation of the related Asset Sale (and upon any subsequent Asset Sale of a Non-Cash Asset, the Net Cash Proceeds therefrom shall be applied in the same manner as the Collateral that was sold pursuant to which the Non-Cash Asset was received) in accordance with the terms of the Collateral Documents.

Solely for purposes of clause (i) of this Section 4.16, any securities received by the Company or any Subsidiary that are converted by the Company or any Subsidiary into cash or Cash Equivalents within 90 days of the receipt thereof shall be deemed to be cash or Cash Equivalents.

(2) To the extent all or a portion of the Asset Sale consists of assets constituting Collateral (other than PIS/COFINS Collateral) immediately prior to such Asset Sale, the Company or such Subsidiary, as the case may be, shall apply the Net Cash Proceeds received from all or

such portion, as applicable, of such Asset Sale as required by Section 3.02 and the Intercreditor Agreement, with any remaining Net Cash Proceeds available to the Company for use in any manner not otherwise prohibited by this Indenture.

(3) To the extent all or a portion of the Asset Sale does not consist of assets constituting Collateral immediately prior to such Asset Sale or consists of PIS/COFINS Collateral, the Company or such Subsidiary, as the case may be, may apply the Net Cash Proceeds received from all or such portion, as applicable, of such Asset Sale within 180 days after receipt thereof:

(i) to repay, redeem or repurchase (x) Priority Secured Debt, and (y) once the Priority Secured Debt has been discharged in full, any Indebtedness (other than any Subordinated Indebtedness) of an Obligor or any Indebtedness of a Subsidiary that is not an Obligor, and permanently reduce the commitments with respect thereto, if applicable, without Refinancing; *provided* that if any Activation Fee Debt, Roll-Up Debentures, Company Retained Debt is repaid, redeemed or repurchased pursuant to this clause (i) the Company has repaid, redeemed or offered to repurchase the Notes Units on a *pro rata* basis;

(ii) to purchase (or enter into a binding agreement to purchase; *provided* that such purchase is consummated within 90 days after the date that is 180 days after such Asset Sale):

(A) assets (other than current assets as determined in accordance with GAAP or IFRS or Capital Stock) to be used by the Company or any Subsidiary in a Permitted Business;

(B) Capital Stock of a Person principally engaged in a Permitted Business that shall become, upon purchase, a Subsidiary;

in each case, from a Person other than the Company and its Subsidiaries;

(iii) to make capital expenditures (including expenditures for refurbishments, repair or improvement of existing property or assets) to be used by the Company or any Subsidiary in a Permitted Business;

(iv) for working capital purposes; or

(v) a combination of any of the foregoing.

(4) To the extent there are any remaining Net Cash Proceeds that have not been applied as described in clause (3) above 180 days after the Asset Sale, the Company will make an offer to purchase Notes Units and Underlying Securities (an “**Asset Sale Offer**”), at a purchase price equal to 100% of the principal amount of the Notes Units and Underlying Securities to be purchased, plus accrued and unpaid interest (including an amount of cash equal to all accrued and unpaid PIK Interest) to, but excluding, the date of purchase (the “**Asset Sale Offer Amount**”). The Company shall purchase pursuant to an Asset Sale Offer from all tendering Holders on a *pro rata* basis and, at the Company’s option, on a *pro rata* basis with the holders of any other Indebtedness that principal amount (or accreted value in the case of Indebtedness issued with original issue discount) to be purchased equal to such remaining Net Cash Proceeds. The Company may satisfy its obligations under this covenant with respect to the remaining Net Cash Proceeds of an Asset

Sale by making an Asset Sale Offer prior to the expiration of the relevant 180-day period. Notwithstanding the foregoing, the Company may defer an Asset Sale Offer until there is an aggregate amount of remaining Net Cash Proceeds from one or more Asset Sales equal to or in excess of U.S.\$10.0 million (or the equivalent in other currencies).

(5) Each notice of an Asset Sale Offer shall state, among other things, the purchase date, which must be no earlier than 30 days nor later than 60 days from the date notice of such Asset Sale Offer is delivered, other than as may be required by law (the “***Asset Sale Offer Payment Date***”). The notice shall contain all instructions and materials necessary to enable such Holders to tender Notes Units and Underlying Securities pursuant to the Asset Sale Offer, including:

(a) that the Asset Sale Offer is being made pursuant to this Section 4.16 and the length of time the Asset Sale Offer will remain open;

(b) the remaining Net Cash Proceeds, Asset Sale Offer Amount and the Asset Sale Offer Payment Date;

(c) that any Notes Unit and Underlying Security not tendered or accepted for payment will continue to accrue interest;

(d) that, unless the Company defaults in making such payment, any Notes Units and Underlying Securities accepted for payment pursuant to the Asset Sale Offer will cease to accrue interest after the Asset Sale Offer Payment Date; and

(e) that Holders electing to have Notes Units and Underlying Securities purchased pursuant to an Asset Sale Offer may elect to have Notes Units and Underlying Securities purchased in whole or in part in integral multiples of U.S.\$1.00 only in exchange for cash, *provided* that the principal amount of such tendering Holder’s Notes Units and Underlying Securities shall not be less than U.S.\$1.00 (or if a payment of PIK Interest has been made, such Notes Units and Underlying Securities shall be in minimum denominations of U.S.\$1.00 and any integral multiple of U.S.\$1.00 in excess thereof); and

(f) the place or places where Notes Units and Underlying Securities are to be surrendered for tender pursuant to the Offer to Purchase.

(6) Upon receiving notice of an Asset Sale Offer, Holders may elect to tender their Notes Units and Underlying Securities in whole or in part in integral multiples of U.S.\$1.00 in exchange for cash; *provided* that the principal amount of such tendering Holder’s Notes Units and Underlying Securities shall not be less than U.S.\$1.00 and any integral multiple of U.S.\$1.00 in excess thereof. On the Asset Sale Offer Payment Date, the Company shall, to the extent lawful:

(a) accept for payment all Notes Units and Underlying Securities or portions thereof properly tendered to the Depository and applicable Paying Agent appointed by the Company, and not withdrawn pursuant to the Asset Sale Offer;

(b) deposit with the applicable Paying Agent funds in an amount equal to the Asset Sale Offer Amount in respect of all Notes Units and Underlying Securities or portions thereof so tendered and not withdrawn; and

(c) deliver or cause to be delivered to the Trustee the Securities so accepted together with an Officer's Certificate stating the aggregate principal amount of Notes Units and Underlying Securities or portions thereof being purchased by the Company.

(7) To the extent holders of Notes Units and Underlying Securities or other Indebtedness, which are the subject of an Asset Sale Offer properly tender and do not withdraw their Notes Units and Underlying Securities or such Indebtedness in an aggregate amount exceeding the amount of remaining Net Cash Proceeds, the Company shall purchase such Notes Units and Underlying Securities and such Indebtedness on a *pro rata* basis (based on amounts tendered and subject to the applicable authorized denomination requirements) as set forth above. If only a portion of a Security is purchased pursuant to an Asset Sale Offer, a new Security in a principal amount equal to the portion thereof not purchased shall be issued, and upon receipt of an Authentication Order the Trustee shall authenticate in the name of the Holder thereof upon cancellation of the original Security (or appropriate adjustments to the amount and beneficial interests in a Global Security will be made, as appropriate).

(8) The Company shall comply, to the extent applicable, with the requirements of Section 14e-1 of the Exchange Act and any other applicable securities laws or regulations in connection with the repurchase of Notes Units and Underlying Securities pursuant to this Section 4.16. To the extent that the provisions of any applicable securities laws or regulations conflict with provisions of this Section 4.16, the Company shall comply with the applicable securities laws and regulations and shall not be deemed to have breached its obligations under this Section 4.16 by virtue of its compliance with such securities laws or regulations.

(9) The obligation of the Company to make an Asset Sale Offer may be waived or modified at any time prior to the occurrence of such Asset Sale with the consent of Holders holding a majority of the aggregate outstanding principal amount of Notes Units.

(10) Upon completion of an Asset Sale Offer, the amount of remaining Net Cash Proceeds will be reset at zero. Accordingly, to the extent that the aggregate amount of Notes Units, Underlying Securities and other Indebtedness tendered pursuant to an Asset Sale Offer is less than the aggregate amount of remaining Net Cash Proceeds, the Company may use any remaining Net Cash Proceeds in any manner not otherwise prohibited by this Indenture.

SECTION 4.17 Compliance Certificates. The Company shall deliver to the Trustee within 150 days after the end of each fiscal year of the Company an Officer's Certificate signed by its principal executive officer, the principal financial officer or the principal accounting officer stating that in the course of the performance by the signers of their duties as Officers of the Company they would normally have knowledge of any Default or Event of Default and whether or not the signers know of any Default or Event of Default that occurred during such period. If they do, the certificate shall describe the Default or Event of Defaults, its status and what action the Company is taking or proposes to take with respect thereto.

SECTION 4.18 Limitation on Transactions with Affiliates. (1) The Company shall not, and shall not permit any of its Subsidiaries to, directly or indirectly, enter into any transaction or series of related transactions (including the purchase, sale, lease or exchange of any property or assets or the rendering of any service) with, or for the benefit of, any of its Affiliates (each an "***Affiliate Transaction***"), unless:

(i) the terms of such Affiliate Transaction are at least as favorable to the Company, or its relevant Subsidiary, as those that would be achieved in a comparable transaction at such time on an arm's-length basis from a Person that is not an Affiliate of the Company;

(ii) in the event that such Affiliate Transaction involves aggregate payments, or transfers of property or services, made on or after the Restructuring Closing Date with a Fair Market Value in excess of U.S.\$25.0 million (or the equivalent in other currencies), the terms of such Affiliate Transaction will be set forth in an Officer's Certificate delivered to the Trustee stating that such transaction complies with this Section 4.18(1); *provided* that any such Affiliate Transaction shall occur after the appointment of the New Board; and

(iii) in the event that such Affiliate Transaction involves aggregate payments, or transfers of property or services, made on or after the Restructuring Closing Date with a Fair Market Value in excess of U.S.\$50.0 million (or the equivalent in other currencies), the terms of such Affiliate Transaction shall be approved by a majority of the members of the Board of Directors of the Company (including a majority of the disinterested members thereof), the approval to be evidenced by a resolution or consent of the Board of Directors of the Company stating that the Board of Directors has determined that such transaction complies with this Section 4.18(1); *provided* that any such Affiliate Transaction shall occur after the appointment of the New Board.

(2) The provisions of Section 4.18(1) shall not apply to:

(i) Affiliate Transactions with or among the Company and any Subsidiary or between or among Subsidiaries;

(ii) payment of reasonable fees, compensation (including any employment, stock option, phantom stock, stock repurchase, employee benefit compensation), severance or other termination payments and reimbursement of expenses to, and any indemnity or insurance provided on behalf of, officers, directors and employees of the Company or any Subsidiary in the ordinary course of business of the relevant entity and the entering into any agreements relating to any of the foregoing, in each case, so long as such transactions were either (1) made pursuant to agreements existing on the date of the Reorganization Plan Confirmation or (2) made pursuant to agreements entered into after the appointment of the New Board;

(iii) Affiliate Transactions undertaken pursuant to the terms of any agreement or arrangement to which the Company or any of its Subsidiaries is a party as of or on the date of Reorganization Plan Confirmation (other than, for the avoidance of doubt, the V.Tal Agreements, the Additional V.Tal Agreements or the Copper Arrangements) either (A) as set out in Schedule D hereto, or (B) involving aggregate payments, or transfers of property or services with a Fair Market Value of less than U.S. \$25.0 million (or the equivalent in other currencies), in each case, as such agreements or arrangements may be amended, modified, supplemented, extended or renewed from time to time; *provided* that any future amendment,

modification, supplement, extension or renewal entered into after the date of Reorganization Plan Confirmation shall be permitted to the extent that its terms are not materially more disadvantageous as a whole to the Holders of the Notes Units than the terms of the agreements or arrangements in effect on the date of Reorganization Plan Confirmation, in each case, in the good faith determination of the Company; *provided* that, in each case, such Affiliate Transaction shall have been approved by the New Board;

(iv) any Restricted Payments made in compliance with Section 4.05 or any Permitted Investments;

(v) [reserved];

(vi) loans and advances made in accordance with and pursuant to clause (7) of the definition of “Permitted Investments”;

(vii) transactions specifically required to implement the incorporation of ClientCo and to consummate the ClientCo Contributions thereto or to implement a ClientCo Change of Control or the sale of ClientCo, in the form provided in the Reorganization Plan;

(viii) transactions in accordance with, and for the fulfilment of, the Copper Arrangements; and

(ix) transactions in accordance with, and for the fulfilment of, the V.Tal Agreements or the Additional V.Tal Agreements.

SECTION 4.19 Limitation on Dividend and Other Payment Restrictions Affecting Subsidiaries.

(1) Except as provided in Section 4.19(2), the Company shall not, and shall not cause or permit any of its Subsidiaries to, directly or indirectly, create or otherwise cause or permit to exist or become effective any encumbrance or restriction on the ability of any Subsidiary to:

(i) pay dividends or make any other distributions on or in respect of its Capital Stock to the Company or any other Subsidiary or pay any Indebtedness owed to the Company or any Subsidiary;

(ii) make loans or advances to, or Guarantee any Indebtedness or other obligations of, or make any investment in, the Company or any Subsidiary; or

(ii) this Indenture, the Subsidiary Guarantees or the Notes Units and Underlying Securities;

(iii) existing with respect to any Person, or to the property or assets of any Person, at the time the Person is acquired by the Company or any Subsidiary, *provided* that the encumbrances and restrictions in the amendment, modification, restatement, extension, renewal, replacement or Refinancing are, taken as a whole, in the good faith judgment of the Company, no less favorable in any material respect to the Holders than the encumbrances or restrictions being amended, modified, restated, extended, renewed, replaced or Refinanced;

(iv) any encumbrance or restriction existing by reason of any Lien permitted under Section 4.07;

(v) customary provisions restricting the ability of any Subsidiary to undertake any action described in clauses (i) through (iii) of Section 4.19(1) in Organizational Documents entered into in the ordinary course of business and with the approval of the Board of Directors of the Company;

(vi) restrictions in other Indebtedness Incurred by a Subsidiary in compliance with Section 4.02; *provided* that (in the good faith determination of the Company) (A) the encumbrances or restrictions are ordinary and customary for a financing of that type and (B) the encumbrances or restrictions would not, at the time agreed to, be expected to materially adversely affect the ability of the Company to make payments on the Underlying Securities;

(vii) customary restrictions on cash or other deposits imposed by customers, suppliers, insurance, surety or bonding companies, under contracts or other arrangements entered into or agreed to in the ordinary course of business;

(viii) customary non-assignment provisions of any license agreement or other contract and customary provisions restricting the assignment or subletting of any lease governing a leasehold interest of any Subsidiary, or any customary restriction on the ability of a Subsidiary to dividend, distribute or otherwise transfer any asset that is subject to a Lien permitted to be Incurred under this Indenture;

(ix) restrictions with respect to a Subsidiary imposed pursuant to a binding agreement which has been entered into for the sale or disposition of Capital Stock or assets of such Subsidiary or any Sale and Leaseback Transaction, in each case as otherwise permitted under this Indenture; *provided* that such restrictions apply solely to the Capital Stock or assets of such Subsidiary being sold;

(x) customary restrictions imposed on the transfer of copyrighted or patented materials;

(xi) [reserved];

(xii) Purchase Money Indebtedness and Capitalized Lease Obligations for assets acquired in the ordinary course of business that impose encumbrances and restrictions only on the assets so acquired or subject to lease;

(xiii) any agreements in effect on the Restructuring Closing Date, and any amendments, modifications, restatements, extensions, renewals, replacements or

Refinancings of any of the foregoing; *provided* that the encumbrances and restrictions in the amendment, modification, restatement, extension, renewal, replacement or Refinancing are, taken as a whole, in the good faith judgment of the Company, not materially more restrictive with respect to such dividend and other payment restrictions than those contained in those agreements on the Restructuring Closing Date; or

(xiv) restrictions contained in, or in respect of, Hedging Agreements in compliance with the covenant described under Section 4.02.

SECTION 4.20 Limitation on Sale and Leaseback Transactions. The Company shall not, and shall not permit any of its Subsidiaries to, enter into any Sale and Leaseback Transaction with respect to any property or asset unless the Company or such Subsidiary would be entitled to:

(1) Incur Indebtedness in an amount equal to the Attributable Debt with respect to such Sale and Leaseback Transaction pursuant to Section 4.02; and

(2) create a Lien on such property or asset securing such Attributable Debt without equally and ratably securing the Notes Units and Underlying Securities pursuant to Section 4.07, in which case, the corresponding Indebtedness and Lien will be deemed Incurred pursuant to those provisions.

SECTION 4.21 Guarantees by Subsidiaries. The Company shall cause each of its Subsidiaries (other than an Excluded Subsidiary) that is not a Subsidiary Guarantor to provide a Subsidiary Guarantee within 15 Business Days of such Person becoming a Subsidiary (or no longer being an Excluded Subsidiary), to execute a supplemental indenture in the form of Exhibit B to this Indenture. All Subsidiary Guarantees shall be evidenced by the applicable Subsidiary Guarantor either being a party to this Indenture or such Subsidiary Guarantor executing a supplemental indenture.

SECTION 4.22 Payment of Taxes and Other Claims. The Company shall pay or discharge, and cause each of its Subsidiaries to pay or discharge before the same become delinquent (i) all taxes, assessments and governmental charges levied or imposed upon the Company or such Subsidiary or its income or profits or property, and (ii) all lawful claims for labor, materials and supplies that, if unpaid, might by law become a Lien upon the property of the Company or such Subsidiary, other than any such tax, assessment, charge or claim (a) the amount, applicability or validity of which is being contested in good faith by appropriate proceedings and for which adequate reserves have been established and are being maintained in accordance with GAAP or (b) where the failure to pay would not reasonably be expected to have a Material Adverse Effect.

SECTION 4.23 Maintenance of Properties and Insurance. (1) The Company shall cause all material properties used or useful in the conduct of its business or the business of any Subsidiary to be maintained and kept in good condition, repair and working order in all material respects as in the judgment of the Company may be necessary so that the business of the Company and its Subsidiaries, taken as a whole, may be properly conducted at all times; *provided* that nothing in this Section 4.23 shall prevent the Company or any Subsidiary from discontinuing the use, operation or maintenance of any of such properties or disposing of any of them, if such

discontinuance or disposal is, in the judgment of the Company, desirable in the conduct of the business of the Company and its Subsidiaries taken as a whole or any discontinuance or disposal would not reasonably be expected to have a Material Adverse Effect.

(2) The Company shall provide or cause to be provided, for itself and any Subsidiary that is a Material Subsidiary, insurance against loss or damage of the kinds customarily insured against by corporations similarly situated and owning like properties with reputable insurers, in such amounts, with such deductibles and by such methods as are customary for corporations similarly situated in the industry in which the Company and its Subsidiaries are then conducting business that the Company deems reasonably similar.

SECTION 4.24 Compliance with Laws.

(1) The Company shall, and shall cause any Subsidiary to, comply with all laws, rules, regulations and orders of any Governmental Authority applicable to it or its property, except where the failure to do so would not, individually or in the aggregate, reasonably be expected to have a Material Adverse Effect.

(2) Neither the Company nor any Subsidiary shall become a Sanctioned Person; and neither any director nor officer of the Company or any Subsidiary shall become a Sanctioned Person and remain a director or officer for more than one (1) Business Day after the Company becomes aware of or should have reasonably been aware of such director or officer becoming a Sanctioned Person.

(3) The Company shall, and shall cause each Subsidiary to, comply with all Sanctions and Export Control Laws, Anti-Money Laundering Laws and Anti-Corruption Laws.

(4) The Company shall, and shall cause its Subsidiaries to, maintain policies, safeguards and procedures designed to promote, achieve and ensure compliance with Sanctions and Export Control Laws, Anti-Money Laundering Laws and Anti-Corruption Laws.

(5) The Company shall not, and shall ensure that its Subsidiaries do not, directly or knowingly indirectly, take any action or use the proceeds of the Notes Units, or lend, contribute or otherwise make available such proceeds to any Person, (i) to fund any activities or business of or with any Sanctioned Person or Sanctioned Country or (ii) in any manner that would result in a violation of Sanctions and Export Control Laws, Anti-Money Laundering Laws or Anti-Corruption Laws by any Person (including any Holder).

(6) The Company shall not, and shall not permit any of its Subsidiaries to, directly or knowingly indirectly, fund all or part of any repayment or payment hereunder out of proceeds derived from criminal activity or activity or transactions in violation of, or that would otherwise cause any Person (including any Obligor, any Agent or any Holder) to be in violation of, any Sanctions and Export Control Laws, Anti-Money Laundering Laws or Anti-Corruption Laws.

SECTION 4.25 Payments for Consent; Pro Rata Opportunities.

(1) The Company shall not, and shall not permit any of its Subsidiaries to, directly or indirectly, pay or cause to be paid any consideration to or for the benefit of any Holder of Notes Units for or as an inducement to any consent, waiver or amendment of any of the terms

or provisions of this Indenture or the Notes Units and Underlying Securities unless such consideration is offered to be paid and is paid to all Holders of the Notes Units and Underlying Securities that consent, waive or agree to amend in the time frame set forth in the solicitation documents relating to such consent, waiver or agreement.

(2) The Company shall not, and shall not permit any of its Subsidiaries to, directly or indirectly, enter into any transaction or series of transactions (whether through privately negotiated sales, exchange offer, or otherwise) pursuant to the provisions of Article 9 hereof (together, a “**Restructuring Transaction**”) if the effect of such Restructuring Transaction would be to subordinate or reduce the priority of all or any portion of the Notes Units or Underlying Securities, or impair the principal amount or other payment terms of the Notes Units or Underlying Securities, or provide for the exchange of all or any portion of the notes into any other instrument (whether in the form of debt or equity or otherwise), unless each Holder of Notes Units is offered the same opportunity to participate on a pro rata basis in such Restructuring Transaction (including with respect to providing new financing to the Company or any of its Subsidiaries or their successors and assigns); provided that the foregoing shall not apply to bona fide fees paid to Holders of Notes Units as compensation for backstopping debt or equity rights offering in connection with such Restructuring Transaction.

SECTION 4.26 Settlements. SECTION 4.28 Restrictions on Amendments to Copper Arrangements and V.Tal Agreements. (6) the Company, any Subsidiary Guarantor or any Material Subsidiary commences a voluntary case or other proceeding seeking liquidation, judicial or extrajudicial reorganization or other relief with respect to itself or its Indebtedness under any bankruptcy, insolvency or other similar law now or hereafter in effect, or seek the appointment of a trustee, receiver, judicial administrator (*administrador judicial*), liquidator, custodian or other similar official of it or any substantial part of its property, or consents to any such relief or to the appointment of or taking possession by any such official in an involuntary case or other proceeding commenced against it, or makes a general assignment or conveyance for the benefit of creditors;

(11) any Subsidiary Guarantee ceases to be in full force and effect, other than in accordance with the terms of this Indenture, or a Subsidiary Guarantor denies or disaffirms its obligations under its Subsidiary Guarantee;

(13) a determination is made in a judicial proceeding that any of the Collateral Documents or any other agreement or instrument purporting to grant a Lien in the Collateral is unenforceable or invalid against the grantor for any reason;

(14) any enforcement action is taken in respect of the Collateral, including the taking of any steps to foreclose, enforce or require the foreclosure or enforcement against any of

(18) prior to the appointment of the New Board, the Company breaches or terminates any Reimbursement Agreement (subject in each case, to any cure periods set forth therein or any waivers thereof); or

(19) the Company breaches the Compliance Agreement (subject to any cure periods set forth therein or waivers thereof), its obligations under Section 4.24(2)-(6), or any of its representations set forth in Section 4.27.

The foregoing will constitute Events of Default whatever the reason for any such Event of Default and whether it is voluntary or involuntary or is effected by operation of law or pursuant to any judgment, decree or order of any court or any order, rule or regulation of any administrative or governmental body.

SECTION 6.02 Acceleration. If an Event of Default (other than an Event of Default specified in Section 6.01(6), (7) or (8)) occurs and is continuing, the Holders of at least 25% in aggregate principal amount of the Notes Units then outstanding, by written notice to the Company and the Trustee, may, or the Trustee acting at the written request of Holders of at least 25% in aggregate principal amount of the Notes Units then outstanding, by written notice to the Company, shall, declare the principal amount, premium, if any, accrued and unpaid interest and Additional Amounts, if any, on all of the Notes Units and Underlying Securities to be due and payable immediately. If an Event of Default specified in Section 6.01(6), (7) or (8) occurs and is continuing, the principal amount, premium, if any, accrued and unpaid interest and Additional Amounts, if any, on all the Notes Units and Underlying Securities shall be immediately due and payable without notice or any other act on the part of the Trustee or any Holder. If the Event of Default or Events of Default giving rise to any such declaration of acceleration of Notes Units and the Underlying Securities will be cured following such declaration, such declaration may be rescinded by Holders holding a majority of the aggregate outstanding principal amount of the Notes Units. The Holders holding a majority of the aggregate outstanding principal amount of the Notes Units may, by written notice to the Company and to the Trustee, rescind and annul a declaration of acceleration and its consequences if (1) all existing Events of Default, other than the nonpayment of principal, premium, if any, interest and Additional Amounts on the Notes Units and Underlying Securities that have become due solely by the declaration of acceleration, have

been cured or waived, (2) the rescission or annulment would not conflict with any judgment or decree of a court of competent jurisdiction and (3) the Company has paid or deposited with the Trustee a sum sufficient to pay all sums paid or advanced by the Trustee and Agents hereunder and the reasonable compensation, expenses, disbursements and advances of the Trustee and Agents and their agents and counsel. No such rescission shall affect any subsequent Default or impair any right consequent thereto.

SECTION 6.03 Other Remedies. If an Event of Default occurs and is continuing with respect to the Notes Units and Underlying Securities, the Trustee may, subject to the terms of the Intercreditor Agreement, pursue any available remedy to collect the payment of principal of or interest on the Notes Units and Underlying Securities or to enforce the performance of any provision of the Notes Units and Underlying Securities or this Indenture.

The Trustee may maintain a proceeding even if the Trustee does not possess any of the Notes Units and Underlying Securities or does not produce any of them in the proceeding. A delay or omission by the Trustee or any Holder in exercising any right or remedy accruing upon an Event of Default shall not impair the right or remedy or constitute a waiver of or acquiescence in the Event of Default. No remedy is exclusive of any other remedy. All available remedies are cumulative.

SECTION 6.04 Waiver of Past Defaults. The Holders holding a majority of the aggregate outstanding principal amount of the Notes Units, by notice to the Trustee, may waive an existing Default and its consequences with respect to such Notes Units and Underlying Securities except (a) a Default in the payment of principal, premium, if any, interest and Additional Amounts, if any, on any Notes Units and Underlying Securities or (b) a Default in respect of a provision of this Indenture that under Section 6.02, 6.07 or 9.02 cannot be amended without the consent of the Holder of each outstanding Notes Unit and Underlying Security affected thereby. Upon such waiver, the Default will cease to exist with respect to such Notes Unit and Underlying Security, and any Event of Default arising therefrom will be deemed to have been cured, but no such waiver will extend to any subsequent or other Default or impair any right consequent thereon.

SECTION 6.05 Control by Majority. The Holders holding a majority of the aggregate outstanding principal amount of the Notes Units may direct the time, method and place of conducting any proceeding for any remedy available to the Trustee or of exercising any trust or power conferred on the Trustee with respect to the Notes Units. However, the Trustee may refuse to follow any direction if the Trustee shall determine that the action so directed conflicts with law or this Indenture or that the Trustee determines in good faith may involve the Trustee in personal liability, for which the Trustee reasonably believes it will not be adequately secured and/or indemnified against the costs, expenses or liabilities, which might be incurred, or that may be unduly prejudicial to the rights of Holders not taking part in such direction, and the Trustee may take any other action it deems proper that is not inconsistent with any such direction received from Holders. The Trustee shall be under no obligation to exercise any of its rights or powers under this Indenture at the request or direction of any of the Holders, unless such Holders shall have offered to the Trustee security and/or indemnity reasonably satisfactory to the Trustee against any cost, liability or expense.

SECTION 6.06 Limitation on Suits. No Holder of any Notes Units shall have any right to institute any proceeding, judicial or otherwise, with respect to this Indenture or

the Notes Units directly against the Company or any Subsidiary Guarantor (without the Trustee), or for the appointment of a receiver or trustee, or for any other remedy thereunder, unless:

(1) such Holder has previously given written notice to the Trustee of a continuing Event of Default with respect to the Notes Units and Underlying Securities;

(2) the Holders of not less than 25% in aggregate principal amount of the outstanding Notes Units shall have made written request to the Trustee to institute proceedings in respect of such Event of Default in its own name as Trustee thereunder;

(3) such Holder or Holders have offered to the Trustee adequate security and/or indemnity satisfactory to the Trustee against the costs, expenses and liabilities to be incurred in compliance with such request;

(4) the Trustee for 60 days after its receipt of such notice, request and offer of indemnity or security has failed to institute any such proceeding; and

(5) no direction inconsistent with such written request has been given to the Trustee during such 60-day period by the Holders holding a majority of the aggregate outstanding principal amount of the Notes Units,

it being understood and intended that no one or more of such Holders shall have any right in any manner whatsoever by virtue of, or by availing of, any provision of this Indenture to affect, disturb or prejudice the rights of any other of such Holders, or to obtain or to seek to obtain priority or preference over any other of such Holders or to enforce any right under this Indenture, except in the manner therein provided and for the equal and ratable benefit of all such Holders.

SECTION 6.07 Rights of Holders to Receive Payment. Notwithstanding any other provision of this Indenture, the Holder of any Notes Units and Underlying Securities shall have the right, which is absolute and unconditional, to receive payment of principal, premium, if any, interest and Additional Amounts, if any, on such Notes Units and Underlying Securities and to institute suit for the enforcement of any such payment, and such rights shall not be impaired or affected without the consent of such Holder.

SECTION 6.08 Collection Suit by Trustee. If an Event of Default specified in Section 6.01(1) or (2) occurs and is continuing, the Trustee may recover judgment in its own name and as trustee of an express trust against the Company for the whole amount then due and owing (together with interest on any unpaid interest to the extent lawful) and the amounts provided for in Section 7.06.

SECTION 6.09 Trustee May File Proofs of Claim. The Trustee may file such proofs of claim and other papers or documents as may be necessary or advisable in order to have the claims of the Trustee and the Holders allowed in any judicial proceedings relative to the Company, its creditors or its property and, unless prohibited by law or applicable regulations, may vote on behalf of the Holders in any election of a trustee in bankruptcy or other Person performing similar functions, and any Bankruptcy Custodian in any such judicial proceeding is hereby authorized by each Holder to make payments to the Trustee and, in the event that the Trustee shall consent to the making of such payments directly to the Holders, to pay to the Trustee any amount due it for the compensation, expenses, disbursements and advances of the Trustee, its agents and its counsel, and any other amounts due the Trustee under Section 7.06.

SECTION 6.10 Priorities. Subject to the terms of the Intercreditor Agreement, if the Trustee collects any money or property pursuant to this Article 6, it shall pay out the money or property in the following order:

FIRST: to the Trustee and any Agent and their respective agents and attorneys for amounts due under this Indenture, including without limitation, Section 7.06, and including payment of all compensation, expenses and liabilities incurred, and all advances made, by the Trustee and any Agent and the costs and expenses of collection;

SECOND: to Holders (x) *first*, for amounts due and unpaid on the Series A Notes for principal and interest, ratably, without preference or priority of any kind, according to the amounts due and payable on the Series A Notes for principal and interest, respectively, and (y) *second*, for amounts due and unpaid on the Series B Notes for principal and interest, ratably, without preference or priority of any kind, according to the amounts due and payable on the Series B Notes for principal and interest, respectively; and

THIRD: to the Company or, to the extent the Trustee collects any amount pursuant to Article 11 from any Subsidiary Guarantor, to such Subsidiary Guarantor, or to such party as a court of competent jurisdiction shall direct.

The Trustee may fix a record date and payment date for any payment to Holders pursuant to this Section 6.10 and shall promptly notify the Company thereof. At least 15 days before such record date, the Company shall mail to each Holder and the Trustee a notice that states the record date, the payment date and amount to be paid.

SECTION 6.11 Undertaking for Costs. In any suit for the enforcement of any right or remedy under this Indenture or in any suit against the Trustee for any action taken or omitted by it as Trustee, a court in its discretion may require the filing by any party litigant in the suit of an undertaking to pay the costs of the suit, and the court in its discretion may assess reasonable costs, including reasonable attorneys' fees, against any party litigant in the suit, having due regard to the merits and good faith of the claims or defenses made by the party litigant. This Section 6.11 does not apply to a suit by the Trustee, a suit by a Holder pursuant to Section 6.07 or a suit by Holders of more than 10% in principal amount of the Securities.

SECTION 6.12 Waiver of Stay, Extension or Usury Laws. Each of the Obligors (to the extent it may lawfully do so) shall not at any time insist upon, or plead, or in any manner whatsoever claim or take the benefit or advantage of, any stay or extension law or any usury law or other law wherever enacted, now or at any time hereafter in force, which may affect the covenants or the performance of this Indenture or prohibit or forgive any of the Obligors from paying all or any portion of the principal, premium, if any, interest, and Additional Amounts, if any, on the Securities as contemplated herein; and each of the Obligors (to the extent that it may lawfully do so) hereby expressly waives all benefit or advantage of any such law, and shall not hinder, delay or impede the execution of any power herein granted to the Trustee, but shall suffer and permit the execution of every such power as though no such law had been enacted.

SECTION 6.13 Restoration of Rights and Remedies. If the Trustee or any Holder has instituted a proceeding to enforce any right or remedy under the Indenture and the proceeding has been discontinued or abandoned for any reason, or has been determined adversely to the Trustee or to the Holder, then, subject to any determination in the proceeding, the Company,

any Subsidiary Guarantors, the Trustee and the Holders will be restored severally and respectively to their former positions hereunder and thereafter all rights and remedies of the Company, any Subsidiary Guarantors, the Trustee and the Holders will continue as though no such proceeding had been instituted.

Article 7

Trustee

SECTION 7.01 Duties of Trustee.

(1) The duties and responsibilities of the Trustee are as provided by the TIA and as set forth herein. Whether or not expressly so provided, every provision of the Indenture relating to the conduct or affecting the liability of or affording protection to the Trustee is subject to this Article 7. Except during the continuance of an Event of Default:

(a) the Trustee undertakes to perform such duties and only such duties as are specifically set forth in this Indenture and no implied covenants or obligations shall be read into this Indenture against the Trustee; and

(b) in the absence of bad faith on its part, the Trustee may conclusively rely, as to the truth of the statements and the correctness of the opinions expressed therein, upon certificates or opinions furnished to the Trustee and conforming to the requirements of this Indenture. Notwithstanding the foregoing, the Trustee shall examine such certificates and opinions to determine whether or not they conform to the requirements of this Indenture (but need not, and is under no obligation to, confirm or investigate the accuracy of mathematical calculations or other facts stated therein).

(2) Following the occurrence and continuance of an Event of Default, the Trustee shall exercise such of the rights and powers vested in it by this Indenture and use the same degree of care and skill in their exercise as a prudent Person would exercise or use under the circumstances in the conduct of such Person's own affairs.

(3) The Trustee may not be relieved from liability for its own negligent action, its own negligent failure to act or its own willful misconduct, except that:

(a) this Section 7.01(3) does not limit the effect of Section 7.01(1);

(b) the Trustee shall not be liable for any error of judgment made in good faith by a Trust Officer unless it is proved that the Trustee was negligent in ascertaining the pertinent facts; and

(c) the Trustee shall not be liable with respect to any action it takes or omits to take in good faith in accordance with a direction received by it pursuant to Section 6.05 or otherwise in accordance with this Indenture.

(4) Every provision of this Indenture that in any way relates to the Trustee is subject to Section 7.01(1), (2) and (3).

(5) The Trustee shall not be liable for interest on any money received by it except as the Trustee may agree in writing with the Company.

(6) Money held in trust by the Trustee need not be segregated from other funds except to the extent required by law.

(7) No provision of this Indenture shall require the Trustee to expend or risk its own funds or otherwise incur liability (financial or otherwise) in the performance of any of its duties hereunder or in the exercise of any of its rights or powers, if it shall have reasonable grounds to believe that repayment of such funds or adequate indemnity against such risk or liability is not assured to it and, for the avoidance of doubt, no provision of this Indenture shall require the Trustee to comply with or follow any request or direction of any Holders unless such Holders have offered to the Trustee security and/or indemnity reasonably satisfactory to the Trustee against any cost, liability or expense, and any such direction or request is in writing. No provision of this Indenture shall require the Trustee to indemnify the Collateral Agent or the Intercreditor Agent.

(8) Every provision of this Indenture relating to the conduct or affecting the liability of or affording protection to the Trustee shall be subject to the provisions of this Section 7.01.

SECTION 7.02 Rights of Trustee. (1) The Trustee may conclusively rely on any document believed by it to be genuine and to have been signed or presented by the proper person. The Trustee need not investigate any fact or matter stated in the document but may, in its discretion, make such further inquiry or investigation into such facts or matters as it may see fit and, if the Trustee shall determine to make such further inquiry or investigation, it shall be entitled to examine the books, records and premises of the Company, personally or by agent or attorney at the sole cost of the Company and shall incur no liability or additional liability of any kind by reason of such inquiry or investigation.

(2) Before the Trustee acts or refrains from acting, it may require an Officer's Certificate and/or an Opinion of Counsel. The Trustee shall not be liable for any action it takes or omits to take in good faith in reliance on the Officer's Certificate or Opinion of Counsel.

(3) The Trustee may act through its attorneys and agents and shall not be responsible for the misconduct or negligence of any attorney or agent appointed with due care.

(4) The Trustee shall not be liable for any action it takes or omits to take in good faith which it reasonably believes to be authorized or within its rights or powers; *provided, however,* that the Trustee's conduct does not constitute willful misconduct or negligence.

(5) The Trustee may consult with counsel and the advice of such counsel or any Opinion of Counsel with respect to legal matters relating to this Indenture and the Securities shall be full and complete authorization and protection from liability in respect of any action taken, omitted or suffered by it hereunder in good faith and in reliance thereon.

(6) In no event shall the Trustee be responsible or liable for special, indirect punitive or consequential loss or damage of any kind whatsoever (including, but not limited to, loss of profit) irrespective of whether the Trustee has been advised of the likelihood of such loss or damage and regardless of the form of action.

(7) The rights, privileges, protections, immunities and benefits given to the Trustee, including its right to be indemnified, are extended to, and shall be enforceable by, the Trustee in each of its capacities hereunder, and under the Collateral Documents and the Intercreditor Agreement, and each Agent, custodian and other Person employed to act hereunder or thereunder and whenever acting in such capacity under any related transaction document, the Trustee shall enjoy all the same rights, privileges, protections and benefits granted to it hereunder.

(8) The Trustee may request that the Company or any Subsidiary Guarantor deliver an Officer's Certificate setting forth the names of individuals and/or titles of Officers authorized at such time to take specified actions pursuant to this Indenture.

(9) The permissive rights of the Trustee enumerated herein shall not be construed as duties.

(10) The Trustee shall not be responsible or liable for any failure or delay in the performance of its obligations under this Indenture arising out of or caused, directly or indirectly, by circumstances beyond its control, including but not limited to acts of God; earthquakes; fires; floods; wars; civil or military disturbances; sabotage; acts of terrorism; epidemics; pandemics; riots; interruptions, loss or malfunctions of utilities, computer (hardware or software) or communications service; accidents; labor disputes; acts of civil or military authority or governmental actions; any provisions of any present or future law or regulation or governmental authority; it being understood that the Trustee shall use its best efforts to resume performance as soon as practicable under the circumstances.

(11) At any time that the security granted pursuant to the Collateral Documents has become enforceable, the Trustee has the right to direct the Intercreditor Agent, and the Holders have given a direction to the Trustee to enforce such Collateral, the Trustee shall immediately give any direction to the Intercreditor Agent with respect thereto to the extent it has been indemnified or secured in accordance with Section 7.01(7) hereof. In any event, in connection with any enforcement of such security, the Trustee is not responsible for:

(A) any failure of the Collateral Agent to enforce such security within a reasonable time or at all;

(B) any failure of the Collateral Agent to pay over the proceeds of enforcement of the Collateral;

(C) any failure of the Collateral Agent to realize such security for the best price obtainable;

(D) monitoring the activities of the Collateral Agent in relation to such security or enforcement;

(E) taking any enforcement action itself in relation to such security; or

(F) paying any fees, costs or expenses of the Collateral Agent.

(12) The Trustee shall not be deemed to have notice of any Default or Event of Default unless written notice of any event which is in fact such a default is received by a Trust

Officer of the Trustee at the Corporate Trust Office of the Trustee, and such notice references the Notes and this Indenture.

(13) The Trustee shall at no time have any responsibility or liability for or in respect to the legality, validity or enforceability of any Collateral or any arrangement or agreement between the Company and any other Person with respect thereto, or the perfection or priority of any security interest created in any of the Collateral or maintenance of any perfection and priority, or for or with respect to the sufficiency of the Collateral following an Event of Default.

SECTION 7.03 Individual Rights of Trustee. The Trustee in its individual or any other capacity may become the owner or pledgee of Securities and may otherwise deal with the Company or its Affiliates with the same rights it would have if it were not Trustee. Any other Agent may do the same with like rights. However, the Trustee must comply with Section 7.09 and Section 7.10 and is subject to TIA Sections 310(b) and 311.

SECTION 7.04 Trustee's Disclaimer. The Trustee shall not be responsible for and makes no representation as to the validity or adequacy of this Indenture, the Securities or the Collateral Documents, it shall not be accountable for the Company's use of the proceeds from the Securities, and it shall not be responsible for any statement of the Company in this Indenture or in any document issued in connection with the sale of the Securities or in the Securities other than the Trustee's certificate of authentication if signed by the Trustee. Nothing hereunder shall require the Trustee to file any financing or continuation statements or recording any documents or instruments in any public office at any time or otherwise perfecting or maintain the perfection of any Lien or security interest in the Collateral.

SECTION 7.05 Notice of Defaults. If a Default or Event of Default occurs and is continuing and notice of such Default or Event of Default has been given to a Trust Officer of the Trustee, the Trustee shall deliver to each Holder notice of the Default within ten days after it occurs, unless the Default has been cured; *provided, however*, that except in the case of a Default or Event of Default in payment of principal, premium, if any, interest and Additional Amounts, if any, on any Security, the Trustee may withhold the notice if and so long as the Trustee determines in good faith that withholding the notice is in the interests of Holders. The Trustee shall not be charged with knowledge of any Default or Event of Default other than a Default under Section 6.01(1) or Section 6.01(2) hereof (to the extent that the Trustee has actual knowledge of such Default or Event of Default under Section 6.01(1) or 6.02(2)) or knowledge of any cure of any Default or Event of Default unless a Trust Officer in the Corporate Trust Office of the Trustee shall have received written notice thereof from the Company or a Holder, expressly referencing this Indenture and the Securities. The Trustee shall not be deemed to have any knowledge of an Event of Default specified in Section 6.01(8) or Section 6.01(10) unless it is notified, in writing, by Holders of at least 25% in aggregate principal amount of the then outstanding Securities.

SECTION 7.06 Compensation and Indemnity. The Company shall pay to the Trustee and each of the Agents from time to time such compensation for its services hereunder as such may from time to time agree in writing and shall reimburse, promptly upon request, the Trustee and each Agent for all out-of-pocket expenses, disbursements and advances incurred by it hereunder (including the fees and expenses of its agents and counsel). The Company and the Subsidiary Guarantors shall jointly and severally indemnify the Trustee or any predecessor

Trustee, (which for purposes of this Section 7.06 shall be deemed to include its directors, officers, agents and employees), each Agent and their respective affiliates against any and all loss, liability or expense (including any and all tax liability, which, for the avoidance of doubt, shall include both Brazilian taxes and associated penalties, costs, claims, actions, damages, expenses or demands (other than tax liabilities based upon, measured by or determined by the income of the Trustee or any other such Person) and attorneys' fees and expenses) incurred by it in connection with the administration of this trust and/or the performance of its duties hereunder, including the costs and expenses of defending itself against any claim (whether asserted by the Company, any Holder or any other Person) or liability in connection with the exercise or performance of any of its powers or duties hereunder, or in connection with enforcing the provisions of this Section 7.06, except to the extent that such loss, damage, claim, liability or expense is due to its own willful misconduct or gross negligence (as determined in a final non-appealable decision by a court of competent jurisdiction). The Trustee or Agents, as applicable, shall notify the Company promptly of any claim for which it may seek indemnity. Failure by the Trustee or any Agent (as applicable) to so notify the Company shall not relieve the Company of its obligations hereunder. The Company shall defend the claim and the Trustee and the Agents may have separate counsel and the Company shall pay the fees and expenses of such counsel; *provided* that the Company shall not be required to pay such fees and expenses if it assumes such indemnified party's defense and, in such indemnified party's reasonable judgment, there is no conflict of interest between the Company and such parties in connection with such defense. If the Company does defend the claim, it shall consult with the Trustee or the other Agent, as the case may be, throughout the conduct of such claim and shall not settle such claim without the prior written consent of the Trustee or the other Agent (as applicable). In no event shall the Company be liable for fees and expenses of more than one counsel for each indemnified party (in addition to any local counsel) separate from its own counsel for all indemnified parties in connection with one action or separate but similar or related actions in the same jurisdiction arising out of the same general allegations or circumstances. The Company need not pay for any settlement made without its consent, which consent shall not be unreasonably withheld.

To secure the Company's obligations in this Section 7.06, the Trustee shall have a lien prior to the Securities on all money or property held or collected by the Trustee other than money or property held in trust to pay principal, premium, if any, interest and Additional Amounts, if any, on particular Securities. Such lien will survive the satisfaction and discharge of this Indenture.

The Company agrees to pay by wire transfer the fees and expenses of the Trustee, the Agents and their respective counsel in connection with the negotiation, execution and delivery of this Indenture within three Business Days of receipt of invoices for such fees and expenses.

The Company's payment obligations pursuant to this Section 7.06 shall survive the discharge of this Indenture, final payment on the Securities and resignation or removal of the Trustee or any Agent. When the Trustee incurs expenses or renders services after the occurrence of an Event of Default specified in Section 6.01(6), (7) or (8), the expenses and the compensation for services (including the reasonable fees and expenses of its agents and counsel) are intended to constitute expenses of administration under any Bankruptcy Law.

The Company acknowledges that no Paying Agent makes any representations as to the interpretation or characterization of the transactions herein undertaken for tax or any other

purpose, in any jurisdiction. The Company represents that it has fully satisfied itself as to any tax impact of this Indenture before agreeing to the terms herein, and is responsible for any and all federal, state, local, income, franchise, withholding, value added, sales, use, transfer, stamp or other taxes imposed by any jurisdiction in respect of this Indenture. The Company agrees to pay any and all stamp and other documentary taxes or duties which may be payable in connection with the execution, delivery, performance and enforcement of this Indenture by any Paying Agent.

SECTION 7.07 Replacement of Trustee. The Trustee may resign at any time by so notifying the Company. The Holders of a majority in principal amount of the Securities (including any PIK Securities) may remove the Trustee by so notifying the Trustee and may appoint a successor Trustee. If the Trustee is no longer eligible under Section 7.09 or in the circumstances described in TIA Section 310(b), any Holder that satisfies the requirements of TIA Section 310(b) may petition any court of competent jurisdiction for the removal of the Trustee and the appointment of a successor Trustee. The Company shall remove the Trustee if:

- (1) the Trustee fails to comply with Section 7.09;
- (2) the Trustee is adjudged bankrupt or insolvent;
- (3) a receiver or other public officer takes charge of the Trustee or its property;

or

- (4) the Trustee otherwise becomes incapable of acting.

If the Trustee resigns or is removed by the Holders, and Holders of a majority in principal amount of the Securities then outstanding (including any PIK Securities) do not reasonably promptly thereafter appoint a successor Trustee, or if a vacancy exists in the office of the Trustee for any other reason, including if the Company removes the Trustee, (the Trustee in such event being referred to herein as the “*retiring Trustee*”), the Company shall promptly appoint a successor Trustee.

A successor Trustee shall deliver a written acceptance of its appointment to the retiring Trustee and to the Company. Thereupon, the resignation or removal of the retiring Trustee shall become effective, and the successor Trustee shall have all the rights, powers and duties of the Trustee under this Indenture. The successor Trustee shall deliver a notice of its succession to Holders. The retiring Trustee shall promptly transfer all property held by it as Trustee to the successor Trustee, subject to the lien provided for in Section 7.06 and *provided* that all sums owing to the retiring Trustee have been paid.

If a successor Trustee does not take office within 60 days after the retiring Trustee resigns or is removed, the retiring Trustee (at the Company’s expense), the Company or the Holders of 10% in principal amount of the Securities may, at the expense of the Company, petition any court of competent jurisdiction for the appointment of a successor Trustee.

If the Trustee fails to comply with Section 7.09, any Holder may petition any court of competent jurisdiction for the removal of the Trustee and the appointment of another successor Trustee.

Notwithstanding the replacement of the Trustee pursuant to this Section 7.07, the Company’s obligations under Section 7.06 shall continue for the benefit of the retiring Trustee.

SECTION 7.08 Successor Trustee by Merger. If the Trustee consolidates with, merges or converts into, or transfers all or substantially all its corporate trust business or assets to, another corporation or banking association, the resulting, surviving or transferee corporation without any further act shall be the successor Trustee.

In case at the time such successor or successors by merger, conversion or consolidation to the Trustee shall succeed to the trusts created by this Indenture any of the Securities shall have been authenticated but not delivered, any such successor to the Trustee may adopt the certificate of authentication of any predecessor trustee, and deliver such Securities so authenticated; and in case at that time any of the Securities shall not have been authenticated, any successor to the Trustee may authenticate such Securities either in the name of any predecessor hereunder or in the name of the successor to the Trustee; and in all such cases such adopted certificates shall have the full force of all provisions in the Securities or in this Indenture relating to the Trustee.

SECTION 7.09 Eligibility; Disqualification. The Trustee shall at all times satisfy the requirements of TIA § 310(a). The Trustee shall have a combined capital and surplus of at least U.S.\$50.0 million as set forth in its most recent published annual report of condition. The Trustee shall comply with TIA § 310(b); *provided, however*, that there shall be excluded from the operation of TIA § 310(b)(1) any indenture or indentures under which other securities or certificates of interest or participation in other securities of the Company are outstanding if the requirements for such exclusion set forth in TIA § 310(b)(1) are met.

SECTION 7.10 Preferential Collection of Claims Against Company. The Trustee shall comply with TIA § 311(a), excluding any creditor relationship listed in TIA § 311(b). A Trustee who has resigned or been removed shall be subject to TIA § 311(a) to the extent indicated.

SECTION 7.11 Appointment of Co-Trustee.

(a) Notwithstanding any other provisions of this Indenture, the Trustee shall have the power and may execute and deliver all instruments necessary to appoint one or more Persons to act as a co-trustee or co-trustees, or separate trustee or separate trustees, and to vest in such Person or Persons, in such capacity and for the benefit of the Holders, subject to the other provisions of this Section 7.11, such powers, duties, obligations and rights as the Trustee may consider necessary or desirable. No co-trustee or separate trustee hereunder shall be required to meet the terms of eligibility as a successor trustee under Section 7.09 and no notice to Holders of the appointment of any co-trustee or separate trustee shall be required under Section 7.07 hereof. The Trustee may act through its co-trustee(s) and shall not be responsible for the misconduct or negligence of any co-trustee appointed with due care.

(b) Every separate trustee and co-trustee shall, to the extent permitted by law, be appointed and act subject to the following provisions and conditions:

(i) all rights, powers, duties and obligations conferred or imposed upon the Trustee shall be conferred or imposed upon and exercised or performed by the Trustee and such separate trustee or co-trustee jointly (it being understood that such separate trustee or co-trustee is not authorized to act separately without the Trustee

joining in such act), except to the extent that under any law of any jurisdiction in which any particular act or acts are to be performed the Trustee shall be incompetent or unqualified to perform such act or acts, in which event such rights, powers, duties and obligations shall be exercised and performed singly by such separate trustee or co-trustee, but solely at the direction of the Trustee;

(ii) no trustee hereunder shall be personally liable by reason of any act or omission of any other trustee hereunder; and

(iii) the Trustee may at any time accept the resignation of or remove any separate trustee or co-trustee.

(c) Any notice, request or other writing given to the Trustee shall be deemed to have been given to each of the then separate trustees and co-trustees, as effectively as if given to each of them. Every instrument appointing any separate trustee or co-trustee shall refer to this Indenture and the conditions of this Article 7. Each separate trustee and co-trustee, upon its acceptance of the trusts conferred, shall be vested with the estates or property specified in its instrument of appointment, either jointly with the Trustee or separately, as may be provided therein, subject to all the provisions of this Indenture, specifically including every provision of this Indenture relating to the conduct of, affecting the liability of, or affording protection or rights (including the rights to compensation, reimbursement and indemnification hereunder) to, the Trustee. Every such instrument shall be filed with the Trustee.

(d) Any separate trustee or co-trustee may at any time constitute the Trustee its agent or attorney-in-fact with full power and authority, to the extent not prohibited by law, to do any lawful act under or in respect of this Indenture on its behalf and in its name. If any separate trustee or co-trustee shall die, become incapable of acting, resign or be removed, all of its estates, properties, rights, remedies and trusts shall vest in and be exercised by the Trustee, to the extent permitted by law, without the appointment of a new or successor trustee.

Article 8

Discharge of Indenture; Defeasance

SECTION 8.01 Company's Option to Effect Legal Defeasance or Covenant Defeasance. The Company may at its option, at any time, elect to have either Section 8.02 or Section 8.03 applied to all outstanding Notes Units and corresponding Underlying Securities upon compliance with the conditions set forth below in this Article 8.

SECTION 8.02 Legal Defeasance. Upon the Company's exercise of the option provided in Section 8.01 to have this Section 8.02 applied to all the outstanding Notes Units and corresponding Underlying Securities, as the case may be, (subject to compliance with the other conditions set forth in this Article 8), the Company and the Subsidiary Guarantors shall be deemed to have been discharged from its obligations with respect to the outstanding Notes Units and corresponding Underlying Securities on the date the conditions in Section 8.07 are satisfied (a "**Legal Defeasance**"). For the avoidance of doubt, such Legal Defeasance means that the

Company shall be deemed to have paid and discharged the entire Indebtedness represented by all the Notes Units and corresponding Underlying Securities outstanding, each Subsidiary Guarantor's obligations under its Subsidiary Guarantee will terminate and the Company shall be deemed to have satisfied all its other obligations under the Notes Units, corresponding Underlying Securities and this Indenture, except for the following, which shall survive until otherwise terminated or discharged hereunder: (a) the rights of such Holders to receive, solely from the trust fund described in Section 8.07 and as more fully set forth in such Section, payments in respect of principal of, interest and Additional Amounts, if any, on the Notes Units and corresponding Underlying Securities when such payments are due, (b) the Company's obligations with respect to the Notes Units under Sections 2.03, 2.04, 2.06, 2.07, 4.01, 4.04, 4.08, 4.10, 4.11, 4.12, 4.14, and 8.04, (c) the rights, powers, trusts, duties, protections, indemnities and immunities of the Trustee hereunder and (d) this Article 8 and the Company's obligations to the Trustee under Section 7.06. Prior to the date the conditions in Section 8.07 are satisfied, none of the Company's or the Subsidiary Guarantors' obligations under the Indenture will be discharged. Thereafter, the Trustee upon request will acknowledge in writing the discharge of the Company's and the Subsidiary Guarantors' obligations under the Notes Units, the corresponding Underlying Securities, the Subsidiary Guarantees and the Indenture except for the surviving obligations specified above.

SECTION 8.03 Covenant Defeasance. Upon the Company's exercise of the option provided in Section 8.01 to have this Section 8.03 applied to all the outstanding Notes Units and corresponding Underlying Securities, the Company and the Subsidiary Guarantors shall be released from its obligations under Article 4 (other than Sections 4.01, 4.04, 4.08, 4.10, 4.11, 4.12 and 4.14), each Subsidiary Guarantor's obligations under its Subsidiary Guarantee shall terminate and the occurrence of an event with respect to such Securities specified in Section 6.01 (except with respect to Section 6.01(1), (2), (6), (7), (8), (9) and (10)) shall no longer constitute an Event of Default with respect to such Notes Units and corresponding Underlying Securities on and after the date the conditions set forth in Section 8.07 are satisfied (a "***Covenant Defeasance***"). For the avoidance of doubt, such Covenant Defeasance means that, with respect to the Notes Units and corresponding Underlying Securities, the Company and the Subsidiary Guarantors may omit to comply with and shall have no liability in respect of any term, condition or limitation set forth in any such Section or clause referenced in the first sentence of this Section 8.03, whether directly or indirectly by reason of any reference elsewhere herein to any such Section or clause or by reason of any reference in any such Section or clause to any other provision herein or in any other document, but the remainder of this Indenture shall be unaffected thereby. Prior to the date the conditions in Section 8.07 are satisfied, none of the Company's or the Subsidiary Guarantors' obligations under the Indenture will be discharged. Thereafter, the Trustee upon request will acknowledge in writing the discharge of the Company's and the Subsidiary Guarantors' obligations under the Notes Units, the Underlying Securities and the Indenture except for the surviving obligations specified above.

SECTION 8.04 Application of Trust Money. Subject to Section 8.05, the Trustee shall hold in trust U.S. dollars or U.S. Government Obligations deposited with it pursuant to this Article 8. It shall apply the deposited money and the U.S. dollars from U.S. Government Obligations through the Paying Agents and in accordance with this Indenture to the payment of principal, premium, if any, interest and Additional Amounts, if any, on the Notes Units and Underlying Securities.

SECTION 8.05 Repayment to Company. Subject to Sections 7.06, 8.02, 8.03 and 8.07, the Trustee and the Paying Agents shall promptly turn over to the Company upon request any excess money or Securities held by them at any time.

Subject to any applicable abandoned property law, the Trustee and the Paying Agents shall pay to the Company upon request any money held by them for the payment of principal, premium, if any, interest and Additional Amounts, if any, that remains unclaimed for two years, and, thereafter, Holders entitled to the money must look only to the Company and not to the Trustee or any of the Paying Agents for payment as general creditors.

SECTION 8.06 Reinstatement. If the Trustee or any of the Paying Agents are unable to apply any U.S. dollars or U.S. Government Obligations in accordance with this Article 8 by reason of any legal proceeding or by reason of any order or judgment of any court or Governmental Authority enjoining, restraining or otherwise prohibiting such application, the Company's and the Subsidiary Guarantors' obligations under this Indenture and the Notes Units and Underlying Securities shall be revived and reinstated as though no deposit had occurred pursuant to this Article 8 until such time as the Trustee or such Paying Agent is permitted to apply all such U.S. dollars or U.S. Government Obligations in accordance with this Article 8; *provided, however,* that, if the Company has made any payment of principal, premium, if any, interest and Additional Amounts, if any, on any Notes Units because of the reinstatement of its obligations, the Company shall be subrogated to the rights of the Holders of Notes Units to receive such payment from the U.S. dollars or U.S. Government Obligations held by the Trustee or such Paying Agent.

SECTION 8.07 Conditions to Legal Defeasance or Covenant Defeasance. The following shall be the conditions to application of either Section 8.02 or Section 8.03 to the then outstanding Notes Units and corresponding Underlying Securities:

(a) the Company shall irrevocably have deposited or caused to be deposited with the Trustee in trust for benefit of the Holders, U.S. dollars in immediately available funds, U.S. Government Obligations or a combination thereof, in an amount sufficient, in the opinion of an internationally recognized firm of independent public accountants or an internationally recognized investment bank expressed in a written certificate thereof delivered to the Trustee, to pay and discharge, and which shall be applied by the Trustee (or other qualifying trustee) to pay and discharge, the principal, premium, if any, each installment of interest and Additional Amounts, if any, on the Notes Units and corresponding Underlying Securities on the applicable Maturity Date in accordance with the terms of this Indenture, the Notes Units and the Underlying Securities;

(b) in the case of an election under Section 8.02, the Company shall have delivered to the Trustee:

(i) an Opinion of Counsel stating that (1) the Company has received from, or there has been published by, the U.S. Internal Revenue Service a ruling, or (2) since the Restructuring Closing Date there has been a change in the applicable United States federal income tax law or the interpretation thereof, in either case to the effect that, and based thereon, such opinion shall confirm that, the Holders of the Notes Units and Underlying Securities will not recognize gain or loss for United States federal income tax purposes as a result of such deposit, defeasance and discharge and will be subject to United States federal income tax on the same

amount, in the same manner and at the same time as would have been the case if such deposit, defeasance and discharge had not occurred; and

(ii) an Opinion of Counsel to the effect that (1) the creation of the defeasance trust does not violate the Investment Company Act of 1940, as amended, (2) the Holders have a valid security interest in the trust funds (subject to customary exceptions), and (3) after the passage of 123 days following the deposit, the trust funds will not be subject to the effect of Section 547 of the United States Bankruptcy Code or Section 15 of the New York Debtor and Creditor Law.

(c) in the case of an election under Section 8.03, the Company shall have delivered to the Trustee an Opinion of Counsel to the effect:

(i) that the Holders of the Notes Units and Underlying Securities will not recognize income, gain or loss for U.S. federal income tax purposes as a result of such deposit, defeasance and discharge and will be subject to U.S. federal income tax on the same amounts, in the same manner and at the same times as would have been the case if such deposit, defeasance and discharge had not occurred; and

(ii) of the immediately preceding clause (b)(ii).

(d) no Default or Event of Default shall have occurred and be continuing on the date of such deposit and in the case of an election under Section 8.02 or Section 8.03, at any time during the period ending on the 123rd calendar day after the date of such deposit (it being understood that this condition as it applies to an election under Section 8.02 or Section 8.03 shall not be deemed satisfied until the expiration of such period);

(e) such Legal Defeasance or Covenant Defeasance shall not (i) cause the Trustee to have a conflicting interest for the purposes of the TIA with respect to any securities of the Company or (ii) result in a breach or violation of, or constitute a default under, any other material agreement or instrument to which the Company is a party or by which it is bound (other than an Event of Default under this Indenture arising from the granting of Liens to secure any Indebtedness Incurred in connection therewith); and

(f) the Company shall have delivered to the Trustee an Officer's Certificate and an Opinion of Counsel each stating that all conditions precedent required relating to either the Legal Defeasance under Section 8.02 or the Covenant Defeasance under Section 8.03, as the case may be, have been satisfied.

The Company shall pay and indemnify the Trustee against any tax, fee or other charge imposed on or assessed against the U.S. Government Obligations deposited pursuant to this Section 8.07 or the principal and interest received in respect thereof other than any such tax, fee or other charge which by law is for the account of the Holders of outstanding Notes Units.

SECTION 8.08 Satisfaction and Discharge.

(a) Subject to Section 8.08(b), this Indenture shall be discharged and shall cease to be of further effect (except as to surviving rights or registration of transfer or exchange of the Notes Units and the immunities and indemnities of the Trustee and the obligations of the Company and the Subsidiary Guarantors with respect thereto, as expressly provided

for herein) as to all outstanding Notes Units and Underlying Securities, and the Trustee, on written demand of and at the expense of the Company, shall execute instruments acknowledging satisfaction and discharge of this Indenture, when:

(i) either:

(A) all Notes Units and Underlying Securities theretofore authenticated and delivered (except lost, stolen or destroyed Securities which have been replaced or paid and Notes Units and Underlying Securities for whose payment money has theretofore been deposited in trust or segregated and held in trust by the Company and thereafter repaid to the Company or discharged from such trust) have been delivered to the Trustee for cancellation; or

(B) (1) all Notes Units and Underlying Securities not theretofore delivered to the Trustee for cancellation have become due and payable and the Company has irrevocably deposited or caused to be deposited with the Trustee U.S. dollars, U.S. Government Obligations, or a combination thereof, in an amount sufficient without reinvestment to pay and discharge the entire Indebtedness on the Notes Units and Underlying Securities not theretofore delivered to the Trustee for cancellation, for principal of, premium, if any, interest and Additional Amounts, if any, on the Notes Units and Underlying Securities to the date of deposit, together with irrevocable instructions from the Company directing the Trustee to apply such funds to the payment of the Notes Units and Underlying Securities; (2) no Default has occurred and is continuing on the date of the deposit; and (3) the deposit will not result in a breach or violation of, or constitute a default under, this Indenture or any other material agreement or instrument to which the Company is a party or by which it is bound;

(ii) the Company has paid all other sums payable under this Indenture and the Notes Units and Underlying Securities by the Company; and

(iii) the Company has delivered to the Trustee an Officer's Certificate and an Opinion of Counsel, each stating that all conditions precedent under this Indenture relating to the satisfaction and discharge of this Indenture have been complied with.

(b) After satisfying the conditions in the immediately preceding clause (a)(i)(A), only the Company's obligations under Section 7.06 will survive. After satisfying the conditions in the immediately preceding clause (a)(i)(B) only the Company's obligations in Article 2 and Section 4.01, 4.11, 4.14, 7.06, 7.07, 8.05 and 8.06 will survive. In either case, the Trustee upon request will acknowledge in writing the discharge of the Company's obligations under the Notes Units and Underlying Securities and the Indenture other than the surviving obligations.

Article 9

Amendments

SECTION 9.01 Without Consent of Holders. Notwithstanding Section 9.02, the Company, the Subsidiary Guarantors and the Trustee, as the case may be, may amend this Indenture or any supplemental indenture, the terms and conditions of the Notes Units and the Underlying Securities, the Intercreditor Agreement or the Collateral Documents without prior notice to or consent of any Holder:

(1) to cure any latent ambiguity, defect or internal inconsistency or to correct a manifest error; *provided* that such action shall not adversely affect the interests of the Holders of Notes Units in any material respect;

(2) to provide for the assumption of the Company's or any Subsidiary Guarantors' obligations under the Notes Units, the Underlying Securities and this Indenture in order to comply with Article 5;

(3) to provide for Notes Units in addition to or in place of Notes Units in certificated form; *provided, however*, that the uncertificated Notes Units are issued in registered form for purposes of Section 163(f) of the Code;

(4) to add Guarantees with respect to the Notes Units and Underlying Securities or to provide additional security for the Notes Units and Underlying Securities or to confirm and evidence the release, termination or discharge of any Guarantee of or Lien securing the Notes Units and Underlying Securities when such release, termination or discharge is permitted by the Indenture and the Collateral Documents, as applicable;

(5) to add to the covenants of the Company for the benefit of the Holders or to surrender any right or power herein conferred upon the Company;

(6) to comply with the requirements of the SEC in order to effect or maintain the qualification of this Indenture under the TIA;

(7) to evidence and provide for the acceptance of appointment hereunder by a successor Trustee with respect to the Notes Units; or

(8) after the full repayment of Series A Notes, to separate Series B Notes from the Notes Units.

After an amendment under this Section 9.01 becomes effective, the Company shall deliver to Holders a notice briefly describing such amendment. The failure to give such notice to all Holders, or any defect therein, shall not impair or affect the validity of an amendment under this Section 9.01.

SECTION 9.02 With Consent of Holders. Except as otherwise provided in Section 6.02, Section 6.04, Section 6.07 or Section 9.01, the Company, the Subsidiary Guarantors and the Trustee, as the case may be, may amend this Indenture or any supplemental indenture, the Notes Units and the Underlying Securities, the Intercreditor Agreement, the Collateral Documents or the rights of the Holders (or waive any Default) without notice to any Holder but with the written

consent of the Holders holding a majority of the aggregate outstanding principal amount of the Notes Units; *provided, however*, that without the consent of Holders holding 75% of the aggregate outstanding principal amount of the Notes Units, no amendment or waiver may:

(1) change the Stated Maturity of any payment of principal of or any installment of interest (including any Additional Amounts) on any Notes Units and Underlying Securities;

(2) reduce the principal amount of the Notes Units or the rate of interest of the Notes Units (including any Additional Amounts), or change the method of computing the amount of principal or interest payable on any date;

(3) after the time an Offer to Purchase is required to have been made, reduce the purchase amount or purchase price, or extend the latest expiration date or purchase date thereunder;

(4) change any place of payment where the principal, premium, if any, interest or Additional Amounts, if any, on the Notes Units and Underlying Securities is payable;

(5) change the coin or currency in which the principal, premium, if any, interest or Additional Amounts, if any, on the Notes Units and Underlying Securities is payable;

(6) impair the right of any Holder of Notes Units and Underlying Securities to receive any principal payment, premium, if any, or interest payment (together with Additional Amounts, if any) on such Holder's Notes Units and Underlying Securities, on or after the Stated Maturity thereof, or to institute suit for the enforcement of any such payment;

(7) reduce the percentage in principal amount of the outstanding Notes Units, the consent of whose Holders is required for any modification or amendment of this Indenture or the consent of whose Holders is required for any waiver of compliance with certain provisions of this Indenture or certain defaults thereunder and their consequences provided for in this Indenture;

(8) modify or change any provision of the Indenture affecting the ranking of the Notes Units or Underlying Securities or any Subsidiary Guarantee in a manner adverse to the Holders of the Securities;

(9) make any change in any Subsidiary Guarantee that would materially adversely affect the Holders of the Securities;

(10) modify, change, amend or waive any provision in this Section 9.02; or

(11) modify, change, amend or waive any provision in clause (2)-(6) of Section 4.24 or 4.27;

provided that, notwithstanding the foregoing, with the consent of the Holders holding a majority of the aggregate outstanding principal amount of the Notes Units, the Company may make any change necessary to implement the explicit terms of the Reorganization Plan.

Without the consent of the Holders holding at least 75% of the aggregate outstanding principal amount of the Notes Units, no amendment, modification, supplement or waiver may release any of the Collateral or change or alter the priority of the Liens in the Collateral, in each case except as otherwise permitted under this Indenture, the Intercreditor Agreement and

the Collateral Documents. For the avoidance of doubt, any amendment, modification, supplement or waiver under the Collateral Documents or Intercreditor Agreement regarding the Collateral and permitted under the Intercreditor Agreement and the Collateral Documents without the consent of the Holders, the Trustee, the Intercreditor Agent or the Collateral Agent, including in connection with any amendments, modifications, supplements or waivers necessary to include any Lien on any Indebtedness permitted by this Indenture to be secured on the Collateral, will not require consent of the Holders, the Trustee, the Intercreditor Agent or the Collateral Agent in accordance with the terms of such Collateral Documents and/or Intercreditor Agreement.

In addition, without the consent of the Holders holding at least 100% of the aggregate outstanding principal amount of the Notes Units, no amendment, modification, supplement or waiver may modify, change, amend or waive any provision in Section 4.25.

No amendment that has a material adverse effect (in the reasonable determination of the Paying Agent, Transfer Agent, or Registrar, as applicable) on the rights, duties, liabilities, indemnities or immunities of the Paying Agent, Transfer Agent, or Registrar under this Indenture shall be made without the prior written consent of the Paying Agent, Transfer Agent, or Registrar, as applicable, which shall not be unreasonably withheld, delayed or conditioned.

In formulating its decisions on such matters, the Trustee shall be entitled to rely on such evidence as it deems appropriate including Officer's Certificates and opinions of counsel.

It shall not be necessary for the consent of the Holders under this Section 9.02 to approve the particular form of any proposed amendment, but it shall be sufficient if such consent approves the substance thereof.

An amendment, supplement or waiver under this Section 9.02 will become effective on receipt by the Trustee of written consents from the Holders of the requisite percentage in principal amount of the outstanding Notes Units. After an amendment under this Section 9.02 becomes effective, the Company shall deliver to Holders a notice briefly describing such amendment, supplement or waiver. The Company shall send amendments and supplemental indentures to Holders upon written request. The failure to give such notice to all Holders, or any defect therein, shall not impair or affect the validity of an amendment, supplemental indenture or waiver under this Section 9.02.

Notwithstanding anything herein to the contrary, no amendment, supplement or waiver to this Indenture, the Securities or the Subsidiary Guarantees shall modify or waive the rights of the Trustee, the Intercreditor Agent, the Collateral Agent or any Agent without the prior written consent of the Trustee, the Intercreditor Agent, the Collateral Agent or such Agent.

For the avoidance of doubt, Holders of the Series A Notes and Holders of the Series B Notes shall vote together as a single class in connection with any amendment.

SECTION 9.03 Revocation and Effect of Consents and Waivers. (1) A consent to an amendment or a waiver by a Holder of a Notes Unit shall bind the Holder and every subsequent Holder of that Notes Unit or portion of the Notes Unit that evidences the same debt as the consenting Holder's Notes Unit, even if notation of the consent or waiver is not made on the Notes Unit. However, any such Holder or subsequent Holder may revoke the consent or waiver as to such Holder's Notes Unit or portion of the Notes Unit if the Trustee receives the notice of

revocation before the date the amendment or waiver becomes effective. After an amendment or waiver becomes effective, it shall bind every Holder. An amendment or waiver becomes effective upon the execution of such amendment or waiver by the Trustee.

(1) The Company may, but shall not be obligated to, fix a record date (which need not be within the time limits otherwise described by Section 316(c) of TIA) for the purpose of determining the Holders entitled to give their consent or take any other action described above or required or permitted to be taken pursuant to this Indenture. If a record date is fixed, then notwithstanding Section 9.03(1), those Persons who were Holders at such record date (or their duly designated proxies), and only those Persons, shall be entitled to give such consent or to revoke any consent previously given or to take any such action, whether or not such Persons continue to be Holders after such record date. No such consent shall be valid or effective for more than 120 days after such record date.

(2) Notwithstanding any other provision of this Indenture or the Notes Units, any waiver or consent that may be delivered by a Holder of the Notes Units pursuant to this Article 9 may be delivered by a Beneficial Owner of the Notes Units. Such Beneficial Owner of the Notes Units shall be able to prove its holdings of the Securities by executing a certificate in the form of Exhibit D hereto or any other form reasonably established by the Company.

SECTION 9.04 Notation on or Exchange of Securities. If an amendment changes the terms of a Notes Unit or and Underlying Security, the Trustee may require the Holder of that Notes Unit to deliver it to the Trustee. The Trustee may place an appropriate notation on that Notes Unit or an Underlying Security regarding the changed terms and return it to the Holder. Alternatively, if the Company or the Trustee so determines, the Company in exchange for that Notes Unit shall issue and the Trustee shall authenticate a new Notes Unit that reflects the changed terms. Failure to make the appropriate notation or to issue a new Notes Unit shall not affect the validity of such amendment.

SECTION 9.05 Trustee to Sign Amendments. Upon the written request of the Company and receipt by the Trustee of the documents described in Section 13.03 hereof (to the extent requested), the Trustee shall sign any amendment authorized pursuant to this Article 9 if the amendment does not adversely affect the rights, duties, liabilities or immunities of the Trustee. If it does, the Trustee may but need not sign it. In signing such amendment the Trustee shall be entitled to receive indemnity, security and/or pre-funding satisfactory to it and to receive, and (subject to Section 7.01) shall be fully protected in relying upon, in addition to the documents required by Section 13.03, an Officer's Certificate and an Opinion of Counsel each stating that such amendment is authorized or permitted by this Indenture.

SECTION 9.06 Improved Terms Amendments. If the Company and holders (or their respective agents) of Indebtedness subject to the terms in the Intercreditor Agreement other than the Holders of Notes Units (each, a "**Credit Group**") amend, modify, supplement, restate or otherwise establish any rights or benefits under such Credit Group's respective debt documents in favor of such Credit Group (the "**Favored Credit Group**") that are more favorable in any respect to such Favored Credit Group than the rights and benefits established in favor of the Holders of Notes Units (the "**Improved Terms**"), then:

(1) as soon as possible and in any event on or before the date falling five (5) Business Days after such Improved Term has been agreed with the Favored Credit Group, the Company shall provide notice to the Trustee and the Holders of such Improved Terms;

(2) upon the granting of such Improved Terms and regardless of whether or not the Company provides notice pursuant to clause (1), such Improved Terms shall be deemed automatically incorporated into this Indenture, *mutatis mutandis* as if set forth fully herein with effect from the date when such Improved Terms became effective with respect to the Favored Credit Group, unless, Holders holding a majority of the aggregate outstanding principal amount of Notes Units notify the Company within ten Business Days of such notice that it does not agree to incorporate the Improved Terms into this Indenture, in which case, such Improved Terms shall not apply to this Indenture; and

(3) the Company and the Trustee (at the Company's expense) shall enter into any additional agreement or amendment reasonably required to evidence the incorporation of the Improved Terms (including, without limitation, a supplemental indenture) without any further consent;

provided that this Section 9.01 shall not apply to the economics of the Company Retained Debt (or any Refinancing Indebtedness thereof) so long as such Company Retained Debt (or such Refinancing Indebtedness) consists of Permitted Indebtedness. Notwithstanding anything in this Section 9.06, the Trustee shall not be required to monitor or otherwise be responsible for any amendment, unless otherwise reflected in a written amendment agreement.

Article 10

Substitution of the Company

SECTION 10.01 Substitution of the Company. Notwithstanding any other provision contained in this Indenture, following the appointment of the New Board, the Company may, without the consent of the Holders, be replaced and substituted by any Wholly Owned Subsidiary of the Company as principal debtor (in such capacity, the “***Substituted Debtor***”) in respect of the Notes Units and Underlying Securities; *provided that*:

(1) such documents shall be executed by the Substituted Debtor, the Company and the Trustee as may be necessary to give full effect to the substitution, including (x) a supplemental indenture whereby the Substituted Debtor assumes all of the Company's obligations under this Indenture and the Notes Units and Underlying Securities (together, the “***Company Substitution Documents***”), and (without limiting the generality of the foregoing) pursuant to which the Substituted Debtor shall undertake in favor of each Holder, the Trustee and the Agents to be bound by the terms and conditions of the Notes Units and Underlying Securities and the provisions of this Indenture as fully as if the Substituted Debtor had been named in the Securities and this Indenture as the principal debtor in respect of the Notes Units and Underlying Securities in place of the Company (or any previous substitute) and the covenants of the Company, and pursuant to which the Company shall unconditionally and irrevocably guarantee (the “***Company Guarantee***”) the payment of all sums payable under the Indenture and the Notes Units and Underlying Securities by the Substituted Debtor as such principal debtor and the covenants and Events of Default will continue to apply to the Company in respect of the Notes Units and

Underlying Securities as if no such substitution had occurred, and (y) each Subsidiary Guarantor has confirmed by supplemental indenture that its Subsidiary Guarantee shall apply for the Guaranteed Obligations of the Substituted Debtor in respect of this Indenture, the Notes Units and the Underlying Securities;

(2) if the Substituted Debtor is organized or tax resident in a jurisdiction other than Brazil, the Company Substitution Documents shall contain a provision (1) to ensure that each Holder has the benefit of a covenant in terms corresponding to the obligations of the Company in respect of the payment of Additional Amounts (but replacing references to Brazil with references to such other jurisdiction); and (2) to indemnify and hold harmless each Holder and beneficial owner of the Notes Units against all Local Taxes which arise by reason of a law or regulation in effect or contemplated on the effective date of the substitution, which may be incurred or levied against such Holder or beneficial owner of the Notes Units as a result of the substitution and which would not have been so incurred or levied had the substitution not been made, in each case, subject to similar exceptions set forth under clauses (a) through (g) under Section 4.14(1), *mutatis mutandis*;

(3) the Company Substitution Documents shall contain a provision that the Substituted Debtor and the Company shall indemnify and hold harmless each Holder and beneficial owner of the Notes Units against all taxes or duties which are imposed on such Holder or beneficial owner of the Securities by any political subdivision or taxing authority of any country in which such Holder or beneficial owner of the Notes Units resides or is subject to any such tax or duty and which would not have been so imposed had the substitution not been made, subject to similar exceptions set forth under clauses (b) (except for transfer taxes), (c), (d) and (f) under Section 4.14(1), *mutatis mutandis*; *provided*, that any Holder or beneficial owner of such note making a claim with respect to such tax indemnity shall provide the Company with notice of such claim, along with supporting documentation (which may consist of a certificate signed by a representative of such Holder or beneficial owner describing in adequate detail the circumstances giving rise to such additional taxes or duties; it being understood, for the avoidance of doubt, that such certificate shall describe the amount of taxes expected to be paid with respect to the substitution) within sixty (60) days of the Holder becoming aware of such additional taxes or duties;

(4) the Company shall deliver, or cause the delivery, to the Trustee of opinions from one or more internationally recognized counsel in the jurisdiction of organization of the Substituted Debtor, Brazil and New York to the effect that: (A) the Substituted Debtor is duly organized, validly existing and (if applicable) in good standing under the laws of its jurisdiction of organization, (B) the Substituted Debtor has power and authority to enter into the Company Substitution Documents; (C) the Company Substitution Documents have been duly authorized, executed and delivered by the parties thereto and the Company Substitution Documents, Indenture, Notes Units and Underlying Securities are valid and binding obligations of the Company and the Substituted Debtor, enforceable in accordance with their terms; (D) the execution of the Company Substitution Documents and performance of the Substituted Debtor under the Company Substitution Documents, this Indenture, the Notes Units and Underlying Securities, in each case, will not contravene (i) any provision under the statutory laws of the jurisdiction of organization of the Substituted Debtor, Brazil, New York, any federal law of the United States that is, in the experience of such counsel, normally applicable to corporations in relation to the transactions contemplated thereby, (ii) the Organizational Documents of the Substituted Debtor or the

Company or (iii) any material agreement binding on the Substituted Debtor or the Company; and (E) no consent, approval or authorization, or order of, or qualification with any Governmental Authority under the laws of the jurisdiction of organization of the Substituted Debtor, Brazil, New York, any federal law of the United States that is, in the experience of such counsel, normally applicable to corporations in relation to the transactions contemplated thereby (other than any federal or state securities laws) is required by the execution and delivery of the Company Substitution Documents and the performance by the Substituted Debtor under the Company Substitution Documents, the Indenture, the Notes Units and Underlying Securities (in each case of the foregoing clauses (A) through (E), subject to such customary assumptions and exceptions in opinions of counsel related to transactions of this nature), such opinion to be dated the date the Company Substitution Documents are executed and to be available for inspection by Holders at the specified offices of the Trustee, as well as an Officer's Certificate as to compliance with the provisions described under this section;

(5) the Substituted Debtor shall have appointed a process agent in the Borough of Manhattan, The City of New York to receive service of process on its behalf in relation to any legal action or proceedings arising out of or in connection with the Notes Units and Underlying Securities or the Company Substitution Documents;

(6) no Event of Default shall have occurred and be continuing;

(7) a credit rating by a Rating Agency shall continue to be assigned to the Notes Units when the Substituted Debtor replaces and substitutes the Company in respect of the Notes Units and there is no downgrade in the rating of the Notes Units by any Rating Agency; and

(8) the substitution shall comply with all applicable requirements under the laws of the jurisdiction of organization of the Substituted Debtor, New York and Brazil.

SECTION 10.02 Deemed Substitution. Upon the execution of the Company Substitution Documents as referred to in Section 10.01(1), the Substituted Debtor shall be deemed to be named in the Notes Units and Underlying Securities as the principal debtor in place of the Company (or of any previous substitute under these provisions) and the Notes Units and Underlying Securities shall thereupon be deemed to be amended to give effect to the substitution. Except as set forth in this Article 10, the execution of the Company Substitution Documents shall operate to release the Company (or such previous substitute as aforesaid) from all of its obligations, other than its Company Guarantee and any obligations set forth in the Collateral Documents, in respect of the Notes Units and Underlying Securities and its obligation to indemnify the Trustee under this Indenture.

SECTION 10.03 Production of Company Substitution Documents. The Company Substitution Documents shall be deposited with and held by the Trustee for so long as any Notes Unit and Underlying Securities remains outstanding and for so long as any claim made prior to the Stated Maturity against the Substituted Debtor or the Company by any Holder in relation to the Notes Units, Underlying Securities or the Company Substitution Documents shall not have been finally adjudicated, settled or discharged. The Substituted Debtor and the Company shall acknowledge in the Company Substitution Documents the right of every Holder to the production of the Company Substitution Documents for the enforcement of any of the Notes Units, Underlying Securities or the Company Substitution Documents.

SECTION 10.04 Covenants to Remain in Effect. All of the covenants set forth in this Indenture shall continue to apply following the substitution of the Company.

SECTION 10.05 Notice of Substitution. Not later than 10 Business Days after the execution of the Company Substitution Documents, the Substituted Debtor shall give notice thereof to the Holders in accordance with this Article 10.

Article 11

Subsidiary Guarantees

SECTION 11.01 Subsidiary Guarantees. (1) Subject to the limitations set out in Section 11.02, each Subsidiary Guarantor hereby fully, unconditionally and irrevocably guarantees, on a subordinated secured basis, as primary obligor and not merely as surety, jointly and severally with the Company and each other Subsidiary Guarantor, to each Holder and the Trustee the full and punctual payment when due, whether at Stated Maturity, by acceleration or otherwise, of the principal, premium, if any, interest and Additional Amounts, if any, and all other amounts payable under the obligations of the Company under this Indenture, the Securities and the Collateral Documents (such guaranteed obligations, the “*Guaranteed Obligations*”). Upon failure by the Company to pay punctually any such amount, each Subsidiary Guarantor shall forthwith pay, on demand, the amount not so paid at the place and in the manner specified herein or the relevant Collateral Document. The Guarantee of each Subsidiary Guarantor constitutes a direct, general and unconditional obligation of each Subsidiary Guarantor which will (i) rank equally in right of payment to all existing and future senior Indebtedness of such Subsidiary Guarantor, (ii) rank senior in right of payment to all existing and future subordinated Indebtedness of such Subsidiary Guarantor; (iii) be effectively senior to all existing and future Indebtedness of such Subsidiary Guarantor to the extent of the value of the Collateral and have the payment priority as set forth in the Intercreditor Agreement; (iv) be effectively junior to all existing and future Indebtedness of such Subsidiary Guarantor that is secured by Liens on assets that do not constitute Collateral, to the extent of the value of the assets securing such secured Indebtedness; (v) be subordinated to liabilities preferred by statute, in each case, subject only to Permitted Collateral Liens, as set forth in Section 4.07 of this Indenture; and (vi) be subordinated to all existing and future Priority Secured Debt.

(2) Each Subsidiary Guarantor hereby agrees to pay, in addition to the amounts stated above, any and all expenses (including counsel fees and expenses) incurred by the Trustee or the Holders in enforcing any rights under any Subsidiary Guarantee and the Collateral Documents.

(3) The obligations of each Subsidiary Guarantor hereunder are unconditional and absolute and, without limiting the generality of the foregoing, will not be released, discharged or otherwise affected by:

(a) any extension, renewal, settlement, compromise, waiver or release in respect of any obligation of the Company under the Indenture, any Notes Units, Underlying Securities or the Collateral, by operation of law or otherwise;

(b) any modification, waiver, recession, amendment of or supplement to the Indenture, any Security, the Collateral Documents or any other related agreement;

(c) any change in the corporate existence, structure or ownership of the Company, or any insolvency, bankruptcy, reorganization or other similar proceeding affecting the Company, or its assets or any resulting release or discharge of any obligation of the Company contained in the Indenture, any Security or the Collateral Documents;

(d) the existence of any claim, set-off or other rights which the Guarantor may have at any time against the Company, the Trustee or any other Person, whether in connection with the Indenture or any unrelated transactions, *provided* that nothing herein prevents the assertion of any such claim by separate suit or compulsory counterclaim;

(e) any invalidity or unenforceability relating to or against the Company for any reason of the Indenture, any Securities, the Collateral or any provision of applicable law or regulation purporting to prohibit the payment by the Company of the principal of or interest on any Security or any other amount payable by the Company under the Indenture or Collateral Documents;

(f) the failure of any Holder or the Trustee to assert any claim or demand or to enforce any right or remedy against the Company, any Subsidiary Guarantor, or any other Person under this Indenture, the Securities, the Collateral Document or any other agreement or otherwise;

(g) any change in the ownership of the Company; or

(h) any other act or omission to act or delay of any kind by the Company, any Subsidiary Guarantor, the Trustee, any Holder or any other Person or any other circumstance whatsoever which might, but for the provisions of this paragraph, constitute a legal or equitable discharge of or defense to such Guarantor's obligations hereunder.

(4) Each Subsidiary Guarantor waives presentation to, demand of payment from and protest to the Company of any of the Guaranteed Obligations and also waives notice of protest for nonpayment. Each Subsidiary Guarantor waives notice of any default under this Indenture, the Securities, the Subsidiary Guarantees or the Collateral Documents. Each Subsidiary Guarantor further agrees that its Subsidiary Guarantee herein constitutes a guarantee of payment when due (and not a guarantee of collection) and waives any right to require that any resort be had by any Holder or the Trustee to any security held for payment of the Guaranteed Obligations.

(5) Each Subsidiary Guarantor's obligations hereunder will remain in full force and effect until the principal (including any PIK Securities), premium, if any, interest and Additional Amounts, if any, on the Securities and all other amounts payable by the Company under the Indenture have been paid in full. If at any time any payment of the principal, premium, if any, interest and Additional Amounts, if any, on any Securities or any other amount payable by the Company under the Indenture is rescinded or must be otherwise restored or returned upon the insolvency, bankruptcy or reorganization of the Company or otherwise, each Subsidiary Guarantor's obligations hereunder with respect to such payment will be reinstated as though such payment had been due but not made at such time. Each Subsidiary Guarantor further agrees to the election by the Company to make any PIK Payment and such Subsidiary Guarantor's Subsidiary

Guarantee shall automatically without any further approval cover any increase in the obligations under the Subsidiary Guarantee relating to such PIK Payment and any related additional payment in respect of principal, premium, if any, interest and Additional Amounts, if any. The obligations of each Subsidiary Guarantor hereunder shall not be subject to any reduction, limitation, impairment or termination for any reason (other than payment of the Guaranteed Obligations in full), including any claim of waiver, release, surrender, alteration or compromise, and shall not be subject to any defense of setoff, counterclaim, recoupment or termination whatsoever or by reason of the invalidity, illegality or unenforceability of the Guaranteed Obligations or otherwise. Without limiting the generality of the foregoing, the obligations of each Subsidiary Guarantor herein shall not be discharged or impaired or otherwise affected by the failure of any Holder or the Trustee to assert any claim or demand or to enforce any remedy under this Indenture, the Notes Units, the Underlying Securities, the Collateral Documents or any other agreement, by any waiver or modification of any thereof, by any default, failure or delay, willful or otherwise, in the performance of the Guaranteed Obligations, or by any other act or thing or omission or delay to do any other act or thing which may or might in any manner or to any extent vary the risk of such Subsidiary Guarantor or would otherwise operate as a discharge of such Subsidiary Guarantor as a matter of law or equity.

(6) In furtherance of the foregoing and not in limitation of any other right which any Holder or the Trustee has at law or in equity against each Subsidiary Guarantor by virtue hereof, upon the failure of the Company to pay any of the Guaranteed Obligations when and as the same shall become due, whether at maturity, by acceleration or otherwise, each Subsidiary Guarantor hereby promises to and shall, upon receipt of written demand by the Trustee, forthwith pay, or cause to be paid, in cash, to the Holders an amount equal to the sum of:

(a) the unpaid amount (including premium, if any) of such Guaranteed Obligations (including any Additional Amounts) then due and owing; and

(b) accrued and unpaid interest (including any Additional Amounts) on such Guaranteed Obligations then due and owing (but only to the extent not prohibited by law).

(7) Any Subsidiary Guarantor which is or becomes an entity incorporated or organized under the laws of Brazil hereby irrevocably and unconditionally waives all rights and benefits set forth in the following provisions of Brazilian law: Articles 364, 366, 821, 827, 830, 834, 835, 837, 838 and 839 of the Brazilian Civil Code and Article 794 of the Brazilian Civil Procedure Code.(7) Each Subsidiary Guarantor further agrees that, as between such Subsidiary Guarantor, on the one hand, and the Holders and the Trustee, on the other hand:

(a) the maturity of the Guaranteed Obligations may be accelerated as provided in this Indenture for the purposes of its Subsidiary Guarantee herein;

(b) in the event of any such declaration of acceleration of such Guaranteed Obligations, such Guaranteed Obligations (whether or not due and payable) shall forthwith become due and payable by such Subsidiary Guarantor for the purposes of its Subsidiary Guarantee; and

(c) if acceleration of the time for payment of any amount payable by the Company under the Indenture or the Securities is stayed upon the insolvency, bankruptcy or reorganization of the Company, all such amounts otherwise subject to acceleration under

the terms of the Indenture are nonetheless payable by the Guarantors hereunder forthwith on demand by the Trustee or the Holders.

(8) Each Subsidiary Guarantor hereby agrees that for all purposes under Brazilian law, the Subsidiary Guarantees will be deemed to be, and treated as, a primary obligation of such Subsidiary Guarantor and a direct claim against such Subsidiary Guarantor, regardless of whether or not the Company has defaulted or otherwise not complied with its payment obligations under the Indenture and that each Subsidiary Guarantee shall be deemed to be joint and several (*solidariamente*) for the purposes of articles 265 and 275 *et seq* of the Brazilian Civil Code. Each Subsidiary Guarantor hereby recognizes and agrees that its Subsidiary Guarantee is the independent primary liability of such Subsidiary Guarantor, and that such Subsidiary Guarantee shall be included in any list of liabilities of the Subsidiary Guarantors in any insolvency, bankruptcy, liquidation or other similar proceeding under any Bankruptcy Law, regardless of whether the corresponding liability has been, or will be, included on any list of liabilities of the Company, including for voting purposes and distributions.

SECTION 11.02 Limitation on Liability, Termination, Release and Discharge.

(1) The obligations of each Subsidiary Guarantor hereunder shall be limited to the maximum amount permitted such that the obligations will not, after giving effect to all other contingent and fixed liabilities of such Subsidiary Guarantor and after giving effect to any collections from or payments made by or on behalf of any other Subsidiary Guarantor in respect of the obligations of such other Subsidiary Guarantor under its Subsidiary Guarantee or pursuant to its contribution obligations under this Indenture, result in the Guaranteed Obligations constituting a fraudulent conveyance, fraudulent transfer or similar illegal or voidable transfer under applicable law with respect to such Subsidiary Guarantor.

(2) Each Subsidiary Guarantor shall be released and relieved of its obligations under its respective Subsidiary Guarantee in the event that:

(a) there is a sale or other disposition of the Subsidiary Guarantor permitted by this Indenture (whether by way of merger, consolidation or the sale of its Capital Stock), following which such Subsidiary Guarantor is no longer a direct or indirect Subsidiary of the Company;

(b) there is a Legal Defeasance or Covenant Defeasance of the Securities pursuant to Section 8.01 and Section 8.03 of this Indenture;

(c) it becomes an Excluded Subsidiary; or

(d) upon satisfaction and discharge of this Indenture.

Upon delivery by the Company to the Trustee of an Officer's Certificate and an Opinion of Counsel to the foregoing effect, the Trustee will execute any documents reasonably required in order to evidence the release of the Subsidiary Guarantor from its obligations under its Subsidiary Guarantee.

SECTION 11.03 Right of Contribution. Each Subsidiary Guarantor that makes a payment or distribution under a Subsidiary Guarantee shall be entitled to a contribution

from each other Subsidiary Guarantor in a pro rata amount, based on the net assets of each Subsidiary Guarantor determined in accordance with GAAP. The provisions of this Section 11.03 shall in no respect limit the obligations and liabilities of each Subsidiary Guarantor to the Trustee and the Holders and each Subsidiary Guarantor shall remain liable to the Trustee and the Holders for the full amount guaranteed by such Subsidiary Guarantor pursuant to its Subsidiary Guarantee.

SECTION 11.04 No Subrogation. Upon making any payment with respect to any obligation of the Company under this Article 11, the Subsidiary Guarantor making such payment will be subrogated to the rights of the payee against the Company with respect to such obligation, *provided* that the Subsidiary Guarantor may not enforce either any right of subrogation or any right to receive payment in the nature of contribution, or otherwise, from any other Subsidiary Guarantor, with respect to such payment so long as any amount payable by the Company hereunder or under the Securities remains unpaid. If any amount shall be paid to any Subsidiary Guarantor on account of such subrogation rights at any time when any obligations under this Indenture and the Securities shall not have been paid in full in cash and/or U.S. Government Obligations, such amount shall be held by such Subsidiary Guarantor in trust for the Trustee and the Holders, and shall, forthwith upon receipt by such Subsidiary Guarantor, be turned over to the Trustee in the exact form received by such Subsidiary Guarantor (duly endorsed by such Subsidiary Guarantor to the Trustee, if required), to be applied against the obligations under this Indenture, the Notes Units and the Underlying Securities.

SECTION 11.05 Execution and Delivery of Subsidiary Guarantee. The execution by each Subsidiary Guarantor of the Indenture (or a supplemental indenture in the form of Exhibit B to this Indenture) evidences the Subsidiary Guarantee of such Subsidiary Guarantor, whether or not the person signing as an officer of the Subsidiary Guarantor still holds that office at the time of authentication of any Notes Unit. Each Subsidiary Guarantor agrees that the delivery of any Security (including a PIK Security) or the increase of any principal amount under any Global Security in respect of PIK Interest pursuant to this Indenture constitutes due delivery of the Subsidiary Guarantee with respect thereto set forth in the Indenture on behalf of each Subsidiary Guarantor.

Article 12

Collateral and Security

SECTION 12.01 Collateral Documents.

(1) Subject to the Intercreditor Agreement, the due and punctual payment of the principal of and interest on the Notes Units and Underlying Securities when and as the same shall be due and payable, whether on an Interest Payment Date, at maturity, by acceleration, redemption or otherwise in accordance with this Indenture, and interest on the overdue principal of and interest (to the extent permitted by law), if any, on the Notes Units and Underlying Securities and any other amounts due under the Transaction Documents, including as a result of an Offer to Purchase or otherwise, and the performance of all other obligations of the Company and the Subsidiary Guarantors under this Indenture, the Notes Units and Underlying Securities and other Transaction Documents, according to the terms hereunder or thereunder, will be secured as provided in the Collateral Documents. Each Holder, by its acceptance thereof, (A) consents and agrees (i) to the terms of the Collateral Documents and the Intercreditor Agreement (including, in each case,

without limitation, the provisions providing for foreclosure and release of the Collateral) as the same may be in effect or may be amended from time to time in accordance with its terms, (ii) to the payment priority and waterfall provided for in the Intercreditor Agreement and Collateral Documents, (iii) to the appointment of UMB Bank, N.A., as Trustee under this Indenture, (iv) to the appointment of GLAS Trust Company LLC, as Intercreditor Agent under the Intercreditor Agreement, and (B) authorizes and directs the Trustee to (i) enter into the Intercreditor Agreement, as trustee for the Holders, and to perform its obligations and exercise its rights thereunder in accordance therewith, (ii) direct the Intercreditor Agent to appoint the Collateral Agent as collateral agent on behalf of the Secured Parties under the Intercreditor Agreement and the Collateral Documents, (iii) direct the Intercreditor Agent to instruct the Collateral Agent to enter into the Intercreditor Agreement and the Collateral Documents and to perform its obligations and exercise its rights thereunder in accordance therewith, including for purposes of acquiring, holding and enforcing any and all Liens on the Collateral. The Obligors shall deliver to the Trustee copies of all documents delivered to the Intercreditor Agent or the Collateral Agent pursuant to the Collateral Documents, and will do or cause to be done all such acts and things as may be necessary or proper, or as may be required by the provisions of the Collateral Documents and the Intercreditor Agreement, in order to assure and confirm to the Trustee, the Intercreditor Agent and the Collateral Agent that the security interests in the Collateral contemplated hereby, by the Collateral Documents or any part thereof, as from time to time constituted, so as to render the same available for the Collateral and benefit of this Indenture and of the Notes Units and Underlying Securities secured hereby, according to the intent and purposes herein expressed. The Obligors will take any and all actions, including those requested by the Trustee, the Intercreditor Agent or the Collateral Agent reasonably required to cause the Collateral Documents to create and maintain, as security for the obligations of the Company hereunder, a valid and enforceable perfected Lien in and on all the Collateral pursuant to the terms and with the payment priority set forth in the Intercreditor Agreement, in favor of the Holders represented by Collateral Agent, subject only to Permitted Collateral Liens.

(2) The Obligors hereby undertake to create a valid and enforceable perfected Lien in and on all the Collateral pursuant to the terms of the Collateral Documents and the Intercreditor Agreement and with the payment priority set forth in the Intercreditor Agreement, to the Collateral Agent (i) in case of Collateral related to the Real Estate Properties Fiduciary Lien, in accordance with the timeline and target dates provided for in Schedule E hereto; and (ii) in the case of any other Collateral, on the Restructuring Closing Date.

(3) In connection with any foreclosure or other enforcement action with respect to the Collateral or any insolvency or liquidation proceeding, all proceeds of the Collateral received by the Collateral Agent will be applied in accordance with the terms of the Intercreditor Agreement.

(4) Subject to the terms of the Reorganization Plan, the Intercreditor Agreement, this Indenture, the Escrow Agreement (as defined in the Intercreditor Agreement) and the Collateral Documents and so long as no Event of Default has occurred and is continuing, the Company and the Subsidiary Guarantors, as applicable, shall have the right to remain in possession and retain exclusive control of the Collateral, to freely operate the Collateral and to collect, invest and dispose of any income from the Collateral (in each case, except as set forth in the Collateral Documents).

SECTION 12.02 Reserved.

SECTION 12.03 Release of Collateral.

Notes Units may thereafter be transferred to, among others, QIBs, accredited investors and purchasers in reliance on Regulation S, subject to the restrictions on transfer set forth herein. Notes Units initially resold pursuant to Rule 144A and Rule 501 of Regulation D shall be issued initially in the form of one or more permanent global notes in fully registered form (collectively, the “*Private Placement Global Security*”); and Notes Units initially sold pursuant to Regulation S shall be issued initially in the form of one or more temporary global notes in fully registered form (collectively, the “*Temporary Regulation S Global Security*”), in each case without interest coupons and with the global notes legend and the applicable restricted notes legend set forth in Exhibit A to the Indenture, which shall be deposited on behalf of the purchasers of the Notes Units represented thereby with the Custodian and registered in the name of the Depository, duly executed by the Company and authenticated by the Trustee as provided in the Indenture. Except as set forth in this Section 2.1(a), beneficial ownership interests in the Temporary Regulation S Global Security will not be exchangeable for interests in a Private Placement Global Security, a permanent global note (the “*Permanent Regulation S Global Security*”, and together with the Temporary Regulation S Global Security, the “*Regulation S Global Security*”) or any other Security prior to the expiration of the Distribution Compliance Period and then, after the expiration of the Distribution Compliance Period, may be exchanged for interests in a Private Placement Global Security, the Permanent Regulation S Global Security or a Certificated Security only (i) upon certification in form reasonably satisfactory to the Company that beneficial ownership interests in such Temporary Regulation S Global Security are owned either by non-U.S. persons or U.S. persons who purchased such interests in a transaction that did not require registration under the Securities Act, and (ii) in the case of an exchange for a Certificated Security, in compliance with the requirements of Section 2.4(a) hereof.

Beneficial interests in Temporary Regulation S Global Notes Units may be exchanged for interests in a Private Placement Global Security if (1) such exchange occurs in connection with a transfer of Notes Units in compliance with Rule 144A or Rule 501 of Regulation

D and (2) the transferor of the beneficial interest in the Temporary Regulation S Global Security first delivers to the Registrar a written certificate (in a form satisfactory to the Company) to the effect that the beneficial interest in the Temporary Regulation S Global Security is being transferred to a Person (a) whom the transferor reasonably believes to be a QIB or Accredited Investor, (b) purchasing for its own account or the account of a QIB in a transaction meeting the requirements of Rule 144A or Rule 501 of Regulation D, and (c) in accordance with all applicable securities laws of the States of the United States and other jurisdictions.

Beneficial interests in a Private Placement Global Security may be transferred to a Person who takes delivery in the form of an interest in a Regulation S Global Security, whether before or after the expiration of the Distribution Compliance Period, only if the transferor first delivers to the Registrar a written certificate (in a form satisfactory to the Company) to the effect that such transfer is being made in accordance with Rule 903 or 904 of Regulation S.

The Private Placement Global Security, the Temporary Regulation S Global Security and the Permanent Regulation S Global Security are collectively referred to herein as “*Global Notes Units*.” The aggregate principal amount of the Global Notes Units may from time to time be increased or decreased by adjustments made on the records of the Trustee and the Depository or its nominee as hereinafter provided.

(b) Book-Entry Provisions. This Section 2.1(b) shall apply only to a Global Security deposited with or on behalf of the Depository.

The Company shall execute and the Trustee shall, in accordance with Section 2.02 of the Indenture, authenticate and deliver initially one or more Global Notes Units that (a) shall be registered in the name of the Depository and (b) shall be delivered by the Trustee to such Depository or pursuant to such Depository’s instructions or held by the Trustee as custodian for the Depository.

Members of, or participants in the Depository (“*Agent Members*”) shall have no rights under this Indenture with respect to any Global Security held on their behalf by the Depository or by the Trustee as the custodian of the Depository or under such Global Security, and the Company, the Trustee and any agent of the Company or the Trustee shall be entitled to treat the Depository as the absolute owner of such Global Security for all purposes whatsoever. Notwithstanding the foregoing, nothing herein shall prevent the Company, the Trustee or any agent of the Company or the Trustee from giving effect to any written certification, proxy or other authorization furnished by the Depository or impair as between the Depository and its Agent Members, the operation of customary practices of such Depository governing the exercise of the rights of a holder of a beneficial interest in any Global Notes Unit. Neither the Company or the Trustee will assume responsibility for the actions or inactions of the Depository.

(c) Certificated Notes Units. Except as provided in this Section 2.1, 2.3 or 2.4, owners of beneficial interests in Global Notes Units shall not be entitled to receive physical delivery of Certificated Notes Units.

2.2 [Reserved].

2.3 Transfer and Exchange.

(a) Transfer and Exchange of Certificated Notes Units. When Certificated Notes Units are presented to the Registrar with a request:

(x) to register the transfer of such Certificated Notes Units; or

(y) to exchange such Certificated Notes Units for an equal principal amount of Certificated Notes Units of other authorized denominations,

the Registrar shall register the transfer or make the exchange as requested if its reasonable requirements for such transaction are met; *provided, however*, that the Certificated Notes Units surrendered for transfer or exchange:

(i) shall be duly endorsed or accompanied by a written instrument of transfer in form reasonably satisfactory to the Company and the Registrar, duly executed by the Holder thereof or its attorney duly authorized in writing; and

(ii) if such Certificated Notes Units are required to bear a restricted notes legend, they are being transferred or exchanged pursuant to an effective registration statement under the Securities Act, pursuant to Section 2.3(b) or pursuant to clause (A), (B) or (C) below, and are accompanied by the following additional information and documents, as applicable:

(A) if such Certificated Notes Units are being delivered to the Registrar by a Holder for registration in the name of such Holder, without transfer, a certification from such Holder to that effect; or

(B) if such Certificated Notes Units are being transferred to the Company, a certification to that effect; or

(C) if such Certificated Notes Units are being transferred (x) pursuant to an exemption from registration in accordance with Rule 144A or Regulation S; or (y) in reliance upon another exemption from the requirements of the Securities Act: (i) a certification to that effect (in the form set forth on the reverse of the Security) and (ii) if the Company so request, an opinion of counsel or other evidence reasonably satisfactory to it as to the compliance with the restrictions set forth in the legend set forth in Section 2.3(b).

(b) Restrictions on Transfer of a Certificated Security for a Beneficial Interest in a Global Security. A Certificated Security may not be exchanged for a beneficial interest in a Private Placement Global Security or a Regulation S Global Security except upon satisfaction of the requirements set forth below. Upon receipt by the Registrar of a Certificated Security, duly endorsed or accompanied by appropriate instruments of transfer, in form satisfactory to the Trustee, together with:

(i) certification, in the form set forth on the reverse of the Security, that such Certificated Security is either (A) being transferred to a QIB in accordance with Rule 144A or (B) being transferred after expiration of the Distribution Compliance Period by a Person

who initially purchased such Security in reliance on Regulation S to a buyer who elects to hold its interest in such Security in the form of a beneficial interest in the Regulation S Global Security; and

(ii) written instructions directing the Trustee to make, or to direct the Custodian to make, an adjustment on its books and records with respect to such Private Placement Global Security (in the case of a transfer pursuant to clause (b)(i)(A)) or Regulation S Global Security (in the case of a transfer pursuant to clause (b)(i)(B)) to reflect an increase in the aggregate principal amount of the Notes Units represented by the Private Placement Global Security or Regulation S Global Security, as applicable, such instructions to contain information regarding the Agent Member account to be credited with such increase,

then the Trustee shall cancel such Certificated Security and cause, or direct the Custodian to cause, in accordance with the standing instructions and procedures of the Depository and the Custodian, the aggregate principal amount of Notes Units represented by the Private Placement Global Notes Units or Regulation S Global Notes Units, as applicable, to be increased by the aggregate principal amount of the Certificated Security to be exchanged and shall credit or cause to be credited to the account of the Person specified in such instructions a beneficial interest in the Private Placement Security or Regulation S Global Security, as applicable, equal to the principal amount of the Certificated Security so canceled. If no Private Placement Global Notes Units or Regulation S Global Notes Units, as applicable, are then outstanding, the Company shall issue and the Trustee shall authenticate, upon written order of the Company in the form of an Officer's Certificate of the Company, a new Private Placement Global Security or Regulation S Global Security, as applicable, in the appropriate principal amount.

(c) Transfer and Exchange of Global Notes Units.

(i) The transfer and exchange of Global Notes Units or beneficial interests therein shall be effected through the Depository, in accordance with this Indenture (including applicable restrictions on transfer set forth herein, if any) and the procedures of the Depository therefor. A transferor of a beneficial interest in a Global Security shall deliver to the Registrar a written order given in accordance with the Depository's procedures containing information regarding the participant account of the Depository to be credited with a beneficial interest in the Global Security. The Registrar shall, in accordance with such instructions instruct the Depository to credit to the account of the Person specified in such instructions a beneficial interest in the Global Security and to debit the account of the Person making the transfer the beneficial interest in the Global Security being transferred. The Registrar shall have no responsibilities with respect to transfers of beneficial interests within a single Global Security.

(ii) If the proposed transfer is a transfer of a beneficial interest in one Global Security to a beneficial interest in another Global Security, the Registrar shall reflect on its books and records the date and an increase in the principal amount of the Global Security to which such interest is being transferred in an amount equal to the principal amount of the interest to be so transferred, and the Registrar shall reflect on its books and records the date and a corresponding decrease in the principal amount of the Global Security from which such interest is being transferred.

(iii) Notwithstanding any other provisions of this Appendix (other than the provisions set forth in Section 2.4), a Global Security may not be transferred as a whole except by the Depository to a nominee of the Depository or by a nominee of the Depository to the Depository or another nominee of the Depository or by the Depository or any such nominee to a successor Depository or a nominee of such successor Depository.

(iv) In the event that a Global Security is exchanged for a Certificated Security pursuant to Section 2.4 of this Appendix, such Notes Units may be exchanged only in accordance with such procedures as are substantially consistent with the provisions of this Section 2.3 (including the certification requirements set forth on the reverse of the Notes Units intended to ensure that such transfers comply with Rule 144A, Regulation S or another applicable exemption under the Securities Act, as the case may be) and such other procedures as may from time to time be adopted by the Company.

(v) During the Distribution Compliance Period, beneficial ownership interests in Temporary Regulation S Global Notes Units may only be sold, pledged or transferred in accordance with the Applicable Procedures and only (i) to the Company, (ii) in an offshore transaction in accordance with Regulation S (other than a transaction resulting in an exchange for an interest in a Permanent Regulation S Global Security) or (iii) pursuant to an effective registration statement under the Securities Act, in each case in accordance with any applicable securities laws of any State of the United States.

(d) Legend. Each Security certificate evidencing the Global Notes Units (and all Notes Units issued in exchange therefor or in substitution thereof) shall bear a legend in substantially the following form:

THIS NOTES UNIT HAS NOT BEEN REGISTERED UNDER THE SECURITIES ACT OF 1933, AS AMENDED (THE "SECURITIES ACT"), OR THE SECURITIES LAWS OF ANY STATE OR OTHER JURISDICTION. At such time as all beneficial interests in a Global Security have either been exchanged for Certificated Notes Units, redeemed, purchased or canceled, such Global Security shall be returned to the Depository for cancellation or retained and canceled by the Trustee. At any time prior to such cancellation, if any beneficial interest in a Global Security is exchanged for certificated Securities, redeemed, purchased or canceled, the principal amount of Notes Units represented by such Global Security shall be reduced and an adjustment shall be made on the books and records of the Trustee (if it is then the Custodian for such Global Security) with respect to such Global Security, by the Trustee or the Custodian, to reflect such reduction.

(f) No Obligation of the Trustee.

(i) The Trustee shall have no responsibility or obligation to any beneficial owner of a Global Security, a member of, or a participant in the Depository or other Person with respect to the accuracy of the records of the Depository or its nominee or of any participant or member thereof, with respect to any ownership interest in the Notes Units or with respect to the delivery to any participant, member, beneficial owner or other Person (other than the Depository) of any notice (including any notice of redemption) or the payment of any amount, under or with respect to such Notes Units. All notices and communications to be given to the Holders and all payments to be made to Holders under

the Notes Units shall be given or made only to or upon the order of the registered Holders (which shall be the Depository or its nominee in the case of a Global Security). The rights of beneficial owners in any Global Security shall be exercised only through the Depository subject to the applicable rules and procedures of the Depository. The Trustee may rely and shall be fully protected in relying upon information furnished by the Depository with respect to its members, participants and any beneficial owners.

(ii) The Trustee shall have no obligation or duty to monitor, determine or inquire as to compliance with any restrictions on transfer imposed under this Indenture or under applicable law with respect to any transfer of any interest in any Security (including any transfers between or among the Depository participants, members or beneficial owners in any Global Security) other than to require delivery of such certificates and other documentation or evidence as are expressly required by, and to do so if and when expressly required by, the terms of this Indenture, and to examine the same to determine substantial compliance as to form with the express requirements hereof.

Any PIK Securities issued in certificated form will be dated as of the applicable Interest Payment Date and will bear interest from and after such date.

The Company will pay interest semi-annually in arrears on June 30 and December 31 of each year, commencing on December 31, 2025 (*provided* that the last Interest Payment Date shall be December 31, 2028 (subject to the Extension Election described below)) to the Paying Agent, which shall in turn distribute the interest in accordance with the Indenture. Amounts borrowed and repaid or prepaid may not be reborrowed.

SECTION 2.02 Prepayments.

(a) Optional Prepayments. The Borrower may, upon notice to the Administrative Agent, at any time and from time to time prepay any Borrowing in whole or in part without premium or penalty, subject to the requirements of this Section.

(b) Notices. Each such notice pursuant to this Section shall be in the form of a written Prepayment Notice, appropriately completed and signed by an Officer of the Borrower, or may be given by telephone to the Administrative Agent (if promptly confirmed by such a written Prepayment Notice consistent with such telephonic notice) and must be received by the Administrative Agent not later than 11:00 a.m. (New York City time) 30 (thirty) Business Days before the date of prepayment. Each Prepayment Notice shall specify (x) the prepayment date and (y) the principal amount of the Borrowing or portion thereof to be prepaid. Promptly following receipt of any such notice relating to the Borrowing, the Administrative Agent shall advise the applicable Lenders of the contents thereof. The Borrower may revoke any Prepayment Notice upon notice to the Administrative Agent on or prior to the related prepayment date.

(c) Amounts; Application. Each prepayment of the Borrowing shall be applied ratably to the Loans.

SECTION 2.03 Termination of Commitments. The Commitments shall automatically and permanently terminate on the Restructuring Closing Date upon the making of the Loans under the Facility.

All fees payable under this Section shall be computed on the basis of a year of 360 days and in each case shall be payable for the actual number of days elapsed (including the first day but excluding the last day). Each determination by the Administrative Agent of a fee hereunder shall be conclusive absent manifest error.

Each Lender shall maintain in accordance with its usual practice records evidencing the indebtedness of the Borrower to such Lender resulting from the Borrowing made by such Lender. Any failure of any Lender or the Administrative Agent to maintain such records or make any entry therein or any error therein shall not in any manner affect the obligations of the Borrower under this Loan Agreement and the other Loan Documents. In the event of any conflict between the records maintained by any Lender and the records maintained by the Administrative Agent in such matters, the records of the Administrative Agent shall control in the absence of manifest error.

SECTION 2.07 Payments Generally; Several Obligations of Lenders.

(a) Payments by Borrower. All payments to be made by the Borrower hereunder and the other Loan Documents shall be made without condition or deduction for any counterclaim, defense, recoupment or setoff. Except as otherwise expressly provided herein, all such payments shall be made to the Administrative Agent, for the account of the respective Lenders to which such payment is owed, at the Administrative Agent's Office in immediately available funds not later than 12:00 noon (New York City time) on the date specified herein. All amounts received by the Administrative Agent after such time on any date shall be deemed to have been received on the next succeeding Business Day and any applicable fees shall continue to accrue. The Administrative Agent will promptly distribute to each Lender its ratable share (or other applicable share as provided herein) of such payment in like funds as received by wire transfer to such Lender's applicable lending office (or otherwise distribute such payment in like funds as received to the Person or Persons entitled thereto as provided herein). If any payment to be made by the Borrower shall fall due on a day that is not a Business Day, payment shall be made on the next succeeding Business Day and such extension of time shall be reflected in computing fees; provided that, if such next succeeding Business Day would fall after the Maturity Date, payment shall be made on the immediately preceding Business Day. Except as otherwise expressly provided herein, all payments hereunder or under any other Loan Document shall be made in Dollars.

(b) Application of Insufficient Payments. Subject to Section 7.02, if at any time insufficient funds are received by and available to the Administrative Agent to pay fully all amounts of principal, fees and other amounts then due hereunder, such funds shall be applied (i) first, to pay fees, expenses and other amounts then due to the Administrative Agent hereunder, (ii) second, to pay fees and other amounts then due to the Lenders hereunder ratably among the parties entitled thereto in accordance with the amounts of fees and other amounts then due to such parties, and (iii) third, to pay principal then due hereunder, ratably among the parties entitled thereto in accordance with the amounts of principal then due to such parties.

(c) Presumptions by Administrative Agent. Unless the Administrative Agent shall have received notice from the Borrower prior to the date on which any payment is due to the

Administrative Agent for the account of the Lenders hereunder that the Borrower will not make such payment, the Administrative Agent may assume that the Borrower has made such payment on such date in accordance herewith and may (but shall not be obligated to), in reliance upon such assumption, distribute to the Lenders the amount due. In such event, if the Borrower has not in fact made such payment, then each of the Lenders severally agrees to repay to the Administrative Agent forthwith on demand the amount so distributed to such Lender, with interest thereon, for each day from and including the date such amount is distributed to it to but excluding the date of payment to the Administrative Agent, at the greater of the Federal Funds Rate and a rate determined by the Administrative Agent in accordance with banking industry rules on interbank compensation.

(d) Deductions by Administrative Agent. If any Lender shall fail to make any payment required to be made by it pursuant to Section 8.03(c), then the Administrative Agent may, in its discretion and notwithstanding any contrary provision hereof, (i) apply any amounts thereafter received by the Administrative Agent for the account of such Lender for the benefit of the Administrative Agent to satisfy such Lender's obligations to the Administrative Agent until all such unsatisfied obligations are fully paid or (ii) hold any such amounts in a segregated account as cash collateral for, and for application to, any future funding obligations of such Lender under any such Section, in the case of each of clauses (i) and (ii) above, in any order as determined by the Administrative Agent in its discretion.

(e) Several Obligations of Lenders. The obligations of the Lenders hereunder, including any obligations to make payments pursuant to Section 8.03(c), are several and not joint. The failure of any Lender to make any such payment on any date required hereunder shall not relieve any other Lender of its corresponding obligation to do so on such date, and no Lender shall be responsible for the failure of any other Lender to make its payment under Section 8.03(c).

SECTION 2.08 Sharing of Payments. If any Lender shall, by exercising any right of setoff or counterclaim or otherwise, obtain payment in respect of any principal of any of its Loans or other obligations hereunder resulting in such Lender receiving payment of a proportion of the aggregate amount of its Loans thereon or other such obligations greater than its pro rata share thereof as provided herein, then the Lender receiving such greater proportion shall (a) notify the Administrative Agent of such fact, and (b) purchase (for cash at face value) participations in the Loans and such other obligations of the other Lenders, or make such other adjustments as shall be equitable, so that the benefit of all such payments shall be shared by the Lenders ratably in accordance with the aggregate amount of principal of their respective Loans and other amounts owing them; provided that:

(i) if any such participations are purchased and all or any portion of the payment giving rise thereto is recovered, such participations shall be rescinded and the purchase price restored to the extent of such recovery, without interest; and

(ii) the provisions of this paragraph shall not be construed to apply to (x) any payment made by the Borrower pursuant to and in accordance with the express terms of this Loan Agreement (including the application of funds arising from the existence of a Disqualified Institution) or (y) any payment obtained by a Lender as consideration for the assignment of or sale of a participation in any of its Loans to any assignee or participant, other than to the Borrower or any Subsidiary thereof (as to which the provisions of this paragraph shall apply).

The Borrower consents to the foregoing and agrees, to the extent it may effectively do so under Applicable Law, that any Lender acquiring a participation pursuant to the foregoing arrangements may exercise against the Borrower rights of setoff and counterclaim with respect to such participation as fully as if such Lender were a direct creditor of the Borrower in the amount of such participation.

SECTION 2.09 Taxes.

(a) Defined Terms. For purposes of this Section, the term “Applicable Law” includes FATCA.

(b) Payments Free of Taxes. Any and all payments by or on account of any obligation of the Borrower under any Loan Document shall be made without deduction or withholding for any Taxes, except as required by Applicable Law. If any Applicable Law (as determined in the good faith discretion of an applicable Withholding Agent) requires the deduction or withholding of any Tax from any such payment by a Withholding Agent, then the applicable Withholding Agent shall be entitled to make such deduction or withholding and shall timely pay the full amount deducted or withheld to the relevant Governmental Authority in accordance with Applicable Law and, if such Tax is an Indemnified Tax, then the sum payable by the Borrower shall be increased as necessary so that after such deduction or withholding has been made (including such deductions and withholdings applicable to additional sums payable under this Section) the applicable Recipient receives an amount equal to the sum it would have received had no such deduction or withholding been made.

(c) Payment of Other Taxes by Borrower. The Borrower shall timely pay to the relevant Governmental Authority in accordance with Applicable Law, or at the option of the Administrative Agent timely reimburse it for the payment of, any Other Taxes.

(d) Indemnification by Borrower. The Borrower shall indemnify each Recipient, within 10 days after demand therefor, for the full amount of any Indemnified Taxes (including Indemnified Taxes imposed or asserted on or attributable to amounts payable under this Section) payable or paid by such Recipient or required to be withheld or deducted from a payment to such Recipient and any reasonable expenses arising therefrom or with respect thereto, whether or not such Indemnified Taxes were correctly or legally imposed or asserted by the relevant Governmental Authority. A certificate as to the amount of such payment or liability delivered to the Borrower by a Lender (with a copy to the Administrative Agent), or by the Administrative Agent on its own behalf or on behalf of a Lender, shall be conclusive absent manifest error.

(e) Indemnification by the Lenders. Each Lender shall severally indemnify the Administrative Agent, within 10 days after demand therefor, for (i) any Indemnified Taxes attributable to such Lender (but only to the extent that the Borrower has not already indemnified the Administrative Agent for such Indemnified Taxes and without limiting the obligation of the Borrower to do so), (ii) any Taxes attributable to such Lender’s failure to comply with the provisions of Section 8.04(d) relating to the maintenance of a Participant Register and (iii) any Excluded Taxes attributable to such Lender, in each case, that are payable or paid by the Administrative Agent in connection with any Loan Document, and any reasonable expenses arising therefrom or with respect thereto, whether or not such Taxes were correctly or legally imposed or asserted by the relevant Governmental Authority. A certificate as to the amount of such payment or liability delivered to any Lender by the Administrative Agent shall be conclusive absent manifest error. Each Lender hereby authorizes the Administrative Agent to set off and apply any and all amounts at any time owing to such Lender under any Loan Document or otherwise payable by the Administrative Agent to the Lender from any other source against any amount due to the Administrative Agent under this paragraph (e).

(f) Evidence of Payments. As soon as practicable after any payment of Taxes by the Borrower to a Governmental Authority pursuant to this Section, the Borrower shall deliver to the Administrative Agent the original or a certified copy of a receipt issued by such Governmental Authority evidencing such payment, a copy of the return reporting such payment or other evidence of such payment reasonably satisfactory to the Administrative Agent.

(g) Status of Lenders. Any Lender that is entitled to an exemption from or reduction of withholding Tax with respect to payments made under any Loan Document shall deliver to the Borrower

and the Administrative Agent, at the time or times reasonably requested by the Borrower or the Administrative Agent, such properly completed and executed documentation reasonably requested by the Borrower or the Administrative Agent as will permit such payments to be made without withholding or at a reduced rate of withholding. In addition, any Lender, if reasonably requested by the Borrower or the Administrative Agent, shall deliver such other documentation prescribed by Applicable Law or reasonably requested by the Borrower or the Administrative Agent as will enable the Borrower or the Administrative Agent to determine whether or not such Lender is subject to backup withholding or information reporting requirements. Each Lender agrees that if any form or certification it previously delivered expires or becomes obsolete or inaccurate in any respect, it shall update such form or certification or promptly notify the Borrower and the Administrative Agent in writing of its legal inability to do so.

(h) Treatment of Certain Refunds. If any party determines, in its sole discretion exercised in good faith, that it has received a refund of any Taxes as to which it has been indemnified pursuant to this Section (including by the payment of additional amounts pursuant to this Section), it shall pay to the indemnifying party an amount equal to such refund (but only to the extent of indemnity payments made under this Section with respect to the Taxes giving rise to such refund), net of all out-of-pocket expenses (including Taxes) of such indemnified party and without interest (other than any interest paid by the relevant Governmental Authority with respect to such refund). Such indemnifying party, upon the request of such indemnified party, shall repay to such indemnified party the amount paid over pursuant to this paragraph (h) (plus any penalties, interest or other charges imposed by the relevant Governmental Authority) in the event that such indemnified party is required to repay such refund to such Governmental Authority. Notwithstanding anything to the contrary in this paragraph (h), in no event will the indemnified party be required to pay any amount to an indemnifying party pursuant to this paragraph (h) the payment of which would place the indemnified party in a less favorable net after-Tax position than the indemnified party would have been in if the Tax subject to indemnification and giving rise to such refund had not been deducted, withheld or otherwise imposed and the indemnification payments or additional amounts with respect to such Tax had never been paid. This paragraph shall not be construed to require any indemnified party to make available its Tax returns (or any other information relating to its Taxes that it deems confidential) to the indemnifying party or any other Person.

(i) Survival. Each party's obligations under this Section shall survive the resignation or replacement of the Administrative Agent or any assignment of rights by, or the replacement of, a Lender, the termination of the Commitments, the expiration or cancellation of all letters of credit and the repayment, satisfaction or discharge of all obligations under any Loan Document.

SECTION 2.10 Mitigation Obligations; Replacement of Lenders

(a) Designation of a Different Lending Office. If any Lender requests compensation, or requires the Borrower to pay any Indemnified Taxes or additional amounts to any Lender or any Governmental Authority for the account of any Lender pursuant to Section 2.09, then such Lender shall (at the request of the Borrower) use reasonable efforts to designate a different lending office for funding or booking its Loans hereunder or to assign its rights and obligations hereunder to another of its offices, branches or affiliates, if, in the judgment of such Lender, such designation or assignment (i) would eliminate or reduce amounts payable pursuant to Section 2.09, as the case may be, in the future, and (ii) would not subject such Lender to any unreimbursed cost or expense and would not otherwise be disadvantageous to such Lender. The Borrower hereby agrees to pay all reasonable costs and expenses incurred by any Lender in connection with any such designation or assignment.

(b) Replacement of Lenders. If the Borrower is required to pay any Indemnified Taxes or additional amounts to any Lender or any Governmental Authority for the account of any Lender pursuant to Section 2.09 and, in each case, such Lender has declined or is unable to designate a different lending office in accordance with paragraph (a) of this Section, or if any Lender is a Non-Consenting Lender, then the Borrower may, at its sole expense and effort, upon notice to such Lender and the

Administrative Agent, require such Lender to assign and delegate, without recourse (in accordance with and subject to the restrictions contained in, and consents required by, Section 8.04), all of its interests, rights (other than its existing rights to payments pursuant to Section 2.09) and obligations under this Loan Agreement and the related Loan Documents to an Eligible Assignee that shall assume such obligations (which assignee may be another Lender, if a Lender accepts such assignment); provided that:

- (i) the Borrower shall have paid to the Administrative Agent the assignment fee (if any) specified in Section 8.04;
- (ii) such Lender shall have received payment of an amount equal to the outstanding principal of its Loans, accrued fees and all other amounts payable to it hereunder and under the other Loan Documents from the assignee (to the extent of such outstanding principal and fees) or the Borrower (in the case of all other amounts);
- (iii) in the case of any such assignment resulting from a claim for payments required to be made pursuant to Section 2.09, such assignment will result in a reduction in such payments thereafter;
- (iv) such assignment does not conflict with Applicable Law; and
- (v) in the case of any assignment resulting from a Lender becoming a Non-Consenting Lender, the applicable assignee shall have consented to the applicable amendment, waiver or consent.

A Lender shall not be required to make any such assignment or delegation if, prior thereto, as a result of a waiver by such Lender or otherwise, the circumstances entitling the Borrower to require such assignment and delegation cease to apply.

ARTICLE III

ARTICLE VII

AGENCY

SECTION 7.01 Appointment and Authority. Each of the Lenders hereby irrevocably appoints Kroll Agency Services (US) LLC to act on its behalf as the Administrative Agent hereunder and under the other Loan Documents and authorizes the Administrative Agent, subject to the terms and conditions hereunder, to take such actions on its behalf and to exercise such powers as are delegated to the Administrative Agent by the terms hereof or thereof, together with such actions and powers as are reasonably incidental thereto. The provisions of this Article are solely for the benefit of the Administrative Agent and the Lenders, and the Borrower shall not have rights as a third-party beneficiary of any of such provisions. It is understood and agreed that the use of the term “agent” herein or in any other Loan Documents (or any other similar term) with reference to the Administrative Agent is not intended to connote any fiduciary or other implied (or express) obligations arising under agency doctrine of any Applicable Law. Instead such term is used as a matter of market custom, and is intended to create or reflect only an administrative relationship between contracting parties.

SECTION 7.02 [Reserved.].

SECTION 7.03 Exculpatory Provisions.

(a) The Administrative Agent shall not have any duties or obligations except those expressly set forth herein and in the other Loan Documents, and its duties hereunder shall be administrative in nature. Without limiting the generality of the foregoing, and in the absence of its own gross negligence or willful misconduct as determined by a court of competent jurisdiction and nonappealable judgment, the Administrative Agent:

(i) shall not be subject to any fiduciary or other implied obligations or duties, regardless of whether a Default has occurred and is continuing;

(ii) shall not have any duty to take any discretionary action or exercise any discretionary powers, except discretionary rights and powers expressly contemplated hereby or by the other Loan Documents that the Administrative Agent is required to exercise as directed in writing by the Required Lenders (or such other number or percentage of the Lenders as shall be expressly provided for herein or in the other Loan Documents); provided that the Administrative Agent shall not be required to take any action that, in its opinion or the opinion of its counsel, may expose the Administrative Agent to liability or that is contrary to any Loan Document or Applicable Law, including for the avoidance of doubt any action that may be in violation of the automatic stay under the U.S. Bankruptcy Code ;

(iii) shall not, except as expressly set forth herein and in the other Loan Documents, have any duty to disclose, and shall not be liable for the failure to disclose, any information relating to the Borrower or any of its Affiliates that is communicated to or obtained by the Person serving as the Administrative Agent or any of its branches or Affiliates in any capacity;

(iv) shall not in any event be responsible or liable for any failure or delay in the performance of its obligations hereunder arising out of or caused by, directly or indirectly, forces beyond its control, including, without limitation, strikes, work stoppages, accidents, acts of war or terrorism, civil or military disturbances, nuclear or natural catastrophes, epidemics, pandemics, or acts of God or the unavailability of the Federal Reserve Bank wire or facsimile or other wire or communication facility;

(v) shall not be responsible or liable for special, indirect, punitive or consequential loss or damage of any kind whatsoever (including, but not limited to, loss of profit)

irrespective of whether the Administrative Agent has been advised of the likelihood of such loss or damage and regardless of the form of action; and

(vi) shall not be required to expend or risk its own funds or otherwise to incur in any liability, financial or otherwise, in the performance of any of its duties hereunder.

(b) The Administrative Agent shall not be liable for any action taken or not taken by it (i) with the consent or at the request of the Required Lenders (or such other number or percentage of the Lenders as shall be necessary, or as the Administrative Agent shall believe in good faith shall be necessary, under the circumstances), or (ii) in the absence of its own gross negligence or willful misconduct as determined by a court of competent jurisdiction by final and nonappealable judgment. The Administrative Agent shall be deemed not to have knowledge of any Default unless and until notice describing such Default is given to the Administrative Agent in writing by the Borrower or a Lender.

(c) The Administrative Agent shall not be responsible for or have any duty to ascertain or inquire into (i) any statement, warranty or representation made in or in connection with this Loan Agreement or any other Loan Document, (ii) the contents of any certificate, report or other document delivered hereunder or thereunder or in connection herewith or therewith, (iii) the performance or observance of any of the covenants, agreements or other terms or conditions set forth herein or therein or the occurrence of any Default, (iv) the validity, enforceability, effectiveness or genuineness of this Loan Agreement, any other Loan Document or any other agreement, instrument or document, or (v) the satisfaction of any condition set forth in Article IV or elsewhere herein, other than to confirm receipt of items expressly required to be delivered to the Administrative Agent.

(d) The Administrative Agent shall not be responsible or have any liability for, or have any duty to ascertain, inquire into, monitor or enforce, compliance with the provisions hereof relating to Disqualified Institutions. Without limiting the generality of the foregoing, the Administrative Agent shall not (i) be obligated to ascertain, monitor or inquire as to whether any Lender or Participant or prospective Lender or Participant is a Disqualified Institution or (ii) have any liability with respect to or arising out of any assignment or participation of Loans, or disclosure of confidential information, to any Disqualified Institution.

(e) Notwithstanding anything else to the contrary herein, whenever reference is made in this Loan Agreement, or any other Loan Document, to any discretionary action by, consent, designation, specification, requirement or approval of, notice, request or other communication from, or other direction given or action to be undertaken or to be (or not to be) suffered or omitted by the Administrative Agent, or to any election, decision, opinion, acceptance, use of judgment, expression of satisfaction or other exercise of discretion, rights or remedies to be made (or not to be made) by the Administrative Agent, it is understood that in all cases that the Administrative Agent shall be fully justified in failing or refusing to take any such action if it shall not have received written instruction, advice or concurrence from the Lenders (or such number or percentage of Lenders as may be expressly set forth in any Loan Document). Upon receipt of such written instruction, advice or concurrence from the Lenders (or such number or percentage of Lenders as may be expressly set forth in any Loan Document), the Administrative Agent shall take such discretionary actions in accordance with such written instruction, advice or concurrence. The Administrative Agent shall not have any liability for any failure or delay in taking any actions contemplated above as a result of a failure or delay on the part of the Lenders to provide such instruction, advice or concurrence.

SECTION 7.04 Reliance by Administrative Agent. The Administrative Agent shall be entitled to rely upon, and shall not incur any liability for relying upon, any notice, request, certificate, consent, statement, instrument, document or other writing (including any electronic message, Internet or intranet website posting or other distribution) believed by it to be genuine and to have been signed, sent or otherwise authenticated by the proper Person. The Administrative Agent also may rely upon any statement made to it

orally or by telephone and believed by it to have been made by the proper Person, and shall not incur any liability for relying thereon. In determining compliance with any condition hereunder to the making of a Loan that by its terms must be fulfilled to the satisfaction of a Lender, the Administrative Agent may presume that such condition is satisfactory to such Lender unless the Administrative Agent shall have received notice to the contrary from such Lender prior to the making of such Loan. The Administrative Agent may consult with legal counsel (who may be counsel for the Borrower), independent accountants and other experts selected by it, and shall not be liable for any action taken or not taken by it in accordance with the advice of any such counsel, accountants or experts.

SECTION 7.05 Delegation of Duties. The Administrative Agent may perform any and all of its duties and exercise its rights and powers hereunder or under any other Loan Document by or through any one or more sub-agents appointed by the Administrative Agent. The Administrative Agent and any such sub-agent may perform any and all of its duties and exercise its rights and powers by or through their respective Related Parties. The exculpatory provisions of this Article shall apply to any such sub-agent and to the Related Parties of the Administrative Agent and any such sub-agent, and shall apply to their respective activities in connection with the syndication of any Facility as well as activities as Administrative Agent. The Administrative Agent shall not be responsible for the negligence or misconduct of any sub-agents except to the extent that a court of competent jurisdiction determines in a final and nonappealable judgment that the Administrative Agent acted with gross negligence or willful misconduct in the selection of such sub-agents.

SECTION 7.06 Resignation of Administrative Agent.

(a) The Administrative Agent may at any time give notice of its resignation to the Lenders and the Borrower. Upon receipt of any such notice of resignation, the Required Lenders shall have the right, in consultation with the Borrower, to appoint a successor, which shall be a bank with an office in New York, NY, or an Affiliate of any such bank with an office in New York, NY. If no such successor shall have been so appointed by the Required Lenders and shall have accepted such appointment within 30 days after the retiring Administrative Agent gives notice of its resignation (or such earlier day as shall be agreed by the Required Lenders) (the “Resignation Effective Date”), then the retiring Administrative Agent may (but shall not be obligated to), on behalf of the Lenders, appoint a successor Administrative Agent meeting the qualifications set forth above. Whether or not a successor has been appointed, such resignation shall become effective in accordance with such notice on the Resignation Effective Date.

(b) With effect from the Resignation Effective Date (i) the retiring or removed Administrative Agent shall be discharged from its duties and obligations hereunder and under the other Loan Documents and (ii) except for any indemnity payments owed to the retiring or removed Administrative Agent, all payments, communications and determinations provided to be made by, to or through the Administrative Agent shall instead be made by or to each Lender directly, until such time, if any, as the Required Lenders appoint a successor Administrative Agent as provided for above. Upon the acceptance of a successor’s appointment as Administrative Agent hereunder, such successor shall succeed to and become vested with all of the rights, powers, privileges and duties of the retiring or removed Administrative Agent (other than any rights to indemnity payments owed to the retiring or removed Administrative Agent), and the retiring or removed Administrative Agent shall be discharged from all of its duties and obligations hereunder or under the other Loan Documents. The fees payable by the Borrower to a successor Administrative Agent shall be the same as those payable to its predecessor unless otherwise agreed between the Borrower and such successor. After the retiring or removed Administrative Agent’s resignation or removal hereunder and under the other Loan Documents, the provisions of this Article and Section 8.03 shall continue in effect for the benefit of such retiring or removed Administrative Agent, its sub-agents and their respective Related Parties in respect of any actions taken or omitted to be taken by any of them while the retiring or removed Administrative Agent was acting as Administrative Agent.

SECTION 7.07 Non-Reliance on Other Lenders. Each Lender expressly acknowledges that the Administrative Agent has made no representation or warranty to it, and that no act by the Administrative Agent hereafter taken, including any consent to, and acceptance of any assignment or review of the affairs of the Borrower or any Affiliate thereof, shall be deemed to constitute any representation or any warranty by the Administrative Agent to any Lender as to any matter, including whether the Administrative Agent has disclosed material information in its (or its Related Parties') possession. Each Lender represents to the Administrative Agent that it has, independently and without reliance upon the Administrative Agent or any other Lender or any of their Related Parties and based on such documents and information as it has deemed appropriate, made its own credit analysis of, appraisal of, and investigation into, the business, prospects, operations, property, financial and other condition and creditworthiness of the Borrower and its Subsidiaries, and all applicable bank or other regulatory Laws relating to the transactions contemplated hereby, and made its own decision to enter into this Loan Agreement and to extend credit to the Borrower hereunder. Each Lender also acknowledges that it will, independently and without reliance upon the Administrative Agent or any other Lender or any of their Related Parties and based on such documents and information as it shall from time to time deem appropriate, continue to make its own credit analysis, appraisal and decisions in taking or not taking action under or based upon this Loan Agreement, any other Loan Document or any related agreement or any document furnished hereunder or thereunder, and to make such investigations as it deems necessary to inform itself as to the business, prospects, operations, property, financial and other condition and creditworthiness of the Borrower. Each Lender represents and warrants that (i) the Loan Documents set forth the terms of a commercial lending facility and certain other facilities set forth herein and (ii) it is engaged in making, acquiring or holding commercial loans in the ordinary course and is entering into this Loan Agreement as a Lender for the purpose of making, acquiring or holding commercial loans set forth herein as may be applicable to such Lender, and not for the purpose of purchasing, acquiring or holding any other type of financial instrument, and each Lender agrees not to assert a claim in contravention of the foregoing. Each Lender represents and warrants that it is sophisticated with respect to decisions to make, acquire or hold commercial loans, as may be applicable to such Lender, and either it, or the Person exercising discretion in making its decision to make, acquire or hold such commercial loans, is experienced in making, acquiring or holding such commercial loans.

SECTION 7.08 No Other Duties. Anything herein to the contrary notwithstanding, Kroll Agency Services (US) LLC shall not have any duties or responsibilities under this Loan Agreement or any of the other Loan Documents, except in its capacity, as applicable, as the Administrative Agent or a Lender hereunder.

SECTION 7.09 Administrative Agent May File Proofs of Claim. In case of the pendency of any proceeding under the U.S. Bankruptcy Code or any other judicial proceeding relative to the Borrower, the Administrative Agent (irrespective of whether the principal of any Loan shall then be due and payable as herein expressed or by declaration or otherwise and irrespective of whether the Administrative Agent shall have made any demand on the Borrower) shall be entitled and empowered (but not obligated) by intervention in such proceeding or otherwise:

(a) to file and prove a claim for the whole amount of the principal owing and unpaid in respect of the Loans and all other Obligations that are owing and unpaid and to file such other documents as may be necessary or advisable in order to have the claims of the Lenders and the Administrative Agent (including any claim for the reasonable compensation, expenses, disbursements and advances of the Lenders and the Administrative Agent and their respective agents and counsel and all other amounts due the Lenders and the Administrative Agent under Section 8.03) allowed in such judicial proceeding; and

(b) to collect and receive any monies or other property payable or deliverable on any such claims and to distribute the same;

and any custodian, receiver, assignee, trustee, liquidator, sequestrator or other similar official in any such judicial proceeding is hereby authorized by each Lender to make such payments to the Administrative

Agent and, in the event that the Administrative Agent shall consent to the making of such payments directly to the Lenders, to pay to the Administrative Agent any amount due for the reasonable compensation, expenses, disbursements and advances of the Administrative Agent and its agents and counsel, and any other amounts due the Administrative Agent under Section 8.03.

SECTION 7.10 Certain ERISA Matters.

(a) Each Lender (x) represents and warrants, as of the date such Person became a Lender party hereto, to, and (y) covenants, from the date such Person became a Lender party hereto to the date such Person ceases being a Lender party hereto, for the benefit of, the Administrative Agent and not, for the avoidance of doubt, to or for the benefit of the Borrower, that at least one of the following is and will be true:

(i) such Lender is not using “plan assets” (within the meaning of Section 3(42) of ERISA or otherwise for purposes of Title I of ERISA or Section 4975 of the Code) of one or more Benefit Plans with respect to such Lender’s entrance into, participation in, administration of and performance of the Loans, the Commitments or this Loan Agreement,

(ii) the prohibited transaction exemption set forth in one or more PTEs, such as PTE 84-14 (a class exemption for certain transactions determined by independent qualified professional asset managers), PTE 95-60 (a class exemption for certain transactions involving insurance company general accounts), PTE 90-1 (a class exemption for certain transactions involving insurance company pooled separate accounts), PTE 91-38 (a class exemption for certain transactions involving bank collective investment funds) or PTE 96-23 (a class exemption for certain transactions determined by in-house asset managers), is applicable so as to exempt from the prohibitions of Section 406 of ERISA and Section 4975 of the Code such Lender’s entrance into, participation in, administration of and performance of the Loans, the Commitments and this Loan Agreement,

(iii) (A) such Lender is an investment fund managed by a “Qualified Professional Asset Manager” (within the meaning of Part VI of PTE 84-14), (B) such Qualified Professional Asset Manager made the investment decision on behalf of such Lender to enter into, participate in, administer and perform the Loans, the Commitments and this Loan Agreement, (C) the entrance into, participation in, administration of and performance of the Loans, the Commitments and this Loan Agreement satisfies the requirements of sub-sections (b) through (g) of Part I of PTE 84-14 and (D) to the best knowledge of such Lender, the requirements of subsection (a) of Part I of PTE 84-14 are satisfied with respect to such Lender’s entrance into, participation in, administration of and performance of the Loans, the Commitments and this Loan Agreement, or

(iv) such other representation, warranty and covenant as may be agreed in writing between the Administrative Agent, in its sole discretion, and such Lender.

(b) In addition, unless either (1) sub-clause (i) in the immediately preceding clause (a) is true with respect to a Lender or (2) a Lender has provided another representation, warranty and covenant in accordance with sub-clause (iv) in the immediately preceding clause (a), such Lender further (x) represents and warrants, as of the date such Person became a Lender party hereto, and (y) covenants, from the date such Person became a Lender party hereto to the date such Person ceases being a Lender party hereto, for the benefit of, the Administrative Agent and not, for the avoidance of doubt, to or for the benefit of the Borrower, that the Administrative Agent is not a fiduciary with respect to the assets of such Lender involved in such Lender’s entrance into, participation in, administration of and performance of the Loans, the Commitments and this Loan Agreement (including in connection with the reservation or exercise of any rights by the Administrative Agent under this Loan Agreement, any Loan Document or any documents related hereto or thereto).

(c) Change of Address, etc. Any party hereto may change its address or facsimile number for notices and other communications hereunder by notice to the other parties hereto.

(d) Platform.

(i) The Borrower agrees that the Administrative Agent may, but shall not be obligated to, make the Communications (as defined below) available to the other Lenders by posting the Communications on the Platform.

(ii) The Platform is provided "as is" and "as available." The Agent Parties (as defined below) do not warrant the adequacy of the Platform and expressly disclaim liability for errors or omissions in the Communications. No warranty of any kind, express, implied or statutory, including any warranty of merchantability, fitness for a particular purpose, non-infringement of third-party rights or freedom from viruses or other code defects, is made by any Agent Party in connection with the Communications or the Platform. In no event shall the Administrative Agent or any of its Related Parties (collectively, the "Agent Parties") have any liability to the Borrower, any Lender or any other Person or entity for damages of any kind, including direct or indirect, special, incidental or consequential damages, losses or expenses (whether in tort, contract or otherwise) arising out of the Borrower's or the Administrative Agent's transmission of communications through the Platform. "Communications" means, collectively, any notice, demand, communication, information, document or other material provided by or on behalf of the Borrower pursuant to any Loan Document or the transactions contemplated therein that is distributed to the Administrative Agent or any Lender by means of electronic communications pursuant to this Section, including through the Platform.

(e) Public Information. The Borrower hereby acknowledges that certain of the Lenders (each, a "Public Lender") may have personnel who do not wish to receive material non-public information with respect to the Borrower or its Affiliates, or the respective securities of any of the foregoing, and who may be engaged in investment and other market-related activities with respect to such Persons' securities. The Borrower hereby agrees that it will use commercially reasonable efforts to identify that portion of the materials and information provided by or on behalf of the Borrower hereunder and under the other Loan Documents (collectively, "Borrower Materials") that may be distributed to the Public Lenders and that (i) all such Borrower Materials shall be clearly and conspicuously marked "PUBLIC," which, at a minimum, shall mean that the word "PUBLIC" shall appear prominently on the first page thereof; (ii) by marking Borrower Materials "PUBLIC," the Borrower shall be deemed to have authorized the Lenders to treat such Borrower Materials as not containing any material non-public information with

respect to the Borrower or its securities for purposes of U.S. federal and state securities Laws (provided, however, that to the extent that such Borrower Materials constitute Information, they shall be subject to Section 8.11); (iii) all Borrower Materials marked “PUBLIC” are permitted to be made available through a portion of the Platform designated “Public Side Information;” and (iv) the Lenders and the Administrative Agent shall be entitled to treat any Borrower Materials that are not marked “PUBLIC” as being suitable only for posting on a portion of the Platform not designated “Public Side Information.” Each Public Lender will designate one or more representatives that shall be permitted to receive information that is not designated as being available for Public Lenders.

SECTION 8.02 Waivers; Amendments.

(a) No Waiver; Remedies Cumulative; Enforcement. No failure or delay by the Administrative Agent or any Lender in exercising any right, remedy, power or privilege hereunder or under any other Loan Document shall operate as a waiver thereof, nor shall any single or partial exercise of any such right, remedy, power or privilege, or any abandonment or discontinuance of steps to enforce such a right remedy, power or privilege, preclude any other or further exercise thereof or the exercise of any other right remedy, power or privilege. The rights, remedies, powers and privileges of the Administrative Agent and the Lenders hereunder and under the Loan Documents are cumulative and are not exclusive of any rights, remedies, powers or privileges that any such Person would otherwise have.

Notwithstanding anything to the contrary contained herein or in any other Loan Document, the authority to enforce rights and remedies hereunder and under the other Loan Documents against the Borrower shall be vested exclusively in, and all actions and proceedings at law in connection with such enforcement shall be instituted and maintained exclusively by, the Administrative Agent in accordance with Section 7.01 for the benefit of all the Lenders; provided that the foregoing shall not prohibit (i) the Administrative Agent from exercising on its own behalf the rights and remedies that inure to its benefit (solely in its capacity as Administrative Agent) hereunder and under the other Loan Documents or (ii) any Lender from filing proofs of claim or appearing and filing pleadings on its own behalf during the pendency of a proceeding relative to the Borrower under the U.S. Bankruptcy Code; provided, further, that if at any time there is no Person acting as Administrative Agent hereunder and under the other Loan Documents, then (x) the Required Lenders shall have the rights otherwise provided to the Administrative Agent pursuant to Section 7.01 and (y) in addition to the matters set forth in clauses (i) and (ii) of the preceding proviso and subject to Section 2.08, any Lender may, with the consent of the Required Lenders, enforce any rights or remedies available to it and as authorized by the Required Lenders.

(b) Amendments, Etc.

(1) Except as otherwise expressly set forth in this Loan Agreement (including Section 8.02(b)(2) and Section 2.05), no amendment or waiver of any provision of this Loan Agreement or any other Loan Document, and no consent to any departure by the Borrower therefrom, shall be effective unless in writing executed by the Borrower and the Required Lenders, and acknowledged by the Administrative Agent, or by the Borrower and the Administrative Agent with the consent of the Required Lenders, and each such waiver or consent shall be effective only in the specific instance and for the specific purpose for which given; provided that no such amendment, waiver or consent shall, without the consent of Lenders having Loans representing more than 75% of the aggregate Outstanding Amount of Loans of all Lenders at such time:

(i) extend or increase any Commitment of any Lender without the written consent of such Lender (it being understood that a waiver of any condition precedent set forth in Article IV or the waiver of any Default shall not constitute an extension or increase of any Commitment of any Lender);

(ii) reduce the principal amount of the Loan (including any additional amounts), or change the method of computing the amount of principal;

- (iii) change the Maturity Date of the Loans
- (iv) change any place of payment where the principal, premium, if any, or additional amounts, if any, on the Loan is payable;
- (v) change the coin or currency in which the principal or additional amounts, if any, on the Loan is payable;
- (vi) impair the right of any Lender to receive any principal payment (together with additional amounts, if any), on or after the Maturity Date, or to institute suit for the enforcement of any such payment; or
- (vii) reduce the percentage in principal amount of the outstanding Loan, the consent of whose Lender is required for any modification or amendment of this Loan Agreement or the consent of whose Lender is required for any waiver of compliance with certain provisions of this Loan Agreement or certain defaults thereunder and their consequences provided for in this Loan Agreement;

provided, further, that no such amendment, waiver or consent shall amend, modify or otherwise affect the rights or duties hereunder or under any other Loan Document of the Administrative Agent, unless in writing executed by the Administrative Agent, in each case in addition to the Borrower and the Lenders required above.

(2) Notwithstanding clause (1) of Section 8.02(b), the Borrower and the Administrative Agent may amend this Loan Agreement or any Loan Document without prior notice to or consent of any Lender:

- (i) to cure any latent ambiguity, defect or internal inconsistency or to correct a manifest error;
- (ii) to provide for promissory notes to evidence any Loan;
- (iii) to add guarantees with respect to the Loans or to provide security for the Loans or to confirm and evidence the release, termination or discharge of any guarantee of or lien securing the Obligations when such release, termination or discharge is permitted by this Loan Agreement, as applicable;
- (iv) to add to the covenants of the Borrower for the benefit of the Lenders or to surrender any right or power herein conferred upon the Borrower; or
- (v) to modify any Loan Document in a manner reasonably determined by the Borrower as necessary or advisable for purposes of conforming such Loan Document to the terms of the Reorganization Plan.

SECTION 8.03 Expenses; Indemnity; Damage Waiver.

(a) Costs and Expenses. The Borrower shall pay (i) all reasonable out-of-pocket expenses incurred by the Administrative Agent (including, in each case, the reasonable fees, charges and disbursements of counsel for the Administrative Agent), in connection with the preparation, negotiation, execution, delivery and administration of this Loan Agreement and the other Loan Documents, or any amendments, modifications or waivers of the provisions hereof or thereof (whether or not the transactions contemplated hereby or thereby shall be consummated), (ii) all out-of-pocket expenses incurred by the Administrative Agent (including, in each case, the reasonable fees, charges and disbursements of counsel for the Administrative Agent) in connection with the enforcement or protection of its rights (A) in connection with this Loan Agreement and the other Loan Documents, including its rights under this

Section, or (B) in connection with the Loans made hereunder, including all such out-of-pocket expenses incurred during any workout, restructuring or negotiations in respect of such Loans, and (iii) all costs, expenses or other charges incurred in connection with any filing, registration, recording or perfection, including any translation costs, of any security interest contemplated by any Loan Document or any other document referred to therein.

(b) Indemnification by the Borrower. The Borrower shall indemnify the Administrative Agent, and each Related Party of any of the foregoing Persons (each such Person being called an “Indemnatee”) against, and hold each Indemnatee harmless from, any and all losses, claims, damages, liabilities and related expenses (including the fees, charges and disbursements of any counsel for any Indemnatee), incurred by any Indemnatee or asserted against any Indemnatee by any Person (including the Borrower) arising out of, in connection with, or as a result of (i) the execution or delivery of this Loan Agreement, any other Loan Document or any agreement or instrument contemplated hereby or thereby, the performance by the parties hereto of their respective obligations hereunder or thereunder or the consummation of the transactions contemplated hereby or thereby and (ii) any Loan or the use or proposed use of the proceeds therefrom; *provided* that such indemnity shall not, as to any Indemnatee, be available to the extent that such losses, claims, damages, liabilities or related expenses (x) are determined by a court of competent jurisdiction by final and nonappealable judgment to have resulted from the gross negligence or willful misconduct of such Indemnatee, or (y) result from a claim not involving an act or omission of the Borrower and that is brought by an Indemnatee (other than a claim against the Administrative Agent) against another Indemnatee (other than against the Administrative Agent in its capacity as such). Paragraph (b) of this Section shall not apply with respect to Taxes other than any Taxes that represent losses, claims, damages, etc. arising from any non-Tax claim.

(c) Reimbursement by Lenders. To the extent that the Borrower for any reason fails to indefeasibly pay any amount required under paragraph (a) or (b) of this Section to be paid by it to the Administrative Agent or any Related Party of any of the foregoing, each Lender severally agrees to pay to the Administrative Agent or such Related Party, as the case may be, such Lender’s pro rata share (determined as of the time that the applicable unreimbursed expense or indemnity payment is sought based on each Lender’s Applicable Percentage at such time) of such unpaid amount (including any such unpaid amount in respect of a claim asserted by such Lender); *provided* that the unreimbursed expense or indemnified loss, claim, damage, liability or related expense, as the case may be, was incurred by or asserted against the Administrative Agent or any Related Party of any of the foregoing acting for the Administrative Agent in connection with such capacity.

(d) Waiver of Consequential Damages, Etc. To the fullest extent permitted by Applicable Law, the Borrower shall not assert, and hereby waives, any claim against any Agent (and any sub-agent thereof) and any Lender, and any Related Party of any of the foregoing Persons (each such Person being called a “Protected Person”), on any theory of liability, for special, indirect, consequential or punitive damages (as opposed to direct or actual damages) arising out of, in connection with, or as a result of, this Loan Agreement, any other Loan Document or any agreement or instrument contemplated hereby, the transactions contemplated hereby or thereby, any Loan, or the use of the proceeds thereof. No Protected Person shall be liable for any damages arising from the use by unintended recipients of any information or other materials distributed by it through telecommunications, electronic or other information transmission systems in connection with this Loan Agreement or the other Loan Documents or the transactions contemplated hereby or thereby.

(e) Payments. All amounts due under this Section shall be payable promptly after demand therefor.

(f) Survival. Each party’s obligations under this Section shall survive the termination of the Loan Documents and payment of the obligations hereunder and the resignation and removal of any Agent.

SECTION 8.04 Successors and Assigns.

(a) Successors and Assigns Generally. The provisions of this Loan Agreement shall be binding upon and inure to the benefit of the parties hereto and their respective successors and assigns permitted hereby, except that the Borrower may not assign or otherwise transfer any of its rights or obligations hereunder without the prior written consent of the Administrative Agent and each Lender (and any other attempted assignment or transfer by any party hereto shall be null and void), and no Lender may assign or otherwise transfer any of its rights or obligations hereunder except (i) to an assignee in accordance with the provisions of paragraph (b) of this Section, (ii) by way of participation in accordance with the provisions of paragraph (d) of this Section, or (iii) by way of pledge or assignment of a security interest subject to the restrictions of paragraph (e) of this Section. Nothing in this Loan Agreement, expressed or implied, shall be construed to confer upon any Person (other than the parties hereto, their respective successors and assigns permitted hereby, Participants to the extent provided in paragraph (d) of this Section and, to the extent expressly contemplated hereby, the Related Parties of each of the Administrative Agent and the Lenders) any legal or equitable right, remedy or claim under or by reason of this Loan Agreement.

(b) Assignments by Lenders. Any Lender may at any time assign to one or more assignees all or a portion of its rights and obligations under this Loan Agreement (including all or a portion of its Commitment and the Loans at the time owing to it); provided that any such assignment shall be subject to the following conditions:

(i) Minimum Amounts.

(A) in the case of an assignment of the entire remaining amount of the assigning Lender's Commitment or the Loans at the time owing to it or contemporaneous assignments to or by related Approved Funds (determined after giving effect to such assignments) that equal at least the amount specified in paragraph (b)(i)(B) of this Section in the aggregate or in the case of an assignment to a Lender, an Affiliate of a Lender or an Approved Fund, no minimum amount need be assigned; and

(B) in any case not described in paragraph (b)(i)(A) of this Section, the aggregate amount of the Commitment (which for this purpose includes Loans outstanding thereunder) or, if the Commitment is not then in effect, the principal outstanding balance of the Loans of the assigning Lender subject to each such assignment (determined as of the date the Assignment and Assumption with respect to such assignment is delivered to the Administrative Agent or, if "Trade Date" is specified in the Assignment and Assumption, as of the Trade Date) shall not be less than \$5,000,000, unless each of the Administrative Agent and, so long as no Event of Default has occurred and is continuing, the Borrower otherwise consents (each such consent not to be unreasonably withheld or delayed).

(ii) Proportionate Amounts. Each partial assignment shall be made as an assignment of a proportionate part of all the assigning Lender's rights and obligations under this Loan Agreement with respect to the Loan or the Commitment assigned.

(iii) Borrower's Consents. Other than during an Event of Default, Assignment and Assumption by any of the Lenders require consent of the Borrower.

(iv) Assignment and Assumption. The parties to each assignment shall execute and deliver to the Administrative Agent an Assignment and Assumption, together with a processing and recordation fee of \$3,500; provided that the Administrative Agent may, in their sole discretion, elect to waive such processing and recordation fee in the case of any assignment.

Subject to acceptance and recording thereof by the Administrative Agent pursuant to paragraph (c) of this Section, from and after the effective date specified in each Assignment and Assumption, the assignee thereunder shall be a party to this Loan Agreement and, to the extent of the interest assigned by such Assignment and Assumption, have the rights and obligations of a Lender under this Loan Agreement, and the assigning Lender thereunder shall, to the extent of the interest assigned by such Assignment and Assumption, be released from its obligations under this Loan Agreement (and, in the case of an Assignment and Assumption covering all of the assigning Lender's rights and obligations under this Loan Agreement, such Lender shall cease to be a party hereto) but shall continue to be entitled to the benefits of Sections 2.09 and 8.03 with respect to facts and circumstances occurring prior to the effective date of such assignment. Any assignment or transfer by a Lender of rights or obligations under this Loan Agreement that does not comply with this paragraph shall be treated for purposes of this Loan Agreement as a sale by such Lender of a participation in such rights and obligations in accordance with paragraph (d) of this Section.

(c) Register. The Administrative Agent, acting solely for this purpose as an agent of the Borrower, shall maintain at one of its offices in New York, NY, a copy of each Assignment and Assumption delivered to it and a register for the recordation of the names and addresses of the Lenders, and the Commitments of, and principal amounts of the Loans owing to, each Lender pursuant to the terms hereof from time to time (the "Register"). The entries in the Register shall be conclusive absent manifest error, and the Borrower, the Administrative Agent and the Lenders shall treat each Person whose name is recorded in the Register pursuant to the terms hereof as a Lender hereunder for all purposes of this Loan Agreement. The Register shall be available for inspection by the Borrower and any Lender, at any reasonable time and from time to time upon reasonable prior notice.

(d) Participations. Any Lender may at any time, without the consent of, or notice to, the Borrower or the Administrative Agent, sell participations to any Person (other than a natural person, or a holding company, investment vehicle or trust for, or owned and operated for the primary benefit of, a natural person, or the Borrower or any of the Borrower's Affiliates or Subsidiaries) (each, a "Participant") in all or a portion of such Lender's rights or obligations under this Loan Agreement (including all or a portion of its Commitment or the Loans owing to it); provided that (i) such Lender's obligations under this Loan Agreement shall remain unchanged, (ii) such Lender shall remain solely responsible to the other parties hereto for the performance of such obligations, and (iii) the Borrower, the Administrative Agent and Lenders shall continue to deal solely and directly with such Lender in connection with such Lender's rights and obligations under this Loan Agreement. For the avoidance of doubt, each Lender shall be responsible for the indemnity under Section 8.03(b) with respect to any payments made by such Lender to its Participant(s).

Any agreement or instrument pursuant to which a Lender sells such a participation shall provide that such Lender shall retain the sole right to enforce this Loan Agreement and to approve any amendment, modification or waiver of any provision of this Loan Agreement; provided that such agreement or instrument may provide that such Lender will not, without the consent of the Participant, agree to any amendment, modification or waiver with respect to those items set forth in clauses (i)-(vii) of Section 8.02(b)(1) that affects such Participant. The Borrower agrees that each Participant shall be entitled to the benefits of Section 2.09 (subject to the requirements and limitations therein, including the requirements under Section 2.09(g) (it being understood that the documentation required under Section 2.09(g) shall be delivered to the participating Lender)) to the same extent as if it were a Lender and had acquired its interest by assignment pursuant to paragraph (b) of this Section; provided that such Participant (A) agrees to be subject to the provisions of Section 2.10 as if it were an assignee under paragraph (b) of this Section; and (B) shall not be entitled to receive any greater payment under Section 2.09, with respect to any participation, than its participating Lender would have been entitled to receive, except to the extent such entitlement to receive a greater payment results from a Change in Law that occurs after the Participant acquired the applicable participation. Each Lender that sells a participation agrees, at the Borrower's request and expense, to use reasonable efforts to cooperate with the Borrower to

effectuate the provisions of Section 2.10(b) with respect to any Participant. Each Lender that sells a participation shall, acting solely for this purpose as a non-fiduciary agent of the Borrower, maintain a register on which it enters the name and address of each Participant and the principal amounts of each Participant's interest in the Loans or other obligations under the Loan Documents (the "Participant Register"); provided that no Lender shall have any obligation to disclose all or any portion of the Participant Register (including the identity of any Participant or any information relating to a Participant's interest in any commitments, loans or its other obligations under any Loan Document) to any Person except to the extent that such disclosure is necessary to establish that such commitment, loan or other obligation is in registered form under Section 5f.103-1(c) of the United States Treasury Regulations and Section 1.163-5(b) of the United States Proposed Treasury Regulations (or, in each case, any amended or successor version). The entries in the Participant Register shall be conclusive absent manifest error, and such Lender shall treat each Person whose name is recorded in the Participant Register as the owner of such participation for all purposes of this Loan Agreement notwithstanding any notice to the contrary. For the avoidance of doubt, the Administrative Agent (in its capacity as Administrative Agent) shall not have any responsibility for maintaining a Participant Register.

(e) Certain Pledges. Any Lender may at any time pledge or assign a security interest in all or any portion of its rights under this Loan Agreement to secure obligations of such Lender, including any pledge or assignment to secure obligations to a Federal Reserve Bank; provided that no such pledge or assignment shall release such Lender from any of its obligations hereunder or substitute any such pledgee or assignee for such Lender as a party hereto.

SECTION 8.05 Survival. All covenants, agreements, representations and warranties made by the Borrower herein and in any Loan Document or other documents delivered in connection herewith or therewith or pursuant hereto or thereto shall be considered to have been relied upon by the other parties hereto and shall survive the execution and delivery hereof and thereof and the making of the Borrowings hereunder, regardless of any investigation made by any such other party or on its behalf and notwithstanding that the Administrative Agent or any Lender may have had notice or knowledge of any Default at the time of any Borrowing, and shall continue in full force and effect as long as any Loan or any other Obligation hereunder shall remain unpaid or unsatisfied and so long as the Commitments have not expired or been terminated. The provisions of Sections 8.03, 8.14 and Article VIII shall survive and remain in full force and effect regardless of the consummation of the transactions contemplated hereby, the payment in full of the Obligations, the expiration or termination of the Commitments or the termination of this Loan Agreement or any provision hereof.

SECTION 8.06 Counterparts; Integration; Effectiveness; Electronic Execution.

(a) Counterparts; Integration; Effectiveness. This Loan Agreement and the other Loan Documents, and any separate letter agreements with respect to fees payable to the Administrative Agent, constitute the entire contract among the parties relating to the subject matter hereof and supersede any and all previous agreements and understandings, oral or written, relating to the subject matter hereof. Except as provided in Section 4.01, this Loan Agreement shall become effective when it shall have been executed by the Administrative Agent and when the Administrative Agent shall have received counterparts hereof that, when taken together, bear the signatures of each of the other parties hereto. Delivery of an executed counterpart of a signature page of this Loan Agreement by facsimile or in electronic (e.g., "pdf" or "tif") format shall be effective as delivery of a manually executed counterpart of this Loan Agreement.

(b) Electronic Execution of Loan Documents. The words "execution," "signed," "signature," and words of like import in this Loan Agreement and the other Loan Documents, including any Assignment and Assumption, shall be deemed to include electronic signatures or electronic records, each of which shall be of the same legal effect, validity or enforceability as a manually executed signature or the use of a paper-based recordkeeping system, as the case may be, to the extent and as provided for in any Applicable Law, including the Federal Electronic Signatures in Global and National Commerce Act,

the New York State Electronic Signatures and Records Act, or any other similar state laws based on the Uniform Electronic Transactions Act.

SECTION 8.07 Severability. If any provision of this Loan Agreement or the other Loan Documents is held to be illegal, invalid or unenforceable, (a) the legality, validity and enforceability of the remaining provisions of this Loan Agreement and the other Loan Documents shall not be affected or impaired thereby and (b) the parties shall endeavor in good faith negotiations to replace the illegal, invalid or unenforceable provisions with valid provisions the economic effect of which comes as close as possible to that of the illegal, invalid or unenforceable provisions. The invalidity of a provision in a particular jurisdiction shall not invalidate or render unenforceable such provision in any other jurisdiction.

SECTION 8.08 Governing Law; Jurisdiction; Etc.

(a) **Governing Law.** This Agreement and the other Loan Documents, and any claims, controversy, dispute or cause of action (whether in contract or tort or otherwise) based upon, arising out of or relating to this Loan Agreement or any other Loan Document (except, as to any other Loan Document, as expressly set forth therein) and the transactions contemplated hereby and thereby shall be governed by, and construed in accordance with, the law of the State of New York.

(b) **Jurisdiction.** The Borrower irrevocably and unconditionally agrees that it will not commence any action, litigation or proceeding of any kind or description, whether in law or equity, whether in contract or in tort or otherwise, against the Administrative Agent, any Lender, or any Related Party of the foregoing in any way relating to this Loan Agreement or any other Loan Document or the transactions relating hereto or thereto, in any forum other than the courts of the State of New York or any United States federal court, sitting in the Borough of Manhattan, in the City of New York, New York, United States, and each of the parties hereto irrevocably and unconditionally submits to the jurisdiction of such courts and agrees that all claims in respect of any such action, litigation or proceeding may be heard and determined in such New York State court or, to the fullest extent permitted by Applicable Law, in such federal court. Each of the parties hereto agrees that a final judgment in any such action, litigation or proceeding shall be conclusive and may be enforced in other jurisdictions by suit on the judgment or in any other manner provided by law. Nothing in this Loan Agreement or in any other Loan Document shall affect any right that the Administrative Agent or any Lender may otherwise have to bring any action or proceeding relating to this Loan Agreement or any other Loan Document against the Borrower or its properties in the courts of any jurisdiction.

(c) **Waiver of Venue.** The Borrower irrevocably and unconditionally waives, to the fullest extent permitted by Applicable Law, any objection that it may now or hereafter have to the laying of venue of any action or proceeding arising out of or relating to this Loan Agreement or any other Loan Document in any court referred to in paragraph (b) of this Section. Each of the parties hereto hereby irrevocably waives, to the fullest extent permitted by Applicable Law, the defense of an inconvenient forum to the maintenance of such action or proceeding in any such court.

(d) **Service of Process.**

(i) Other than as set forth in clauses (ii) and (iii) below, each party hereto irrevocably consents to service of process in the manner provided for notices in Section 8.01. Nothing in this Loan Agreement will affect the right of any party hereto to serve process in any other manner permitted by Applicable Law.

(ii) The Borrower has validly and effectively appointed Cogency Global Inc. (the "Process Agent"), with offices on the date hereof at East 40th Street, 10th Floor, New York, NY 10016, as its authorized agent upon which process may be served in any action, suit or proceeding referred to in Section 8.08(b). If for any reason such agent hereunder shall cease to be available to act as such, the Borrower agrees to designate a new agent in the Borough of

Manhattan, in the City of New York, New York on the terms and for the purposes of this Section reasonably satisfactory to the Administrative Agent. The Borrower further hereby irrevocably consents and agrees to the service of any and all legal process, summons, notices and documents in any such action, suit or proceeding against the Borrower by serving a copy thereof upon the relevant agent for service of process referred to in this Section (whether or not the appointment of such agent shall for any reason prove to be ineffective or such agent shall accept or acknowledge such service) or by mailing copies thereof by registered or certified air mail, postage prepaid to the Borrower at its address specified in or designated pursuant to this Loan Agreement. The Borrower agrees that the failure of any such designee, appointee and agent to give any notice of such service to it shall not impair or affect in any way the validity of such service or any judgment rendered in any action or proceeding based thereon. The Borrower further agrees to take any and all action, including the execution and filing of any and all such documents and instruments as may be necessary to continue such designation and appointment of the Process Agent in full force and effect so long as this Loan Agreement shall be in full force and effect; *provided* that the Borrower may and shall (to the extent the Process Agent ceases to be able to be served on the basis contemplated herein), by written notice to the Administrative Agent, designate such additional or alternative agents for service of process under this Section that (i) maintain an office located in the Borough of Manhattan, The City of New York in the State of New York, (ii) are either (x) counsel for the Borrower or (y) a corporate service company which acts as agent for service of process for other Persons in the ordinary course of its business and (iii) agree to act as agent for service of process in accordance with this Section. Such notice shall identify the name of such agent for process and the address of such agent for process in the Borough of Manhattan, The City of New York, State of New York. Upon the written request of any Lender, the Administrative Agent shall deliver such information to such Lender.

(iii) Notwithstanding the foregoing, there shall, at all times, be at least one agent for service of process for the Borrower appointed and acting in accordance with this Section. Nothing herein shall in any way be deemed to limit the ability of the Lenders and the Administrative Agent to serve any such legal process, summons, notices and documents in any other manner permitted by applicable law or to obtain jurisdiction over the Borrower or bring actions, suits or proceedings against the Borrower in such other jurisdictions, and in such manner, as may be permitted by applicable law. The Borrower irrevocably and unconditionally waives, to the fullest extent permitted by law, any objection which it may now or hereafter have to the laying of venue of any of the aforesaid actions, suits or proceedings arising out of or in connection with this Loan Agreement brought in the courts of the State of New York or any United States federal court sitting in the Borough of Manhattan, in the City of New York, New York, United States and hereby further irrevocably and unconditionally waives and agrees, to the fullest extent permitted by law, not to plead or claim in any such court that any such action, suit or proceeding brought in any such court has been brought in an inconvenient forum.

(e) Currency.

(i) If for the purpose of obtaining judgment in any court it is necessary to convert a sum due hereunder to a Lender from U.S. dollars into another currency, the Borrower has agreed, and each Lender will be deemed to have agreed, to the fullest extent that it may effectively do so, that the rate of exchange used shall be that at which in accordance with normal banking procedures such Lender could purchase U.S. dollars with such other currency in New York City, New York on the day two Business Days preceding the day on which final judgment is given.

(ii) U.S. Dollars are the sole currency of account and payment for all sums due and payable by the Borrower under this Loan Agreement. The obligation of each of the Borrower in respect of any sum due to any Lender or the Administrative Agent in U.S. Dollars shall only be discharged by payment to such recipient in U.S. Dollars. The obligation of the Borrower in respect

of any sum payable by it to a Lender shall, notwithstanding any judgment in a currency (the “judgment currency”) other than U.S. dollars, be discharged only to the extent that on the Business Day following receipt by such Lender of any sum adjudged to be so due in the judgment currency, such Lender may in accordance with normal banking procedures purchase U.S. dollars with the judgment currency; if the amount of U.S. dollars so purchased is less than the sum originally due to such Lender in the judgment currency (determined in the manner set forth in the preceding paragraph), the Borrower agrees, as a separate and independent obligation and notwithstanding any such judgment, to indemnify such Lender against such loss, and if the amount of the U.S. dollars so purchased exceeds the sum originally due to such Lender, such Lender agrees to remit to the Borrower such excess; *provided*, that such Lender shall have no obligation to remit any such excess as long as the Borrower shall have not failed to pay such Lender any obligations due and payable under the Loan, and if it shall have failed then, such excess may be applied to such obligations of the Borrower under this Loan Agreement.

SECTION 8.09 WAIVER OF JURY TRIAL. EACH OF THE PARTIES HERETO HEREBY IRREVOCABLY WAIVE, TO THE FULLEST EXTENT PERMITTED BY APPLICABLE LAW, ANY AND ALL RIGHT TO TRIAL BY JURY IN ANY LEGAL PROCEEDING ARISING OUT OF OR RELATING TO THIS AGREEMENT, THE LOANS OR THE TRANSACTIONS CONTEMPLATED HEREBY OR THEREBY.

SECTION 8.10 Headings. Article and Section headings and the Table of Contents used herein are for convenience of reference only, are not part of this Loan Agreement and shall not affect the construction of, or be taken into consideration in interpreting, this Loan Agreement.

SECTION 8.11 Treatment of Certain Information; Confidentiality. Each of the Administrative Agent and the Lenders agree to maintain the confidentiality of the Information (as defined below), except that Information may be disclosed (a) to its branches and Affiliates and to its Related Parties (it being understood that the Persons to whom such disclosure is made will be informed of the confidential nature of such Information and instructed to keep such Information confidential); (b) to the extent required or requested by any regulatory authority purporting to have jurisdiction over such Person or its Related Parties (including any self-regulatory authority, such as the National Association of Insurance Commissioners); (c) to the extent required by Applicable Laws or by any subpoena or similar legal process; (d) to any other party hereto; (e) in connection with the exercise of any remedies hereunder or under any other Loan Document or any action or proceeding relating to this Loan Agreement or any other Loan Document or the enforcement of rights hereunder or thereunder; (f) subject to an agreement containing provisions substantially the same as (or no less restrictive than) those of this Section, to (i) any assignee of or Participant in, or any prospective assignee of or Participant in, any of its rights and obligations under this Loan Agreement, or (ii) any actual or prospective party (or its Related Parties) to any swap, derivative or other transaction under which payments are to be made by reference to the Borrower and its obligations, this Loan Agreement or payments hereunder; (g) on a confidential basis to (i) any rating agency in connection with rating the Borrower or its Subsidiaries or any Facility or (ii) the CUSIP Service Bureau or any similar agency in connection with the issuance and monitoring of CUSIP numbers with respect to any Facility; (h) with the consent of the Borrower; or (i) to the extent such Information (x) becomes publicly available other than as a result of a breach of this Section, or (y) becomes available to the Administrative Agent, any Lender or any of their respective branches or Affiliates on a nonconfidential basis from a source other than the Borrower who did not acquire such information as a result of a breach of this Section. In addition, the Administrative Agent and the Lenders may disclose the existence of this Loan Agreement and information about this Loan Agreement to market data collectors, similar service providers to the lending industry and service providers to the Administrative Agent or any Lender in connection with the administration of this Loan Agreement, the other Loan Documents, and the Commitments.

For purposes of this Section, “Information” means all information received from the Borrower or any of its Subsidiaries relating to the Borrower or any of its Subsidiaries or any of their

respective businesses, other than any such information that is available to the Administrative Agent or any Lender on a nonconfidential basis prior to disclosure by the Borrower or any of its Subsidiaries; provided that, in the case of information received from the Borrower or any of its Subsidiaries after the date hereof, such information is clearly identified at the time of delivery as confidential. Any Person required to maintain the confidentiality of Information as provided in this Section shall be considered to have complied with its obligation to do so if such Person has exercised the same degree of care to maintain the confidentiality of such Information as such Person would accord to its own confidential information.

SECTION 8.12 PATRIOT Act. Each Lender subject to the PATRIOT Act hereby notifies the Borrower that, pursuant to the requirements of the PATRIOT Act, it may be required to obtain, verify and record information that identifies the Borrower, which information includes the name and address of the Borrower and other information that will allow such Lender to identify the Borrower in accordance with the PATRIOT Act.

SECTION 8.13 Payments Set Aside. To the extent that any payment by or on behalf of the Borrower is made to the Administrative Agent or any Lender, or the Administrative Agent or any Lender exercises its right of setoff, and such payment or the proceeds of such setoff or any part thereof is subsequently invalidated, declared to be fraudulent or preferential, set aside or required (including pursuant to any settlement entered into by the Administrative Agent or such Lender in its discretion) to be repaid to a trustee, receiver or any other party, in connection with any proceeding under the U.S. Bankruptcy Code or otherwise, then (a) to the extent of such recovery, the obligation or part thereof originally intended to be satisfied shall be revived and continued in full force and effect as if such payment had not been made or such setoff had not occurred, and (b) each Lender severally agrees to pay to the Administrative Agent upon demand its applicable share (without duplication) of any amount so recovered from or repaid by the Administrative Agent, plus interest thereon from the date of such demand to the date such payment is made at a rate per annum equal to the greater of the Federal Funds Rate from time to time in effect and a rate determined by the Administrative Agent in accordance with banking industry rules on interbank compensation.

SECTION 8.14 No Advisory or Fiduciary Responsibility. In connection with all aspects of each transaction contemplated hereby (including in connection with any amendment, waiver or other modification hereof or of any other Loan Document), the Borrower acknowledges and agrees, and acknowledges its Affiliates' understanding, that: (a) (i) no fiduciary, advisory or agency relationship between the Borrower and its Subsidiaries, the Administrative Agent or any Lender is intended to be or has been created in respect of the transactions contemplated hereby or by the other Loan Documents, irrespective of whether the Administrative Agent or any Lender has advised or is advising the Borrower or any Subsidiary on other matters, (ii) the arranging and other services regarding this Loan Agreement provided by the Administrative Agent and the Lenders are arm's-length commercial transactions between the Borrower and its Affiliates, on the one hand, and the Administrative Agent and the Lenders, on the other hand, (iii) the Borrower has consulted its own legal, accounting, regulatory and tax advisors to the extent that it has deemed appropriate and (iv) the Borrower is capable of evaluating, and understands and accepts, the terms, risks and conditions of the transactions contemplated hereby and by the other Loan Documents; and (b) (i) the Administrative Agent and the Lenders each is and has been acting solely as a principal and, except as expressly agreed in writing by the relevant parties, has not been, is not, and will not be acting as an advisor, agent or fiduciary for the Borrower or any of its Affiliates, or any other Person; (ii) none of the Administrative Agent and the Lenders has any obligation to the Borrower or any of its Affiliates with respect to the transactions contemplated hereby except those obligations expressly set forth herein and in the other Loan Documents; and (iii) the Administrative Agent and the Lenders and their respective branches and Affiliates may be engaged, for their own accounts or the accounts of customers, in a broad range of transactions that involve interests that differ from those of the Borrower and its Affiliates, and none of the Administrative Agent and the Lenders has any obligation to disclose any of such interests to the Borrower or its Affiliates. To the fullest extent permitted by Law, the Borrower hereby waives and releases any claims that it may have

against any of the Administrative Agent and the Lenders with respect to any breach or alleged breach of agency or fiduciary duty in connection with any aspect of any transaction contemplated hereby.

SECTION 8.15 Acknowledgement and Consent to Bail-In of Affected Financial Institutions. Notwithstanding anything to the contrary in any Loan Document or in any other agreement, arrangement or understanding among any such parties, each party hereto acknowledges that any liability of any Affected Financial Institution arising under any Loan Document, to the extent such liability is unsecured, may be subject to the write-down and conversion powers of the applicable Resolution Authority and agrees and consents to, and acknowledges and agrees to be bound by:

(a) the application of any Write-Down and Conversion Powers by the applicable Resolution Authority to any such liabilities arising hereunder that may be payable to it by any party hereto that is an Affected Financial Institution; and

(b) the effects of any Bail-In Action on any such liability, including, if applicable:

(i) a reduction in full or in part or cancellation of any such liability;

In the event of any conflict between the records maintained by any Lender and the records maintained by the Administrative Agent in such matters, the records of the Administrative Agent shall control in the absence of manifest error.

SECTION 2.07 Payments Generally; Several Obligations of Lenders.

(a) Payments by Borrower. All payments to be made by the Borrower hereunder and the other Loan Documents shall be made without condition or deduction for any counterclaim, defense, recoupment or setoff. Except as otherwise expressly provided herein, all such payments shall be made to the Administrative Agent, for the account of the respective Lenders to which such payment is owed, at the Administrative Agent's Office in immediately available funds not later than 12:00 noon (New York City time) on the date specified herein. The Administrative Agent will promptly distribute to each Lender its ratable share (or other applicable share as provided herein) of such payment in like funds as received by wire transfer to such Lender's applicable lending office (or otherwise distribute such payment in like funds as received to the Person or Persons entitled thereto as provided herein). If any payment to be made by the Borrower shall fall due on a day that is not a Business Day, payment shall be made on the next succeeding Business Day and such extension of time shall be reflected in computing fees,; provided that, if such next succeeding Business Day would fall after the Maturity Date, payment shall be made on the immediately preceding Business Day. Except as otherwise expressly provided herein, all payments hereunder or under any other Loan Document shall be made in Dollars.

(b) Application of Insufficient Payments. Subject to Section 7.02, if at any time insufficient funds are received by and available to the Administrative Agent to pay fully all amounts of

principal, fees and other amounts then due hereunder, such funds shall be applied (i) first, to pay fees, expenses and other amounts then due to the Administrative Agent hereunder, (ii) second, to pay fees and other amounts then due to the Lenders hereunder ratably among the parties entitled thereto in accordance with the amounts of fees and other amounts then due to such parties, and (iii) third, to pay principal then due hereunder, ratably among the parties entitled thereto in accordance with the amounts of principal then due to such parties.

(c) Presumptions by Administrative Agent. Unless the Administrative Agent shall have received notice from the Borrower prior to the date on which any payment is due to the Administrative Agent for the account of the Lenders hereunder that the Borrower will not make such payment, the Administrative Agent may assume that the Borrower has made such payment on such date in accordance herewith and may (but shall not be obligated to), in reliance upon such assumption, distribute to the Lenders the amount due. In such event, if the Borrower has not in fact made such payment, then each of the Lenders severally agrees to repay to the Administrative Agent forthwith on demand the amount so distributed to such Lender, with interest thereon, for each day from and including the date such amount is distributed to it to but excluding the date of payment to the Administrative Agent, at the greater of the Federal Funds Rate and a rate determined by the Administrative Agent in accordance with banking industry rules on interbank compensation.

(d) Deductions by Administrative Agent. If any Lender shall fail to make any payment required to be made by it pursuant to Section 8.03(c), then the Administrative Agent may, in its discretion and notwithstanding any contrary provision hereof, (i) apply any amounts thereafter received by the Administrative Agent for the account of such Lender for the benefit of the Administrative Agent to satisfy such Lender's obligations to the Administrative Agent until all such unsatisfied obligations are fully paid or (ii) hold any such amounts in a segregated account as cash collateral for, and for application to, any future funding obligations of such Lender under any such Section, in the case of each of clauses (i) and (ii) above, in any order as determined by the Administrative Agent in its discretion.

(e) Several Obligations of Lenders. The obligations of the Lenders hereunder, including any obligations to make payments pursuant to Section 8.03(c), are several and not joint. The failure of any Lender to make any such payment on any date required hereunder shall not relieve any other Lender of its corresponding obligation to do so on such date, and no Lender shall be responsible for the failure of any other Lender to make its payment under Section 8.03(c).

SECTION 2.08 Sharing of Payments. If any Lender shall, by exercising any right of setoff or counterclaim or otherwise, obtain payment in respect of any principal of any of its Loans or other obligations hereunder resulting in such Lender receiving payment of a proportion of the aggregate amount of its Loans thereon or other such obligations greater than its pro rata share thereof as provided herein, then the Lender receiving such greater proportion shall (a) notify the Administrative Agent of such fact, and (b) purchase (for cash at face value) participations in the Loans and such other obligations of the other Lenders, or make such other adjustments as shall be equitable, so that the benefit of all such payments shall be shared by the Lenders ratably in accordance with the aggregate amount of principal of their respective Loans and other amounts owing them; provided that:

(i) if any such participations are purchased and all or any portion of the payment giving rise thereto is recovered, such participations shall be rescinded and the purchase price restored to the extent of such recovery, without interest; and

(ii) the provisions of this paragraph shall not be construed to apply to (x) any payment made by the Borrower pursuant to and in accordance with the express terms of this Loan Agreement (including the application of funds arising from the existence of a Disqualified Institution) or (y) any payment obtained by a Lender as consideration for the assignment of or sale

of a participation in any of its Loans to any assignee or participant, other than to the Borrower or any Subsidiary thereof (as to which the provisions of this paragraph shall apply).

The Borrower consents to the foregoing and agrees, to the extent it may effectively do so under Applicable Law, that any Lender acquiring a participation pursuant to the foregoing arrangements may exercise against the Borrower rights of setoff and counterclaim with respect to such participation as fully as if such Lender were a direct creditor of the Borrower in the amount of such participation.

SECTION 2.09 Taxes.

(a) Defined Terms. For purposes of this Section, the term “Applicable Law” includes FATCA.

(b) Payments Free of Taxes. Any and all payments by or on account of any obligation of the Borrower under any Loan Document shall be made without deduction or withholding for any Taxes, except as required by Applicable Law. If any Applicable Law (as determined in the good faith discretion of an applicable Withholding Agent) requires the deduction or withholding of any Tax from any such payment by a Withholding Agent, then the applicable Withholding Agent shall be entitled to make such deduction or withholding and shall timely pay the full amount deducted or withheld to the relevant Governmental Authority in accordance with Applicable Law and, if such Tax is an Indemnified Tax, then the sum payable by the Borrower shall be increased as necessary so that after such deduction or withholding has been made (including such deductions and withholdings applicable to additional sums payable under this Section) the applicable Recipient receives an amount equal to the sum it would have received had no such deduction or withholding been made.

(c) Payment of Other Taxes by Borrower. The Borrower shall timely pay to the relevant Governmental Authority in accordance with Applicable Law, or at the option of the Administrative Agent timely reimburse it for the payment of, any Other Taxes.

(d) Indemnification by Borrower. The Borrower shall indemnify each Recipient, within 10 days after demand therefor, for the full amount of any Indemnified Taxes (including Indemnified Taxes imposed or asserted on or attributable to amounts payable under this Section) payable or paid by such Recipient or required to be withheld or deducted from a payment to such Recipient and any reasonable expenses arising therefrom or with respect thereto, whether or not such Indemnified Taxes were correctly or legally imposed or asserted by the relevant Governmental Authority. A certificate as to the amount of such payment or liability delivered to the Borrower by a Lender (with a copy to the Administrative Agent), or by the Administrative Agent on its own behalf or on behalf of a Lender, shall be conclusive absent manifest error.

(e) Indemnification by the Lenders. Each Lender shall severally indemnify the Administrative Agent, within 10 days after demand therefor, for (i) any Indemnified Taxes attributable to such Lender (but only to the extent that the Borrower has not already indemnified the Administrative Agent for such Indemnified Taxes and without limiting the obligation of the Borrower to do so), (ii) any Taxes attributable to such Lender’s failure to comply with the provisions of Section 8.04(d) relating to the maintenance of a Participant Register and (iii) any Excluded Taxes attributable to such Lender, in each case, that are payable or paid by the Administrative Agent in connection with any Loan Document, and any reasonable expenses arising therefrom or with respect thereto, whether or not such Taxes were correctly or legally imposed or asserted by the relevant Governmental Authority. A certificate as to the amount of such payment or liability delivered to any Lender by the Administrative Agent shall be conclusive absent manifest error. Each Lender hereby authorizes the Administrative Agent to set off and apply any and all amounts at any time owing to such Lender under any Loan Document or otherwise payable by the Administrative Agent to the Lender from any other source against any amount due to the Administrative Agent under this paragraph (e).

(f) Evidence of Payments. As soon as practicable after any payment of Taxes by the Borrower to a Governmental Authority pursuant to this Section, the Borrower shall deliver to the Administrative Agent the original or a certified copy of a receipt issued by such Governmental Authority evidencing such payment, a copy of the return reporting such payment or other evidence of such payment reasonably satisfactory to the Administrative Agent.

(g) Status of Lenders. Any Lender that is entitled to an exemption from or reduction of withholding Tax with respect to payments made under any Loan Document shall deliver to the Borrower and the Administrative Agent, at the time or times reasonably requested by the Borrower or the Administrative Agent, such properly completed and executed documentation reasonably requested by the Borrower or the Administrative Agent as will permit such payments to be made without withholding or at a reduced rate of withholding. In addition, any Lender, if reasonably requested by the Borrower or the Administrative Agent, shall deliver such other documentation prescribed by Applicable Law or reasonably requested by the Borrower or the Administrative Agent as will enable the Borrower or the Administrative Agent to determine whether or not such Lender is subject to backup withholding or information reporting requirements. Each Lender agrees that if any form or certification it previously delivered expires or becomes obsolete or inaccurate in any respect, it shall update such form or certification or promptly notify the Borrower and the Administrative Agent in writing of its legal inability to do so.

(h) Treatment of Certain Refunds. If any party determines, in its sole discretion exercised in good faith, that it has received a refund of any Taxes as to which it has been indemnified pursuant to this Section (including by the payment of additional amounts pursuant to this Section), it shall pay to the indemnifying party an amount equal to such refund (but only to the extent of indemnity payments made under this Section with respect to the Taxes giving rise to such refund), net of all out-of-pocket expenses (including Taxes) of such indemnified party and without interest (other than any interest paid by the relevant Governmental Authority with respect to such refund). Such indemnifying party, upon the request of such indemnified party, shall repay to such indemnified party the amount paid over pursuant to this paragraph (h) (plus any penalties, interest or other charges imposed by the relevant Governmental Authority) in the event that such indemnified party is required to repay such refund to such Governmental Authority. Notwithstanding anything to the contrary in this paragraph (h), in no event will the indemnified party be required to pay any amount to an indemnifying party pursuant to this paragraph (h) the payment of which would place the indemnified party in a less favorable net after-Tax position than the indemnified party would have been in if the Tax subject to indemnification and giving rise to such refund had not been deducted, withheld or otherwise imposed and the indemnification payments or additional amounts with respect to such Tax had never been paid. This paragraph shall not be construed to require any indemnified party to make available its Tax returns (or any other information relating to its Taxes that it deems confidential) to the indemnifying party or any other Person.

(i) Survival. Each party's obligations under this Section shall survive the resignation or replacement of the Administrative Agent or any assignment of rights by, or the replacement of, a Lender, the termination of the Commitments, the expiration or cancellation of all letters of credit and the repayment, satisfaction or discharge of all obligations under any Loan Document.

SECTION 2.10 Mitigation Obligations; Replacement of Lenders

(a) Designation of a Different Lending Office. If any Lender requests compensation, or requires the Borrower to pay any Indemnified Taxes or additional amounts to any Lender or any Governmental Authority for the account of any Lender pursuant to Section 2.09, then such Lender shall (at the request of the Borrower) use reasonable efforts to designate a different lending office for funding or booking its Loans hereunder or to assign its rights and obligations hereunder to another of its offices, branches or affiliates, if, in the judgment of such Lender, such designation or assignment (i) would eliminate or reduce amounts payable pursuant to Section 2.09, as the case may be, in the future, and (ii) would not subject such Lender to any unreimbursed cost or expense and would not otherwise be

disadvantageous to such Lender. The Borrower hereby agrees to pay all reasonable costs and expenses incurred by any Lender in connection with any such designation or assignment.

(b) Replacement of Lenders. If the Borrower is required to pay any Indemnified Taxes or additional amounts to any Lender or any Governmental Authority for the account of any Lender pursuant to Section 2.09 and, in each case, such Lender has declined or is unable to designate a different lending office in accordance with paragraph (a) of this Section, or if any Lender is a Non-Consenting Lender, then the Borrower may, at its sole expense and effort, upon notice to such Lender and the Administrative Agent, require such Lender to assign and delegate, without recourse (in accordance with and subject to the restrictions contained in, and consents required by, Section 8.04), all of its interests, rights (other than its existing rights to payments pursuant to Section 2.09) and obligations under this Loan Agreement and the related Loan Documents to an Eligible Assignee that shall assume such obligations (which assignee may be another Lender, if a Lender accepts such assignment); provided that:

(i) the Borrower shall have paid to the Administrative Agent the assignment fee (if any) specified in Section 8.04;

(ii) such Lender shall have received payment of an amount equal to the outstanding principal of its Loans, accrued fees and all other amounts payable to it hereunder and under the other Loan Documents from the assignee (to the extent of such outstanding principal and fees) or the Borrower (in the case of all other amounts);

(iii) in the case of any such assignment resulting from a claim for payments required to be made pursuant to Section 2.09, such assignment will result in a reduction in such payments thereafter;

(iv) such assignment does not conflict with Applicable Law; and

(v) in the case of any assignment resulting from a Lender becoming a Non-Consenting Lender, the applicable assignee shall have consented to the applicable amendment, waiver or consent.

A Lender shall not be required to make any such assignment or delegation if, prior thereto, as a result of a waiver by such Lender or otherwise, the circumstances entitling the Borrower to require such assignment and delegation cease to apply.

(a) Executed Counterparts. The Administrative Agent shall have received from each party hereto a counterpart of this Loan Agreement signed on behalf of such party (or written evidence satisfactory to the Administrative Agent (which may include telecopy transmission of a signed signature page to this Loan Agreement) that such party has signed a counterpart of this Loan Agreement).

(b) Opinion of Counsel to Borrower. The Administrative Agent shall have received an opinion of White & Case LLP, counsel to the Borrower, addressed to the Administrative Agent and the Lenders and dated the Closing Date, in form and substance satisfactory to the Administrative Agent (and the Borrower hereby instructs such counsel to deliver such opinion to such Persons).

For the avoidance of doubt, the Borrower shall be permitted to refinance, replace and/or extend all or any portion of the Borrower's Indebtedness, and any such refinancing, replacement or extended Indebtedness may be issued and/or guaranteed by the Borrower or any Subsidiary on a full or non-recourse basis, be secured by any assets and/or any other assets of the Borrower and its Subsidiaries, and have a right to payment senior to the Loans.

ARTICLE VI

then, and in every such event (other than an event with respect to the Borrower described in clause (d), (e) or (f) of this Section), and at any time thereafter during the continuance of such event, the Administrative Agent may, and at the request of the Required Lenders shall, by notice to the Borrower, take any or all of the following actions, at the same or different times declare the Loans then outstanding to be due and payable in whole (or in part, in which case any principal not so declared to be due and payable may thereafter be declared to be due and payable), and thereupon the principal of the Loans so declared to be due and payable, together all fees and other Obligations of the Borrower accrued hereunder, shall become due and payable immediately, without presentment, demand, protest or other notice of any kind, all of which are hereby waived by the Borrower, provided that, in case of any event with respect to the Borrower described in clause (d), (e) or (f) of this Section, the principal of the Loans then outstanding, together with all fees and other Obligations accrued hereunder, shall automatically become due and payable, in each case without presentment, demand, protest or other notice of any kind, all of which are hereby waived by the Borrower.

ARTICLE VII

AGENCY

SECTION 7.01 Appointment and Authority. Each of the Lenders hereby irrevocably appoints Kroll Agency Services (US) LLC to act on its behalf as the Administrative Agent hereunder and under the other Loan Documents and authorizes the Administrative Agent, subject to the terms and conditions hereunder, to take such actions on its behalf and to exercise such powers as are delegated to the Administrative Agent by the terms hereof or thereof, together with such actions and powers as are reasonably incidental thereto. The provisions of this Article are solely for the benefit of the Administrative Agent and the Lenders, and the Borrower shall not have rights as a third-party beneficiary of any of such provisions. It is understood and agreed that the use of the term “agent” herein or in any other Loan Documents (or any other similar term) with reference to the Administrative Agent is not intended to connote any fiduciary or other implied (or express) obligations arising under agency doctrine of any Applicable Law. Instead such term is used as a matter of market custom, and is intended to create or reflect only an administrative relationship between contracting parties.

SECTION 7.02 [Reserved.].

SECTION 7.03 Exculpatory Provisions.

(a) The Administrative Agent shall not have any duties or obligations except those expressly set forth herein and in the other Loan Documents, and its duties hereunder shall be administrative in nature. Without limiting the generality of the foregoing, and in the absence of its own gross negligence or willful misconduct as determined by a court of competent jurisdiction and nonappealable judgment, the Administrative Agent:

(i) shall not be subject to any fiduciary or other implied obligations or duties, regardless of whether a Default has occurred and is continuing;

(ii) shall not have any duty to take any discretionary action or exercise any discretionary powers, except discretionary rights and powers expressly contemplated hereby or by the other Loan Documents that the Administrative Agent is required to exercise as directed in writing by the Required Lenders (or such other number or percentage of the Lenders as shall be expressly provided for herein or in the other Loan Documents); provided that the Administrative Agent shall not be required to take any action that, in its opinion or the opinion of its counsel, may expose the Administrative Agent to liability or that is contrary to any Loan Document or Applicable Law, including for the avoidance of doubt any action that may be in violation of the automatic stay under the U.S. Bankruptcy Code;

(iii) shall not, except as expressly set forth herein and in the other Loan Documents, have any duty to disclose, and shall not be liable for the failure to disclose, any

information relating to the Borrower or any of its Affiliates that is communicated to or obtained by the Person serving as the Administrative Agent or any of its branches or Affiliates in any capacity;

(iv) shall not in any event be responsible or liable for any failure or delay in the performance of its obligations hereunder arising out of or caused by, directly or indirectly, forces beyond its control, including, without limitation, strikes, work stoppages, accidents, acts of war or terrorism, civil or military disturbances, nuclear or natural catastrophes, epidemics, pandemics, or acts of God or the unavailability of the Federal Reserve Bank wire or facsimile or other wire or communication facility;

(v) shall not be responsible or liable for special, indirect, punitive or consequential loss or damage of any kind whatsoever (including, but not limited to, loss of profit) irrespective of whether the Administrative Agent has been advised of the likelihood of such loss or damage and regardless of the form of action; and

(vi) shall not be required to expend or risk its own funds or otherwise to incur in any liability, financial or otherwise, in the performance of any of its duties hereunder.

(b) The Administrative Agent shall not be liable for any action taken or not taken by it (i) with the consent or at the request of the Required Lenders (or such other number or percentage of the Lenders as shall be necessary, or as the Administrative Agent shall believe in good faith shall be necessary, under the circumstances), or (ii) in the absence of its own gross negligence or willful misconduct as determined by a court of competent jurisdiction by final and nonappealable judgment. The Administrative Agent shall be deemed not to have knowledge of any Default unless and until notice describing such Default is given to the Administrative Agent in writing by the Borrower or a Lender.

(c) The Administrative Agent shall not be responsible for or have any duty to ascertain or inquire into (i) any statement, warranty or representation made in or in connection with this Loan Agreement or any other Loan Document, (ii) the contents of any certificate, report or other document delivered hereunder or thereunder or in connection herewith or therewith, (iii) the performance or observance of any of the covenants, agreements or other terms or conditions set forth herein or therein or the occurrence of any Default, (iv) the validity, enforceability, effectiveness or genuineness of this Loan Agreement, any other Loan Document or any other agreement, instrument or document, or (v) the satisfaction of any condition set forth in Article IV or elsewhere herein, other than to confirm receipt of items expressly required to be delivered to the Administrative Agent.

(d) The Administrative Agent shall not be responsible or have any liability for, or have any duty to ascertain, inquire into, monitor or enforce, compliance with the provisions hereof relating to Disqualified Institutions. Without limiting the generality of the foregoing, the Administrative Agent shall not (i) be obligated to ascertain, monitor or inquire as to whether any Lender or Participant or prospective Lender or Participant is a Disqualified Institution or (ii) have any liability with respect to or arising out of any assignment or participation of Loans, or disclosure of confidential information, to any Disqualified Institution.

(e) Notwithstanding anything else to the contrary herein, whenever reference is made in this Loan Agreement, or any other Loan Document, to any discretionary action by, consent, designation, specification, requirement or approval of, notice, request or other communication from, or other direction given or action to be undertaken or to be (or not to be) suffered or omitted by the Administrative Agent, or to any election, decision, opinion, acceptance, use of judgment, expression of satisfaction or other exercise of discretion, rights or remedies to be made (or not to be made) by the Administrative Agent, it is understood that in all cases that the Administrative Agent shall be fully justified in failing or refusing to take any such action if it shall not have received written instruction, advice or concurrence from the Lenders (or such number or percentage of Lenders as may be expressly set forth in any Loan Document). Upon receipt of such written instruction, advice or concurrence from the Lenders (or such number or

percentage of Lenders as may be expressly set forth in any Loan Document), the Administrative Agent shall take such discretionary actions in accordance with such written instruction, advice or concurrence. The Administrative Agent shall not have any liability for any failure or delay in taking any actions contemplated above as a result of a failure or delay on the part of the Lenders to provide such instruction, advice or concurrence.

SECTION 7.04 Reliance by Administrative Agent. The Administrative Agent shall be entitled to rely upon, and shall not incur any liability for relying upon, any notice, request, certificate, consent, statement, instrument, document or other writing (including any electronic message, Internet or intranet website posting or other distribution) believed by it to be genuine and to have been signed, sent or otherwise authenticated by the proper Person. The Administrative Agent also may rely upon any statement made to it orally or by telephone and believed by it to have been made by the proper Person, and shall not incur any liability for relying thereon. In determining compliance with any condition hereunder to the making of a Loan that by its terms must be fulfilled to the satisfaction of a Lender, the Administrative Agent may presume that such condition is satisfactory to such Lender unless the Administrative Agent shall have received notice to the contrary from such Lender prior to the making of such Loan. The Administrative Agent may consult with legal counsel (who may be counsel for the Borrower), independent accountants and other experts selected by it, and shall not be liable for any action taken or not taken by it in accordance with the advice of any such counsel, accountants or experts.

SECTION 7.05 Delegation of Duties. The Administrative Agent may perform any and all of its duties and exercise its rights and powers hereunder or under any other Loan Document by or through any one or more sub-agents appointed by the Administrative Agent. The Administrative Agent and any such sub-agent may perform any and all of its duties and exercise its rights and powers by or through their respective Related Parties. The exculpatory provisions of this Article shall apply to any such sub-agent and to the Related Parties of the Administrative Agent and any such sub-agent, and shall apply to their respective activities in connection with the syndication of any Facility as well as activities as Administrative Agent. The Administrative Agent shall not be responsible for the negligence or misconduct of any sub-agents except to the extent that a court of competent jurisdiction determines in a final and nonappealable judgment that the Administrative Agent acted with gross negligence or willful misconduct in the selection of such sub-agents.

SECTION 7.06 Resignation of Administrative Agent.

(a) The Administrative Agent may at any time give notice of its resignation to the Lenders and the Borrower. Upon receipt of any such notice of resignation, the Required Lenders shall have the right, in consultation with the Borrower, to appoint a successor, which shall be a bank with an office in New York, NY, or an Affiliate of any such bank with an office in New York, NY. If no such successor shall have been so appointed by the Required Lenders and shall have accepted such appointment within 30 days after the retiring Administrative Agent gives notice of its resignation (or such earlier day as shall be agreed by the Required Lenders) (the “Resignation Effective Date”), then the retiring Administrative Agent may (but shall not be obligated to), on behalf of the Lenders, appoint a successor Administrative Agent meeting the qualifications set forth above. Whether or not a successor has been appointed, such resignation shall become effective in accordance with such notice on the Resignation Effective Date.

(b) With effect from the Resignation Effective Date (i) the retiring or removed Administrative Agent shall be discharged from its duties and obligations hereunder and under the other Loan Documents and (ii) except for any indemnity payments owed to the retiring or removed Administrative Agent, all payments, communications and determinations provided to be made by, to or through the Administrative Agent shall instead be made by or to each Lender directly, until such time, if any, as the Required Lenders appoint a successor Administrative Agent as provided for above. Upon the acceptance of a successor’s appointment as Administrative Agent hereunder, such successor shall succeed to and become vested with all of the rights, powers, privileges and duties of the retiring or removed

Administrative Agent (other than any rights to indemnity payments owed to the retiring or removed Administrative Agent), and the retiring or removed Administrative Agent shall be discharged from all of its duties and obligations hereunder or under the other Loan Documents. The fees payable by the Borrower to a successor Administrative Agent shall be the same as those payable to its predecessor unless otherwise agreed between the Borrower and such successor. After the retiring or removed Administrative Agent's resignation or removal hereunder and under the other Loan Documents, the provisions of this Article and Section 8.03 shall continue in effect for the benefit of such retiring or removed Administrative Agent, its sub-agents and their respective Related Parties in respect of any actions taken or omitted to be taken by any of them while the retiring or removed Administrative Agent was acting as Administrative Agent.

SECTION 7.07 Non-Reliance on Other Lenders. Each Lender expressly acknowledges that the Administrative Agent has made no representation or warranty to it, and that no act by the Administrative Agent hereafter taken, including any consent to, and acceptance of any assignment or review of the affairs of the Borrower or any Affiliate thereof, shall be deemed to constitute any representation or any warranty by the Administrative Agent to any Lender as to any matter, including whether the Administrative Agent has disclosed material information in its (or its Related Parties') possession. Each Lender represents to the Administrative Agent that it has, independently and without reliance upon the Administrative Agent or any other Lender or any of their Related Parties and based on such documents and information as it has deemed appropriate, made its own credit analysis of, appraisal of, and investigation into, the business, prospects, operations, property, financial and other condition and creditworthiness of the Borrower and its Subsidiaries, and all applicable bank or other regulatory Laws relating to the transactions contemplated hereby, and made its own decision to enter into this Loan Agreement and to extend credit to the Borrower hereunder. Each Lender also acknowledges that it will, independently and without reliance upon the Administrative Agent or any other Lender or any of their Related Parties and based on such documents and information as it shall from time to time deem appropriate, continue to make its own credit analysis, appraisal and decisions in taking or not taking action under or based upon this Loan Agreement, any other Loan Document or any related agreement or any document furnished hereunder or thereunder, and to make such investigations as it deems necessary to inform itself as to the business, prospects, operations, property, financial and other condition and creditworthiness of the Borrower. Each Lender represents and warrants that (i) the Loan Documents set forth the terms of a commercial lending facility and certain other facilities set forth herein and (ii) it is engaged in making, acquiring or holding commercial loans in the ordinary course and is entering into this Loan Agreement as a Lender for the purpose of making, acquiring or holding commercial loans set forth herein as may be applicable to such Lender, and not for the purpose of purchasing, acquiring or holding any other type of financial instrument, and each Lender agrees not to assert a claim in contravention of the foregoing. Each Lender represents and warrants that it is sophisticated with respect to decisions to make, acquire or hold commercial loans, as may be applicable to such Lender, and either it, or the Person exercising discretion in making its decision to make, acquire or hold such commercial loans, is experienced in making, acquiring or holding such commercial loans.

SECTION 7.08 No Other Duties. Anything herein to the contrary notwithstanding, Kroll Agency Services (US) LLC shall not have any duties or responsibilities under this Loan Agreement or any of the other Loan Documents, except in its capacity, as applicable, as the Administrative Agent or a Lender hereunder.

SECTION 7.09 Administrative Agent May File Proofs of Claim. In case of the pendency of any proceeding under the U.S. Bankruptcy Code or any other judicial proceeding relative to the Borrower, the Administrative Agent (irrespective of whether the principal of any Loan shall then be due and payable as herein expressed or by declaration or otherwise and irrespective of whether the Administrative Agent shall have made any demand on the Borrower) shall be entitled and empowered (but not obligated) by intervention in such proceeding or otherwise:

(a) to file and prove a claim for the whole amount of the principal owing and unpaid in respect of the Loans and all other Obligations that are owing and unpaid and to file such other documents

as may be necessary or advisable in order to have the claims of the Lenders and the Administrative Agent (including any claim for the reasonable compensation, expenses, disbursements and advances of the Lenders and the Administrative Agent and their respective agents and counsel and all other amounts due the Lenders and the Administrative Agent under Section 8.03) allowed in such judicial proceeding; and

(b) to collect and receive any monies or other property payable or deliverable on any such claims and to distribute the same;

and any custodian, receiver, assignee, trustee, liquidator, sequestrator or other similar official in any such judicial proceeding is hereby authorized by each Lender to make such payments to the Administrative Agent and, in the event that the Administrative Agent shall consent to the making of such payments directly to the Lenders, to pay to the Administrative Agent any amount due for the reasonable compensation, expenses, disbursements and advances of the Administrative Agent and its agents and counsel, and any other amounts due the Administrative Agent under Section 8.03.

SECTION 7.10 Certain ERISA Matters.

(a) Each Lender (x) represents and warrants, as of the date such Person became a Lender party hereto, to, and (y) covenants, from the date such Person became a Lender party hereto to the date such Person ceases being a Lender party hereto, for the benefit of, the Administrative Agent and not, for the avoidance of doubt, to or for the benefit of the Borrower, that at least one of the following is and will be true:

(i) such Lender is not using “plan assets” (within the meaning of Section 3(42) of ERISA or otherwise for purposes of Title I of ERISA or Section 4975 of the Code) of one or more Benefit Plans with respect to such Lender’s entrance into, participation in, administration of and performance of the Loans, the Commitments or this Loan Agreement,

(ii) the prohibited transaction exemption set forth in one or more PTEs, such as PTE 84-14 (a class exemption for certain transactions determined by independent qualified professional asset managers), PTE 95-60 (a class exemption for certain transactions involving insurance company general accounts), PTE 90-1 (a class exemption for certain transactions involving insurance company pooled separate accounts), PTE 91-38 (a class exemption for certain transactions involving bank collective investment funds) or PTE 96-23 (a class exemption for certain transactions determined by in-house asset managers), is applicable so as to exempt from the prohibitions of Section 406 of ERISA and Section 4975 of the Code such Lender’s entrance into, participation in, administration of and performance of the Loans, the Commitments and this Loan Agreement,

(iii) (A) such Lender is an investment fund managed by a “Qualified Professional Asset Manager” (within the meaning of Part VI of PTE 84-14), (B) such Qualified Professional Asset Manager made the investment decision on behalf of such Lender to enter into, participate in, administer and perform the Loans, the Commitments and this Loan Agreement, (C) the entrance into, participation in, administration of and performance of the Loans, the Commitments and this Loan Agreement satisfies the requirements of sub-sections (b) through (g) of Part I of PTE 84-14 and (D) to the best knowledge of such Lender, the requirements of subsection (a) of Part I of PTE 84-14 are satisfied with respect to such Lender’s entrance into, participation in, administration of and performance of the Loans, the Commitments and this Loan Agreement, or

(iv) such other representation, warranty and covenant as may be agreed in writing between the Administrative Agent, in its sole discretion, and such Lender.

(b) In addition, unless either (1) sub-clause (i) in the immediately preceding clause (a) is true with respect to a Lender or (2) a Lender has provided another representation, warranty and covenant in accordance with sub-clause (iv) in the immediately preceding clause (a), such Lender further (x) represents and warrants, as of the date such Person became a Lender party hereto, and (y) covenants, from the date such Person became a Lender party hereto to the date such Person ceases being a Lender party hereto, for the benefit of, the Administrative Agent and not, for the avoidance of doubt, to or for the benefit of the Borrower, that the Administrative Agent is not a fiduciary with respect to the assets of such Lender involved in such Lender's entrance into, participation in, administration of and performance of the Loans, the Commitments and this Loan Agreement (including in connection with the reservation or exercise of any rights by the Administrative Agent under this Loan Agreement, any Loan Document or any documents related hereto or thereto).

Notices and other communications to the Lenders hereunder may be delivered or furnished by electronic communication (including e-mail, FpML, and Internet or intranet websites) pursuant to procedures approved by the Administrative Agent, provided that the foregoing shall not apply to notices to any Lender pursuant to Article II if such Lender has notified the Administrative Agent that it is incapable of receiving notices under such Article by electronic communication. (i) The Borrower agrees that the Administrative Agent may, but shall not be obligated to, make the Communications (as defined below) available to the other Lenders by posting the Communications on the Platform.

(ii) The Platform is provided "as is" and "as available." The Agent Parties (as defined below) do not warrant the adequacy of the Platform and expressly disclaim liability for errors or omissions in the Communications. No warranty of any kind, express, implied or statutory, including any warranty of merchantability, fitness for a particular purpose, non-infringement of third-party rights or freedom from viruses or other code defects, is made by any Agent Party in connection with the Communications or the Platform. In no event shall the Administrative Agent or any of its Related Parties (collectively, the "Agent Parties") have any liability to the Borrower, any Lender or any other Person or entity for damages of any kind, including direct or indirect, special, incidental or consequential damages, losses or expenses (whether in tort, contract or otherwise) arising out of the Borrower's or the Administrative Agent's transmission of communications through the Platform. "Communications" means, collectively, any notice, demand, communication, information, document or other material provided by or on behalf of the Borrower pursuant to any Loan Document or the transactions contemplated therein that is distributed to the Administrative Agent or any Lender by means of electronic communications pursuant to this Section, including through the Platform.

(e) Public Information. The Borrower hereby acknowledges that certain of the Lenders (each, a “Public Lender”) may have personnel who do not wish to receive material non-public information with respect to the Borrower or its Affiliates, or the respective securities of any of the foregoing, and who may be engaged in investment and other market-related activities with respect to such Persons’ securities. The Borrower hereby agrees that it will use commercially reasonable efforts to identify that portion of the materials and information provided by or on behalf of the Borrower hereunder and under the other Loan Documents (collectively, “Borrower Materials”) that may be distributed to the Public Lenders and that (i) all such Borrower Materials shall be clearly and conspicuously marked “PUBLIC,” which, at a minimum, shall mean that the word “PUBLIC” shall appear prominently on the first page thereof; (ii) by marking Borrower Materials “PUBLIC,” the Borrower shall be deemed to have authorized the Lenders to treat such Borrower Materials as not containing any material non-public information with respect to the Borrower or its securities for purposes of U.S. federal and state securities Laws (provided, however, that to the extent that such Borrower Materials constitute Information, they shall be subject to Section 8.11); (iii) all Borrower Materials marked “PUBLIC” are permitted to be made available through a portion of the Platform designated “Public Side Information;” and (iv) the Lenders and the Administrative Agent shall be entitled to treat any Borrower Materials that are not marked “PUBLIC” as being suitable only for posting on a portion of the Platform not designated “Public Side Information.” Each Public Lender will designate one or more representatives that shall be permitted to receive information that is not designated as being available for Public Lenders.

SECTION 8.02 Waivers; Amendments.

(a) No Waiver; Remedies Cumulative; Enforcement. No failure or delay by the Administrative Agent or any Lender in exercising any right, remedy, power or privilege hereunder or under any other Loan Document shall operate as a waiver thereof, nor shall any single or partial exercise of any such right, remedy, power or privilege, or any abandonment or discontinuance of steps to enforce such a right remedy, power or privilege, preclude any other or further exercise thereof or the exercise of any other right remedy, power or privilege. The rights, remedies, powers and privileges of the Administrative Agent and the Lenders hereunder and under the Loan Documents are cumulative and are not exclusive of any rights, remedies, powers or privileges that any such Person would otherwise have.

Notwithstanding anything to the contrary contained herein or in any other Loan Document, the authority to enforce rights and remedies hereunder and under the other Loan Documents against the Borrower shall be vested exclusively in, and all actions and proceedings at law in connection with such enforcement shall be instituted and maintained exclusively by, the Administrative Agent in accordance with Section 7.01 for the benefit of all the Lenders; provided that the foregoing shall not prohibit (i) the Administrative Agent from exercising on its own behalf the rights and remedies that inure to its benefit (solely in its capacity as Administrative Agent) hereunder and under the other Loan Documents, or (ii) any Lender from filing proofs of claim or appearing and filing pleadings on its own behalf during the pendency of a proceeding relative to the Borrower under the U.S. Bankruptcy Code; provided, further, that if at any time there is no Person acting as Administrative Agent hereunder and under the other Loan Documents, then (x) the Required Lenders shall have the rights otherwise provided to the Administrative Agent pursuant to Section 7.01 and (y) in addition to the matters set forth in clauses (i) and (ii) of the preceding proviso and subject to Section 2.08, any Lender may, with the consent of the Required Lenders, enforce any rights or remedies available to it and as authorized by the Required Lenders.

(b) Amendments, Etc.

(1) Except as otherwise expressly set forth in this Loan Agreement (including Section 8.02(b)(2) and Section 2.05), no amendment or waiver of any provision of this Loan Agreement or any other Loan Document, and no consent to any departure by the Borrower therefrom, shall be effective unless in writing executed by the Borrower and the Required Lenders, and acknowledged by the Administrative Agent, or by the Borrower and the Administrative Agent with the consent of the Required Lenders, and

each such waiver or consent shall be effective only in the specific instance and for the specific purpose for which given; provided that no such amendment, waiver or consent shall, without the consent of Lenders having Loans representing more than 75% of the aggregate Outstanding Amount of Loans of all Lenders at such time:

- (i) extend or increase any Commitment of any Lender without the written consent of such Lender (it being understood that a waiver of any condition precedent set forth in Article IV or the waiver of any Default shall not constitute an extension or increase of any Commitment of any Lender);
- (ii) reduce the principal amount of the Loan (including any additional amounts), or change the method of computing the amount of principal;
- (iii) change the Maturity Date of the Loans
- (iv) change any place of payment where the principal, premium, if any, or additional amounts, if any, on the Loan is payable;
- (v) change the coin or currency in which the principal or additional amounts, if any, on the Loan is payable;
- (vi) impair the right of any Lender to receive any principal payment (together with additional amounts, if any), on or after the Maturity Date, or to institute suit for the enforcement of any such payment; or
- (vii) reduce the percentage in principal amount of the outstanding Loan, the consent of whose Lender is required for any modification or amendment of this Loan Agreement or the consent of whose Lender is required for any waiver of compliance with certain provisions of this Loan Agreement or certain defaults thereunder and their consequences provided for in this Loan Agreement;

provided, further, that no such amendment, waiver or consent shall amend, modify or otherwise affect the rights or duties hereunder or under any other Loan Document of the Administrative Agent, unless in writing executed by the Administrative Agent, in each case in addition to the Borrower and the Lenders required above.

(2) Notwithstanding clause (1) of Section 8.02(b), the Borrower and the Administrative Agent may amend this Loan Agreement or any Loan Document without prior notice to or consent of any Lender:

- (i) to cure any latent ambiguity, defect or internal inconsistency or to correct a manifest error;
- (ii) to provide for promissory notes to evidence any Loan;
- (iii) to add guarantees with respect to the Loans or to provide security for the Loans or to confirm and evidence the release, termination or discharge of any guarantee of or lien securing the Obligations when such release, termination or discharge is permitted by this Loan Agreement, as applicable;
- (iv) to add to the covenants of the Borrower for the benefit of the Lenders or to surrender any right or power herein conferred upon the Borrower; or
- (v) to modify any Loan Document in a manner reasonably determined by the Borrower as necessary or advisable for purposes of conforming such Loan Document to the terms of the Reorganization Plan.

SECTION 8.03 Expenses; Indemnity; Damage Waiver.

(a) Costs and Expenses. The Borrower shall pay (i) all reasonable out-of-pocket expenses incurred by the Administrative Agent (including, in each case, the reasonable fees, charges and disbursements of counsel for the Administrative Agent), in connection with the preparation, negotiation, execution, delivery and administration of this Loan Agreement and the other Loan Documents, or any amendments, modifications or waivers of the provisions hereof or thereof (whether or not the transactions contemplated hereby or thereby shall be consummated), (ii) all out-of-pocket expenses incurred by the Administrative Agent (including, in each case, the reasonable fees, charges and disbursements of counsel for the Administrative Agent) in connection with the enforcement or protection of its rights (A) in connection with this Loan Agreement and the other Loan Documents, including its rights under this Section, or (B) in connection with the Loans made hereunder, including all such out-of-pocket expenses incurred during any workout, restructuring or negotiations in respect of such Loans, and (iii) all costs, expenses or other charges incurred in connection with any filing, registration, recording or perfection, including any translation costs, of any security interest contemplated by any Loan Document or any other document referred to therein.

(b) Indemnification by the Borrower. The Borrower shall indemnify the Administrative Agent and each Related Party of any of the foregoing Persons (each such Person being called an “Indemnitee”) against, and hold each Indemnitee harmless from, any and all losses, claims, damages, liabilities and related expenses (including the fees, charges and disbursements of any counsel for any Indemnitee), incurred by any Indemnitee or asserted against any Indemnitee by any Person (including the Borrower) arising out of, in connection with, or as a result of (i) the execution or delivery of this Loan Agreement, any other Loan Document or any agreement or instrument contemplated hereby or thereby, the performance by the parties hereto of their respective obligations hereunder or thereunder or the consummation of the transactions contemplated hereby or thereby and (ii) any Loan or the use or proposed use of the proceeds therefrom; *provided* that such indemnity shall not, as to any Indemnitee, be available to the extent that such losses, claims, damages, liabilities or related expenses (x) are determined by a court of competent jurisdiction by final and nonappealable judgment to have resulted from the gross negligence or willful misconduct of such Indemnitee, or (y) result from a claim not involving an act or omission of the Borrower and that is brought by an Indemnitee (other than a claim against the Administrative Agent) against another Indemnitee (other than against the Administrative Agent in its capacity as such). Paragraph (b) of this Section shall not apply with respect to Taxes other than any Taxes that represent losses, claims, damages, etc. arising from any non-Tax claim.

(c) Reimbursement by Lenders. To the extent that the Borrower for any reason fails to indefeasibly pay any amount required under paragraph (a) or (b) of this Section to be paid by it to the Administrative Agent or any Related Party of any of the foregoing, each Lender severally agrees to pay to the Administrative Agent or such Related Party, as the case may be, such Lender’s pro rata share (determined as of the time that the applicable unreimbursed expense or indemnity payment is sought based on each Lender’s Applicable Percentage at such time) of such unpaid amount (including any such unpaid amount in respect of a claim asserted by such Lender); *provided* that the unreimbursed expense or indemnified loss, claim, damage, liability or related expense, as the case may be, was incurred by or asserted against the Administrative Agent or any Related Party of any of the foregoing acting for the Administrative Agent in connection with such capacity.

(d) Waiver of Consequential Damages, Etc. To the fullest extent permitted by Applicable Law, the Borrower shall not assert, and hereby waives, any claim against any Agent (and any sub-agent thereof) and any Lender, and any Related Party of any of the foregoing Persons (each such Person being called a “Protected Person”), on any theory of liability, for special, indirect, consequential or punitive damages (as opposed to direct or actual damages) arising out of, in connection with, or as a result of, this Loan Agreement, any other Loan Document or any agreement or instrument contemplated hereby, the transactions contemplated hereby or thereby, any Loan, or the use of the proceeds thereof. No

Protected Person shall be liable for any damages arising from the use by unintended recipients of any information or other materials distributed by it through telecommunications, electronic or other information transmission systems in connection with this Loan Agreement or the other Loan Documents or the transactions contemplated hereby or thereby.

(e) Payments. All amounts due under this Section shall be payable promptly after demand therefor.

(f) Survival. Each party's obligations under this Section shall survive the termination of the Loan Documents and payment of the obligations hereunder and the resignation and removal of any Agent.

SECTION 8.04 Successors and Assigns.

(a) Successors and Assigns Generally. The provisions of this Loan Agreement shall be binding upon and inure to the benefit of the parties hereto and their respective successors and assigns permitted hereby, except that the Borrower may not assign or otherwise transfer any of its rights or obligations hereunder without the prior written consent of the Administrative Agent and each Lender (and any other attempted assignment or transfer by any party hereto shall be null and void), and no Lender may assign or otherwise transfer any of its rights or obligations hereunder except (i) to an assignee in accordance with the provisions of paragraph (b) of this Section, (ii) by way of participation in accordance with the provisions of paragraph (d) of this Section, or (iii) by way of pledge or assignment of a security interest subject to the restrictions of paragraph (e) of this Section. Nothing in this Loan Agreement, expressed or implied, shall be construed to confer upon any Person (other than the parties hereto, their respective successors and assigns permitted hereby, Participants to the extent provided in paragraph (d) of this Section and, to the extent expressly contemplated hereby, the Related Parties of each of the Administrative Agent and the Lenders) any legal or equitable right, remedy or claim under or by reason of this Loan Agreement.

(b) Assignments by Lenders. Any Lender may at any time assign to one or more assignees all or a portion of its rights and obligations under this Loan Agreement (including all or a portion of its Commitment and the Loans at the time owing to it); provided that any such assignment shall be subject to the following conditions:

(i) Minimum Amounts.

(A) in the case of an assignment of the entire remaining amount of the assigning Lender's Commitment or the Loans at the time owing to it or contemporaneous assignments to or by related Approved Funds (determined after giving effect to such assignments) that equal at least the amount specified in paragraph (b)(i)(B) of this Section in the aggregate or in the case of an assignment to a Lender, an Affiliate of a Lender or an Approved Fund, no minimum amount need be assigned; and

(B) in any case not described in paragraph (b)(i)(A) of this Section, the aggregate amount of the Commitment (which for this purpose includes Loans outstanding thereunder) or, if the Commitment is not then in effect, the principal outstanding balance of the Loans of the assigning Lender subject to each such assignment (determined as of the date the Assignment and Assumption with respect to such assignment is delivered to the Administrative Agent or, if "Trade Date" is specified in the Assignment and Assumption, as of the Trade Date) shall not be less than \$5,000,000, unless each of the Administrative Agent and, so long as no Event of Default has occurred and is continuing, the Borrower otherwise consents (each such consent not to be unreasonably withheld or delayed).

(ii) Proportionate Amounts. Each partial assignment shall be made as an assignment of a proportionate part of all the assigning Lender's rights and obligations under this Loan Agreement with respect to the Loan or the Commitment assigned.

(iii) Borrower's Consents. Other than during an Event of Default, Assignment and Assumption by any of the Lenders require consent of the Borrower.

(iv) Assignment and Assumption. The parties to each assignment shall execute and deliver to the Administrative Agent an Assignment and Assumption, together with a processing and recordation fee of \$3,500; provided that the Administrative Agent may, in their sole discretion, elect to waive such processing and recordation fee in the case of any assignment.

Subject to acceptance and recording thereof by the Administrative Agent pursuant to paragraph (c) of this Section, from and after the effective date specified in each Assignment and Assumption, the assignee thereunder shall be a party to this Loan Agreement and, to the extent of the interest assigned by such Assignment and Assumption, have the rights and obligations of a Lender under this Loan Agreement, and the assigning Lender thereunder shall, to the extent of the interest assigned by such Assignment and Assumption, be released from its obligations under this Loan Agreement (and, in the case of an Assignment and Assumption covering all of the assigning Lender's rights and obligations under this Loan Agreement, such Lender shall cease to be a party hereto) but shall continue to be entitled to the benefits of Sections 2.09 and 8.03 with respect to facts and circumstances occurring prior to the effective date of such assignment. Any assignment or transfer by a Lender of rights or obligations under this Loan Agreement that does not comply with this paragraph shall be treated for purposes of this Loan Agreement as a sale by such Lender of a participation in such rights and obligations in accordance with paragraph (d) of this Section.

(c) Register. The Administrative Agent, acting solely for this purpose as an agent of the Borrower, shall maintain at one of its offices in New York, NY, a copy of each Assignment and Assumption delivered to it and a register for the recordation of the names and addresses of the Lenders, and the Commitments of, and principal amounts of the Loans owing to, each Lender pursuant to the terms hereof from time to time (the "Register"). The entries in the Register shall be conclusive absent manifest error, and the Borrower, the Administrative Agent and the Lenders shall treat each Person whose name is recorded in the Register pursuant to the terms hereof as a Lender hereunder for all purposes of this Loan Agreement. The Register shall be available for inspection by the Borrower and any Lender, at any reasonable time and from time to time upon reasonable prior notice.

(d) Participations. Any Lender may at any time, without the consent of, or notice to, the Borrower or the Administrative Agent, sell participations to any Person (other than a natural person, or a holding company, investment vehicle or trust for, or owned and operated for the primary benefit of, a natural person, or the Borrower or any of the Borrower's Affiliates or Subsidiaries) (each, a "Participant") in all or a portion of such Lender's rights or obligations under this Loan Agreement (including all or a portion of its Commitment or the Loans owing to it); provided that (i) such Lender's obligations under this Loan Agreement shall remain unchanged, (ii) such Lender shall remain solely responsible to the other parties hereto for the performance of such obligations, and (iii) the Borrower, the Administrative Agent and Lenders shall continue to deal solely and directly with such Lender in connection with such Lender's rights and obligations under this Loan Agreement. For the avoidance of doubt, each Lender shall be responsible for the indemnity under Section 8.03(b) with respect to any payments made by such Lender to its Participant(s).

Any agreement or instrument pursuant to which a Lender sells such a participation shall provide that such Lender shall retain the sole right to enforce this Loan Agreement and to approve any amendment, modification or waiver of any provision of this Loan Agreement; provided that such agreement or instrument may provide that such Lender will not, without the consent of the Participant,

agree to any amendment, modification or waiver with respect to those items set forth in clauses (i)-(vii) of Section 8.02(b)(1) that affects such Participant. The Borrower agrees that each Participant shall be entitled to the benefits of Section 2.09 (subject to the requirements and limitations therein, including the requirements under Section 2.09(g) (it being understood that the documentation required under Section 2.09(g) shall be delivered to the participating Lender)) to the same extent as if it were a Lender and had acquired its interest by assignment pursuant to paragraph (b) of this Section; provided that such Participant (A) agrees to be subject to the provisions of Section 2.10 as if it were an assignee under paragraph (b) of this Section; and (B) shall not be entitled to receive any greater payment under Section 2.09, with respect to any participation, than its participating Lender would have been entitled to receive, except to the extent such entitlement to receive a greater payment results from a Change in Law that occurs after the Participant acquired the applicable participation. Each Lender that sells a participation agrees, at the Borrower's request and expense, to use reasonable efforts to cooperate with the Borrower to effectuate the provisions of Section 2.10(b) with respect to any Participant. Each Lender that sells a participation shall, acting solely for this purpose as a non-fiduciary agent of the Borrower, maintain a register on which it enters the name and address of each Participant and the principal amounts of each Participant's interest in the Loans or other obligations under the Loan Documents (the "Participant Register"); provided that no Lender shall have any obligation to disclose all or any portion of the Participant Register (including the identity of any Participant or any information relating to a Participant's interest in any commitments, loans or its other obligations under any Loan Document) to any Person except to the extent that such disclosure is necessary to establish that such commitment, loan or other obligation is in registered form under Section 5f.103-1(c) of the United States Treasury Regulations and Section 1.163-5(b) of the United States Proposed Treasury Regulations (or, in each case, any amended or successor version). The entries in the Participant Register shall be conclusive absent manifest error, and such Lender shall treat each Person whose name is recorded in the Participant Register as the owner of such participation for all purposes of this Loan Agreement notwithstanding any notice to the contrary. For the avoidance of doubt, the Administrative Agent (in its capacity as Administrative Agent) shall not have any responsibility for maintaining a Participant Register.

(e) Certain Pledges. Any Lender may at any time pledge or assign a security interest in all or any portion of its rights under this Loan Agreement to secure obligations of such Lender, including any pledge or assignment to secure obligations to a Federal Reserve Bank; provided that no such pledge or assignment shall release such Lender from any of its obligations hereunder or substitute any such pledgee or assignee for such Lender as a party hereto.

SECTION 8.05 Survival. All covenants, agreements, representations and warranties made by the Borrower herein and in any Loan Document or other documents delivered in connection herewith or therewith or pursuant hereto or thereto shall be considered to have been relied upon by the other parties hereto and shall survive the execution and delivery hereof and thereof and the making of the Borrowings hereunder, regardless of any investigation made by any such other party or on its behalf and notwithstanding that the Administrative Agent or any Lender may have had notice or knowledge of any Default at the time of any Borrowing, and shall continue in full force and effect as long as any Loan or any other Obligation hereunder shall remain unpaid or unsatisfied and so long as the Commitments have not expired or been terminated. The provisions of Section 8.03, 8.14 and Article VIII shall survive and remain in full force and effect regardless of the consummation of the transactions contemplated hereby, the payment in full of the Obligations, the expiration or termination of the Commitments or the termination of this Loan Agreement or any provision hereof.

SECTION 8.06 Counterparts; Integration; Effectiveness; Electronic Execution.

(a) Counterparts; Integration; Effectiveness. This Loan Agreement and the other Loan Documents, and any separate letter agreements with respect to fees payable to the Administrative Agent constitute the entire contract among the parties relating to the subject matter hereof and supersede any and all previous agreements and understandings, oral or written, relating to the subject matter hereof. Except as provided in Section 4.01, this Loan Agreement shall become effective when it shall have been executed by

the Administrative Agent and when the Administrative Agent shall have received counterparts hereof that, when taken together, bear the signatures of each of the other parties hereto. Delivery of an executed counterpart of a signature page of this Loan Agreement by facsimile or in electronic (e.g., “pdf” or “tif”) format shall be effective as delivery of a manually executed counterpart of this Loan Agreement.

(b) Electronic Execution of Loan Documents. The words “execution,” “signed,” “signature,” and words of like import in this Loan Agreement and the other Loan Documents, including any Assignment and Assumption, shall be deemed to include electronic signatures or electronic records, each of which shall be of the same legal effect, validity or enforceability as a manually executed signature or the use of a paper-based recordkeeping system, as the case may be, to the extent and as provided for in any Applicable Law, including the Federal Electronic Signatures in Global and National Commerce Act, the New York State Electronic Signatures and Records Act, or any other similar state laws based on the Uniform Electronic Transactions Act.

SECTION 8.07 Severability. If any provision of this Loan Agreement or the other Loan Documents is held to be illegal, invalid or unenforceable, (a) the legality, validity and enforceability of the remaining provisions of this Loan Agreement and the other Loan Documents shall not be affected or impaired thereby and (b) the parties shall endeavor in good faith negotiations to replace the illegal, invalid or unenforceable provisions with valid provisions the economic effect of which comes as close as possible to that of the illegal, invalid or unenforceable provisions. The invalidity of a provision in a particular jurisdiction shall not invalidate or render unenforceable such provision in any other jurisdiction.

SECTION 8.08 Governing Law; Jurisdiction; Etc.

(a) Governing Law. This Agreement and the other Loan Documents and any claims, controversy, dispute or cause of action (whether in contract or tort or otherwise) based upon, arising out of or relating to this Loan Agreement or any other Loan Document (except, as to any other Loan Document, as expressly set forth therein) and the transactions contemplated hereby and thereby shall be governed by, and construed in accordance with, the law of the State of New York.

(b) Jurisdiction. The Borrower irrevocably and unconditionally agrees that it will not commence any action, litigation or proceeding of any kind or description, whether in law or equity, whether in contract or in tort or otherwise, against the Administrative Agent, any Lender, or any Related Party of the foregoing in any way relating to this Loan Agreement or any other Loan Document or the transactions relating hereto or thereto, in any forum other than the courts of the State of New York or any United States federal court, sitting in the Borough of Manhattan, in the City of New York, New York, United States, and each of the parties hereto irrevocably and unconditionally submits to the jurisdiction of such courts and agrees that all claims in respect of any such action, litigation or proceeding may be heard and determined in such New York State court or, to the fullest extent permitted by Applicable Law, in such federal court. Each of the parties hereto agrees that a final judgment in any such action, litigation or proceeding shall be conclusive and may be enforced in other jurisdictions by suit on the judgment or in any other manner provided by law. Nothing in this Loan Agreement or in any other Loan Document shall affect any right that the Administrative Agent or any Lender may otherwise have to bring any action or proceeding relating to this Loan Agreement or any other Loan Document against the Borrower or its properties in the courts of any jurisdiction.

(c) Waiver of Venue. The Borrower irrevocably and unconditionally waives, to the fullest extent permitted by Applicable Law, any objection that it may now or hereafter have to the laying of venue of any action or proceeding arising out of or relating to this Loan Agreement or any other Loan Document in any court referred to in paragraph (b) of this Section. Each of the parties hereto hereby irrevocably waives, to the fullest extent permitted by Applicable Law, the defense of an inconvenient forum to the maintenance of such action or proceeding in any such court.

(d) Service of Process.

(i) Other than as set forth in clauses (ii) and (iii) below, each party hereto irrevocably consents to service of process in the manner provided for notices in Section 8.01. Nothing in this Loan Agreement will affect the right of any party hereto to serve process in any other manner permitted by Applicable Law.

(ii) The Borrower has validly and effectively appointed Cogency Global Inc. (the "Process Agent"), with offices on the date hereof at East 40th Street, 10th Floor, New York, NY 10016, as its authorized agent upon which process may be served in any action, suit or proceeding referred to in Section 8.08(b). If for any reason such agent hereunder shall cease to be available to act as such, the Borrower agrees to designate a new agent in the Borough of Manhattan, in the City of New York, New York on the terms and for the purposes of this Section reasonably satisfactory to the Administrative Agent. The Borrower further hereby irrevocably consents and agrees to the service of any and all legal process, summons, notices and documents in any such action, suit or proceeding against the Borrower by serving a copy thereof upon the relevant agent for service of process referred to in this Section (whether or not the appointment of such agent shall for any reason prove to be ineffective or such agent shall accept or acknowledge such service) or by mailing copies thereof by registered or certified air mail, postage prepaid to the Borrower at its address specified in or designated pursuant to this Loan Agreement. The Borrower agrees that the failure of any such designee, appointee and agent to give any notice of such service to it shall not impair or affect in any way the validity of such service or any judgment rendered in any action or proceeding based thereon. The Borrower further agrees to take any and all action, including the execution and filing of any and all such documents and instruments as may be necessary to continue such designation and appointment of the Process Agent in full force and effect so long as this Loan Agreement shall be in full force and effect; *provided* that the Borrower may and shall (to the extent the Process Agent ceases to be able to be served on the basis contemplated herein), by written notice to the Administrative Agent, designate such additional or alternative agents for service of process under this Section that (i) maintain an office located in the Borough of Manhattan, The City of New York in the State of New York, (ii) are either (x) counsel for the Borrower or (y) a corporate service company which acts as agent for service of process for other Persons in the ordinary course of its business and (iii) agree to act as agent for service of process in accordance with this Section. Such notice shall identify the name of such agent for process and the address of such agent for process in the Borough of Manhattan, The City of New York, State of New York. Upon the written request of any Lender, the Administrative Agent shall deliver such information to such Lender.

(iii) Notwithstanding the foregoing, there shall, at all times, be at least one agent for service of process for the Borrower appointed and acting in accordance with this Section. Nothing herein shall in any way be deemed to limit the ability of the Lenders and the Administrative Agent to serve any such legal process, summons, notices and documents in any other manner permitted by applicable law or to obtain jurisdiction over the Borrower or bring actions, suits or proceedings against the Borrower in such other jurisdictions, and in such manner, as may be permitted by applicable law. The Borrower irrevocably and unconditionally waives, to the fullest extent permitted by law, any objection which it may now or hereafter have to the laying of venue of any of the aforesaid actions, suits or proceedings arising out of or in connection with this Loan Agreement brought in the courts of the State of New York or any United States federal court sitting in the Borough of Manhattan, in the City of New York, New York, United States and hereby further irrevocably and unconditionally waives and agrees, to the fullest extent permitted by law, not to plead or claim in any such court that any such action, suit or proceeding brought in any such court has been brought in an inconvenient forum.

(e) Currency.

(i) If for the purpose of obtaining judgment in any court it is necessary to convert a sum due hereunder to a Lender from U.S. dollars into another currency, the Borrower has agreed, and each Lender will be deemed to have agreed, to the fullest extent that it may effectively do so, that the rate of exchange used shall be that at which in accordance with normal banking procedures such Lender could purchase U.S. dollars with such other currency in New York City, New York on the day two Business Days preceding the day on which final judgment is given.

(ii) U.S. Dollars are the sole currency of account and payment for all sums due and payable by the Borrower under this Loan Agreement. The obligation of each of the Borrower in respect of any sum due to any Lender or the Administrative Agent in U.S. Dollars shall only be discharged by payment to such recipient in U.S. Dollars. The obligation of the Borrower in respect of any sum payable by it to a Lender shall, notwithstanding any judgment in a currency (the “judgment currency”) other than U.S. dollars, be discharged only to the extent that on the Business Day following receipt by such Lender of any sum adjudged to be so due in the judgment currency, such Lender may in accordance with normal banking procedures purchase U.S. dollars with the judgment currency; if the amount of U.S. dollars so purchased is less than the sum originally due to such Lender in the judgment currency (determined in the manner set forth in the preceding paragraph), the Borrower agrees, as a separate and independent obligation and notwithstanding any such judgment, to indemnify such Lender against such loss, and if the amount of the U.S. dollars so purchased exceeds the sum originally due to such Lender, such Lender agrees to remit to the Borrower such excess; *provided*, that such Lender shall have no obligation to remit any such excess as long as the Borrower shall have not failed to pay such Lender any obligations due and payable under the Loan, and if it shall have failed then, such excess may be applied to such obligations of the Borrower under this Loan Agreement.

SECTION 8.09 WAIVER OF JURY TRIAL. EACH OF THE PARTIES HERETO HEREBY IRREVOCABLY WAIVE, TO THE FULLEST EXTENT PERMITTED BY APPLICABLE LAW, ANY AND ALL RIGHT TO TRIAL BY JURY IN ANY LEGAL PROCEEDING ARISING OUT OF OR RELATING TO THIS AGREEMENT, THE LOANS OR THE TRANSACTIONS CONTEMPLATED HEREBY OR THEREBY.

SECTION 8.10 Headings. Article and Section headings and the Table of Contents used herein are for convenience of reference only, are not part of this Loan Agreement and shall not affect the construction of, or be taken into consideration in interpreting, this Loan Agreement.

SECTION 8.11 Treatment of Certain Information; Confidentiality. Each of the Administrative Agent and the Lenders agree to maintain the confidentiality of the Information (as defined below), except that Information may be disclosed (a) to its branches and Affiliates and to its Related Parties (it being understood that the Persons to whom such disclosure is made will be informed of the confidential nature of such Information and instructed to keep such Information confidential); (b) to the extent required or requested by any regulatory authority purporting to have jurisdiction over such Person or its Related Parties (including any self-regulatory authority, such as the National Association of Insurance Commissioners); (c) to the extent required by Applicable Laws or by any subpoena or similar legal process; (d) to any other party hereto; (e) in connection with the exercise of any remedies hereunder or under any other Loan Document or any action or proceeding relating to this Loan Agreement or any other Loan Document or the enforcement of rights hereunder or thereunder; (f) subject to an agreement containing provisions substantially the same as (or no less restrictive than) those of this Section, to (i) any assignee of or Participant in, or any prospective assignee of or Participant in, any of its rights and obligations under this Loan Agreement, or (ii) any actual or prospective party (or its Related Parties) to any swap, derivative or other transaction under which payments are to be made by reference to the Borrower and its obligations, this Loan Agreement or payments hereunder; (g) on a confidential basis to (i) any rating agency in connection with rating the Borrower or its Subsidiaries or any Facility or (ii) the CUSIP Service Bureau or any similar agency in connection with the issuance and monitoring of CUSIP numbers with respect to any Facility; (h) with the

consent of the Borrower; or (i) to the extent such Information (x) becomes publicly available other than as a result of a breach of this Section, or (y) becomes available to the Administrative Agent, any Lender or any of their respective branches or Affiliates on a nonconfidential basis from a source other than the Borrower who did not acquire such information as a result of a breach of this Section. In addition, the Administrative Agent and the Lenders may disclose the existence of this Loan Agreement and information about this Loan Agreement to market data collectors, similar service providers to the lending industry and service providers to the Administrative Agent or any Lender in connection with the administration of this Loan Agreement, the other Loan Documents, and the Commitments.

For purposes of this Section, “Information” means all information received from the Borrower or any of its Subsidiaries relating to the Borrower or any of its Subsidiaries or any of their respective businesses, other than any such information that is available to the Administrative Agent or any Lender on a nonconfidential basis prior to disclosure by the Borrower or any of its Subsidiaries; provided that, in the case of information received from the Borrower or any of its Subsidiaries after the date hereof, such information is clearly identified at the time of delivery as confidential. Any Person required to maintain the confidentiality of Information as provided in this Section shall be considered to have complied with its obligation to do so if such Person has exercised the same degree of care to maintain the confidentiality of such Information as such Person would accord to its own confidential information.

SECTION 8.12 PATRIOT Act. Each Lender subject to the PATRIOT Act hereby notifies the Borrower that, pursuant to the requirements of the PATRIOT Act, it may be required to obtain, verify and record information that identifies the Borrower, which information includes the name and address of the Borrower and other information that will allow such Lender to identify the Borrower in accordance with the PATRIOT Act.

SECTION 8.13 Payments Set Aside. To the extent that any payment by or on behalf of the Borrower is made to the Administrative Agent or any Lender, or the Administrative Agent or any Lender exercises its right of setoff, and such payment or the proceeds of such setoff or any part thereof is subsequently invalidated, declared to be fraudulent or preferential, set aside or required (including pursuant to any settlement entered into by the Administrative Agent or such Lender in its discretion) to be repaid to a trustee, receiver or any other party, in connection with any proceeding under the U.S. Bankruptcy Code or otherwise, then (a) to the extent of such recovery, the obligation or part thereof originally intended to be satisfied shall be revived and continued in full force and effect as if such payment had not been made or such setoff had not occurred, and (b) each Lender severally agrees to pay to the Administrative Agent upon demand its applicable share (without duplication) of any amount so recovered from or repaid by the Administrative Agent, plus interest thereon from the date of such demand to the date such payment is made at a rate per annum equal to the greater of the Federal Funds Rate from time to time in effect and a rate determined by the Administrative Agent in accordance with banking industry rules on interbank compensation.

SECTION 8.14 No Advisory or Fiduciary Responsibility. In connection with all aspects of each transaction contemplated hereby (including in connection with any amendment, waiver or other modification hereof or of any other Loan Document), the Borrower acknowledges and agrees, and acknowledges its Affiliates’ understanding, that: (a) (i) no fiduciary, advisory or agency relationship between the Borrower and its Subsidiaries, the Administrative Agent or any Lender is intended to be or has been created in respect of the transactions contemplated hereby or by the other Loan Documents, irrespective of whether the Administrative Agent or any Lender has advised or is advising the Borrower or any Subsidiary on other matters, (ii) the arranging and other services regarding this Loan Agreement provided by the Administrative Agent and the Lenders are arm’s-length commercial transactions between the Borrower and its Affiliates, on the one hand, and the Administrative Agent and the Lenders, on the other hand, (iii) the Borrower has consulted its own legal, accounting, regulatory and tax advisors to the extent that it has deemed appropriate and (iv) the Borrower is capable of evaluating, and understands and accepts, the terms, risks and conditions of the transactions contemplated hereby and by the other Loan Documents; and (b) (i) the

Administrative Agent and the Lenders each is and has been acting solely as a principal and, except as expressly agreed in writing by the relevant parties, has not been, is not, and will not be acting as an advisor, agent or fiduciary for the Borrower or any of its Affiliates, or any other Person; (ii) none of the Administrative Agent and the Lenders has any obligation to the Borrower or any of its Affiliates with respect to the transactions contemplated hereby except those obligations expressly set forth herein and in the other Loan Documents; and (iii) the Administrative Agent and the Lenders and their respective branches and Affiliates may be engaged, for their own accounts or the accounts of customers, in a broad range of transactions that involve interests that differ from those of the Borrower and its Affiliates, and none of the Administrative Agent and the Lenders has any obligation to disclose any of such interests to the Borrower or its Affiliates. To the fullest extent permitted by Law, the Borrower hereby waives and releases any claims that it may have against any of the Administrative Agent and the Lenders with respect to any breach or alleged breach of agency or fiduciary duty in connection with any aspect of any transaction contemplated hereby.

SECTION 8.15 Acknowledgement and Consent to Bail-In of Affected Financial Institutions. 1. THE DEPOSIT AGREEMENT.

This American Depositary Receipt is one of an issue (herein called “Receipts”), all issued and to be issued upon the terms and conditions set forth in the Amended and Restated Deposit Agreement (Common Shares) dated as of February 27, 2012 (herein called the “Deposit Agreement”) among the Company, the Depositary, and all Owners and Holders from time to time of American Depositary Shares issued thereunder, each of whom by accepting American Depositary Shares agrees to become a party thereto and become bound by all the terms and conditions thereof. The Deposit Agreement sets forth the rights of Owners and holders and the rights and duties of the Depositary in respect of the Shares deposited thereunder and any and all other securities, property and cash from time to time received in respect of such Shares and held thereunder (such Shares, securities, property, and cash are herein called “Deposited Securities”). Copies of the Deposit Agreement are on file at the Depositary's Corporate Trust Office in New York City and at the office of the Custodian.

The statements made on the face and reverse of this Receipt are summaries of certain provisions of the Deposit Agreement and are qualified by and subject to the detailed provisions of the Deposit Agreement, to which reference is hereby made. Capitalized terms defined in the Deposit Agreement and not defined herein shall have the meanings set forth in the Deposit Agreement.

2. SURRENDER OF AMERICAN DEPOSITARY SHARES AND WITHDRAWAL OF DEPOSITED SECURITIES.

Upon surrender at the Corporate Trust Office of the Depositary of American Depositary Shares, and upon payment of the fee of the Depositary provided in this Receipt, and subject to the terms and conditions of the Deposit Agreement, the Owner of those American Depositary Shares is entitled to delivery, to him or as instructed, of the amount of Deposited Securities at the time represented by those American Depositary Shares. Such delivery will be made at the option of the Owner hereof, either at the office of the Custodian or at the Corporate Trust Office of the Depositary, provided that the forwarding of certificates for Shares

or other Deposited Securities for such delivery at the Corporate Trust Office of the Depositary shall be at the risk and expense of the Owner hereof.

3. TRANSFERS, SPLIT-UPS, AND COMBINATIONS OF RECEIPTS.

Transfers of American Depositary Shares may be registered on the books of the Depositary by the Owner in person or by a duly authorized attorney, upon surrender of those American Depositary Shares properly endorsed for transfer or accompanied by proper instruments of transfer, in the case of a Receipt, or pursuant to a proper instruction (including, for the avoidance of doubt, instructions through DRS and Profile as provided in Section 2.10 of the Deposit Agreement), in the case of uncertificated American Depositary Shares, and funds sufficient to pay any applicable transfer taxes and the expenses of the Depositary and upon compliance with such regulations, if any, as the Depositary may establish for such purpose. This Receipt may be split into other such Receipts, or may be combined with other such Receipts into one Receipt, evidencing the same aggregate number of American Depositary Shares as the Receipt or Receipts surrendered. The Depositary, upon surrender of certificated American Depositary Shares for the purpose of exchanging for uncertificated American Depositary Shares, shall cancel those certificated American Depositary Shares and send the Owner a statement confirming that the Owner is the Owner of uncertificated American Depositary Shares. The Depositary, upon receipt of a proper instruction (including, for the avoidance of doubt, instructions through DRS and Profile as provided in Section 2.10 of the Deposit Agreement) from the Owner of uncertificated American Depositary Shares for the purpose of exchanging for certificated American Depositary Shares, shall cancel those uncertificated American Depositary Shares and deliver to the Owner the same number of certificated American Depositary Shares.

As a condition precedent to the delivery, registration of transfer, or surrender of any American Depositary Shares or split-up or combination of any Receipt or withdrawal of any Deposited Securities, the Depositary, the Custodian, or Registrar may require payment from the depositor of the Shares or the presenter of the Receipt or instruction for registration of transfer or surrender of American Depositary Shares not evidenced by a Receipt of a sum sufficient to reimburse it for any tax or other governmental charge and any stock transfer or registration fee with respect thereto (including any such tax or charge and fee with respect to Shares being deposited or withdrawn) and payment of any applicable fees as provided in the Deposit Agreement, may require the production of proof reasonably satisfactory to it as to the identity and genuineness of any signature and may also require compliance with any regulations the Depositary may establish consistent with the provisions of the Deposit Agreement.

The delivery of American Depositary Shares against deposit of Shares generally or against deposit of particular Shares may be suspended, or the transfer of American Depositary Shares in particular instances may be refused, or the registration of transfer of outstanding American Depositary Shares generally may be suspended, during any period when the transfer books of the Depositary are closed, or if any such action is reasonably deemed necessary or advisable by the Depositary or the Company at any time or from time to time because of any requirement of law or of any government or governmental body or commission, or under any provision of the Deposit Agreement, or for any other reason, subject to the provisions of the following sentence. Notwithstanding anything to the contrary in the Deposit Agreement or this Receipt, the surrender of outstanding American Depositary Shares and withdrawal of Deposited Securities may not be suspended subject only to (i) temporary delays caused by closing the transfer books of the Depositary or the Company or the Foreign Registrar, if applicable, or the deposit of Shares in connection with voting at a shareholders' meeting, or the payment of dividends, (ii) the payment of fees, taxes and similar charges, and (iii) compliance with any U.S. or foreign laws or governmental regulations relating to the American Depositary Shares or to the withdrawal of the Deposited Securities. Without limitation of the foregoing, the Depositary shall not knowingly accept for deposit under the Deposit Agreement any Shares which would be required to be registered under the provisions of the Securities Act of 1933, unless a registration statement is in effect as to such Shares for such offer and sale. The Depositary shall comply with written instructions of the Company (received by the Depositary reasonably in advance) not to accept for deposit hereunder and Shares identified in such instructions at such times and under such circumstances as may reasonably be specified in such instructions in order to facilitate the Company's compliance with the securities laws of the United States and other jurisdictions.

4. LIABILITY OF OWNER FOR TAXES.

If any tax or other governmental charge shall become payable with respect to any American Depositary Shares or any Deposited Securities represented by any American Depositary Shares, such tax or other governmental charge shall be payable by the Owner to the Depositary. The Depositary may refuse to register any transfer of those American Depositary Shares or any withdrawal of Deposited Securities represented by those American Depositary Shares until such payment is made, and may withhold any dividends or other distributions, or may sell for the account of the Owner any part or all of the Deposited Securities represented by those American Depositary Shares, and may apply such dividends or other distributions or the proceeds of any such sale in payment of such tax or other governmental charge and the Owner shall remain liable for any deficiency.

5. WARRANTIES ON DEPOSIT OF SHARES.

Every person depositing Shares under the Deposit Agreement shall be deemed thereby to represent and warrant, that such Shares and each certificate therefor, if applicable, are validly issued, fully paid, nonassessable and free of any preemptive rights of the holders of outstanding Shares and that the person making such deposit is duly authorized so to do. Every such person shall also be deemed to represent that the deposit of such Shares and the sale of American Depositary Shares representing such Shares by

that person are not restricted under the Securities Act of 1933. Such representations and warranties shall survive the deposit of Shares and delivery of American Depositary Shares.

6. FILING PROOFS, CERTIFICATES, AND OTHER INFORMATION.

Any person presenting Shares for deposit or any Owner or holder may be required from time to time to file with the Depositary or the Custodian such proof of citizenship or residence, exchange control approval, or such information relating to the registration on the books of the Company or the Foreign Registrar, if applicable, to execute such certificates and to make such representations and warranties, as the Depositary may reasonably deem necessary or proper. The Depositary may withhold the delivery or registration of transfer of any American Depositary Shares or the distribution of any dividend or sale or distribution of rights or of the proceeds thereof or the delivery of any Deposited Securities until such proof or other information is filed or such certificates are executed or such representations and warranties made. The Depositary shall provide to the Company, as promptly as practicable upon its written request, copies of any such proofs, certificates of other information that it receives under Section 3.01 of the Deposit Agreement, to the extent that disclosure is permitted under applicable law. No Share shall be accepted for deposit unless accompanied by evidence reasonably satisfactory to the Depositary that any necessary approval has been granted by any governmental body in Brazil that is then performing the function of the regulation of currency exchange.

7. CHARGES OF DEPOSITARY.

The Company agrees to pay the fees and out-of-pocket expenses of the Depositary and those of any Registrar only in accordance with agreements in writing entered into between the Depositary and the Company from time to time. Except as set forth in clause (9) of the following paragraph, the charges and expenses of the Custodian shall be for the sole account of the Depositary.

The following charges shall be incurred by any party depositing or withdrawing Shares or by any party surrendering American Depositary Shares or to whom American Depositary Shares are issued (including, without limitation, issuance pursuant to a stock dividend or stock split declared by the Company or an exchange of stock regarding the American Depositary Shares or Deposited Securities or a delivery of American Depositary Shares pursuant to Section 4.03 of the Deposit Agreement), or by Owners, as applicable: (1) taxes and other governmental charges, (2) such registration fees as may from time to time be in effect for the registration of transfers of Shares generally on the Share register of the Company or Foreign Registrar and applicable to transfers of Shares to or from the name of the Depositary or its nominee or the Custodian or its nominee on the making of deposits or withdrawals under the terms of the Deposit Agreement, (3) such cable, telex and facsimile transmission expenses as are expressly provided in the Deposit Agreement, (4) such expenses as are incurred by the Depositary in the conversion of foreign currency pursuant to Section 4.05 of the Deposit Agreement, (5) a fee of \$5.00 or less per 100 American Depositary Shares (or portion thereof) for the delivery of American Depositary Shares pursuant to Section 2.03, 4.03 or 4.04 of the Deposit Agreement and the surrender of American Depositary Shares pursuant to Section 2.05 or 6.02 of the Deposit Agreement, (6) a fee of \$.02 or less per American Depositary Share (or portion thereof) for any cash distribution made pursuant to the Deposit Agreement, including, but not limited to Sections 4.01 through 4.04 of the Deposit Agreement, (7) a fee for the distribution of securities pursuant to Section 4.02 of the Deposit Agreement, such fee being in an amount equal to the fee for the execution and delivery of American Depositary Shares referred to above which would have been charged as a result of the deposit of such securities (for purposes of this clause 7 treating all such securities as if they were Shares) but which securities are instead distributed by the Depositary to Owners, (8) in addition to any fee charged under clause 6, a fee of \$.02 or less per American Depositary Share (or portion thereof) per annum for depositary services, which will be payable as provided in clause 9 below, (9) any other charges payable by the Depositary, any of the Depositary's agents, including the Custodian, or the agents of the Depositary's agents in connection with the servicing of Shares or other Deposited Securities (which charge shall be assessed against Owners as of the date or dates set by the Depositary in accordance with Section 4.06 of the Deposit Agreement and shall be payable at the sole discretion of the Depositary by billing such Owners for such charge or by deducting such charge from one or more cash dividends or other cash distributions).

The Depositary, subject to Article 8 hereof, may own and deal in any class of securities of the Company and its affiliates and in American Depositary Shares.

From time to time, the Depositary may make payments to the Company to reimburse and / or share revenue from the fees collected from Owners or Holders, or waive fees and expenses for services provided, generally relating to costs and expenses arising out of establishment and maintenance of the American Depositary Shares program. In performing its duties under the Deposit Agreement, the Depositary may use brokers, dealers or other service providers that are affiliates of the Depositary.

8. PRE-RELEASE OF RECEIPTS.

Unless requested in writing by the Company to cease doing so, notwithstanding Section 2.03 of the Deposit Agreement, the Depositary may deliver American Depositary Shares prior to the receipt of Shares pursuant to Section 2.02 of the Deposit Agreement (a "Pre-Release"). The Depositary may, pursuant to Section 2.05 of the Deposit Agreement, deliver Shares upon the surrender of American Depositary Shares that have been Pre-Released, whether or not such cancellation is prior to the termination of such Pre-Release. The Depositary may receive American Depositary Shares in lieu of Shares in satisfaction of a Pre-Release.

Each Pre-Release will be (a) preceded or accompanied by a written representation from the person to whom American Depositary Shares or Shares are to be delivered, that such person, or its customer, (i) beneficially owns the Shares or American Depositary Shares to be remitted, as the case may be, (ii) assigns all beneficial right, title and interest in such American Depositary Shares or Shares, as the case may be, to the Depositary in its capacity as such and will hold such American Depositary Shares or Shares, as the case may be, in trust for the account of the Depositary until delivery thereof to the Depositary and (iii) will not take any action with respect to such American Depositary Shares or Shares, as the case may be, that is inconsistent with the transfer of beneficial ownership (including, without the consent of the Depositary, disposing of such American Depositary Shares or Shares, as the case may be), other than in satisfaction of the Pre-Release, (b) at all times fully collateralized with cash or such other collateral as the Depositary deems appropriate, (c) terminable by the Depositary on not more than five (5) business days notice, and (d) subject to such further indemnities and credit regulations as the Depositary deems appropriate. The number of American Depositary Shares which are outstanding at any time as a result of Pre-Release will not normally exceed thirty percent (30%) of the Shares deposited under the Deposit Agreement; provided, however, that the Depositary reserves the right to disregard such limit from time to time as it reasonably deems appropriate and may, with the prior written consent of the Company, change such limit for purposes of general application.

The Depositary may retain for its own account any compensation received by it in connection with the foregoing.

9. TITLE TO RECEIPTS.

It is a condition of this Receipt and every successive Owner and holder of this Receipt by accepting or holding the same consents and agrees that when properly endorsed or accompanied by proper instruments of transfer, shall be transferable as certificated registered securities under the laws of New York. American Depositary Shares not evidenced by Receipts shall be transferable as uncertificated registered securities under the laws of New York. The Depositary, notwithstanding any notice to the contrary, may treat the Owner of American Depositary Shares as the absolute owner thereof for the purpose of determining the person entitled to distribution of dividends or other distributions or to any notice provided for in the Deposit Agreement and for all other purposes, and neither the Depositary nor the Company shall have any obligation or be subject to any liability under the Deposit Agreement to any Holder of American Depositary Shares unless that Holder is the Owner of those American Depositary Shares.

10. VALIDITY OF RECEIPT.

This Receipt shall not be entitled to any benefits under the Deposit Agreement or be valid or obligatory for any purpose, unless this Receipt shall have been executed by the Depositary by the manual signature of a duly authorized signatory of the Depositary; provided, however that such signature may be a facsimile if a Registrar for the Receipts shall have been appointed and such Receipts are countersigned by the manual signature of a duly authorized officer of the Registrar.

11. REPORTS; INSPECTION OF TRANSFER BOOKS.

The Company has been subject to the periodic reporting requirements of the Securities Exchange Act of 1934 (the "Exchange Act") and, accordingly, filed certain reports with the Securities and Exchange Commission. Those reports are available for inspection and copying through the Commission's EDGAR system or at public reference facilities maintained by the Commission in Washington, D.C. On November 16, 2021 the Company filed Form 15F under the Exchange Act, whereupon its reporting obligations were suspended. The Form 15F became effective on February 14, 2022, whereupon the Company's reporting obligations under the Exchange Act were terminated. Since that date, the Company publishes information in English required to maintain the exemption from registration under Rule 12g3-2(b) under the Exchange Act of 1934 on its Internet web site or through an electronic information delivery system generally available to the public in its primary trading market. The Company's Internet web site address is <https://ri.oi.com.br/en/>.

The Depositary will make available for inspection by Owners at its Corporate Trust Office any reports, notices and other communications, including any proxy soliciting material, received from the Company which are both (a) received by the Depositary as the holder of the Deposited Securities and (b) made generally available to the holders of such Deposited Securities by the Company. The Depositary will also, upon written request by the Company, send to Owners copies of such reports when furnished by the Company pursuant to the Deposit Agreement. Any such reports and communications, including any such proxy soliciting material, furnished to the Depositary by the Company shall be furnished in English to the extent such materials are required to be translated into English pursuant to any regulations of the Commission.

The Depositary will keep books, at its Corporate Trust Office, for the registration of American Depositary Shares and transfers of American Depositary Shares which at all reasonable times shall be open for inspection by the Owners, provided that such inspection shall not be for the purpose of communicating with Owners in the interest of a business or object other than the business of the Company or a matter related to the Deposit Agreement or the American Depositary Shares.

12. DIVIDENDS AND DISTRIBUTIONS.

Whenever the Depositary receives any cash dividend or other cash distribution on any Deposited Securities, the

Depository shall, as promptly as practicable after its receipt of such dividend or distribution (unless otherwise prohibited or prevented by law), subject to the provisions of Section 4.05 of the Deposit Agreement, convert such dividend or distribution into Dollars and shall, as promptly as practicable, distribute the amount thus received (net of the fees and expenses of the Depository as provided in Article 7 hereof and Section 5.09 of the Deposit Agreement) to the Owners entitled thereto, in proportion to the number of American Depositary Shares representing such Deposited Securities held by them respectively; provided, however, that in the event that the Custodian or the Depository shall be required to withhold and does withhold from such cash dividend or such other cash distribution an amount on account of taxes or other governmental charges, the amount distributed to the Owners of the American Depositary Shares representing such Deposited Securities shall be reduced accordingly. The Depository shall distribute only such amount, however, as can be distributed without attributing to any Owner a fraction of one cent. Any such fractional amounts shall be rounded to the nearest whole cent and so distributed to Owners entitled thereto. The Company or its agent will remit to the appropriate governmental agency in Brazil all amounts withheld and owing to such agency. The Depository will forward to the Company or its agent as promptly as practicable such information from its records as the Company may reasonably request to enable the Company or its agent to file necessary reports with governmental agencies, and the Depository or the Company or its agent may file any such reports necessary to obtain benefits under the applicable tax treaties for the Owners.

Subject to the provisions of Section 4.11 and 5.09 of the Deposit Agreement, whenever the Depository receives any distribution other than a distribution described in Section 4.01, 4.03 or 4.04, the Depository shall, as promptly as practicable, cause the securities or property received by it to be distributed to the Owners entitled thereto, after deduction or upon payment of any fees and expenses of the Depository or any taxes or other governmental charges, in proportion to the number of American Depositary Shares representing such Deposited Securities held by them respectively, in any manner that the Depository may reasonably deem equitable and practicable for accomplishing such distribution; provided, however, that if in the opinion of the Depository such distribution cannot be made proportionately among the Owners entitled thereto, or if for any other reason (including, but not limited to, any requirement the Company or the Depository withhold an amount on account of taxes or other governmental charges or that such securities must be registered under the Securities Act of 1933 in order to be distributed to Owners and holders) the Depository deems such distribution not to be feasible, the Depository may, after consultation with the Company to the extent practicable, adopt such method as it may deem equitable and practicable for the purpose of effecting such distribution, including, but not limited to, the public or private sale of the securities or property thus received, or any part thereof, and the net proceeds of any such sale (net of the fees and expenses of the Depository as provided in Article 7 hereof and Section 5.09) shall be distributed as promptly as practicable by the Depository to the Owners of Receipts entitled thereto all in the manner and subject to the conditions described in Section 4.01. The Depository may withhold any distribution of securities under Section 4.02 if it has not received satisfactory assurances from the Company that the distribution does not require registration under the Securities Act of 1933. The Depository may sell, by public or private sale, an amount of securities or other property it would otherwise distribute under this Article that is sufficient to pay its fees and expenses in respect of that distribution.

If any distribution consists of a dividend in, or free distribution of, Shares, the Depository may, and shall if the Company shall so request in writing, as promptly as practicable, deliver to the Owners entitled thereto, an aggregate number of American Depositary Shares representing the amount of Shares received as such dividend or free distribution, subject to the terms and conditions of the Deposit Agreement with respect to the deposit of Shares and after deduction or upon payment of the fees and expenses of the Depository as provided in Section 5.09 of the Deposit Agreement (and the Depository may sell, by public or private sale, an amount of Shares received sufficient to pay its fees and expenses in respect of that distribution). The Depository may withhold any such delivery of American Depositary Shares if it has not received satisfactory assurances from the Company that such distribution does not require registration under the Securities Act of 1933. In lieu of delivering fractional American Depositary Shares in any such case, the Depository, as promptly as possible, use reasonable efforts to sell the amount of Shares represented by the aggregate of such fractions and distribute the net proceeds, all in the manner and subject to the conditions described in Section 4.01 of the Deposit Agreement. If additional American Depositary Shares are not so delivered, each American Depositary Share shall thenceforth also represent the additional Shares distributed upon the Deposited Securities represented thereby.

In the event that the Depository reasonably determines that any distribution in property (including Shares and rights to subscribe therefor) is subject to any tax or other governmental charge which the Depository is obligated to withhold, the Depository may by public or private sale dispose of all or a portion of such property (including Shares and rights to subscribe therefor) in such amounts and in such manner as the Depository reasonably deems necessary and practicable to pay any such taxes or charges, and the Depository shall distribute the net proceeds of any such sale after deduction of such taxes or charges to the Owners entitled thereto in proportion to the number of American Depositary Shares held by them respectively.

13. RIGHTS.

In the event that the Company shall offer or cause to be offered to the holders of any Deposited Securities any rights to subscribe for additional Shares or any rights of any other nature, the Depository shall, after consultation with the Company, have discretion as to the procedure to be followed in making such rights available to any Owners or in disposing of such rights on behalf of any Owners and making the net proceeds available to such Owners or, if by the terms of such rights offering or for any other reason it would be unlawful or unfeasible for the Depository either to make such rights available to any Owners or dispose of such rights and make the net proceeds available to such Owners, then the Depository shall allow the rights to lapse. If at the time of the

offering of any rights the Depositary determines in its discretion that it is lawful and feasible to make such rights available to all or certain Owners but not to other Owners, the Depositary may, and at the request of the Company shall, distribute to any Owner to whom it determines the distribution to be lawful and feasible, in proportion to the number of American Depositary Shares held by such Owner, warrants or other instruments therefor in such form as it deems appropriate, but only pursuant to a separate agreement to be entered into between the Company and the Depositary setting out the procedure to be used and the terms and conditions for that distribution.

In circumstances in which rights would otherwise not be distributed, if an Owner requests the distribution of warrants or other instruments in order to exercise the rights allocable to the American Depositary Shares of such Owner under the Deposit Agreement, the Depositary will, as promptly as practicable, make such rights available to such Owner upon written notice from the Company to the Depositary that (a) the Company has elected in its sole discretion to permit such rights to be exercised and (b) such Owner has executed such documents as the Company has determined in its sole discretion are reasonably required under applicable law.

If the Depositary has distributed warrants or other instruments for rights to all or certain Owners, then upon instruction from such an Owner pursuant to such warrants or other instruments to the Depositary from such Owner to exercise such rights, upon payment by such Owner to the Depositary for the account of such Owner of an amount equal to the purchase price of the Shares to be received upon the exercise of the rights, and upon payment of the fees and expenses of the Depositary and any other charges as set forth in such warrants or other instruments, the Depositary shall, on behalf of such Owner, exercise the rights and purchase the Shares, and the Company shall cause the Shares so purchased to be delivered to the Depositary on behalf of such Owner. As agent for such Owner, the Depositary will cause the Shares so purchased to be deposited pursuant to Section 2.02 of the Deposit Agreement, and shall, pursuant to Section 2.03 of the Deposit Agreement, deliver American Depositary Shares to such Owner. In the case of a distribution pursuant to the second paragraph of this Article 13, such deposit shall be made, and depositary shares shall be delivered, under depositary arrangements which provide for issuance of depositary shares subject to the appropriate restrictions on sale, deposit, cancellation, and transfer under applicable United States laws.

If the Depositary reasonably determines in its discretion that it is not lawful and feasible to make such rights available to all or certain Owners, but that it is lawful and feasible to sell them, it may, and at the request of the Company will use reasonable efforts to, sell the rights, warrants or other instruments in proportion to the number of American Depositary Shares held by the Owners to whom it has determined it may not lawfully or feasibly make such rights available, and allocate the net proceeds of such sales (net of the fees and expenses of the Depositary as provided in Section 5.09 of the Deposit Agreement and all taxes and governmental charges payable in connection with such rights and subject to the terms and conditions of the Deposit Agreement) for the account of such Owners otherwise entitled to such rights, warrants or other instruments, upon an averaged or other practical basis without regard to any distinctions among such Owners because of exchange restrictions or the date of delivery of any American Depositary Shares or otherwise. Such proceeds shall be distributed as promptly as practicable in accordance with Section 4.01 of the Deposit Agreement.

The Depositary will not offer rights to Owners unless both the rights and the securities to which such rights relate are either exempt from registration under the Securities Act of 1933 with respect to a distribution to all Owners or are registered under the provisions of such Act; provided, that nothing in the Deposit Agreement shall create any obligation on the part of the Company to file a registration statement with respect to such rights or underlying securities or to endeavor to have such a registration statement declared effective. If an Owner requests the distribution of warrants or other instruments, notwithstanding that there has been no such registration under the Securities Act of 1933, the Depositary shall not effect such distribution unless it has received an opinion from recognized counsel in the United States for the Company upon which the Depositary may rely that such distribution to such Owner is exempt from such registration.

The Depositary shall not be responsible for any failure to determine that it may be lawful or feasible to make such rights available to Owners in general or any Owner in particular.

14. CONVERSION OF FOREIGN CURRENCY.

Whenever the Depositary or the Custodian shall receive foreign currency, by way of dividends or other distributions or the net proceeds from the sale of securities, property or rights, and if at the time of the receipt thereof the foreign currency so received can in the judgment of the Depositary be converted on a reasonable basis into Dollars and the resulting Dollars transferred to the United States, the Depositary shall convert or cause to be converted as promptly as practicable, by sale or in any other manner that it may determine, such foreign currency into Dollars, and such Dollars shall be distributed as promptly as possible to the Owners entitled thereto or, if the Depositary shall have distributed any warrants or other instruments which entitle the holders thereof to such Dollars, then to the holders of such warrants and/or instruments upon surrender thereof for cancellation. Such distribution may be made upon an averaged or other practicable basis without regard to any distinctions among Owners on account of exchange restrictions, the date of delivery of any American Depositary Shares or otherwise and shall be net of any expenses of conversion into Dollars incurred by the Depositary as provided in Section 5.09 of the Deposit Agreement.

If such conversion or distribution can be effected only with the approval or license of any government or agency thereof, the Depositary shall file as promptly as practicable such application for approval or license, if any, as it may deem desirable. The

Depository shall notify the Company and consult with the Company as to the action to be taken if it is not applying for a necessary approval or license of that kind.

If at any time the Depository shall reasonably determine that in its judgment any foreign currency received by the Depository or the Custodian is not convertible on a reasonable basis into Dollars transferable to the United States, or if any approval or license of any government or agency thereof which is required for such conversion is denied or in the opinion of the Depository is not obtainable, or if any such approval or license is not obtained within a reasonable period as determined by the Depository, the Depository may distribute the foreign currency (or an appropriate document evidencing the right to receive such foreign currency) received by the Depository to, or in its discretion may hold such foreign currency uninvested and without liability for interest thereon for the respective accounts of, the Owners entitled to receive the same.

If any such conversion of foreign currency, in whole or in part, cannot be effected for distribution to some of the Owners entitled thereto, the Depository may in its discretion make such conversion and distribution in Dollars to the extent permissible to the Owners entitled thereto and may distribute the balance of the foreign currency received by the Depository to, or hold such balance uninvested and without liability for interest thereon for the respective accounts of, the Owners entitled thereto.

15. RECORD DATES.

Whenever any cash dividend or other cash distribution shall become payable or any distribution other than cash shall be made, or whenever rights shall be issued with respect to the Deposited Securities, or whenever the Depository shall receive notice of any meeting of holders of Shares or other Deposited Securities, or whenever for any reason the Depository causes a change in the number of Shares that are represented by each American Depositary Share, or whenever the Depository shall find it necessary or convenient, the Depository shall fix, and as promptly as practicable notify the Company of, a record date, which shall be the same as, or near as practicable to, any corresponding record date set by the Company with respect to Shares, (a) for the determination of the Owners who shall be (i) entitled to receive such dividend, distribution or rights or the net proceeds of the sale thereof, (ii) entitled to give instructions for the exercise of voting rights at any such meeting or (iii) responsible for any fee assessed by the Depository pursuant to the Deposit Agreement, or (b) on or after which each American Depositary Share will represent the changed number of Shares. Subject to the provisions of Sections 4.01 through 4.05 of the Deposit Agreement and to the other terms and conditions of this Deposit Agreement, the Owners on such record date shall be entitled, as the case may be, to receive the amount distributable by the Depository with respect to such dividend or other distribution or such rights or the net proceeds of sale thereof in proportion to the number of American Depositary Shares held by them respectively and to give voting instructions and to act in respect of any other such matter.

16. VOTING OF DEPOSITED SECURITIES.

Upon receipt of notice of any meeting of holders of Shares or other Deposited Securities, if requested in writing by the Company, the Depository shall, as soon as practicable thereafter, mail to the Owners of Receipts a notice, the form of which notice shall be in the sole discretion of the Depository, which shall contain (a) such information as is contained in such notice of meeting received by the Depository from the Company, (b) a statement that the Owners as of the close of business on a specified record date will be entitled, subject to any applicable provision of law and of the articles of association or similar documents of the Company, to instruct the Depository as to the exercise of the voting rights, if any, pertaining to the amount of Shares or other Deposited Securities represented by their respective American Depositary Shares and (c) a statement as to the manner in which such instructions may be given, including an express indication that instructions may be given or deemed given in accordance with the last sentence of this paragraph if no instruction is received, to the Depository to give a discretionary proxy to a person designated by the Company. Upon the written request of an Owner of American Depositary Shares on such record date, received on or before the date established by the Depository for such purpose, the Depository shall endeavor insofar as practicable to vote or cause to be voted the amount of Shares or other Deposited Securities represented by those American Depositary Shares in accordance with the instructions set forth in such request. The Depository shall not itself exercise any voting discretion over any Deposited Securities. If (i) the Company instructed the Depository to act under Section 4.07 of the Deposit Agreement and complied with the following paragraph and (ii) no instructions are received by the Depository from an Owner with respect to American Depositary Shares of that Owner on or before the date established by the Depository for such purpose, the Depository shall deem that Owner to have instructed the Depository to give a discretionary proxy to a person designated by the Company with respect to the amount of Deposited Securities represented by those American Depositary Shares and the Depository shall give a discretionary proxy to a person designated by the Company to vote that amount of Deposited Securities, except that no such instruction shall be deemed given and no such discretionary proxy shall be given with respect to any matter as to which the Company informs the Depository (and the Company agrees to provide such information as promptly as practicable in writing, if applicable) that (x) the Company does not wish such proxy given, (y) substantial opposition exists or (z) such matter materially and adversely affects the rights of holders of Shares. There can be no assurance that Owners generally or any Owner in particular will receive the notice described in the preceding paragraph sufficiently prior to the instruction date to ensure that the Depository will vote the Shares or Deposited Securities in accordance with the provisions set forth in the preceding paragraph.

In order to give Owners a reasonable opportunity to instruct the Depository as to the exercise of voting rights relating to Deposited Securities, if the Company will request the Depository to act under Section 4.07 of the Deposit Agreement, the

Company shall give the Depositary notice of any such meeting and details concerning the matters to be voted upon not less than 30 days prior to the meeting date.

Subject to the rules of any securities exchange on which American Depositary Shares or the Deposited Securities represented thereby are listed, the Depositary shall, if requested in writing by the Company, deliver, at least two São Paulo business days prior to the date of such meeting, to the Company, to the attention of its Secretary, copies of all instructions received from Owners in accordance with which the Depositary will vote, or cause to be voted, the Deposited Securities represented by the American Depositary Shares at such meeting. Delivery of instructions will be made at the expense of the Company (unless otherwise agreed in writing by the Company and the Depositary) provided that payment of such expense shall not be a condition precedent to the obligations of the Depositary under Section 4.07 of the Deposit Agreement.

17. CHANGES AFFECTING DEPOSITED SECURITIES.

Upon any change in nominal value, change in par value, split-up, consolidation, or any other reclassification of Deposited Securities, or upon any recapitalization, reorganization, merger or consolidation, or sale of assets affecting the Company or to which it is a party, or upon the redemption or cancellation by the Company of the Deposited Securities, any securities, cash or property which shall be received by the Depositary or the Custodian in exchange for, in conversion of, in lieu of or in respect of Deposited Securities shall be treated as new Deposited Securities under the Deposit Agreement, and American Depositary Shares shall thenceforth represent, in addition to the existing Deposited Securities, the right to receive the new Deposited Securities so received, unless additional Receipts are delivered pursuant to the following sentence. In any such case the Depositary may, and shall if the Company shall so request in writing, deliver additional American Depositary Shares as in the case of a dividend in Shares, or call for the surrender of outstanding Receipts to be exchanged for new Receipts specifically describing such new Deposited Securities.

18. LIABILITY OF THE COMPANY AND DEPOSITARY.

Neither the Depositary nor the Company nor any of their respective directors, employees, agents or affiliates shall incur any liability to any Owner or holder, (i) if by reason of any provision of any present or future law or regulation of the United States or any other country, or of any governmental or regulatory authority, or by reason of any provision, present or future, of the articles of association or any similar document of the Company, or by reason of any provision of any securities issued or distributed by the Company, or any offering or distribution thereof, or by reason of any act of God or war or terrorism or other circumstances beyond its control, the Depositary or the Company shall be prevented, delayed or forbidden from or be subject to any civil or criminal penalty on account of doing or performing any act or thing which by the terms of the Deposit Agreement or Deposited Securities it is provided shall be done or performed, (ii) by reason of any non-performance or delay, caused as aforesaid, in the performance of any act or thing which by the terms of the Deposit Agreement it is provided shall or may be done or performed, (iii) by reason of any exercise of, or failure to exercise, any discretion provided for in the Deposit Agreement, (iv) for the inability of any Owner or holder to benefit from any distribution, offering, right or other benefit which is made available to holders of Deposited Securities but is not, under the terms of the Deposit Agreement, made available to Owners or holders, or (v) for any special, consequential or punitive damages for any breach of the terms of the Deposit Agreement. Where, by the terms of a distribution pursuant to Section 4.01, 4.02 or 4.03 of the Deposit Agreement, or an offering or distribution pursuant to Section 4.04 of the Deposit Agreement, or for any other reason, such distribution or offering may not be made available to Owners of Receipts, and the Depositary may not dispose of such distribution or offering on behalf of such Owners and make the net proceeds available to such Owners, then the Depositary shall not make such distribution or offering, and shall allow any rights, if applicable, to lapse. Neither the Company nor the Depositary assumes any obligation or shall be subject to any liability under the Deposit Agreement to Owners or holders, except that they agree to perform their obligations specifically set forth in the Deposit Agreement without negligence or bad faith. The Depositary and the Company undertake to perform such duties and only such duties as are specifically set forth in the Deposit Agreement, and no implied covenants or obligations shall be read into the Deposit Agreement against the Depositary or the Company or their respective agents. The Depositary shall not be subject to any liability with respect to the validity or worth of the Deposited Securities. Neither the Depositary nor the Company shall be under any obligation to appear in, prosecute or defend any action, suit, or other proceeding in respect of any Deposited Securities or in respect of the American Depositary Shares, on behalf of any Owner or holder or other person. Neither the Depositary nor the Company shall be liable for any action or nonaction by it in reliance upon the advice of or information from legal counsel, accountants, any person presenting Shares for deposit, any Owner or holder, or any other person believed by it in good faith to be competent to give such advice or information. The Depositary and the Company may rely and shall be protected in acting upon any written notice, request, direction or other documents believed by them to be genuine and to have been signed or presented by the proper party of parties. The Depositary shall not be liable for any acts or omissions made by a successor depositary whether in connection with a previous act or omission of the Depositary or in connection with a matter arising wholly after the removal or resignation of the Depositary, provided that in connection with the issue out of which such potential liability arises, the Depositary performed its obligations without negligence or bad faith while it acted as Depositary. The Depositary shall not be liable for the acts or omissions of any securities depository, clearing agency or settlement system in connection with or arising out of book-entry settlement of Deposited Securities or otherwise. The Depositary shall not be responsible for any failure to carry out any instructions to vote any of the

Deposited Securities or for the manner in which any such vote is cast or the effect of any such vote, provided that any such action or nonaction is in good faith.

No disclaimer of liability under the Securities Act of 1933 is intended by any provision of the Deposit Agreement.

19. RESIGNATION AND REMOVAL OF THE DEPOSITARY; APPOINTMENT OF SUCCESSOR CUSTODIAN.

The Depositary may at any time resign as Depositary under the Deposit Agreement by written notice of its election so to do delivered to the Company, such resignation to take effect upon the appointment of a successor depositary and its acceptance of such appointment as provided in the Deposit Agreement. The Depositary may at any time be removed by the Company by 60 days prior written notice of such removal, to become effective upon the later of (i) the 60th day after delivery of the notice to the Depositary and (ii) the appointment of a successor depositary and its acceptance of such appointment as provided in the Deposit Agreement. The Depositary in its discretion may appoint a substitute custodian, which shall thereafter be the Custodian hereunder. The Depositary shall notify the Company of the appointment of a substitute Custodian as promptly as practicable and, if practicable, prior to the effectiveness of such appointment.

20. AMENDMENT.

The form of the Receipts and any provisions of the Deposit Agreement may at any time and from time to time be amended by agreement between the Company and the Depositary without the consent of Owners or holders in any respect which they may deem necessary or desirable. Any amendment which shall impose or increase any fees or charges (other than taxes and other governmental charges, registration fees, cable, telex or facsimile transmission costs, delivery costs or other such expenses), or which shall otherwise prejudice any substantial existing right of Owners, shall, however, not become effective as to outstanding American Depositary Shares until the expiration of thirty days after notice of such amendment shall have been given to the Owners of outstanding American Depositary Shares. Every Owner and holder of American Depositary Shares, at the time any amendment so becomes effective, shall be deemed, by continuing to hold such American Depositary Shares or any interest therein, to consent and agree to such amendment and to be bound by the Deposit Agreement as amended thereby. In no event shall any amendment impair the right of the Owner to surrender American Depositary Shares and receive therefor the Deposited Securities represented thereby, except in order to comply with mandatory provisions of applicable law.

21. TERMINATION OF DEPOSIT AGREEMENT.

The Company may terminate the Deposit Agreement by instructing the Depositary to mail notice of termination to the Owners of all American Depositary Shares then outstanding at least 30 days prior to the termination date included in such notice. The Depositary may likewise terminate the Deposit Agreement, if at any time 90 days shall have expired after the Depositary delivered to the Company a written resignation notice and if a successor depositary shall not have been appointed and accepted its appointment as provided in the Deposit Agreement; in such case the Depositary shall mail a notice of termination to the Owners of all American Depositary Shares then outstanding at least 30 days prior to the termination date. On and after the date of termination, the Owner of American Depositary Shares will, upon (a) surrender of such American Depositary Shares, (b) payment of the fee of the Depositary for the surrender of American Depositary Shares referred to in Section 2.05, and (c) payment of any applicable taxes or governmental charges, be entitled to delivery, to him or upon his order, of the amount of Deposited Securities represented by those American Depositary Shares. If any American Depositary Shares shall remain outstanding after the date of termination, the Depositary thereafter shall discontinue the registration of transfers of American Depositary Shares, shall suspend the distribution of dividends to the Owners thereof, and shall not give any further notices or perform any further acts under the Deposit Agreement, except that the Depositary shall continue to collect dividends and other distributions pertaining to Deposited Securities, shall sell rights and other property as provided in the Deposit Agreement, and shall continue to deliver Deposited Securities, together with any dividends or other distributions received with respect thereto and the net proceeds of the sale of any rights or other property, upon surrender of American Depositary Shares (after deducting, in each case, the fee of the Depositary for the surrender of American Depositary Shares, any expenses for the account of the Owner of such American Depositary Shares in accordance with the terms and conditions of the Deposit Agreement, and any applicable taxes or governmental charges). At any time after the expiration of four months from the date of termination, the Depositary may sell the Deposited Securities then held under the Deposit Agreement and may thereafter hold uninvested the net proceeds of any such sale, together with any other cash then held by it thereunder, unsegregated and without liability for interest, for the pro rata benefit of the Owners of American Depositary Shares that have not theretofore been surrendered, such Owners thereupon becoming general creditors of the Depositary with respect to such net proceeds. After making such sale, the Depositary shall be discharged from all obligations under the Deposit Agreement, except to account for such net proceeds and other cash (after deducting, in each case, the fee of the Depositary for the surrender of American Depositary Shares, any expenses for the account of the Owner of such American Depositary Shares in accordance with the terms and conditions of the Deposit Agreement, and any applicable taxes or governmental charges) and except as provided in Section 5.08 of the Deposit Agreement. Upon the termination of the Deposit Agreement, the Company shall be discharged from all obligations under the Deposit Agreement except for its obligations to the Depositary under Sections 5.08 and 5.09 of that Agreement.

22. DTC DIRECT REGISTRATION SYSTEM AND PROFILE MODIFICATION SYSTEM.

(a) Notwithstanding the provisions of Section 2.04 of the Deposit Agreement, the parties acknowledge that the Direct Registration System (“DRS”) and Profile Modification System (“Profile”) shall apply to uncertificated American Depositary Shares upon acceptance thereof to DRS by DTC. DRS is the system administered by DTC pursuant to which the Depositary may register the ownership of uncertificated American Depositary Shares, which ownership shall be evidenced by periodic statements issued by the Depositary to the Owners entitled thereto. Profile is a required feature of DRS which allows a DTC participant, claiming to act on behalf of an Owner, to direct the Depositary to register a transfer of those American Depositary Shares to DTC or its nominee and to deliver those American Depositary Shares to the DTC account of that DTC participant without receipt by the Depositary of prior authorization from the Owner to register such transfer.

(b) In connection with and in accordance with the arrangements and procedures relating to DRS/Profile, the parties understand that the Depositary will not verify, determine or otherwise ascertain that the DTC participant which is claiming to be acting on behalf of an Owner in requesting registration of transfer and delivery described in subsection (a) has the actual authority to act on behalf of the Owner (notwithstanding any requirements under the Uniform Commercial Code). For the avoidance of doubt, the provisions of Sections 5.03 and 5.08 of the Deposit Agreement shall apply to the matters arising from the use of the DRS. The parties agree that the Depositary’s reliance on and compliance with instructions received by the Depositary through the DRS/Profile System and in accordance with the Deposit Agreement, shall not constitute negligence or bad faith on the part of the Depositary.

23. SUBMISSION TO JURISDICTION; JURY TRIAL WAIVER.

In the Deposit Agreement, the Company has (i) appointed National Corporate Research, Ltd. with offices currently located at 225 West 24th Street, Suite 910, New York, New York, as the Company’s authorized agent upon which process may be served in any suit or proceeding between it and the Depositary arising out of or relating to this Deposit Agreement, (ii) consented and submitted to the jurisdiction of any state or federal court in the State of New York in which any such suit or proceeding may be instituted, and (iii) agreed that service of process upon said authorized agent shall be deemed in every respect effective service of process upon the Company in any such suit or proceeding. The Company agrees to deliver, upon execution and delivery of this Deposit Agreement, a written acceptance by such agent of its appointment as such agent. The Company further agrees to take any and all action, including the filings of and all such documents and instruments, as may be necessary to continue such designation and appointment in full force and effect for so long as any American Depositary Shares or Receipts remain outstanding or this Agreement remains in force. In the event the Company fails to continue such designation and appointment in full force and effect, the Company hereby waives personal service of process upon it and consents that any such service of process may be made by certified or registered mail, return receipt requested, directed to the Company at its address last specified for notices hereunder, and service so made shall be deemed completed 10 business days after the same shall have been so mailed.

EACH PARTY TO THE DEPOSIT AGREEMENT (INCLUDING, FOR AVOIDANCE OF DOUBT, EACH OWNER AND HOLDER) THEREBY IRREVOCABLY WAIVES, TO THE FULLEST EXTENT PERMITTED BY APPLICABLE LAW, ANY RIGHT IT MAY HAVE TO A TRIAL BY JURY IN ANY SUIT, ACTION OR PROCEEDING AGAINST THE COMPANY AND/OR THE DEPOSITARY DIRECTLY OR INDIRECTLY ARISING OUT OF OR RELATING TO THE SHARES OR OTHER DEPOSITED SECURITIES, THE AMERICAN DEPOSITARY SHARES OR THE RECEIPTS, THE DEPOSIT AGREEMENT OR ANY TRANSACTION CONTEMPLATED HEREIN OR THEREIN, OR THE BREACH HEREOF OR THEREOF, INCLUDING WITHOUT LIMITATION ANY QUESTION REGARDING EXISTENCE, VALIDITY OR TERMINATION (WHETHER BASED ON CONTRACT, TORT OR ANY OTHER THEORY).

24. INFORMATION REQUESTS; DELIVERY OF INFORMATION TO THE CVM.

The Company may from time to time request Owners and Holders to provide information as to the capacity in which such Owners or Holders own or owned American Depositary Shares and regarding the identity of any other persons then or previously interested in such American Depositary Shares as to the nature of such interest and various other matters. The Depositary agrees to use reasonable efforts to comply with written instructions received from the Company requesting that the Depositary forward any such requests to the Owners and to forward to the Company any responses to such requests received by the Depositary. Each Owner and Holder agrees to provide any information requested by the Company or the Depositary pursuant to Section 3.04 of the Deposit Agreement whether or not such person is still an Owner or Holder at the time of such request. At the request of the Company and at the Company’s expense, the Depositary will provide reasonable assistance to the Company to obtain information sought by the Company under Section 3.04 of the Deposit Agreement.

Each of the Depositary and the Company hereby confirms to the other that for as long as the Deposit Agreement is in effect, it shall furnish the CVM and the Central Bank, at any time and within the period that may be determined, with any information and documents related to the American Depositary Shares program and the American Depositary Shares issued hereunder. In the event that the Depositary or the Custodian shall be advised in writing by reputable independent Brazilian counsel that the Depositary or Custodian reasonably could be subject to criminal, or material, as reasonably determined by the Depositary, civil, liabilities as a result of the Company having failed to provide such information or documents reasonably available only through the Company and the Depositary resigns under those circumstances, the time allowed under Section 5.04 of the Deposit

Agreement for the Company to appoint a successor depositary and the successor to accept its appointment shall be reduced to 30 days, and the notice required before a consequent termination of the Deposit Agreement will become effective under Section 6.02 of that Agreement shall be reduced to 15 days. The Depositary shall not be subject to any liability under the Deposit Agreement for making the determination or effecting the accelerated resignation and termination permitted under Section 3.04 of the Deposit Agreement.

AMENDED AND RESTATED DEPOSIT AGREEMENT (COMMON SHARES) dated as of February 27, 2012 among OI S.A. (formerly known as Brasil Telecom S.A.), a company incorporated under the laws of the Federative Republic of Brazil (herein called the Company), THE BANK OF NEW YORK MELLON, a New York banking corporation (herein called the Depositary), and all Owners and Holders from time to time of American Depositary Shares (as hereinafter defined) issued hereunder.

W I T N E S S E T H:

WHEREAS, the Company desires to provide, as hereinafter set forth in this Amended and Restated Deposit Agreement (Common Shares), for the deposit of Shares (as hereinafter defined) of the Company from time to time with the Depositary or with the Custodian (as hereinafter defined) as agent of the Depositary for the purposes set forth in this Amended and Restated Deposit Agreement (Common Shares), for the creation of American Depositary Shares representing the Shares so deposited and for the execution and delivery of American Depositary Receipts evidencing the American Depositary Shares; and

NOW, THEREFORE, in consideration of the premises, it is agreed by and between the parties hereto that the Prior Deposit Agreement is hereby amended and restated as follows:

ARTICLE 1. DEFINITIONS

SECTION 1.01 American Depositary Shares.

The term “American Depositary Shares” shall mean the securities created under this Deposit Agreement representing rights with respect to the Deposited Securities. American Depositary Shares may be certificated securities evidenced by Receipts or uncertificated securities. The form of Receipt annexed as Exhibit A to this Deposit Agreement shall be the prospectus required under the Securities Act of 1933 for sales of both certificated and uncertificated American Depositary Shares. Except for those provisions of this Deposit Agreement that refer specifically to Receipts, all the provisions of this Deposit Agreement shall apply to both certificated and uncertificated American Depositary Shares. Each American Depositary Share shall represent the number of Shares specified in Exhibit A to this Deposit Agreement, until there shall occur a distribution upon Deposited Securities covered by Section 4.03 or a change in Deposited Securities covered by Section 4.08 with respect to which additional American Depositary Shares are not delivered, and thereafter American Depositary Shares shall represent the amount of Shares or Deposited Securities specified in such Sections.

SECTION 1.02 Central Bank.

The term “Central Bank” shall mean the Central Bank of Brazil (*Banco Central do Brasil*) or any successor governmental agency in Brazil.

SECTION 1.03 Commission.

The term “Commission” shall mean the Securities and Exchange Commission of the United States or any successor governmental agency in the United States.

SECTION 1.04 Company.

The term “Company” shall mean Oi S.A., a company (*sociedade anônima*) incorporated under the laws of the Federative Republic of Brazil, and its successors.

SECTION 2.01 Form of Receipts; Registration and Transferability of American Depositary Shares.

Definitive Receipts shall be substantially in the form set forth in Exhibit A annexed to this Deposit Agreement, with appropriate insertions, modifications and omissions, as hereinafter provided. No Receipt shall be entitled to any benefits under this

Deposit Agreement or be valid or obligatory for any purpose, unless such Receipt shall have been (i) executed by the Depositary by the manual signature of a duly authorized officer of the Depositary or (ii) executed by the facsimile signature of a duly authorized officer of the Depositary and countersigned by the manual signature of a duly authorized signatory of the Depositary or a Registrar. The Depositary shall maintain books on which (x) each Receipt so executed and delivered as hereinafter provided and the transfer of each such Receipt shall be registered and (y) all American Depositary Shares delivered as hereinafter provided and all registrations of transfer of American Depositary Shares shall be registered. A Receipt bearing the facsimile signature of a person that was at any time a proper officer of the Depositary shall, subject to the other provisions of this paragraph, bind the Depositary, notwithstanding that such person was not a proper officer of the Depositary on the date of issuance of that Receipt.

The Receipts may be endorsed with or have incorporated in the text thereof such legends or recitals or modifications not inconsistent with the provisions of this Deposit Agreement as may be reasonably required by the Depositary or required to comply with any applicable law or regulations thereunder or with the rules and regulations of any securities exchange upon which American Depositary Shares may be listed or to conform with any usage with respect thereto, or to indicate any special limitations or restrictions to which any particular Receipts are subject by reason of the date of issuance of the underlying Deposited Securities or otherwise.

American Depositary Shares evidenced by a Receipt, when properly endorsed or accompanied by proper instruments of transfer, shall be transferable as certificated registered securities under the laws of New York. American Depositary Shares not evidenced by Receipts shall be transferable as uncertificated registered securities under the laws of New York. The Depositary, notwithstanding any notice to the contrary, may treat the Owner of American Depositary Shares as the absolute owner thereof for the purpose of determining the person entitled to distribution of dividends or other distributions or to any notice provided for in this Deposit Agreement and for all other purposes, and neither the Depositary nor the Company shall have any obligation or be subject to any liability under this Deposit Agreement to any holder of American Depositary Shares unless that holder is the Owner of those American Depositary Shares.

SECTION 2.02 Deposit of Shares.

Subject to the terms and conditions of this Deposit Agreement, Shares or evidence of rights to receive Shares may be deposited by delivery thereof to the Custodian hereunder, accompanied by any appropriate instruments or instructions for transfer, or endorsement, in form reasonably satisfactory to the Custodian, together with all such certifications as may be reasonably required by the Depositary or the Custodian in accordance with the provisions of this Deposit Agreement, and, if the Depositary requires, together with a written order directing the Depositary to deliver to, or upon the written order of, the person or persons stated in such order, the number of American Depositary Shares representing such deposit.

No Share shall be accepted for deposit unless accompanied by evidence reasonably satisfactory to the Depositary that any necessary approval has been granted by any governmental body in Brazil that is then performing the function of the regulation of currency exchange. If required by the Depositary, Shares presented for deposit at any time, whether or not the transfer books of the Company or the Foreign Registrar, if applicable, are closed, shall also be accompanied by an agreement or assignment, or other instrument satisfactory to the Depositary, which will provide for the prompt transfer to the Custodian of any dividend, or right to subscribe for additional Shares or to receive other property which any person in whose name the Shares are or have been recorded may thereafter receive upon or in respect of such deposited Shares, or in lieu thereof, such agreement of indemnity or other agreement as shall be satisfactory to the Depositary.

At the request and risk and expense of any person proposing to deposit Shares, and for the account of such person, the Depositary may receive certificates for Shares to be deposited, together with the other instruments herein specified, for the purpose of forwarding such Share certificates to the Custodian for deposit hereunder.

Upon each delivery to the Custodian of a certificate or certificates for Shares to be deposited hereunder, together with the other documents specified above, the Custodian shall, as soon as transfer and recordation can be accomplished, present such certificate or certificates to the Company or the Foreign Registrar, if applicable, for transfer and recordation of the Shares being deposited in the name of the Depositary or its nominee or such Custodian or its nominee.

Deposited Securities shall be held by the Depositary or by the Custodian for the account and to the order of the Depositary or at such other place or places as the Depositary shall determine.

SECTION 2.03 Delivery of American Depositary Shares.

Upon receipt by the Custodian of any deposit pursuant to Section 2.02 hereunder, together with the other documents required as specified above, the Custodian shall notify the Depositary of such deposit and the person or persons to whom or upon whose written order American Depositary Shares are deliverable in respect thereof and the number of American Depositary Shares to be so delivered. Such notification shall be made by letter or, at the request, risk and expense of the person

making the deposit, by cable, telex or facsimile transmission (and in addition, if the transfer books of the Company or the Foreign Registrar, if applicable, are open, the Depositary may in its sole discretion require a proper acknowledgment or other evidence from the Company or the Foreign Registrar that any Deposited Securities have been recorded upon the books of the Company or the Foreign Registrar, if applicable, in the name of the Depositary or its nominee or the Custodian or its nominee). Upon receiving such notice from such Custodian, or upon the receipt of Shares or evidence of the right to receive Shares by the Depositary, the Depositary, subject to the terms and conditions of this Deposit Agreement, shall deliver, to or upon the order of the person or persons entitled thereto, the number of American Depositary Shares issuable in respect of that deposit, but only upon payment to the Depositary of the fees and expenses of the Depositary for the delivery of such American Depositary Shares as provided in Section 5.09, and of all taxes and governmental charges and fees payable in connection with such deposit and the transfer of the Deposited Securities.

SECTION 2.04 Registration of Transfer of American Depositary Shares; Combination and Split-up of Receipts; Interchange of Certificated and Uncertificated American Depositary Shares.

The Depositary, subject to the terms and conditions of this Deposit Agreement, shall register transfers of American Depositary Shares on its transfer books from time to time, upon (i) in the case of certificated American Depositary Shares, surrender of the Receipt evidencing those American Depositary Shares, by the Owner in person or by a duly authorized attorney, properly endorsed or accompanied by proper instruments of transfer or (ii) in the case of uncertificated American Depositary Shares, receipt from the Owner of a proper instruction (including, for the avoidance of doubt, instructions through DRS and Profile as provided in Section 2.10), and, in either case, duly stamped as may be required by the laws of the State of New York and of the United States of America. Thereupon the Depositary shall deliver those American Depositary Shares to or upon the order of the person entitled thereto.

The Depositary, subject to the terms and conditions of this Deposit Agreement, shall upon surrender of a Receipt or Receipts for the purpose of effecting a split-up or combination of such Receipt or Receipts, execute and deliver a new Receipt or Receipts for any authorized number of American Depositary Shares requested, evidencing the same aggregate number of American Depositary Shares as the Receipt or Receipts surrendered.

The Depositary, upon surrender of certificated American Depositary Shares for the purpose of exchanging for uncertificated American Depositary Shares, shall cancel those certificated American Depositary Shares and send the Owner a statement confirming that the Owner is the owner of the same number of uncertificated American Depositary Shares. The Depositary, upon receipt of a proper instruction (including, for the avoidance of doubt, instructions through DRS and Profile as provided in Section 2.10) from the Owner of uncertificated American Depositary Shares for the purpose of exchanging for certificated American Depositary Shares, shall cancel those uncertificated American Depositary Shares and deliver to the Owner the same number of certificated American Depositary Shares.

The Depositary may appoint, upon at least 20 days' written notice to the Company, one or more co-transfer agents for the purpose of effecting registration of transfers of American Depositary Shares and combinations and split-ups of Receipts at designated transfer offices on behalf of the Depositary. In carrying out its functions, a co-transfer agent may require evidence of authority and compliance with applicable laws and other requirements by Owners or persons entitled to American Depositary Shares and will be entitled to protection and indemnity to the same extent as the Depositary.

The Depositary shall require each co-transfer agent that it appoints under this Section 2.04 to give a notice in writing to the Depositary accepting that appointment and agreeing to abide by the applicable provisions of this Deposit Agreement.

SECTION 2.05 Surrender of American Depositary Shares and Withdrawal of Deposited Securities.

Upon surrender at the Corporate Trust Office of the Depositary of American Depositary Shares for the purpose of withdrawal of the Deposited Securities represented thereby, and upon payment of the fee of the Depositary for the surrender of American Depositary Shares as provided in Section 5.09 and payment of all taxes and governmental charges payable in connection with such surrender and withdrawal of the Deposited Securities, and subject to the terms and conditions of this Deposit Agreement, the Owner of those American Depositary Shares shall be entitled to delivery, to him or as instructed, of the amount of Deposited Securities at the time represented by those American Depositary Shares. Such delivery shall be made, as hereinafter provided, without unreasonable delay.

A Receipt surrendered for such purposes may be required by the Depositary to be properly endorsed in blank or accompanied by proper instruments of transfer in blank. The Depositary may require the surrendering Owner to execute and deliver to the Depositary a written order directing the Depositary to cause the Deposited Securities being withdrawn to be delivered to or upon the written order of a person or persons designated in such order. Thereupon the Depositary shall direct the Custodian to deliver at the office of the Custodian, subject to Sections 2.06, 3.01 and 3.02 and to the other terms and conditions of this Deposit Agreement, to or upon the written order of the person or persons designated in the order delivered to the

Depository as above provided, the amount of Deposited Securities represented by the surrendered American Depositary Shares, except that the Depository may make delivery to such person or persons at the Corporate Trust Office of the Depository of any dividends or distributions with respect to the Deposited Securities represented by those American Depositary Shares, or of any proceeds of sale of any dividends, distributions or rights, which may at the time be held by the Depository.

At the request, risk and expense of any Owner so surrendering American Depositary Shares, and for the account of such Owner, the Depository shall direct the Custodian to forward any cash or other property (other than rights) comprising, and forward a certificate or certificates, if applicable, and other proper documents of title for, the Deposited Securities represented by the surrendered American Depositary Shares to the Depository for delivery at the Corporate Trust Office of the Depository. Such direction shall be given by letter or, at the request, risk and expense of such Owner, by cable, telex or facsimile transmission.

SECTION 2.06 Limitations on Delivery, Transfer and Surrender of American Depositary Shares.

As a condition precedent to the delivery, registration of transfer or surrender of any American Depositary Shares or split-up or combination of any Receipt or withdrawal of any Deposited Securities, the Depository, Custodian or Registrar may require payment from the depositor of Shares or the presenter of the Receipt or instruction for registration of transfer or surrender of American Depositary Shares not evidenced by a Receipt of a sum sufficient to reimburse it for any tax or other governmental charge and any stock transfer or registration fee with respect thereto (including any such tax or charge and fee with respect to Shares being deposited or withdrawn) and payment of any applicable fees as herein provided, may require the production of proof reasonably satisfactory to it as to the identity and genuineness of any signature and may also require compliance with any regulations the Depository may establish consistent with the provisions of this Deposit Agreement, including, without limitation, this Section 2.06.

The delivery of American Depositary Shares against deposit of Shares generally or against deposit of particular Shares may be suspended, or the transfer of American Depositary Shares in particular instances may be refused, or the registration of transfer of outstanding American Depositary Shares generally may be suspended, during any period when the transfer books of the Depository are closed, or if any such action is reasonably deemed necessary or advisable by the Depository or the Company at any time or from time to time because of any requirement of law or of any government or governmental body or commission, or under any provision of this Deposit Agreement, or for any other reason, subject to the provisions of the following sentence. Notwithstanding anything to the contrary in this Deposit Agreement, the surrender of outstanding American Depositary Shares and withdrawal of Deposited Securities may not be suspended subject only to (i) temporary delays caused by closing the transfer books of the Depository or the Company or the Foreign Registrar, if applicable, or the deposit of Shares in connection with voting at a shareholders' meeting, or the payment of dividends, (ii) the payment of fees, taxes and similar charges, and (iii) compliance with any U.S. or foreign laws or governmental regulations relating to the American Depositary Shares or to the withdrawal of the Deposited Securities. Without limitation of the foregoing, the Depository shall not knowingly accept for deposit under this Deposit Agreement any Shares which would be required to be registered under the provisions of the Securities Act of 1933 for public offer and sale in the United States unless a registration statement is in effect as to such Shares for such offer and sale. The Depository shall comply with written instructions of the Company (received by the Depository reasonably in advance) not to accept for deposit hereunder any Shares identified in such instructions at such times and under such circumstances as may reasonably be specified in such instructions in order to facilitate the Company's compliance with the securities laws of the United States and other jurisdictions.

SECTION 2.07 Lost Receipts, etc.

In case any Receipt shall be mutilated, destroyed, lost or stolen, the Depository shall deliver to the Owner the American Depositary Shares evidenced by that Receipt in uncertificated form or, if requested by the Owner, execute and deliver a new Receipt of like tenor in exchange and substitution for such mutilated Receipt, upon cancellation thereof, or in lieu of and in substitution for such destroyed, lost or stolen Receipt. Before the Depository shall deliver American Depositary Shares in uncertificated form or execute and deliver a new Receipt, in substitution for a destroyed, lost or stolen Receipt, the Owner thereof shall have (a) filed with the Depository (i) a request for such execution and delivery before the Depository has notice that the Receipt has been acquired by a bona fide purchaser and (ii) a sufficient indemnity bond and (b) satisfied any other reasonable requirements imposed by the Depository.

SECTION 2.08 Cancellation and Destruction of Surrendered Receipts.

All Receipts surrendered to the Depository shall be cancelled by the Depository. The Depository is authorized to destroy Receipts so cancelled. Cancelled receipts shall not be entitled to any benefits under this Deposit Agreement or be valid or enforceable for any purpose.

SECTION 2.09 Pre-Release of American Depositary Shares.

Unless requested in writing by the Company to cease doing so, notwithstanding Section 2.03 hereof, the Depositary may deliver American Depositary Shares prior to the receipt of Shares pursuant to Section 2.02 (a “Pre-Release”). The Depositary may, pursuant to Section 2.05, deliver Shares upon the surrender of American Depositary Shares that have been Pre-Released, whether or not such cancellation is prior to the termination of such Pre-Release. The Depositary may receive American Depositary Shares in lieu of Shares in satisfaction of a Pre-Release. Each Pre-Release will be (a) preceded or accompanied by a written representation from the person to whom American Depositary Shares or Shares are to be delivered, that such person, or its customer, (i) beneficially owns the Shares or American Depositary Shares to be remitted, as the case may be, (ii) assigns all beneficial right, title and interest in such American Depositary Shares or Shares, as the case may be, to the Depositary in its capacity as such and will hold such American Depositary Shares or Shares, as the case may be, in trust for the account of the Depositary until delivery thereof to the Depositary and (iii) will not take any action with respect to such American Depositary Shares or Shares, as the case may be, that is inconsistent with the transfer of beneficial ownership (including, without the consent of the Depositary, disposing of such American Depositary Shares or Shares, as the case may be), other than in satisfaction of the Pre-Release, (b) at all times fully collateralized with cash or such other collateral as the Depositary deems appropriate, (c) terminable by the Depositary on not more than five (5) business days notice, and (d) subject to such further indemnities and credit regulations as the Depositary deems appropriate. The number of Shares represented by American Depositary Shares which are outstanding at any time as a result of Pre-Release will not normally exceed thirty percent (30%) of the Shares deposited hereunder; provided, however, that the Depositary reserves the right to disregard such limit from time to time as it reasonably deems appropriate and may, with the prior written consent of the Company, change that limit for purposes of general application.

The Depositary may retain for its own account any compensation received by it in connection with the foregoing.

SECTION 2.10 DTC Direct Registration System and Profile Modification System.

(a) Notwithstanding the provisions of Section 2.04, the parties acknowledge that the Direct Registration System (“DRS”) and Profile Modification System (“Profile”) shall apply to uncertificated American Depositary Shares upon acceptance thereof to DRS by DTC. DRS is the system administered by DTC pursuant to which the Depositary may register the ownership of uncertificated American Depositary Shares, which ownership shall be evidenced by periodic statements issued by the Depositary to the Owners entitled thereto. Profile is a required feature of DRS which allows a DTC participant, claiming to act on behalf of an Owner of American Depositary Shares, to direct the Depositary to register a transfer of those American Depositary Shares to DTC or its nominee and to deliver those American Depositary Shares to the DTC account of that DTC participant without receipt by the Depositary of prior authorization from the Owner to register such transfer.

(b) In connection with and in accordance with the arrangements and procedures relating to DRS/Profile, the parties understand that the Depositary will not verify, determine or otherwise ascertain that the DTC participant which is claiming to be acting on behalf of an Owner in requesting a registration of transfer and delivery as described in subsection (a) has the actual authority to act on behalf of the Owner (notwithstanding any requirements under the Uniform Commercial Code). For the avoidance of doubt, the provisions of Sections 5.03 and 5.08 shall apply to the matters arising from the use of the DRS. The parties agree that the Depositary’s reliance on and compliance with instructions received by the Depositary through the DRS/Profile System and in accordance with this Deposit Agreement shall not constitute negligence or bad faith on the part of the Depositary.

SECTION 2.11 Maintenance of Records.

The Depositary agrees to maintain or cause its agents to maintain records of all American Depositary Shares surrendered and Deposited Securities withdrawn under Section 2.05, substitute Receipts delivered under Section 2.07, and of cancelled or destroyed Receipts under Section 2.08, in keeping with procedures ordinarily followed by stock transfer agents located in The City of New York or as required by the laws or regulations governing the Depositary. Upon the written request of the Company, the Depositary agrees to turn over to the Company any such records that will be destroyed, or copies thereof, to the extent permitted under applicable law

ARTICLE 3. CERTAIN OBLIGATIONS OF OWNERS AND HOLDERS OF AMERICAN DEPOSITARY SHARES

SECTION 3.01 Filing Proofs, Certificates and Other Information.

Any person presenting Shares for deposit or any Owner or holder may be required from time to time to file with the Depositary or the Custodian such proof of citizenship or residence, exchange control approval, or such information relating to the registration on the books of the Company or the Foreign Registrar, if applicable, to execute such certificates and to make such representations and warranties, as the Depositary may reasonably deem necessary or proper. The Depositary may withhold the delivery or registration of transfer of American Depositary Shares or the distribution of any dividend or sale or distribution of rights or of the proceeds thereof or the delivery of any Deposited Securities until such proof or other information is filed or such

certificates are executed or such representations and warranties made. The Depositary shall provide to the Company, as promptly as practicable upon its written request, copies of any such proofs, certificates or other information that it receives under this Section 3.01, to the extent that disclosure is permitted under applicable law.

SECTION 3.02 Liability of Owner for Taxes.

If any tax or other governmental charge shall become payable by the Custodian or the Depositary with respect to any American Depositary Shares or any Deposited Securities represented by any American Depositary Shares, such tax or other governmental charge shall be payable by the Owner of such American Depositary Shares to the Depositary. The Depositary may refuse to register any transfer of those American Depositary Shares or any withdrawal of Deposited Securities represented by those American Depositary Shares until such payment is made, and may withhold any dividends or other distributions, or may sell for the account of the Owner thereof any part or all of the Deposited Securities represented by those American Depositary Shares, and may apply such dividends or other distributions or the proceeds of any such sale in payment of such tax or other governmental charge and the Owner of such American Depositary Shares shall remain liable for any deficiency.

SECTION 3.03 Warranties on Deposit of Shares.

Every person depositing Shares under this Deposit Agreement shall be deemed thereby to represent and warrant that such Shares and each certificate therefor, if applicable, are validly issued, fully paid, nonassessable and free of any preemptive rights of the holders of outstanding Shares and that the person making such deposit is duly authorized so to do. Every such person shall also be deemed to represent that the deposit of such Shares and the sale of American Depositary Shares representing such Shares by that person are not restricted under the Securities Act of 1933. Such representations and warranties shall survive the deposit of Shares and delivery of American Depositary Shares.

SECTION 3.04 Information Requests; Delivery of Information to the CVM.

The Company may from time to time request Owners and Holders to provide information as to the capacity in which such Owners or Holders own or owned American Depositary Shares and regarding the identity of any other persons then or previously interested in such American Depositary Shares as to the nature of such interest and various other matters. The Depositary agrees to use reasonable efforts to comply with written instructions received from the Company requesting that the Depositary forward any such requests to the Owners and to forward to the Company any responses to such requests received by the Depositary. Each Owner and Holder agrees to provide any information requested by the Company or the Depositary pursuant to this Section 3.04 whether or not such person is still an Owner at the time of such request. At the request of the Company and at the Company's expense, the Depositary will provide reasonable assistance to the Company to obtain information sought by the Company under this Section 3.04.

Each of the Depositary and the Company hereby confirms to the other that for as long as this Deposit Agreement is in effect, it shall furnish the CVM and the Central Bank, at any time and within the period that may be determined, with any information and documents related to the American Depositary Share program and the American Depositary Shares issued hereunder. In the event that the Depositary or the Custodian shall be advised in writing by reputable independent Brazilian counsel that the Depositary or Custodian reasonably could be subject to criminal, or material, as reasonably determined by the Depositary, civil, liabilities as a result of the Company having failed to provide such information or documents reasonably available only through the Company and the Depositary resigns under those circumstances, the time allowed under Section 5.04 for the Company to appoint a successor depositary and that successor to accept its appoint shall be reduced to 30 days, and the notice required before a consequent termination of this Deposit Agreement will become effective under Section 6.02 shall be reduced to 15 days. The Depositary shall not be subject to any liability under this Deposit Agreement for making the determination or effecting the accelerated resignation and termination permitted under this paragraph.

ARTICLE 4. THE DEPOSITED SECURITIES

SECTION 4.01 Cash Distributions.

Whenever the Depositary shall receive any cash dividend or other cash distribution on any Deposited Securities, the Depositary shall, as promptly as practicable after its receipt of such dividend or distribution (unless otherwise prohibited or prevented by law), subject to the provisions of Section 4.05, convert such dividend or distribution into Dollars and shall, as promptly as practicable, distribute the amount thus received (net of the fees and expenses of the Depositary as provided in Section 5.09) to the Owners entitled thereto, in proportion to the number of American Depositary Shares representing such Deposited Securities held by them respectively; provided, however, that in the event that the Custodian or the Depositary shall be required to withhold and does withhold from such cash dividend or such other cash distribution an amount on account of taxes or other governmental charges, the amount distributed to the Owner of the American Depositary Shares representing such Deposited Securities shall be reduced accordingly. The Depositary shall distribute only such amount, however, as can be distributed without

attributing to any Owner a fraction of one cent. Any such fractional amounts shall be rounded to the nearest whole cent and so distributed to Owners entitled thereto. The Company or its agent will remit to the appropriate governmental agency in Brazil all amounts withheld and owing to such agency. The Depositary will forward to the Company or its agent as promptly as practicable such information from its records as the Company may reasonably request to enable the Company or its agent to file necessary reports with governmental agencies, and the Depositary or the Company or its agent may file any such reports necessary to obtain benefits under the applicable tax treaties for the Owners.

SECTION 4.02 Distributions Other Than Cash, Shares or Rights.

Subject to the provisions of Sections 4.11 and 5.09, whenever the Depositary shall receive any distribution other than a distribution described in Section 4.01, 4.03 or 4.04, the Depositary shall, as promptly as practicable, cause the securities or property received by it to be distributed to the Owners entitled thereto, after deduction or upon payment of any fees and expenses of the Depositary or any taxes or other governmental charges, in proportion to the number of American Depositary Shares representing such Deposited Securities held by them respectively, in any manner that the Depositary may reasonably deem equitable and practicable for accomplishing such distribution; provided, however, that if in the opinion of the Depositary such distribution cannot be made proportionately among the Owners entitled thereto, or if for any other reason (including, but not limited to, any requirement that the Company or the Depositary withhold an amount on account of taxes or other governmental charges or that such securities must be registered under the Securities Act of 1933 in order to be distributed to Owners or holders) the Depositary deems such distribution not to be feasible, the Depositary may, after consultation with the Company to the extent practicable, adopt such method as it may deem equitable and practicable for the purpose of effecting such distribution, including, but not limited to, the public or private sale of the securities or property thus received, or any part thereof, and the net proceeds of any such sale (net of the fees and expenses of the Depositary as provided in Section 5.09) shall be distributed as promptly as practicable by the Depositary to the Owners entitled thereto, all in the manner and subject to the conditions described in Section 4.01. The Depositary may withhold any distribution of securities under this Section 4.02 if it has not received satisfactory assurances from the Company that the distribution does not require registration under the Securities Act of 1933. The Depositary may sell, by public or private sale, an amount of securities or other property it would otherwise distribute under this Section 4.02 that is sufficient to pay its fees and expenses in respect of that distribution.

SECTION 4.03 Distributions in Shares.

If any distribution upon any Deposited Securities consists of a dividend in, or free distribution of, Shares, the Depositary may, and shall if the Company shall so request in writing, as promptly as practicable, deliver to the Owners entitled thereto, in proportion to the number of American Depositary Shares representing such Deposited Securities held by them respectively, an aggregate number of American Depositary Shares representing the amount of Shares received as such dividend or free distribution, subject to the terms and conditions of the Deposit Agreement with respect to the deposit of Shares and after deduction or upon payment of the fees and expenses of the Depositary as provided in Section 5.09 (and the Depositary may sell, by public or private sale, an amount of the Shares received sufficient to pay its fees and expenses in respect of that distribution). The Depositary may withhold any such delivery of American Depositary Shares if it has not received satisfactory assurances from the Company that such distribution does not require registration under the Securities Act of 1933. In lieu of delivering fractional American Depositary Shares in any such case, the Depositary shall, as promptly as practicable, use reasonable efforts to sell the amount of Shares represented by the aggregate of such fractions and distribute the net proceeds, all in the manner and subject to the conditions described in Section 4.01. If additional American Depositary Shares are not so delivered, each American Depositary Share shall thenceforth also represent the additional Shares distributed upon the Deposited Securities represented thereby.

SECTION 4.04 Rights.

In the event that the Company shall offer or cause to be offered to the holders of any Deposited Securities any rights to subscribe for additional Shares or any rights of any other nature, the Depositary, after consultation with the Company, shall have discretion as to the procedure to be followed in making such rights available to any Owners or in disposing of such rights on behalf of any Owners and making the net proceeds available to such Owners or, if by the terms of such rights offering or for any other reason it would be unlawful or unfeasible for the Depositary either to make such rights available to any Owners or dispose of such rights and make the net proceeds available to such Owners, then the Depositary shall allow the rights to lapse. If at the time of the offering of any rights the Depositary determines in its discretion that it is lawful and feasible to make such rights available to all or certain Owners but not to other Owners, the Depositary may, and at the request of the Company shall, distribute to any Owner to whom it determines the distribution to be lawful and feasible, in proportion to the number of American Depositary Shares held by such Owner, warrants or other instruments therefor in such form as it deems appropriate, but only pursuant to a separate agreement to be entered into between the Company and the Depositary setting out the procedures to be used and the terms and conditions for that distribution.

In circumstances in which rights would otherwise not be distributed, if an Owner requests the distribution of warrants or other instruments in order to exercise the rights allocable to the American Depositary Shares of such Owner hereunder, the Depositary will, as promptly as practicable, make such rights available to such Owner upon written notice from the Company to the Depositary that (a) the Company has elected in its sole discretion to permit such rights to be exercised and (b) such Owner has executed such documents as the Company has determined in its sole discretion are reasonably required under applicable law.

If the Depositary has distributed warrants or other instruments for rights to all or certain Owners, then upon instruction from such an Owner pursuant to such warrants or other instruments to the Depositary from such Owner to exercise such rights, upon payment by such Owner to the Depositary for the account of such Owner of an amount equal to the purchase price of the Shares to be received upon the exercise of the rights, and upon payment of the fees and expenses of the Depositary and any other charges as set forth in such warrants or other instruments, the Depositary shall, on behalf of such Owner, exercise the rights and purchase the Shares, and the Company shall cause the Shares so purchased to be delivered to the Depositary on behalf of such Owner. As agent for such Owner, the Depositary will cause the Shares so purchased to be deposited pursuant to Section 2.02 of this Deposit Agreement, and shall, pursuant to Section 2.03 of this Deposit Agreement, deliver American Depositary Shares to such Owner. In the case of a distribution pursuant to the second paragraph of this Section, such deposit shall be made, and depositary shares shall be delivered, under depositary arrangements which provide for issuance of depositary shares subject to the appropriate restrictions on sale, deposit, cancellation, and transfer under applicable United States laws.

If the Depositary reasonably determines in its discretion that it is not lawful and feasible to make such rights available to all or certain Owners but that it is lawful and feasible to sell them, it may, and at the request of the Company will use commercially reasonable efforts to, sell the rights, warrants or other instruments in proportion to the number of American Depositary Shares held by the Owners to whom it has determined it may not lawfully or feasibly make such rights available, and allocate the net proceeds of such sales (net of the fees and expenses of the Depositary as provided in Section 5.09 and all taxes and governmental charges payable in connection with such rights and subject to the terms and conditions of this Deposit Agreement) for the account of such Owners otherwise entitled to such rights, warrants or other instruments, upon an averaged or other practical basis without regard to any distinctions among such Owners because of exchange restrictions or the date of delivery of any American Depositary Shares or otherwise. Such proceeds shall be distributed as promptly as practicable in accordance with Section 4.01.

The Depositary will not offer rights to Owners unless both the rights and the securities to which such rights relate are either exempt from registration under the Securities Act of 1933 with respect to a distribution to all Owners or are registered under the provisions of such Act; provided, that nothing in this Deposit Agreement shall create any obligation on the part of the Company to file a registration statement with respect to such rights or underlying securities or to endeavor to have such a registration statement declared effective. If an Owner requests the distribution of warrants or other instruments, notwithstanding that there has been no such registration under the Securities Act of 1933, the Depositary shall not effect such distribution unless it has received an opinion from recognized counsel in the United States for the Company upon which the Depositary may rely that such distribution to such Owner is exempt from such registration.

The Depositary shall not be responsible for any failure to determine that it may be lawful or feasible to make such rights available to Owners in general or any Owner in particular.

SECTION 4.05 Conversion of Foreign Currency.

Whenever the Depositary or the Custodian shall receive foreign currency, by way of dividends or other distributions or the net proceeds from the sale of securities, property or rights, and if at the time of the receipt thereof the foreign currency so received can in the judgment of the Depositary be converted on a reasonable basis into Dollars and the resulting Dollars transferred to the United States, the Depositary shall convert or cause to be converted as promptly as practicable, by sale or in any other manner that it may determine, such foreign currency into Dollars, and such Dollars shall be distributed as promptly as practicable to the Owners entitled thereto or, if the Depositary shall have distributed any warrants or other instruments which entitle the holders thereof to such Dollars, then to the holders of such warrants and/or instruments upon surrender thereof for cancellation. Such distribution may be made upon an averaged or other practicable basis without regard to any distinctions among Owners on account of exchange restrictions, the date of delivery of any American Depositary Shares or otherwise and shall be net of any expenses of conversion into Dollars incurred by the Depositary as provided in Section 5.09.

If such conversion or distribution can be effected only with the approval or license of any government or agency thereof, the Depositary shall file as promptly as practicable such application for approval or license, if any, as it may deem desirable. The Depositary shall notify the Company and consult with the Company as to the action to be taken if it is not applying for a necessary approval or license of that kind.

If at any time the Depositary shall reasonably determine that in its judgment any foreign currency received by the Depositary or the Custodian is not convertible on a reasonable basis into Dollars transferable to the United States, or if any approval or license of any government or agency thereof which is required for such conversion is denied or in the opinion of the Depositary is not obtainable, or if any such approval or license is not obtained within a reasonable period as determined by the Depositary, the Depositary may distribute the foreign currency (or an appropriate document evidencing the right to receive such foreign currency) received by the Depositary to, or in its discretion may hold such foreign currency uninvested and without liability for interest thereon for the respective accounts of, the Owners entitled to receive the same.

If any such conversion of foreign currency, in whole or in part, cannot be effected for distribution to some of the Owners entitled thereto, the Depositary may in its discretion make such conversion and distribution in Dollars to the extent permissible to the Owners entitled thereto and may distribute the balance of the foreign currency received by the Depositary to, or hold such balance uninvested and without liability for interest thereon for the respective accounts of, the Owners entitled thereto.

SECTION 4.06 Fixing of Record Date.

Whenever any cash dividend or other cash distribution shall become payable or any distribution other than cash shall be made, or whenever rights shall be issued with respect to the Deposited Securities, or whenever the Depositary shall receive notice of any meeting of holders of Shares or other Deposited Securities, or whenever for any reason the Depositary causes a change in the number of Shares that are represented by each American Depositary Share, or whenever the Depositary shall find it necessary or convenient, the Depositary shall fix, and as promptly as practicable notify the Company of, a record date, which shall be the same as, or as near as practicable to, any corresponding record date set by the Company with respect to Shares, (a) for the determination of the Owners who shall be (i) entitled to receive such dividend, distribution or rights or the net proceeds of the sale thereof, (ii) entitled to give instructions for the exercise of voting rights at any such meeting or (iii) responsible for any fee or charge assessed by the Depositary pursuant to this Deposit Agreement, or (b) on or after which each American Depositary Share will represent the changed number of Shares. Subject to the provisions of Sections 4.01 through 4.05 and to the other terms and conditions of this Deposit Agreement, the Owners on such record date shall be entitled, as the case may be, to receive the amount distributable by the Depositary with respect to such dividend or other distribution or such rights or the net proceeds of sale thereof in proportion to the number of American Depositary Shares held by them respectively and to give voting instructions and to act in respect of any other such matter.

SECTION 4.07 Voting of Deposited Securities.

Upon receipt of notice of any meeting of holders of Shares or other Deposited Securities, if requested in writing by the Company, the Depositary shall, as soon as practicable thereafter, mail to the Owners a notice, the form of which notice shall be in the sole discretion of the Depositary, which shall contain (a) such information as is contained in such notice of meeting received by the Depositary from the Company, (b) a statement that the Owners as of the close of business on a specified record date will be entitled, subject to any applicable provision of Brazilian law and of the articles of association or similar documents of the Company, to instruct the Depositary as to the exercise of the voting rights, if any, pertaining to the amount of Shares or other Deposited Securities represented by their respective American Depositary Shares and (c) a statement as to the manner in which such instructions may be given, including an express indication that instructions may be given or deemed given in accordance with the last sentence of this paragraph if no instruction is received, to the Depositary to give a discretionary proxy to a person designated by the Company. Upon the written request of an Owner of American Depositary Shares on such record date, received on or before the date established by the Depositary for such purpose, the Depositary shall endeavor, in so far as practicable, to vote or cause to be voted the amount of Shares or other Deposited Securities represented by those American Depositary Shares in accordance with the instructions set forth in such request. The Depositary shall not itself exercise any voting discretion over any Deposited Securities. If (i) the Company instructed the Depositary to act under this Section 4.07 and complied with the following paragraph and (ii) no instructions are received by the Depositary from an Owner with respect to American Depositary Shares of that Owner on or before the date established by the Depositary for such purpose, the Depositary shall deem that Owner to have instructed the Depositary to give a discretionary proxy to a person designated by the Company with respect to the amount of Deposited Securities represented by those American Depositary Shares and the Depositary shall give a discretionary proxy to a person designated by the Company to vote that amount of Deposited Securities, except that no such instruction shall be deemed given and no such discretionary proxy shall be given with respect to any matter as to which the Company informs the Depositary (and the Company agrees to provide such information as promptly as practicable in writing, if applicable) that (x) the Company does not wish such proxy given, (y) substantial opposition exists or (z) such matter materially and adversely affects the rights of holders of Shares.

In order to give Owners a reasonable opportunity to instruct the Depositary as to the exercise of voting rights relating to Deposited Securities, if the Company will request the Depositary to act under this Section 4.07, the Company shall give the Depositary notice of any such meeting and details concerning the matters to be voted upon not less than 30 days prior to the meeting date.

There can be no assurance that Owners generally or any Owner in particular will receive the notice described in the preceding paragraph sufficiently prior to the instruction cutoff date to ensure that the Depositary will vote the Shares or Deposited Securities in accordance with the provisions set forth in the preceding paragraph.

Subject to the rules of any securities exchange on which American Depositary Shares or the Deposited Securities represented thereby are listed, the Depositary shall, if requested in writing by the Company, deliver, at least two São Paul business days prior to the date of such meeting, to the Company, to the attention of its Secretary, copies of all instructions received from Owners in accordance with which the Depositary will vote, or cause to be voted, the Deposited Securities represented by the American Depositary Shares at such meeting. Delivery of instructions will be made at the expense of the Company (unless otherwise agreed in writing by the Company and the Depositary) provided that payment of such expense shall not be a condition precedent to the obligations of the Depositary under this Section 4.07.

SECTION 4.08 Changes Affecting Deposited Securities.

Upon any change in nominal value, change in par value, split-up, consolidation or any other reclassification of Deposited Securities, or upon any recapitalization, reorganization, merger or consolidation or sale of assets affecting the Company or to which it is a party, or upon the redemption or cancellation by the Company of the Deposited Securities, any securities, cash or property which shall be received by the Depositary or the Custodian in exchange for, in conversion of, in lieu of or in respect of Deposited Securities, shall be treated as new Deposited Securities under this Deposit Agreement, and American Depositary Shares shall thenceforth represent, in addition to the existing Deposited Securities, the right to receive the new Deposited Securities so received, unless additional American Depositary Shares are delivered pursuant to the following sentence. In any such case the Depositary may, and shall if the Company shall so request in writing, deliver additional American Depositary Shares as in the case of a dividend in Shares, or call for the surrender of outstanding Receipts to be exchanged for new Receipts specifically describing such new Deposited Securities.

SECTION 4.09 Reports.

The Depositary shall make available for inspection by Owners at its Corporate Trust Office any reports and communications, including any proxy solicitation material, received from the Company which are both (a) received by the Depositary as the holder of the Deposited Securities and (b) made generally available to the holders of such Deposited Securities by the Company. The Depositary shall also, upon written request by the Company, send to the Owners copies of such reports when furnished by the Company pursuant to Section 5.06. Any such reports and communications, including any such proxy soliciting material, furnished to the Depositary by the Company shall be furnished in English, to the extent such materials are required to be translated into English pursuant to any regulations of the Commission.

SECTION 4.10 Lists of Owners.

Promptly upon request by the Company, the Depositary shall, at the expense of the Company (unless otherwise agreed in writing by the Company and the Depositary), furnish to it a list, as of a recent date, of the names, addresses and holdings of American Depositary Shares by all persons in whose names American Depositary Shares are registered on the books of the Depositary.

SECTION 4.11 Withholding.

In the event that the Depositary reasonably determines that any distribution in property (including Shares and rights to subscribe therefor) is subject to any tax or other governmental charge which the Depositary is obligated to withhold, the Depositary may by public or private sale dispose of all or a portion of such property (including Shares and rights to subscribe therefor) in such amounts and in such manner as the Depositary reasonably deems necessary and practicable to pay such taxes or charges and the Depositary shall distribute the net proceeds of any such sale after deduction of such taxes or charges to the Owners entitled thereto in proportion to the number of American Depositary Shares held by them respectively.

ARTICLE 5. THE DEPOSITARY, THE CUSTODIAN AND THE COMPANY

SECTION 5.01 Maintenance of Office and Transfer Books by the Depositary.

Until termination of this Deposit Agreement in accordance with its terms, the Depositary shall maintain in the Borough of Manhattan, The City of New York, facilities for the execution and delivery, registration, registration of transfers and surrender of American Depositary Shares in accordance with the provisions of this Deposit Agreement.

The Depositary shall keep books, at its Corporate Trust Office, for the registration of American Depositary Shares and transfers of American Depositary Shares which at all reasonable times shall be open for inspection by the Owners, provided

that such inspection shall not be for the purpose of communicating with Owners in the interest of a business or object other than the business of the Company or a matter related to this Deposit Agreement or the American Depositary Shares.

The Depositary may close the transfer books, at any time or from time to time, when deemed expedient by it in connection with the performance of its duties hereunder. The Depositary shall notify the Company of any closure under the preceding sentence that is other than in the ordinary course of business.

If any American Depositary Shares are listed on one or more stock exchanges in the United States, the Depositary shall act as Registrar or, upon at least 20 days' prior notice to the Company, appoint a Registrar or one or more co-registrars for registry of such American Depositary Shares in accordance with any requirements of such exchange or exchanges.

The Company shall have the right, upon reasonable request, to inspect the transfer and registration records of the Depositary relating to the American Depositary Shares, including records maintained pursuant to Section 2.11, to take copies thereof and to require the Depositary and any co-registrars to supply copies of such portions of such records as the Company may request.

SECTION 5.02 Prevention or Delay in Performance by the Depositary or the Company.

Neither the Depositary nor the Company nor any of their respective directors, employees, agents or affiliates shall incur any liability to any Owner or Holder (i) if by reason of any provision of any present or future law or regulation of the United States or any other country, or of any governmental or regulatory authority or stock exchange, or by reason of any provision, present or future, of the articles of association or similar document of the Company, or by reason of any provision of any securities issued or distributed by the Company, or any offering or distribution thereof, or by reason of any act of God or war or terrorism or other circumstances beyond its control, the Depositary or the Company shall be prevented, delayed or forbidden from, or be subject to any civil or criminal penalty on account of, doing or performing any act or thing which by the terms of this Deposit Agreement or the Deposited Securities it is provided shall be done or performed, (ii) by reason of any non-performance or delay, caused as aforesaid, in the performance of any act or thing which by the terms of this Deposit Agreement it is provided shall or may be done or performed, (iii) by reason of any exercise of, or failure to exercise, any discretion provided for in this Deposit Agreement, (iv) for the inability of any Owner or holder to benefit from any distribution, offering, right or other benefit which is made available to holders of Deposited Securities but is not, under the terms of this Deposit Agreement, made available to Owners or holders, or (v) for any special, consequential or punitive damages for any breach of the terms of this Deposit Agreement. Where, by the terms of a distribution pursuant to Section 4.01, 4.02 or 4.03, or an offering or distribution pursuant to Section 4.04, or for any other reason, such distribution or offering may not be made available to Owners, and the Depositary may not dispose of such distribution or offering on behalf of such Owners and make the net proceeds available to such Owners, then the Depositary shall not make such distribution or offering, and shall allow any rights, if applicable, to lapse.

SECTION 5.03 Obligations of the Depositary, the Custodian and the Company.

The Company assumes no obligation nor shall it be subject to any liability under this Deposit Agreement to any Owner or Holder, except that the Company agrees to perform its obligations specifically set forth in this Deposit Agreement without negligence or bad faith.

The Depositary assumes no obligation nor shall it be subject to any liability under this Deposit Agreement to any Owner or Holder (including, without limitation, liability with respect to the validity or worth of the Deposited Securities), except that the Depositary agrees to perform its obligations specifically set forth in this Deposit Agreement without negligence or bad faith. The Depositary and the Company undertake to perform such duties and only such duties as are specifically set forth in this Deposit Agreement, and no implied covenants or obligations shall be read into this Deposit Agreement against the Depositary or the Company or their respective agents.

Neither the Depositary nor the Company shall be under any obligation to appear in, prosecute or defend any action, suit or other proceeding in respect of any Deposited Securities or in respect of the American Depositary Shares on behalf of any Owner or Holder or any other person.

Neither the Depositary nor the Company shall be liable for any action or nonaction by it in reliance upon the advice of or information from legal counsel, accountants, any person presenting Shares for deposit, any Owner or any other person believed by it in good faith to be competent to give such advice or information. The Depositary and the Company may rely and shall be protected in acting upon any written notice, request, direction or other documents believed by them to be genuine and to have been signed or presented by the proper party or parties.

The Depositary shall not be liable for any acts or omissions made by a successor depositary whether in connection with a previous act or omission of the Depositary or in connection with any matter arising wholly after the removal or resignation of

the Depositary, provided that in connection with the issue out of which such potential liability arises the Depositary performed its obligations without negligence or bad faith while it acted as Depositary.

The Depositary shall not be liable for the acts or omissions of any securities depository, clearing agency or settlement system in connection with or arising out of book-entry settlement of Deposited Securities or otherwise.

The Depositary shall not be responsible for any failure to carry out any instructions to vote any of the Deposited Securities, or for the manner in which any such vote is cast or the effect of any such vote, provided that any such action or nonaction is in good faith.

No disclaimer of liability under the Securities Act of 1933 is intended by any provision of this Deposit Agreement.

SECTION 5.04 Resignation and Removal of the Depositary.

The Depositary may at any time resign as Depositary hereunder by written notice of its election so to do delivered to the Company, such resignation to take effect upon the appointment of a successor depository and its acceptance of such appointment as hereinafter provided.

The Depositary may at any time be removed by the Company by 60 days prior written notice of such removal, to become effective upon the later of (i) the 60th day after delivery of the notice to the Depositary and (ii) the appointment of a successor depository and its acceptance of such appointment as hereinafter provided.

In case at any time the Depositary acting hereunder shall resign or be removed, the Company shall use reasonable efforts to appoint a successor depository, which shall be a bank or trust company having an office in the Borough of Manhattan, The City of New York. Every successor depository shall execute and deliver to its predecessor and to the Company an instrument in writing accepting its appointment hereunder, and thereupon such successor depository, without any further act or deed, shall become fully vested with all the rights, powers, duties and obligations of its predecessor; but such predecessor, nevertheless, upon payment of all sums due it and on the written request of the Company shall execute and deliver an instrument transferring to such successor all rights and powers of such predecessor hereunder, shall duly assign, transfer and deliver all right, title and interest in the Deposited Securities to such successor and shall deliver to such successor a list of the Owners of all outstanding American Depositary Shares. Any such successor depository shall promptly mail notice of its appointment to the Owners.

Any corporation into or with which the Depositary may be merged or consolidated shall be the successor of the Depositary without the execution or filing of any document or any further act.

SECTION 5.05 The Custodian.

The Custodian or its successor shall be subject at all times and in all respects to the directions of the Depositary and shall be responsible solely to it, and the Depositary shall be responsible for the compliance by the Custodian with the applicable provisions of this Deposit Agreement, but only for the failure of the Custodian to perform its duties specifically set forth in this Deposit Agreement without negligence or bad faith. The Custodian may resign and be discharged from its duties hereunder by written notice of such resignation delivered to the Depositary at least 30 days prior to the date on which such resignation is to become effective. The Depositary shall, promptly after receiving such notice, appoint a substitute custodian, which shall thereafter be the Custodian hereunder. The Depositary may discharge the Custodian any time upon notice to the Custodian. The Depositary may in its discretion appoint a substitute custodian, which shall thereafter be the Custodian hereunder. The Depositary shall notify the Company of the appointment of a substitute Custodian as promptly as practicable and, if practicable, prior to the effectiveness of such appointment. Upon demand of the Depositary, the Custodian shall deliver such of the Deposited Securities or evidence of ownership and title of the Deposited Securities held by it as are requested of it to the substitute custodian. The substitute custodian shall deliver to the Depositary, upon its appointment, an acceptance of such appointment satisfactory in form and substance to the Depositary. The Depositary agrees with the Company that at no time shall there be more than one Custodian acting in connection with this Deposit Agreement.

Upon the appointment of any successor depository hereunder, the Custodian then acting hereunder shall forthwith become, without any further act or writing, the agent hereunder of such successor depository and the appointment of such successor depository shall in no way impair the authority of the Custodian hereunder; but the successor depository so appointed shall, nevertheless, on the written request of the Custodian, execute and deliver to the Custodian all such instruments as may be proper to give to the Custodian full and complete power and authority as agent hereunder of such successor depository.

SECTION 5.06 Notices and Reports.

On or before the first date on which the Company gives notice, by publication or otherwise, of any meeting of

holders of Shares or other Deposited Securities, or of any adjourned meeting of such holders, or of the taking of any action in respect of any cash or other distributions or the offering of any rights, the Company agrees to transmit to the Depositary and the Custodian a copy of the notice thereof in the form given or to be given to holders of Shares or other Deposited Securities.

The Company will arrange for the translation into English, if not already in English, to the extent required pursuant to any regulations of the Commission, and the prompt transmittal by the Company to the Depositary and the Custodian of such notices and any other reports and communications which are made generally available by the Company to holders of its Shares. If requested in writing by the Company, the Depositary will arrange for the mailing, as promptly as practicable and at the Company's expense (unless otherwise agreed in writing by the Company and the Depositary), of copies of such notices, reports and communications to all Owners. The Company will timely provide the Depositary with the quantity of such notices, reports, and communications, as requested by the Depositary from time to time, in order for the Depositary to effect such mailings.

SECTION 5.07 Distribution of Additional Shares, Rights, etc.

If the Company or any affiliate of the Company determines to make any issuance or distribution of (1) additional Shares, (2) rights to subscribe for Shares, (3) securities convertible into Shares, or (4) rights to subscribe for such securities (each a "Distribution"), the Company shall notify the Depositary in writing in English as promptly as practicable and in any event before the Distribution starts and, if requested in writing by the Depositary, the Company shall promptly furnish to the Depositary a written opinion from U.S. counsel for the Company that is reasonably satisfactory to the Depositary, stating whether or not the Distribution requires, or, if made in the United States, would require, registration under the Securities Act of 1933. If, in the opinion of that counsel, the Distribution requires, or, if made in the United States, would require, registration under the Securities Act of 1933, that counsel shall furnish to the Depositary a written opinion as to whether or not there is a registration statement under the Securities Act of 1933 in effect that will cover that Distribution.

The Company agrees with the Depositary that neither the Company nor any company controlled by, controlling or under common control with the Company will at any time deposit any Shares, either originally issued or previously issued and reacquired by the Company or any such affiliate, unless a Registration Statement is in effect as to such Shares under the Securities Act of 1933 or the Company delivers to the Depositary an opinion of United States counsel, reasonably satisfactory to the Depositary, to the effect that, upon deposit, those Shares will be eligible for public resale in the United States without further registration under the Securities Act of 1933.

SECTION 5.08 Indemnification.

The Company agrees to indemnify the Depositary, its directors, employees, agents and affiliates and the Custodian against, and hold each of them harmless from, any liability or expense (including, but not limited to any reasonable fees and expenses incurred in seeking, enforcing or collecting such indemnity and the reasonable fees and expenses of counsel) which may arise out of or in connection with (a) any registration with the Commission of American Depositary Shares or Deposited Securities or the offer or sale thereof in the United States or (b) acts performed or omitted, pursuant to the provisions of or in connection with this Deposit Agreement and of the Receipts, as the same may be amended, modified or supplemented from time to time, (i) by either the Depositary or the Custodian or their respective directors, employees, agents and affiliates, except for any liability or expense arising out of the negligence or bad faith of either of them, and except to the extent that any such liability or expense arises out of information relating to the Depositary or the Custodian, as applicable, furnished in writing to the Company by the Depositary or the Custodian, as applicable, expressly for use in any registration statement, proxy statement, prospectus (or placement memorandum) or preliminary prospectus (or preliminary placement memorandum) relating to the Shares, or omissions from such information, or (ii) by the Company or any of its directors, employees, agents and affiliates.

The indemnities contained in the preceding paragraph shall not extend to any liability or expense which arises solely and exclusively out of a Pre-Release (as defined in Section 2.09) of American Depositary Shares in accordance with Section 2.09 and which would not otherwise have arisen had such American Depositary Shares not been the subject of a Pre-Release pursuant to Section 2.09; provided, however, that the indemnities provided in the preceding paragraph shall apply to any such liability or expense (i) to the extent that such liability or expense would have arisen had the American Depositary Shares not been the subject of a Pre-Release, or (ii) which may arise out of any misstatement or alleged misstatement or omission or alleged omission in any registration statement, proxy statement, prospectus (or placement memorandum), or preliminary prospectus (or preliminary placement memorandum) relating to the offer or sale of American Depositary Shares, except to the extent any such liability or expense arises out of (A) information relating to the Depositary or any Custodian (other than the Company), as applicable, furnished in writing and not materially changed or altered by the Company expressly for use in any of the foregoing documents, or, (B) if such information is provided, the failure to state a material fact necessary to make the information provided not misleading.

The Depositary agrees to indemnify the Company, its directors, employees, agents and affiliates and hold them harmless from any liability or expense which may arise out of acts performed or omitted by the Depositary or its Custodian or their

respective directors, employees, agents and affiliates due to their negligence or bad faith.

The obligations set forth in this Section 5.08 shall survive the termination of this Deposit Agreement and the succession or substitution of any indemnified person.

Any person seeking indemnification hereunder (an "Indemnified Person") shall notify the person from whom it is seeking indemnification (the "Indemnifying Person") of the commencement of any indemnifiable action or claim promptly after such Indemnified Person becomes aware of such commencement and shall consult in good faith with the Indemnifying Person as to the conduct of the defense of such action or claim, which defense shall be reasonable under the circumstances. No Indemnified Person shall compromise or settle any such action or claim without the consent in writing of the Indemnifying Person (which shall not be unreasonably withheld).

SECTION 5.09 Charges of Depositary.

The Company agrees to pay the fees and out-of-pocket expenses of the Depositary and those of any Registrar only in accordance with agreements in writing entered into between the Depositary and the Company from time to time. Except as set forth in clause (9) of the following paragraph, the charges and expenses of the Custodian are for the sole account of the Depositary.

The following charges shall be incurred by any party depositing or withdrawing Shares or by any party surrendering American Depositary Shares or to whom American Depositary Shares are issued (including, without limitation, issuance pursuant to a stock dividend or stock split declared by the Company or an exchange of stock regarding the American Depositary Shares or Deposited Securities or a delivery of American Depositary Shares pursuant to Section 4.03), or by Owners, as applicable: (1) taxes and other governmental charges, (2) such registration fees as may from time to time be in effect for the registration of transfers of Shares generally on the Share register of the Company or Foreign Registrar and applicable to transfers of Shares to or from the name of the Depositary or its nominee or the Custodian or its nominee on the making of deposits or withdrawals hereunder, (3) such cable, telex and facsimile transmission expenses as are expressly provided in this Deposit Agreement, (4) such expenses as are incurred by the Depositary in the conversion of foreign currency pursuant to Section 4.05, (5) a fee of \$5.00 or less per 100 American Depositary Shares (or portion thereof) for the delivery of American Depositary Shares pursuant to Section 2.03, 4.03 or 4.04 and the surrender of American Depositary Shares pursuant to Section 2.05 or 6.02, (6) a fee of \$.02 or less per American Depositary Share (or portion thereof) for any cash distribution made pursuant to this Deposit Agreement, including, but not limited to Sections 4.01 through 4.04 hereof, (7) a fee for the distribution of securities pursuant to Section 4.02, such fee being in an amount equal to the fee for the execution and delivery of American Depositary Shares referred to above which would have been charged as a result of the deposit of such securities (for purposes of this clause 7 treating all such securities as if they were Shares) but which securities are instead distributed by the Depositary to Owners, (8) in addition to any fee charged under clause 6, a fee of \$.02 or less per American Depositary Share (or portion thereof) per annum for depositary services, which will be payable as provided in clause 9 below, (9) any other charges payable by the Depositary, any of the Depositary's agents, including the Custodian, or the agents of the Depositary's agents in connection with the servicing of Shares or other Deposited Securities (which charge shall be assessed against Owners as of the date or dates set by the Depositary in accordance with Section 4.06 and shall be payable at the sole discretion of the Depositary by billing such Owners for such charge or by deducting such charge from one or more cash dividends or other cash distributions).

The Depositary, subject to Section 2.09 hereof, may own and deal in any class of securities of the Company and its affiliates and in American Depositary Shares.

SECTION 5.10 Retention of Depositary Documents.

The Depositary is authorized to destroy those documents, records, bills and other data compiled during the term of this Deposit Agreement at the times permitted by the laws or regulations governing the Depositary unless the Company requests that such papers be retained for a longer period or turned over to the Company or to a successor depositary.

SECTION 5.11 Exclusivity.

Subject to the rights of the Company under Section 5.04, the Company agrees not to appoint any other depositary for issuance of American or global depositary shares or receipts so long as The Bank of New York Mellon is acting as Depositary hereunder.

SECTION 5.12 List of Restricted Securities Owners.

From time to time, upon written request by the Depositary, the Company shall provide to the Depositary a list setting forth, to the actual knowledge of the Company, those persons or entities who beneficially own Restricted Securities and the Company shall update that list on a regular basis. The Company agrees to advise in writing each of the persons or entities so listed

that such Restricted Securities, so long as they remain Restricted Securities, are ineligible for deposit hereunder. The Depositary shall not be liable for any action or omission made in reliance on the list provided under this Section 5.12.

ARTICLE 6. AMENDMENT AND TERMINATION

SECTION 6.01 Amendment.

The form of the Receipts and any provisions of this Deposit Agreement may at any time and from time to time be amended by agreement between the Company and the Depositary without the consent of Owners or holders in any respect which they may deem necessary or desirable. Any amendment which shall impose or increase any fees or charges (other than taxes and other governmental charges, registration fees, cable, telex or facsimile transmission costs, delivery costs or other such expenses), or which shall otherwise prejudice any substantial existing right of Owners, shall, however, not become effective as to outstanding American Depositary Shares until the expiration of thirty days after notice of such amendment shall have been given to the Owners of outstanding American Depositary Shares. Every Owner and holder, at the time any amendment so becomes effective, shall be deemed, by continuing to hold American Depositary Shares or any interest therein, to consent and agree to such amendment and to be bound by the Deposit Agreement as amended thereby. In no event shall any amendment impair the right of the Owner to surrender American Depositary Shares and receive therefor the Deposited Securities represented thereby, except in order to comply with mandatory provisions of applicable law.

SECTION 6.02 Termination.

The Company may at any time terminate this Deposit Agreement by instructing the Depositary to mail a notice of termination to the Owners of all American Depositary Shares then outstanding at least 30 days prior to the termination date included in such notice. The Depositary may likewise terminate this Deposit Agreement if at any time 90 days shall have expired after the Depositary delivered to the Company a written resignation notice and if a successor depositary shall not have been appointed and accepted its appointment as provided in Section 5.04; in such case the Depositary shall mail a notice of termination to the Owners of all American Depositary Shares then outstanding at least 30 days prior to the termination date. On and after the date of termination, the Owner of American Depositary Shares will, upon (a) surrender of such American Depositary Shares, (b) payment of the fee of the Depositary for the surrender of American Depositary Shares referred to in Section 2.05, and (c) payment of any applicable taxes or governmental charges, be entitled to delivery, to him or upon his order, of the amount of Deposited Securities represented by those American Depositary Shares. If any American Depositary Shares shall remain outstanding after the date of termination, the Depositary thereafter shall discontinue the registration of transfers of American Depositary Shares, shall suspend the distribution of dividends to the Owners thereof, and shall not give any further notices or perform any further acts under this Deposit Agreement, except that the Depositary shall continue to collect dividends and other distributions pertaining to Deposited Securities, shall sell rights and other property as provided in this Deposit Agreement, and shall continue to deliver Deposited Securities, together with any dividends or other distributions received with respect thereto and the net proceeds of the sale of any rights or other property, upon surrender of American Depositary Shares (after deducting, in each case, the fee of the Depositary for the surrender of American Depositary Shares, any expenses for the account of the Owner of such American Depositary Shares in accordance with the terms and conditions of this Deposit Agreement, and any applicable taxes or governmental charges).

At any time after the expiration of four months from the date of termination, the Depositary may sell the Deposited Securities then held under this Deposit Agreement and may thereafter hold uninvested the net proceeds of any such sale, together with any other cash then held by it hereunder, unsegregated and without liability for interest, for the pro rata benefit of the Owners of American Depositary Shares that have not theretofore been surrendered, such Owners thereupon becoming general creditors of the Depositary with respect to such net proceeds. After making such sale, the Depositary shall be discharged from all obligations under this Deposit Agreement, except to account for such net proceeds and other cash (after deducting, in each case, the fee of the Depositary for the surrender of American Depositary Shares, any expenses for the account of the Owner of such American Depositary Shares in accordance with the terms and conditions of this Deposit Agreement, and any applicable taxes or governmental charges) and except as provided in Section 5.08. Upon the termination of this Deposit Agreement, the Company shall be discharged from all obligations under this Deposit Agreement except for its obligations to the Depositary under Sections 5.08 and 5.09.

ARTICLE 7. MISCELLANEOUS

SECTION 7.01 Counterparts.

This Deposit Agreement may be executed in any number of counterparts, each of which shall be deemed an original and all of such counterparts shall constitute one and the same instrument. Copies of this Deposit Agreement shall be filed with the Depositary and the Custodian and shall be open to inspection by any Owner or Holder during business hours.

SECTION 7.02 No Third Party Beneficiaries.

This Deposit Agreement is for the exclusive benefit of the parties hereto and shall not be deemed to give any legal or equitable right, remedy or claim whatsoever to any other person.

SECTION 7.03 Severability.

In case any one or more of the provisions contained in this Deposit Agreement or in the Receipts should be or become invalid, illegal or unenforceable in any respect, the validity, legality and enforceability of the remaining provisions contained herein or therein shall in no way be affected, prejudiced or disturbed thereby.

SECTION 7.04 Owners and Holders as Parties; Binding Effect.

The Owners and Holders from time to time shall be parties to this Deposit Agreement and shall be bound by all of the terms and conditions hereof and of the Receipts by acceptance of American Depositary Shares or any interest therein.

SECTION 7.05 Notices.

Any and all notices to be given to the Company shall be deemed to have been duly given if personally delivered or sent by mail or cable, telex or facsimile transmission confirmed by letter, addressed to Oi S.A., Rua Humberto de Campos, 425/7º andar-Leblon, 22430-190 Rio de Janeiro, RJ, Brazil, Attention: Roberto Terziani, or any other place to which the Company may have transferred its principal office with notice to the Depositary.

Any and all notices to be given to the Depositary shall be deemed to have been duly given if in English and personally delivered or sent by mail or cable, telex or facsimile transmission confirmed by letter, addressed to The Bank of New York Mellon, 101 Barclay Street, New York, New York 10286, Attention: American Depositary Receipt Administration, or any other place to which the Depositary may have transferred its Corporate Trust Office with notice to the Company.

Any and all notices to be given to any Owner shall be deemed to have been duly given if personally delivered or sent by mail or cable, telex or facsimile transmission confirmed by letter, addressed to such Owner at the address of such Owner as it appears on the transfer books for American Depositary Shares of the Depositary, or, if such Owner shall have filed with the Depositary a written request that notices intended for such Owner be mailed to some other address, at the address designated in such request.

Delivery of a notice sent by mail or cable, telex or facsimile transmission shall be deemed to be effected at the time when a duly addressed letter containing the same (or a confirmation thereof in the case of a cable, telex or facsimile transmission) is deposited, postage prepaid, in a post-office letter box. The Depositary or the Company may, however, act upon any cable, telex or facsimile transmission received by it, notwithstanding that such cable, telex or facsimile transmission shall not subsequently be confirmed by letter as aforesaid.

SECTION 7.06 Submission to Jurisdiction; Appointment of Agent for Service of Process; Jury Trial Waiver.

The Company hereby (i) irrevocably designates and appoints National Corporate Research, Ltd. with offices currently located at 225 West 24th Street, Suite 910, New York, New York, as the Company's authorized agent upon which process may be served in any suit or proceeding between it and the Depositary arising out of or relating to this Deposit Agreement, (ii) consents and submits to the jurisdiction of any state or federal court in the State of New York in which any such suit or proceeding may be instituted, and (iii) agrees that service of process upon said authorized agent shall be deemed in every respect effective service of process upon the Company in any such suit or proceeding. The Company agrees to deliver, upon the execution and delivery of this Deposit Agreement, a written acceptance by such agent of its appointment as such agent. The Company further agrees to take any and all action, including the filing of any and all such documents and instruments, as may be necessary to continue such designation and appointment in full force and effect for so long as any American Depositary Shares or Receipts remain outstanding or this Agreement remains in force. In the event the Company fails to continue such designation and appointment in full force and effect, the Company hereby waives personal service of process upon it and consents that any such service of process may be made by certified or registered mail, return receipt requested, directed to the Company at its address last specified for notices hereunder, and service so made shall be deemed completed ten (10) business days after the same shall have been so mailed.

EACH PARTY TO THIS DEPOSIT AGREEMENT (INCLUDING, FOR AVOIDANCE OF DOUBT, EACH OWNER AND HOLDER) HEREBY IRREVOCABLY WAIVES, TO THE FULLEST EXTENT PERMITTED BY APPLICABLE LAW, ANY RIGHT IT MAY HAVE TO A TRIAL BY JURY IN ANY SUIT, ACTION OR PROCEEDING AGAINST THE COMPANY AND/OR THE DEPOSITARY DIRECTLY OR INDIRECTLY ARISING OUT OF OR

RELATING TO THE SHARES OR OTHER DEPOSITED SECURITIES, THE AMERICAN DEPOSITARY SHARES OR THE RECEIPTS, THIS DEPOSIT AGREEMENT OR ANY TRANSACTION CONTEMPLATED HEREIN OR THEREIN, OR THE BREACH HEREOF OR THEREOF, INCLUDING WITHOUT LIMITATION ANY QUESTION REGARDING EXISTENCE, VALIDITY OR TERMINATION (WHETHER BASED ON CONTRACT, TORT OR ANY OTHER THEORY).

SECTION 7.07 Governing Law.

This Deposit Agreement and the Receipts shall be interpreted and all rights hereunder and thereunder and provisions hereof and thereof shall be governed by the laws of the State of New York, except with respect to its authorization and execution by the Company, which shall be governed by the laws of the Federative Republic of Brazil. Notwithstanding anything contained in this Deposit Agreement or any Receipt, the rights of holders of Shares and of any other Deposited Securities, as such, and the obligations and duties of the Company in respect of the holders of Shares and other Deposited Securities, as such, shall be governed by the laws of the Federative Republic of Brazil (or, if applicable, such other laws as may govern the Deposited Securities).

IN WITNESS WHEREOF, OI S.A. and THE BANK OF NEW YORK MELLON have duly executed this Deposit Agreement as of the day and year first set forth above and all Owners and Holders shall become parties hereto upon acceptance by them of American Depositary Shares or any interest therein.

(herein called the "Custodian"). The Depositary's Corporate Trust Office is located at a different address than its principal executive office. 1. THE DEPOSIT AGREEMENT.

This American Depositary Receipt is one of an issue (herein called "Receipts"), all issued and to be issued upon the terms and conditions set forth in the Amended and Restated Deposit Agreement (Common Shares) dated as of February 27, 2012 (herein called the "Deposit Agreement") among the Company, the Depositary, and all Owners and Holders from time to time of American Depositary Shares issued thereunder, each of whom by accepting American Depositary Shares agrees to become a party thereto and become bound by all the terms and conditions thereof. The Deposit Agreement sets forth the rights of Owners and holders and the rights and duties of the Depositary in respect of the Shares deposited thereunder and any and all other securities, property and cash from time to time received in respect of such Shares and held thereunder (such Shares, securities, property, and cash are herein called "Deposited Securities"). Copies of the Deposit Agreement are on file at the Depositary's Corporate Trust Office in New York City and at the office of the Custodian.

The statements made on the face and reverse of this Receipt are summaries of certain provisions of the Deposit Agreement and are qualified by and subject to the detailed provisions of the Deposit Agreement, to which reference is hereby made. Capitalized terms defined in the Deposit Agreement and not defined herein shall have the meanings set forth in the Deposit Agreement.

2. SURRENDER OF AMERICAN DEPOSITARY SHARES AND WITHDRAWAL OF DEPOSITED SECURITIES.

Upon surrender at the Corporate Trust Office of the Depositary of American Depositary Shares, and upon payment of the fee of the Depositary provided in this Receipt, and subject to the terms and conditions of the Deposit Agreement, the Owner of those American Depositary Shares is entitled to delivery, to him or as instructed, of the amount of Deposited Securities at the time represented by those American Depositary Shares. Such delivery will be made at the option of the Owner hereof, either at the office of the Custodian or at the Corporate Trust Office of the Depositary, provided that the forwarding of certificates for Shares or other Deposited Securities for such delivery at the Corporate Trust Office of the Depositary shall be at the risk and expense of the Owner hereof.

3. TRANSFERS, SPLIT-UPS, AND COMBINATIONS OF RECEIPTS.

Transfers of American Depositary Shares may be registered on the books of the Depositary by the Owner in person or by a duly authorized attorney, upon surrender of those American Depositary Shares properly endorsed for transfer or accompanied by proper instruments of transfer, in the case of a Receipt, or pursuant to a proper instruction (including, for the avoidance of doubt, instructions through DRS and Profile as provided in Section 2.10 of the Deposit Agreement), in the case of uncertificated American Depositary Shares, and funds sufficient to pay any applicable transfer taxes and the expenses of the Depositary and upon compliance with such regulations, if any, as the Depositary may establish for such purpose. This Receipt may be split into other such Receipts, or may be combined with other such Receipts into one Receipt, evidencing the same aggregate number of American Depositary Shares as the Receipt or Receipts surrendered. The Depositary, upon surrender of certificated American Depositary Shares for the purpose of exchanging for uncertificated American Depositary Shares, shall cancel those certificated American Depositary Shares and send the Owner a statement confirming that the Owner is the Owner of uncertificated American Depositary Shares. The Depositary, upon receipt of a proper instruction (including, for the avoidance of doubt, instructions through DRS and Profile as provided in Section 2.10 of the Deposit Agreement) from the Owner of uncertificated American Depositary Shares for the purpose of exchanging for certificated American Depositary Shares, shall cancel those uncertificated American Depositary Shares and deliver to the Owner the same number of certificated American Depositary Shares.

As a condition precedent to the delivery, registration of transfer, or surrender of any American Depositary Shares or split-up or combination of any Receipt or withdrawal of any Deposited Securities, the Depositary, the Custodian, or Registrar may require payment from the depositor of the Shares or the presenter of the Receipt or instruction for registration of transfer or surrender of American Depositary Shares not evidenced by a Receipt of a sum sufficient to reimburse it for any tax or other governmental charge and any stock transfer or registration fee with respect thereto (including any such tax or charge and fee with respect to Shares being deposited or withdrawn) and payment of any applicable fees as provided in the Deposit Agreement, may require the production of proof reasonably satisfactory to it as to the identity and genuineness of any signature and may also require compliance with any regulations the Depositary may establish consistent with the provisions of the Deposit Agreement.

The delivery of American Depositary Shares against deposit of Shares generally or against deposit of particular Shares may be suspended, or the transfer of American Depositary Shares in particular instances may be refused, or the registration of transfer of outstanding American Depositary Shares generally may be suspended, during any period when the transfer books of the Depositary are closed, or if any such action is reasonably deemed necessary or advisable by the Depositary or the Company at any time or from time to time because of any requirement of law or of any government or governmental body or commission, or under any provision of the Deposit Agreement, or for any other reason, subject to the provisions of the following sentence. Notwithstanding anything to the contrary in the Deposit Agreement or this Receipt, the surrender of outstanding American Depositary Shares and withdrawal of Deposited Securities may not be suspended subject only to (i) temporary delays caused by closing the transfer books of the Depositary or the Company or the Foreign Registrar, if applicable, or the deposit of Shares in connection with voting at a shareholders' meeting, or the payment of dividends, (ii) the payment of fees, taxes and similar charges, and (iii) compliance with any U.S. or foreign laws or governmental regulations relating to the American Depositary Shares or to the withdrawal of the Deposited Securities. Without limitation of the foregoing, the Depositary shall not knowingly accept for deposit under the Deposit Agreement any Shares which would be required to be registered under the provisions of the Securities Act of 1933, unless a registration statement is in effect as to such Shares for such offer and sale. The Depositary shall comply with written instructions of the Company (received by the Depositary reasonably in advance) not to accept for deposit hereunder and Shares identified in such instructions at such times and under such circumstances as may reasonably be specified in such instructions in order to facilitate the Company's compliance with the securities laws of the United States and other jurisdictions.

4. LIABILITY OF OWNER FOR TAXES.

If any tax or other governmental charge shall become payable with respect to any American Depositary Shares or any Deposited Securities represented by any American Depositary Shares, such tax or other governmental charge shall be payable by the Owner to the Depositary. The Depositary may refuse to register any transfer of those American Depositary Shares or any withdrawal of Deposited Securities represented by those American Depositary Shares until such payment is made, and may withhold any dividends or other distributions, or may sell for the account of the Owner any part or all of the Deposited Securities represented by those American Depositary Shares, and may apply such dividends or other distributions or the proceeds of any such sale in payment of such tax or other governmental charge and the Owner shall remain liable for any deficiency.

5. WARRANTIES ON DEPOSIT OF SHARES.

Every person depositing Shares under the Deposit Agreement shall be deemed thereby to represent and warrant, that such Shares and each certificate therefor, if applicable, are validly issued, fully paid, nonassessable and free of any preemptive rights of the holders of outstanding Shares and that the person making such deposit is duly authorized so to do. Every such person shall also be deemed to represent that the deposit of such Shares and the sale of American Depositary Shares representing such Shares by that person are not restricted under the Securities Act of 1933. Such representations and warranties shall survive the deposit of Shares and delivery of American Depositary Shares.

6. FILING PROOFS, CERTIFICATES, AND OTHER INFORMATION.

Any person presenting Shares for deposit or any Owner or holder may be required from time to time to file with the Depositary or the Custodian such proof of citizenship or residence, exchange control approval, or such information relating to the registration on the books of the Company or the Foreign Registrar, if applicable, to execute such certificates and to make such representations and warranties, as the Depositary may reasonably deem necessary or proper. The Depositary may withhold the delivery or registration of transfer of any American Depositary Shares or the distribution of any dividend or sale or distribution of rights or of the proceeds thereof or the delivery of any Deposited Securities until such proof or other information is filed or such certificates are executed or such representations and warranties made. The Depositary shall provide to the Company, as promptly as practicable upon its written request, copies of any such proofs, certificates of other information that it receives under Section 3.01 of the Deposit Agreement, to the extent that disclosure is permitted under applicable law. No Share shall be accepted for deposit unless accompanied by evidence reasonably satisfactory to the Depositary that any necessary approval has been granted by any governmental body in Brazil that is then performing the function of the regulation of currency exchange.

7. CHARGES OF DEPOSITARY.

The Company agrees to pay the fees and out-of-pocket expenses of the Depositary and those of any Registrar only in accordance with agreements in writing entered into between the Depositary and the Company from time to time. Except as set forth in clause (9) of the following paragraph, the charges and expenses of the Custodian shall be for the sole account of the Depositary.

The following charges shall be incurred by any party depositing or withdrawing Shares or by any party surrendering American Depositary Shares or to whom American Depositary Shares are issued (including, without limitation, issuance pursuant

to a stock dividend or stock split declared by the Company or an exchange of stock regarding the American Depositary Shares or Deposited Securities or a delivery of American Depositary Shares pursuant to Section 4.03 of the Deposit Agreement), or by Owners, as applicable: (1) taxes and other governmental charges, (2) such registration fees as may from time to time be in effect for the registration of transfers of Shares generally on the Share register of the Company or Foreign Registrar and applicable to transfers of Shares to or from the name of the Depositary or its nominee or the Custodian or its nominee on the making of deposits or withdrawals under the terms of the Deposit Agreement, (3) such cable, telex and facsimile transmission expenses as are expressly provided in the Deposit Agreement, (4) such expenses as are incurred by the Depositary in the conversion of foreign currency pursuant to Section 4.05 of the Deposit Agreement, (5) a fee of \$5.00 or less per 100 American Depositary Shares (or portion thereof) for the delivery of American Depositary Shares pursuant to Section 2.03, 4.03 or 4.04 of the Deposit Agreement and the surrender of American Depositary Shares pursuant to Section 2.05 or 6.02 of the Deposit Agreement, (6) a fee of \$.02 or less per American Depositary Share (or portion thereof) for any cash distribution made pursuant to the Deposit Agreement, including, but not limited to Sections 4.01 through 4.04 of the Deposit Agreement, (7) a fee for the distribution of securities pursuant to Section 4.02 of the Deposit Agreement, such fee being in an amount equal to the fee for the execution and delivery of American Depositary Shares referred to above which would have been charged as a result of the deposit of such securities (for purposes of this clause 7 treating all such securities as if they were Shares) but which securities are instead distributed by the Depositary to Owners, (8) in addition to any fee charged under clause 6, a fee of \$.02 or less per American Depositary Share (or portion thereof) per annum for depositary services, which will be payable as provided in clause 9 below, (9) any other charges payable by the Depositary, any of the Depositary's agents, including the Custodian, or the agents of the Depositary's agents in connection with the servicing of Shares or other Deposited Securities (which charge shall be assessed against Owners as of the date or dates set by the Depositary in accordance with Section 4.06 of the Deposit Agreement and shall be payable at the sole discretion of the Depositary by billing such Owners for such charge or by deducting such charge from one or more cash dividends or other cash distributions).

The Depositary, subject to Article 8 hereof, may own and deal in any class of securities of the Company and its affiliates and in American Depositary Shares.

From time to time, the Depositary may make payments to the Company to reimburse and / or share revenue from the fees collected from Owners or Holders, or waive fees and expenses for services provided, generally relating to costs and expenses arising out of establishment and maintenance of the American Depositary Shares program. In performing its duties under the Deposit Agreement, the Depositary may use brokers, dealers or other service providers that are affiliates of the Depositary.

8. PRE-RELEASE OF RECEIPTS.

Unless requested in writing by the Company to cease doing so, notwithstanding Section 2.03 of the Deposit Agreement, the Depositary may deliver American Depositary Shares prior to the receipt of Shares pursuant to Section 2.02 of the Deposit Agreement (a "Pre-Release"). The Depositary may, pursuant to Section 2.05 of the Deposit Agreement, deliver Shares upon the surrender of American Depositary Shares that have been Pre-Released, whether or not such cancellation is prior to the termination of such Pre-Release. The Depositary may receive American Depositary Shares in lieu of Shares in satisfaction of a Pre-Release. Each Pre-Release will be (a) preceded or accompanied by a written representation from the person to whom American Depositary Shares or Shares are to be delivered, that such person, or its customer, (i) beneficially owns the Shares or American Depositary Shares to be remitted, as the case may be, (ii) assigns all beneficial right, title and interest in such American Depositary Shares or Shares, as the case may be, to the Depositary in its capacity as such and will hold such American Depositary Shares or Shares, as the case may be, in trust for the account of the Depositary until delivery thereof to the Depositary and (iii) will not take any action with respect to such American Depositary Shares or Shares, as the case may be, that is inconsistent with the transfer of beneficial ownership (including, without the consent of the Depositary, disposing of such American Depositary Shares or Shares, as the case may be), other than in satisfaction of the Pre-Release, (b) at all times fully collateralized with cash or such other collateral as the Depositary deems appropriate, (c) terminable by the Depositary on not more than five (5) business days notice, and (d) subject to such further indemnities and credit regulations as the Depositary deems appropriate. The number of American Depositary Shares which are outstanding at any time as a result of Pre-Release will not normally exceed thirty percent (30%) of the Shares deposited under the Deposit Agreement; provided, however, that the Depositary reserves the right to disregard such limit from time to time as it reasonably deems appropriate and may, with the prior written consent of the Company, change such limit for purposes of general application.

The Depositary may retain for its own account any compensation received by it in connection with the foregoing.

9. TITLE TO RECEIPTS.

It is a condition of this Receipt and every successive Owner and holder of this Receipt by accepting or holding the same consents and agrees that when properly endorsed or accompanied by proper instruments of transfer, shall be transferable as certificated registered securities under the laws of New York. American Depositary Shares not evidenced by Receipts shall be

transferable as uncertificated registered securities under the laws of New York. The Depositary, notwithstanding any notice to the contrary, may treat the Owner of American Depositary Shares as the absolute owner thereof for the purpose of determining the person entitled to distribution of dividends or other distributions or to any notice provided for in the Deposit Agreement and for all other purposes, and neither the Depositary nor the Company shall have any obligation or be subject to any liability under the Deposit Agreement to any Holder of American Depositary Shares unless that Holder is the Owner of those American Depositary Shares.

10. VALIDITY OF RECEIPT.

This Receipt shall not be entitled to any benefits under the Deposit Agreement or be valid or obligatory for any purpose, unless this Receipt shall have been executed by the Depositary by the manual signature of a duly authorized signatory of the Depositary; provided, however that such signature may be a facsimile if a Registrar for the Receipts shall have been appointed and such Receipts are countersigned by the manual signature of a duly authorized officer of the Registrar.

11. REPORTS; INSPECTION OF TRANSFER BOOKS.

The Company has been subject to the periodic reporting requirements of the Securities Exchange Act of 1934 (the "Exchange Act") and, accordingly, filed certain reports with the Securities and Exchange Commission. Those reports are available for inspection and copying through the Commission's EDGAR system or at public reference facilities maintained by the Commission in Washington, D.C. On November 16, 2021 the Company filed Form 15F under the Exchange Act, whereupon its reporting obligations were suspended. The Form 15F became effective on February 14, 2022, whereupon the Company's reporting obligations under the Exchange Act were terminated. Since that date, the Company publishes information in English required to maintain the exemption from registration under Rule 12g3-2(b) under the Exchange Act of 1934 on its Internet web site or through an electronic information delivery system generally available to the public in its primary trading market. The Company's Internet web site address is <https://ri.oi.com.br/en/>.

The Depositary will make available for inspection by Owners at its Corporate Trust Office any reports, notices and other communications, including any proxy soliciting material, received from the Company which are both (a) received by the Depositary as the holder of the Deposited Securities and (b) made generally available to the holders of such Deposited Securities by the Company. The Depositary will also, upon written request by the Company, send to Owners copies of such reports when furnished by the Company pursuant to the Deposit Agreement. Any such reports and communications, including any such proxy soliciting material, furnished to the Depositary by the Company shall be furnished in English to the extent such materials are required to be translated into English pursuant to any regulations of the Commission.

The Depositary will keep books, at its Corporate Trust Office, for the registration of American Depositary Shares and transfers of American Depositary Shares which at all reasonable times shall be open for inspection by the Owners, provided that such inspection shall not be for the purpose of communicating with Owners in the interest of a business or object other than the business of the Company or a matter related to the Deposit Agreement or the American Depositary Shares.

12. DIVIDENDS AND DISTRIBUTIONS.

Whenever the Depositary receives any cash dividend or other cash distribution on any Deposited Securities, the Depositary shall, as promptly as practicable after its receipt of such dividend or distribution (unless otherwise prohibited or prevented by law), subject to the provisions of Section 4.05 of the Deposit Agreement, convert such dividend or distribution into Dollars and shall, as promptly as practicable, distribute the amount thus received (net of the fees and expenses of the Depositary as provided in Article 7 hereof and Section 5.09 of the Deposit Agreement) to the Owners entitled thereto, in proportion to the number of American Depositary Shares representing such Deposited Securities held by them respectively; provided, however, that in the event that the Custodian or the Depositary shall be required to withhold and does withhold from such cash dividend or such other cash distribution an amount on account of taxes or other governmental charges, the amount distributed to the Owners of the American Depositary Shares representing such Deposited Securities shall be reduced accordingly. The Depositary shall distribute only such amount, however, as can be distributed without attributing to any Owner a fraction of one cent. Any such fractional amounts shall be rounded to the nearest whole cent and so distributed to Owners entitled thereto. The Company or its agent will remit to the appropriate governmental agency in Brazil all amounts withheld and owing to such agency. The Depositary will forward to the Company or its agent as promptly as practicable such information from its records as the Company may reasonably request to enable the Company or its agent to file necessary reports with governmental agencies, and the Depositary or the Company or its agent may file any such reports necessary to obtain benefits under the applicable tax treaties for the Owners.

Subject to the provisions of Section 4.11 and 5.09 of the Deposit Agreement, whenever the Depositary receives any distribution other than a distribution described in Section 4.01, 4.03 or 4.04, the Depositary shall, as promptly as practicable, cause the securities or property received by it to be distributed to the Owners entitled thereto, after deduction or upon payment of any fees and expenses of the Depositary or any taxes or other governmental charges, in proportion to the number of American

Depository Shares representing such Deposited Securities held be them respectively, in any manner that the Depository may reasonably deem equitable and practicable for accomplishing such distribution; provided, however, that if in the opinion of the Depository such distribution cannot be made proportionately among the Owners entitled thereto, or if for any other reason (including, but not limited to, any requirement the Company or the Depository withhold an amount on account of taxes or other governmental charges or that such securities must be registered under the Securities Act of 1933 in order to be distributed to Owners and holders) the Depository deems such distribution not to be feasible, the Depository may, after consultation with the Company to the extent practicable, adopt such method as it may deem equitable and practicable for the purpose of effecting such distribution, including, but not limited to, the public or private sale of the securities or property thus received, or any part thereof, and the net proceeds of any such sale (net of the fees and expenses of the Depository as provided in Article 7 hereof and Section 5.09) shall be distributed as promptly as practicable by the Depository to the Owners of Receipts entitled thereto all in the manner and subject to the conditions described in Section 4.01. The Depository may withhold any distribution of securities under Section 4.02 if it has not received satisfactory assurances from the Company that the distribution does not require registration under the Securities Act of 1933. The Depository may sell, by public or private sale, an amount of securities or other property it would otherwise distribute under this Article that is sufficient to pay its fees and expenses in respect of that distribution.

If any distribution consists of a dividend in, or free distribution of, Shares, the Depository may, and shall if the Company shall so request in writing, as promptly as practicable, deliver to the Owners entitled thereto, an aggregate number of American Depository Shares representing the amount of Shares received as such dividend or free distribution, subject to the terms and conditions of the Deposit Agreement with respect to the deposit of Shares and after deduction or upon payment of the fees and expenses of the Depository as provided in Section 5.09 of the Deposit Agreement (and the Depository may sell, by public or private sale, an amount of Shares received sufficient to pay its fees and expenses in respect of that distribution). The Depository may withhold any such delivery of American Depository Shares if it has not received satisfactory assurances from the Company that such distribution does not require registration under the Securities Act of 1933. In lieu of delivering fractional American Depository Shares in any such case, the Depository, as promptly as possible, use reasonable efforts to sell the amount of Shares represented by the aggregate of such fractions and distribute the net proceeds, all in the manner and subject to the conditions described in Section 4.01 of the Deposit Agreement. If additional American Depository Shares are not so delivered, each American Depository Share shall thenceforth also represent the additional Shares distributed upon the Deposited Securities represented thereby.

In the event that the Depository reasonably determines that any distribution in property (including Shares and rights to subscribe therefor) is subject to any tax or other governmental charge which the Depository is obligated to withhold, the Depository may by public or private sale dispose of all or a portion of such property (including Shares and rights to subscribe therefor) in such amounts and in such manner as the Depository reasonably deems necessary and practicable to pay any such taxes or charges, and the Depository shall distribute the net proceeds of any such sale after deduction of such taxes or charges to the Owners entitled thereto in proportion to the number of American Depository Shares held by them respectively.

13. RIGHTS.

In the event that the Company shall offer or cause to be offered to the holders of any Deposited Securities any rights to subscribe for additional Shares or any rights of any other nature, the Depository shall, after consultation with the Company, have discretion as to the procedure to be followed in making such rights available to any Owners or in disposing of such rights on behalf of any Owners and making the net proceeds available to such Owners or, if by the terms of such rights offering or for any other reason it would be unlawful or unfeasible for the Depository either to make such rights available to any Owners or dispose of such rights and make the net proceeds available to such Owners, then the Depository shall allow the rights to lapse. If at the time of the offering of any rights the Depository determines in its discretion that it is lawful and feasible to make such rights available to all or certain Owners but not to other Owners, the Depository may, and at the request of the Company shall, distribute to any Owner to whom it determines the distribution to be lawful and feasible, in proportion to the number of American Depository Shares held by such Owner, warrants or other instruments therefor in such form as it deems appropriate, but only pursuant to a separate agreement to be entered into between the Company and the Depository setting out the procedure to be used and the terms and conditions for that distribution.

In circumstances in which rights would otherwise not be distributed, if an Owner requests the distribution of warrants or other instruments in order to exercise the rights allocable to the American Depository Shares of such Owner under the Deposit Agreement, the Depository will, as promptly as practicable, make such rights available to such Owner upon written notice from the Company to the Depository that (a) the Company has elected in its sole discretion to permit such rights to be exercised and (b) such Owner has executed such documents as the Company has determined in its sole discretion are reasonably required under applicable law.

If the Depository has distributed warrants or other instruments for rights to all or certain Owners, then upon instruction from such an Owner pursuant to such warrants or other instruments to the Depository from such Owner to exercise such rights,

upon payment by such Owner to the Depositary for the account of such Owner of an amount equal to the purchase price of the Shares to be received upon the exercise of the rights, and upon payment of the fees and expenses of the Depositary and any other charges as set forth in such warrants or other instruments, the Depositary shall, on behalf of such Owner, exercise the rights and purchase the Shares, and the Company shall cause the Shares so purchased to be delivered to the Depositary on behalf of such Owner. As agent for such Owner, the Depositary will cause the Shares so purchased to be deposited pursuant to Section 2.02 of the Deposit Agreement, and shall, pursuant to Section 2.03 of the Deposit Agreement, deliver American Depositary Shares to such Owner. In the case of a distribution pursuant to the second paragraph of this Article 13, such deposit shall be made, and depositary shares shall be delivered, under depositary arrangements which provide for issuance of depositary shares subject to the appropriate restrictions on sale, deposit, cancellation, and transfer under applicable United States laws.

If the Depositary reasonably determines in its discretion that it is not lawful and feasible to make such rights available to all or certain Owners, but that it is lawful and feasible to sell them, it may, and at the request of the Company will use reasonable efforts to, sell the rights, warrants or other instruments in proportion to the number of American Depositary Shares held by the Owners to whom it has determined it may not lawfully or feasibly make such rights available, and allocate the net proceeds of such sales (net of the fees and expenses of the Depositary as provided in Section 5.09 of the Deposit Agreement and all taxes and governmental charges payable in connection with such rights and subject to the terms and conditions of the Deposit Agreement) for the account of such Owners otherwise entitled to such rights, warrants or other instruments, upon an averaged or other practical basis without regard to any distinctions among such Owners because of exchange restrictions or the date of delivery of any American Depositary Shares or otherwise. Such proceeds shall be distributed as promptly as practicable in accordance with Section 4.01 of the Deposit Agreement.

The Depositary will not offer rights to Owners unless both the rights and the securities to which such rights relate are either exempt from registration under the Securities Act of 1933 with respect to a distribution to all Owners or are registered under the provisions of such Act; provided, that nothing in the Deposit Agreement shall create any obligation on the part of the Company to file a registration statement with respect to such rights or underlying securities or to endeavor to have such a registration statement declared effective. If an Owner requests the distribution of warrants or other instruments, notwithstanding that there has been no such registration under the Securities Act of 1933, the Depositary shall not effect such distribution unless it has received an opinion from recognized counsel in the United States for the Company upon which the Depositary may rely that such distribution to such Owner is exempt from such registration.

The Depositary shall not be responsible for any failure to determine that it may be lawful or feasible to make such rights available to Owners in general or any Owner in particular.

14. CONVERSION OF FOREIGN CURRENCY.

Whenever the Depositary or the Custodian shall receive foreign currency, by way of dividends or other distributions or the net proceeds from the sale of securities, property or rights, and if at the time of the receipt thereof the foreign currency so received can in the judgment of the Depositary be converted on a reasonable basis into Dollars and the resulting Dollars transferred to the United States, the Depositary shall convert or cause to be converted as promptly as practicable, by sale or in any other manner that it may determine, such foreign currency into Dollars, and such Dollars shall be distributed as promptly as possible to the Owners entitled thereto or, if the Depositary shall have distributed any warrants or other instruments which entitle the holders thereof to such Dollars, then to the holders of such warrants and/or instruments upon surrender thereof for cancellation. Such distribution may be made upon an averaged or other practicable basis without regard to any distinctions among Owners on account of exchange restrictions, the date of delivery of any American Depositary Shares or otherwise and shall be net of any expenses of conversion into Dollars incurred by the Depositary as provided in Section 5.09 of the Deposit Agreement.

If such conversion or distribution can be effected only with the approval or license of any government or agency thereof, the Depositary shall file as promptly as practicable such application for approval or license, if any, as it may deem desirable. The Depositary shall notify the Company and consult with the Company as to the action to be taken if it is not applying for a necessary approval or license of that kind.

If at any time the Depositary shall reasonably determine that in its judgment any foreign currency received by the Depositary or the Custodian is not convertible on a reasonable basis into Dollars transferable to the United States, or if any approval or license of any government or agency thereof which is required for such conversion is denied or in the opinion of the Depositary is not obtainable, or if any such approval or license is not obtained within a reasonable period as determined by the Depositary, the Depositary may distribute the foreign currency (or an appropriate document evidencing the right to receive such foreign currency) received by the Depositary to, or in its discretion may hold such foreign currency uninvested and without liability for interest thereon for the respective accounts of, the Owners entitled to receive the same.

If any such conversion of foreign currency, in whole or in part, cannot be effected for distribution to some of the Owners

entitled thereto, the Depositary may in its discretion make such conversion and distribution in Dollars to the extent permissible to the Owners entitled thereto and may distribute the balance of the foreign currency received by the Depositary to, or hold such balance uninvested and without liability for interest thereon for the respective accounts of, the Owners entitled thereto.

15. RECORD DATES.

Whenever any cash dividend or other cash distribution shall become payable or any distribution other than cash shall be made, or whenever rights shall be issued with respect to the Deposited Securities, or whenever the Depositary shall receive notice of any meeting of holders of Shares or other Deposited Securities, or whenever for any reason the Depositary causes a change in the number of Shares that are represented by each American Depositary Share, or whenever the Depositary shall find it necessary or convenient, the Depositary shall fix, and as promptly as practicable notify the Company of, a record date, which shall be the same as, or near as practicable to, any corresponding record date set by the Company with respect to Shares, (a) for the determination of the Owners who shall be (i) entitled to receive such dividend, distribution or rights or the net proceeds of the sale thereof, (ii) entitled to give instructions for the exercise of voting rights at any such meeting or (iii) responsible for any fee assessed by the Depositary pursuant to the Deposit Agreement, or (b) on or after which each American Depositary Share will represent the changed number of Shares. Subject to the provisions of Sections 4.01 through 4.05 of the Deposit Agreement and to the other terms and conditions of this Deposit Agreement, the Owners on such record date shall be entitled, as the case may be, to receive the amount distributable by the Depositary with respect to such dividend or other distribution or such rights or the net proceeds of sale thereof in proportion to the number of American Depositary Shares held by them respectively and to give voting instructions and to act in respect of any other such matter.

16. VOTING OF DEPOSITED SECURITIES.

Upon receipt of notice of any meeting of holders of Shares or other Deposited Securities, if requested in writing by the Company, the Depositary shall, as soon as practicable thereafter, mail to the Owners of Receipts a notice, the form of which notice shall be in the sole discretion of the Depositary, which shall contain (a) such information as is contained in such notice of meeting received by the Depositary from the Company, (b) a statement that the Owners as of the close of business on a specified record date will be entitled, subject to any applicable provision of law and of the articles of association or similar documents of the Company, to instruct the Depositary as to the exercise of the voting rights, if any, pertaining to the amount of Shares or other Deposited Securities represented by their respective American Depositary Shares and (c) a statement as to the manner in which such instructions may be given, including an express indication that instructions may be given or deemed given in accordance with the last sentence of this paragraph if no instruction is received, to the Depositary to give a discretionary proxy to a person designated by the Company. Upon the written request of an Owner of American Depositary Shares on such record date, received on or before the date established by the Depositary for such purpose, the Depositary shall endeavor insofar as practicable to vote or cause to be voted the amount of Shares or other Deposited Securities represented by those American Depositary Shares in accordance with the instructions set forth in such request. The Depositary shall not itself exercise any voting discretion over any Deposited Securities. If (i) the Company instructed the Depositary to act under Section 4.07 of the Deposit Agreement and complied with the following paragraph and (ii) no instructions are received by the Depositary from an Owner with respect to American Depositary Shares of that Owner on or before the date established by the Depositary for such purpose, the Depositary shall deem that Owner to have instructed the Depositary to give a discretionary proxy to a person designated by the Company with respect to the amount of Deposited Securities represented by those American Depositary Shares and the Depositary shall give a discretionary proxy to a person designated by the Company to vote that amount of Deposited Securities, except that no such instruction shall be deemed given and no such discretionary proxy shall be given with respect to any matter as to which the Company informs the Depositary (and the Company agrees to provide such information as promptly as practicable in writing, if applicable) that (x) the Company does not wish such proxy given, (y) substantial opposition exists or (z) such matter materially and adversely affects the rights of holders of Shares. There can be no assurance that Owners generally or any Owner in particular will receive the notice described in the preceding paragraph sufficiently prior to the instruction date to ensure that the Depositary will vote the Shares or Deposited Securities in accordance with the provisions set forth in the preceding paragraph.

In order to give Owners a reasonable opportunity to instruct the Depositary as to the exercise of voting rights relating to Deposited Securities, if the Company will request the Depositary to act under Section 4.07 of the Deposit Agreement, the Company shall give the Depositary notice of any such meeting and details concerning the matters to be voted upon not less than 30 days prior to the meeting date.

Subject to the rules of any securities exchange on which American Depositary Shares or the Deposited Securities represented thereby are listed, the Depositary shall, if requested in writing by the Company, deliver, at least two São Paulo business days prior to the date of such meeting, to the Company, to the attention of its Secretary, copies of all instructions received from Owners in accordance with which the Depositary will vote, or cause to be voted, the Deposited Securities represented by the American Depositary Shares at such meeting. Delivery of instructions will be made at the expense of the Company (unless otherwise agreed in writing by the Company and the Depositary) provided that payment of such expense shall not be a condition

precedent to the obligations of the Depositary under Section 4.07 of the Deposit Agreement.

17. CHANGES AFFECTING DEPOSITED SECURITIES.

Upon any change in nominal value, change in par value, split-up, consolidation, or any other reclassification of Deposited Securities, or upon any recapitalization, reorganization, merger or consolidation, or sale of assets affecting the Company or to which it is a party, or upon the redemption or cancellation by the Company of the Deposited Securities, any securities, cash or property which shall be received by the Depositary or the Custodian in exchange for, in conversion of, in lieu of or in respect of Deposited Securities shall be treated as new Deposited Securities under the Deposit Agreement, and American Depositary Shares shall thenceforth represent, in addition to the existing Deposited Securities, the right to receive the new Deposited Securities so received, unless additional Receipts are delivered pursuant to the following sentence. In any such case the Depositary may, and shall if the Company shall so request in writing, deliver additional American Depositary Shares as in the case of a dividend in Shares, or call for the surrender of outstanding Receipts to be exchanged for new Receipts specifically describing such new Deposited Securities.

18. LIABILITY OF THE COMPANY AND DEPOSITARY.

Neither the Depositary nor the Company nor any of their respective directors, employees, agents or affiliates shall incur any liability to any Owner or holder, (i) if by reason of any provision of any present or future law or regulation of the United States or any other country, or of any governmental or regulatory authority, or by reason of any provision, present or future, of the articles of association or any similar document of the Company, or by reason of any provision of any securities issued or distributed by the Company, or any offering or distribution thereof, or by reason of any act of God or war or terrorism or other circumstances beyond its control, the Depositary or the Company shall be prevented, delayed or forbidden from or be subject to any civil or criminal penalty on account of doing or performing any act or thing which by the terms of the Deposit Agreement or Deposited Securities it is provided shall be done or performed, (ii) by reason of any non-performance or delay, caused as aforesaid, in the performance of any act or thing which by the terms of the Deposit Agreement it is provided shall or may be done or performed, (iii) by reason of any exercise of, or failure to exercise, any discretion provided for in the Deposit Agreement, (iv) for the inability of any Owner or holder to benefit from any distribution, offering, right or other benefit which is made available to holders of Deposited Securities but is not, under the terms of the Deposit Agreement, made available to Owners or holders, or (v) for any special, consequential or punitive damages for any breach of the terms of the Deposit Agreement. Where, by the terms of a distribution pursuant to Section 4.01, 4.02 or 4.03 of the Deposit Agreement, or an offering or distribution pursuant to Section 4.04 of the Deposit Agreement, or for any other reason, such distribution or offering may not be made available to Owners of Receipts, and the Depositary may not dispose of such distribution or offering on behalf of such Owners and make the net proceeds available to such Owners, then the Depositary shall not make such distribution or offering, and shall allow any rights, if applicable, to lapse. Neither the Company nor the Depositary assumes any obligation or shall be subject to any liability under the Deposit Agreement to Owners or holders, except that they agree to perform their obligations specifically set forth in the Deposit Agreement without negligence or bad faith. The Depositary and the Company undertake to perform such duties and only such duties as are specifically set forth in the Deposit Agreement, and no implied covenants or obligations shall be read into the Deposit Agreement against the Depositary or the Company or their respective agents. The Depositary shall not be subject to any liability with respect to the validity or worth of the Deposited Securities. Neither the Depositary nor the Company shall be under any obligation to appear in, prosecute or defend any action, suit, or other proceeding in respect of any Deposited Securities or in respect of the American Depositary Shares, on behalf of any Owner or holder or other person. Neither the Depositary nor the Company shall be liable for any action or nonaction by it in reliance upon the advice of or information from legal counsel, accountants, any person presenting Shares for deposit, any Owner or holder, or any other person believed by it in good faith to be competent to give such advice or information. The Depositary and the Company may rely and shall be protected in acting upon any written notice, request, direction or other documents believed by them to be genuine and to have been signed or presented by the proper party or parties. The Depositary shall not be liable for any acts or omissions made by a successor depositary whether in connection with a previous act or omission of the Depositary or in connection with a matter arising wholly after the removal or resignation of the Depositary, provided that in connection with the issue out of which such potential liability arises, the Depositary performed its obligations without negligence or bad faith while it acted as Depositary. The Depositary shall not be liable for the acts or omissions of any securities depository, clearing agency or settlement system in connection with or arising out of book-entry settlement of Deposited Securities or otherwise. The Depositary shall not be responsible for any failure to carry out any instructions to vote any of the Deposited Securities or for the manner in which any such vote is cast or the effect of any such vote, provided that any such action or nonaction is in good faith.

No disclaimer of liability under the Securities Act of 1933 is intended by any provision of the Deposit Agreement.

19. RESIGNATION AND REMOVAL OF THE DEPOSITARY; APPOINTMENT OF SUCCESSOR CUSTODIAN.

The Depositary may at any time resign as Depositary under the Deposit Agreement by written notice of its election so to

do delivered to the Company, such resignation to take effect upon the appointment of a successor depositary and its acceptance of such appointment as provided in the Deposit Agreement. The Depositary may at any time be removed by the Company by 60 days prior written notice of such removal, to become effective upon the later of (i) the 60th day after delivery of the notice to the Depositary and (ii) the appointment of a successor depositary and its acceptance of such appointment as provided in the Deposit Agreement. The Depositary in its discretion may appoint a substitute custodian, which shall thereafter be the Custodian hereunder. The Depositary shall notify the Company of the appointment of a substitute Custodian as promptly as practicable and, if practicable, prior to the effectiveness of such appointment.

20. AMENDMENT.

The form of the Receipts and any provisions of the Deposit Agreement may at any time and from time to time be amended by agreement between the Company and the Depositary without the consent of Owners or holders in any respect which they may deem necessary or desirable. Any amendment which shall impose or increase any fees or charges (other than taxes and other governmental charges, registration fees, cable, telex or facsimile transmission costs, delivery costs or other such expenses), or which shall otherwise prejudice any substantial existing right of Owners, shall, however, not become effective as to outstanding American Depositary Shares until the expiration of thirty days after notice of such amendment shall have been given to the Owners of outstanding American Depositary Shares. Every Owner and holder of American Depositary Shares, at the time any amendment so becomes effective, shall be deemed, by continuing to hold such American Depositary Shares or any interest therein, to consent and agree to such amendment and to be bound by the Deposit Agreement as amended thereby. In no event shall any amendment impair the right of the Owner to surrender American Depositary Shares and receive therefor the Deposited Securities represented thereby, except in order to comply with mandatory provisions of applicable law.

21. TERMINATION OF DEPOSIT AGREEMENT.

The Company may terminate the Deposit Agreement by instructing the Depositary to mail notice of termination to the Owners of all American Depositary Shares then outstanding at least 30 days prior to the termination date included in such notice. The Depositary may likewise terminate the Deposit Agreement, if at any time 90 days shall have expired after the Depositary delivered to the Company a written resignation notice and if a successor depositary shall not have been appointed and accepted its appointment as provided in the Deposit Agreement; in such case the Depositary shall mail a notice of termination to the Owners of all American Depositary Shares then outstanding at least 30 days prior to the termination date. On and after the date of termination, the Owner of American Depositary Shares will, upon (a) surrender of such American Depositary Shares, (b) payment of the fee of the Depositary for the surrender of American Depositary Shares referred to in Section 2.05, and (c) payment of any applicable taxes or governmental charges, be entitled to delivery, to him or upon his order, of the amount of Deposited Securities represented by those American Depositary Shares. If any American Depositary Shares shall remain outstanding after the date of termination, the Depositary thereafter shall discontinue the registration of transfers of American Depositary Shares, shall suspend the distribution of dividends to the Owners thereof, and shall not give any further notices or perform any further acts under the Deposit Agreement, except that the Depositary shall continue to collect dividends and other distributions pertaining to Deposited Securities, shall sell rights and other property as provided in the Deposit Agreement, and shall continue to deliver Deposited Securities, together with any dividends or other distributions received with respect thereto and the net proceeds of the sale of any rights or other property, upon surrender of American Depositary Shares (after deducting, in each case, the fee of the Depositary for the surrender of American Depositary Shares, any expenses for the account of the Owner of such American Depositary Shares in accordance with the terms and conditions of the Deposit Agreement, and any applicable taxes or governmental charges). At any time after the expiration of four months from the date of termination, the Depositary may sell the Deposited Securities then held under the Deposit Agreement and may thereafter hold uninvested the net proceeds of any such sale, together with any other cash then held by it thereunder, unsegregated and without liability for interest, for the pro rata benefit of the Owners of American Depositary Shares that have not theretofore been surrendered, such Owners thereupon becoming general creditors of the Depositary with respect to such net proceeds. After making such sale, the Depositary shall be discharged from all obligations under the Deposit Agreement, except to account for such net proceeds and other cash (after deducting, in each case, the fee of the Depositary for the surrender of American Depositary Shares, any expenses for the account of the Owner of such American Depositary Shares in accordance with the terms and conditions of the Deposit Agreement, and any applicable taxes or governmental charges) and except as provided in Section 5.08 of the Deposit Agreement. Upon the termination of the Deposit Agreement, the Company shall be discharged from all obligations under the Deposit Agreement except for its obligations to the Depositary under Sections 5.08 and 5.09 of that Agreement.

22. DTC DIRECT REGISTRATION SYSTEM AND PROFILE MODIFICATION SYSTEM.

(a) Notwithstanding the provisions of Section 2.04 of the Deposit Agreement, the parties acknowledge that the Direct Registration System (“DRS”) and Profile Modification System (“Profile”) shall apply to uncertificated American Depositary Shares upon acceptance thereof to DRS by DTC. DRS is the system administered by DTC pursuant to which the Depositary may register the ownership of uncertificated American Depositary Shares, which ownership shall be evidenced by periodic statements issued by

the Depositary to the Owners entitled thereto. Profile is a required feature of DRS which allows a DTC participant, claiming to act on behalf of an Owner, to direct the Depositary to register a transfer of those American Depositary Shares to DTC or its nominee and to deliver those American Depositary Shares to the DTC account of that DTC participant without receipt by the Depositary of prior authorization from the Owner to register such transfer.

(b) In connection with and in accordance with the arrangements and procedures relating to DRS/Profile, the parties understand that the Depositary will not verify, determine or otherwise ascertain that the DTC participant which is claiming to be acting on behalf of an Owner in requesting registration of transfer and delivery described in subsection (a) has the actual authority to act on behalf of the Owner (notwithstanding any requirements under the Uniform Commercial Code). For the avoidance of doubt, the provisions of Sections 5.03 and 5.08 of the Deposit Agreement shall apply to the matters arising from the use of the DRS. The parties agree that the Depositary's reliance on and compliance with instructions received by the Depositary through the DRS/Profile System and in accordance with the Deposit Agreement, shall not constitute negligence or bad faith on the part of the Depositary.

23. SUBMISSION TO JURISDICTION; JURY TRIAL WAIVER.

In the Deposit Agreement, the Company has (i) appointed National Corporate Research, Ltd. with offices currently located at 225 West 24th Street, Suite 910, New York, New York, as the Company's authorized agent upon which process may be served in any suit or proceeding between it and the Depositary arising out of or relating to this Deposit Agreement, (ii) consented and submitted to the jurisdiction of any state or federal court in the State of New York in which any such suit or proceeding may be instituted, and (iii) agreed that service of process upon said authorized agent shall be deemed in every respect effective service of process upon the Company in any such suit or proceeding. The Company agrees to deliver, upon execution and delivery of this Deposit Agreement, a written acceptance by such agent of its appointment as such agent. The Company further agrees to take any and all action, including the filings of and all such documents and instruments, as may be necessary to continue such designation and appointment in full force and effect for so long as any American Depositary Shares or Receipts remain outstanding or this Agreement remains in force. In the event the Company fails to continue such designation and appointment in full force and effect, the Company hereby waives personal service of process upon it and consents that any such service of process may be made by certified or registered mail, return receipt requested, directed to the Company at its address last specified for notices hereunder, and service so made shall be deemed completed 10 business days after the same shall have been so mailed.

EACH PARTY TO THE DEPOSIT AGREEMENT (INCLUDING, FOR AVOIDANCE OF DOUBT, EACH OWNER AND HOLDER) THEREBY IRREVOCABLY WAIVES, TO THE FULLEST EXTENT PERMITTED BY APPLICABLE LAW, ANY RIGHT IT MAY HAVE TO A TRIAL BY JURY IN ANY SUIT, ACTION OR PROCEEDING AGAINST THE COMPANY AND/OR THE DEPOSITARY DIRECTLY OR INDIRECTLY ARISING OUT OF OR RELATING TO THE SHARES OR OTHER DEPOSITED SECURITIES, THE AMERICAN DEPOSITARY SHARES OR THE RECEIPTS, THE DEPOSIT AGREEMENT OR ANY TRANSACTION CONTEMPLATED HEREIN OR THEREIN, OR THE BREACH HEREOF OR THEREOF, INCLUDING WITHOUT LIMITATION ANY QUESTION REGARDING EXISTENCE, VALIDITY OR TERMINATION (WHETHER BASED ON CONTRACT, TORT OR ANY OTHER THEORY).

24. INFORMATION REQUESTS; DELIVERY OF INFORMATION TO THE CVM.

The Company may from time to time request Owners and Holders to provide information as to the capacity in which such Owners or Holders own or owned American Depositary Shares and regarding the identity of any other persons then or previously interested in such American Depositary Shares as to the nature of such interest and various other matters. The Depositary agrees to use reasonable efforts to comply with written instructions received from the Company requesting that the Depositary forward any such requests to the Owners and to forward to the Company any responses to such requests received by the Depositary. Each Owner and Holder agrees to provide any information requested by the Company or the Depositary pursuant to Section 3.04 of the Deposit Agreement whether or not such person is still an Owner or Holder at the time of such request. At the request of the Company and at the Company's expense, the Depositary will provide reasonable assistance to the Company to obtain information sought by the Company under Section 3.04 of the Deposit Agreement.

Each of the Depositary and the Company hereby confirms to the other that for as long as the Deposit Agreement is in effect, it shall furnish the CVM and the Central Bank, at any time and within the period that may be determined, with any information and documents related to the American Depositary Shares program and the American Depositary Shares issued hereunder. In the event that the Depositary or the Custodian shall be advised in writing by reputable independent Brazilian counsel that the Depositary or Custodian reasonably could be subject to criminal, or material, as reasonably determined by the Depositary, civil, liabilities as a result of the Company having failed to provide such information or documents reasonably available only through the Company and the Depositary resigns under those circumstances, the time allowed under Section 5.04 of the Deposit Agreement for the Company to appoint a successor depositary and the successor to accept its appointment shall be reduced to 30

days, and the notice required before a consequent termination of the Deposit Agreement will become effective under Section 6.02 of that Agreement shall be reduced to 15 days. The Depositary shall not be subject to any liability under the Deposit Agreement for making the determination or effecting the accelerated resignation and termination permitted under Section 3.04 of the Deposit Agreement.

General

Each Creditor must make the same election option with respect to all of its full Existing Claims.

The Subscription offer is being made, and the New Priority Notes, the Roll-Up Notes and the related guarantees will be initially issued only (a) in the United States to Creditors holding Existing Claims who are either (i) "qualified institutional buyers" (as defined in Rule 144A ("**Rule 144A**") under the U.S. Securities Act of 1933, as amended (the "**Securities Act**")) or (ii) institutional "accredited investors" as defined in Rule 501 of Regulation D promulgated under the Securities Act, or (b) outside the United States to Creditors holding Existing Claims who are persons other than U.S. persons as defined in Regulation S under the Securities Act ("**Regulation S**"). The Creditors holding Existing Claims who have certified to us that they are eligible to participate in the Subscription and receive the New Priority Notes and Roll-Up Notes pursuant to at least one of the foregoing conditions are referred to as "**Eligible Creditors**." Only Eligible Creditors are authorized to participate in the Subscription and, accordingly, receive the New Priority Notes and Roll-Up Notes. Accordingly, the New Priority Notes, the Roll-Up Notes and any guarantees related to the foregoing have not been, and will not be, registered under the Securities Act, or under any U.S. state securities laws. For the avoidance of doubt, while the New Shares will not be registered under the Securities Act such New Shares qualify for the exemption from registration provided by Bankruptcy Code section 1145 and will be freely tradeable (subject to certain exceptions as described in the Offering Memorandum). Only Eligible Creditors that hold Class III Financial Claims shall be permitted to subscribe for the New Priority Notes and receive the Roll-Up Notes.

Each Eligible Creditor will indicate in its Election Form the aggregate principal amount of New Priority Notes that it wishes to subscribe and purchase (its "**Commitment Amount**"). To the extent the Company receives Commitment Amounts for an aggregate principal amount of New Priority Notes and New Priority Debentures in excess of the Maximum Principal Amount, the subscription amount of each Eligible Creditor shall be calculated based on such Eligible Creditor's Priority Notes Pro Rata Portion; *provided* that in no event shall an Eligible Creditor be required to subscribe for and purchase more New Priority Notes than its Commitment Amount. Accordingly, if an Eligible Creditor's Priority Notes Pro Rata Portion would otherwise entitle such Eligible Creditor to receive more New Priority Notes than its Commitment Amount, such Eligible Creditor will only receive New Priority Notes up to its Commitment Amount and the balance of such unsubscribed for New Priority Notes shall be allocated to the DIP Roll Holders in accordance with the Note Purchase Agreement. For the avoidance of doubt, a single Election Form may be submitted on behalf of, and in respect of, Eligible Claims of one or more funds or entities (i) advised or managed by the same advisor, manager or asset manager (or similar institution, collectively, an "**Applicable Manager**") and/or (ii) any affiliate of any of the foregoing parties mentioned in clause (i) (collectively, the "**Managed Entities**") and any and all entitlements, allocations and sources of funds (or conversion of DIP Obligations) may be deemed assigned between or among such Managed Entities as set forth in the Election Form. An Applicable Manager may elect to present one Election Form that includes entitlements, allocations and sources of funds with respect to some or all of its Managed Entities (and, for the avoidance of doubt, any applicable Managed Entity that is not covered by such Election Form may still present an Election Form on its own behalf) (collectively, the "**Managed Entities Deemed Assignment Construct**").

Following the valid delivery of an Election Form (and, if applicable, the valid tender of Existing 2025 Notes) by an Eligible Creditor, the Subscription Agent shall review such Election Form and e-mail such Eligible Creditor (other than any DIP Roll Holder to the extent of their applicable DIP Obligations) confirming (the "**Subscription Confirmation**") (i) the aggregate principal amount of New Priority Notes (and the purchase price thereof) to be purchased by such Eligible Creditor and (ii) the escrow account to fund such purchase price (the "**Escrow Account**"). Eligible Creditors (other than DIP Roll Holders to the extent of their applicable DIP Obligations) will be required to fund the cash purchase price set forth in the Subscription Confirmation to the Escrow Account such that such funds are

received by the Subscription Agent by the Subscription Time, which is the date that is two Business Days (and prior to 5:00 P.M., New York City time, on such second Business Day) following receipt by such Eligible Creditor of the Subscription Confirmation. For the avoidance of doubt, the allocation of the New Priority Notes and the Option 1 Recovery among DIP Roll Holders (to the extent of their applicable DIP Obligations) will be subject to the terms of the Note Purchase Agreement.

With respect to Creditors holding Existing 2025 Notes, as described above, in order to validly participate in an Offer, such Creditors must (i) make their election in ATOP at or prior to the Expiration Time, (ii) deliver its Election Form at or prior to the Expiration Time, including such Creditor's Voluntary Offering Instruction number (a "**VOI Number**") corresponding to the election of such Creditor's Existing 2025 Notes to participate in an Offer, and (iii) if applicable, fund the purchase price (100% of the principal amount thereof) of such subscribed for New Priority Notes to the Escrow Account such that such funds are received by the Subscription Agent by the Subscription Time, which is the date that is two Business Days (and prior to 5:00 P.M., New York City time, on such second Business Day) following receipt by such Eligible Creditor of the Subscription Confirmation. **Creditors should not send any funds until they have received the Subscription Confirmation from the Subscription Agent. Failure to timely follow such procedures, including obtaining and providing your VOI Number, will result in such Creditor being deemed to not have validly tendered its Existing 2025 Notes in the Offer.**

In order to obtain a VOI Number, Creditors holding Existing 2025 Notes through a broker, dealer, commercial bank, trust company or other nominee (a "**Nominee**") should consult with such Nominee. **To ensure you are able to obtain your VOI Number as issued to your Nominee by DTC, among other things, you should arrange for your Nominee to submit an election relating to your Existing 2025 Notes in advance of the Expiration Time, as well as instruct your Nominee, if any, to submit an election relating to your Existing 2025 Notes separately from the Existing 2025 Notes being submitted by any other Creditor for whom such institution is acting as a Nominee. Your VOI number associated with your participation in an offer is required to be included on your properly completed Election Form.**

After the Subscription Time (or, after the Expiration Time, with respect to any Creditor that did not validly exercise its Subscription right or make an Election at or prior to the Expiration Time), any attempt to exercise such Subscription right or to make an Election by any entity shall be null and void and the Subscription Agent shall not honor any such exercise of Subscription rights or making of an Election, regardless of when the documents relating to such exercise or Election were sent.

The payments made in connection with the Subscription right, shall be deposited and held by the Subscription Agent in the Escrow Account set forth in the Election Form, which account shall be maintained until the Settlement Date. The Subscription Agent shall not use such funds for any other purpose prior to such date and shall not encumber or permit such funds to be encumbered with any lien or similar encumbrance. Such funds will only be released to the Company substantially concurrently with the issuance of the New Priority Notes and Option 1 Recovery on the Settlement Date.

If there is any reduction of funding amount set forth in your Subscription request (e.g., due to any computational or other error in a Subscription request or due to any other disqualification) or if the Offers are terminated or otherwise are not completed, any excess funded amount received by the Subscription Agent will be returned, without interest, as soon as practicable to the tendering Eligible Creditors. Unless otherwise waived by the Company in its sole discretion, in the event an Eligible Creditor makes a payment but does not properly complete the Election Form, on or promptly following the Settlement Date, the Subscription Agent shall return such payment to such Eligible Creditor. Under no circumstances will any Eligible Creditor be entitled to receive interest in respect of the amounts funded to the Subscription Agent.

The instructions included with this Election Form must be followed to exercise your Election Rights. Questions and requests for assistance or for additional copies of the Offering Memorandum and this Election Form may be directed to the Subscription Agent.

The Offers are not being made to, and submissions of Election Forms will not be accepted from or on behalf of, Creditors in any jurisdiction in which the making or the acceptance of an Offer would not be in compliance with the laws of such jurisdiction.

For the avoidance of doubt, the obligation of any DIP Roll Holder to convert their applicable DIP Obligations (or any part thereof) into New Priority Notes shall be subject to the terms and conditions set forth in the Note Purchase Agreement, and no DIP Roll Holder shall be required to fund any amounts hereunder (other than any amount in excess their applicable DIP Obligations and committed to by such DIP Roll Holder in its Election Form).

"Option 4"

In connection with its Option 1 Recovery, an Eligible Creditor holding Existing 2025 Notes shall be permitted to assign the receipt of Roll-Up Notes to which it would otherwise be entitled in connection with the Offers by selecting "Option 4" in ATOP. If such an Eligible Creditor selects "Option 4", then its Existing 2025 Notes will be placed into a separate contra-CUSIP number that is specific to Existing 2025 Notes for which "Option 4" was selected (all such Existing 2025 Notes, the "**Option 4 Notes**"). Any Eligible Creditor selecting "Option 4" for any of its Existing 2025 Notes shall be required to provide settlement and other customary information on its

Election Form; failure to provide such information will result in settlement delays for the applicable Roll-Up Notes. On the Settlement Date, the Option 4 Notes shall be cancelled, and, on or about the Settlement Date (or potentially later for certain Roll-Up Notes, if the required information has not yet been provided), the corresponding Roll-Up Notes shall be settled manually into DTC through customary procedures (e.g., DWACs) into the applicable accounts, pursuant to the information provided on the applicable Election Form.
